

## **Historic Architectural Review Commission Staff Report for Item 10**

To: Chairman Haven Burkee and Historic Architectural Review  
Commission Members

From: Daniela Salume, MFA  
Historic Preservation Manager

Meeting Date: March 25, 2025

Applicant: A20 Architecture

Application Number: C2025-0003

Address: 704 Catherine Street

### **Description of Work:**

Renovations to non-historic house. New pergola and skylights. Relocation of solar panels and site improvements.

### **Site Facts:**

The building under review is not a historic building and was built in 1989. The site consists of a two-story non-historic structure, a walkway, and fencing around the property. The house is currently over all setbacks which went to Planning Board on November 2024 where it was approved. This structure is part of a small compound with a pool in the middle which is the common area.

Currently the house is located within an X flood zone.

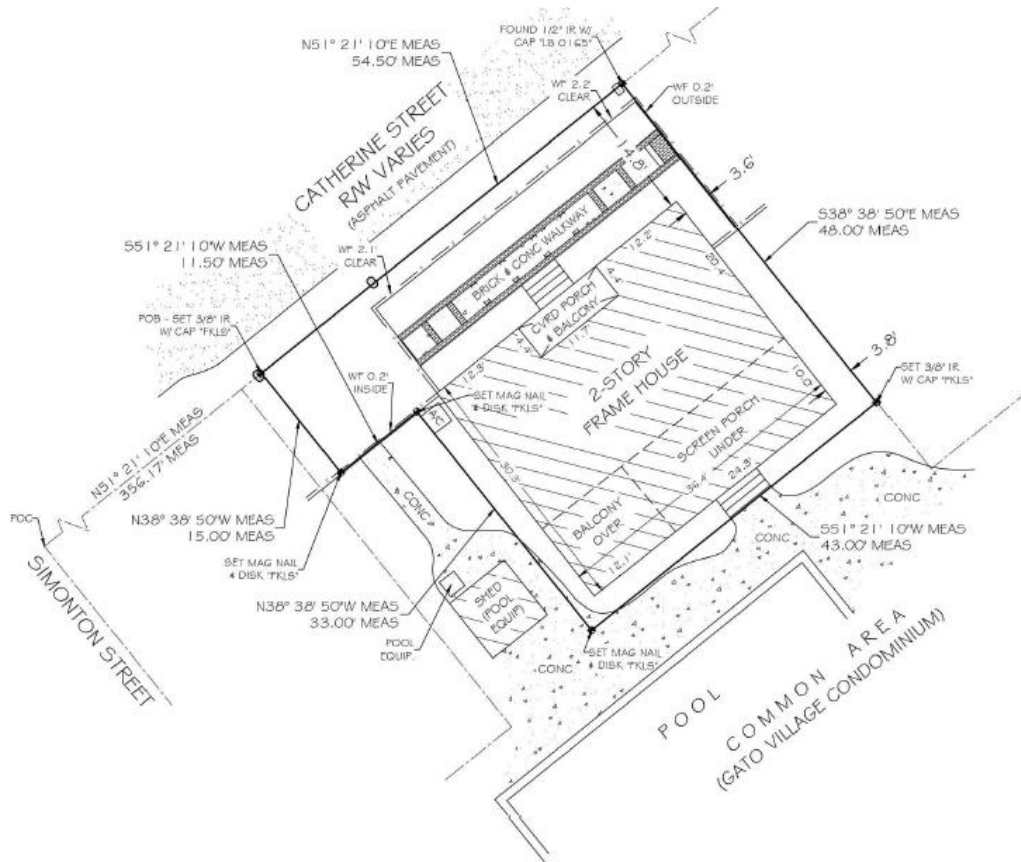

8761694 704 CATHERINE ST 12/16/20

*Photo of house under review. Property Appraisers website 12/16/20.*

*Photo of house under review, rear of house.*

*Current survey of existing two-story structure.*

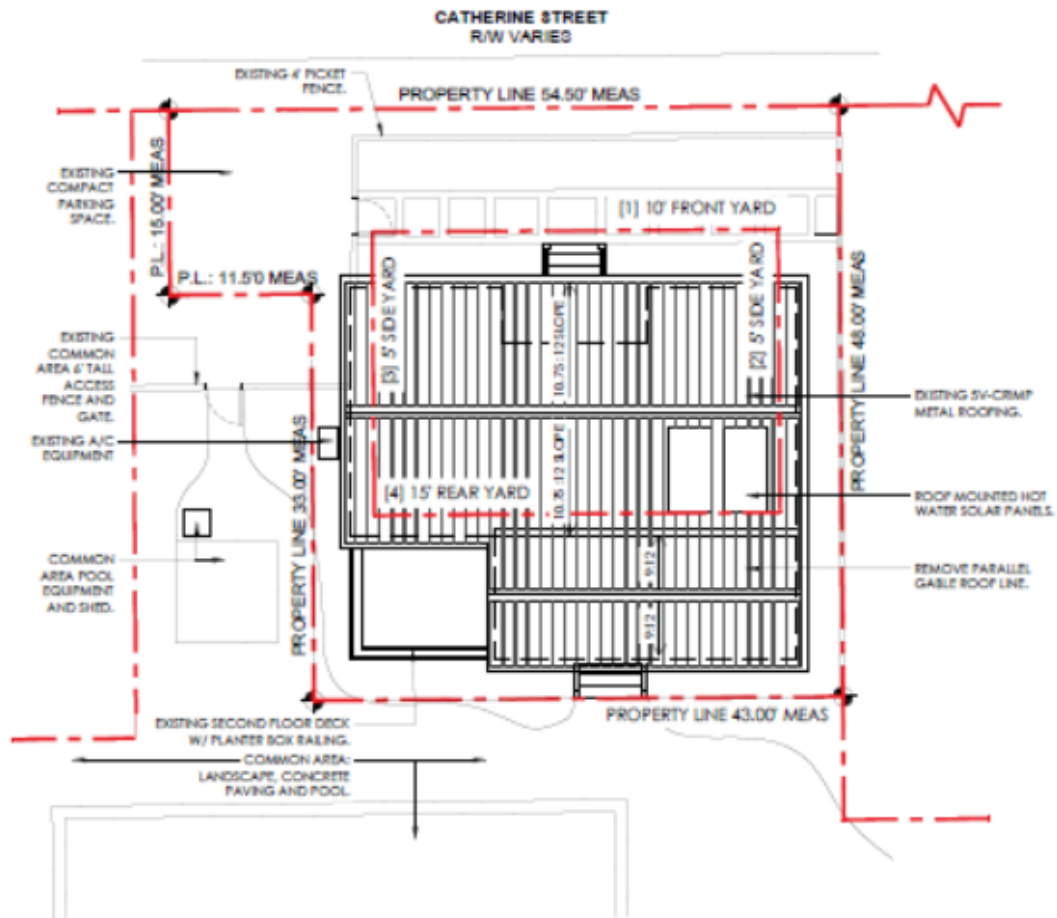

### **Guidelines Cited on Review:**

- Guidelines for Roofing (page 26), specifically guidelines 2, 3, and 5.
- Guidelines for Solar Collectors (page 28), specifically guidelines 1, 2, 5, 6, 7 (first sentence), and 8.
- Guidelines for Skylights (page 28), specifically guidelines 1 and 2.
- Guidelines for Windows (pages 29a-l), specifically guidelines A (6, 7 and 9) and B (3-last sentence and 4).
- Guidelines for Shutters (pages 30a-30c), specifically guidelines 4 and 5.
- Guidelines for Additions (pages 37a-37k), specifically guidelines 1, 2, 3, 5, 6 (first two sentences), 8, 11, 12, 13, 14 (first sentence), 19, 22, 25, 26 (last sentence), 30, 32, and 33.
- Guidelines for New Construction (pages 38a-38q), specifically guidelines 1, 2, 3, 6, 7 (last sentence), 8, 11, 12, 13 (first sentence), 14, 15, 18, 22, 23, 24, and 25.
- Guidelines for Fences and Walls (page 41-42), specifically guidelines 1, 2, 3, 4, 5, 6, 8 (last sentence), 9, and 10.
- Guidelines for HVAC (page 42-43), specifically guidelines 1, 6 (first sentence), and 7.

### **Staff Analysis:**

A Certificate of Appropriateness is currently under review for renovations of a non-historic house. Plans propose to convert the attic into a habitable floor area, creating a ½ story, occupying 40.60% of the floor area below. The roof line in the rear of the building will have to be modified from a parallel gable end roof to a perpendicular gable roof and the existing ceiling will be lowered +/-10" with no change to the eave height in order to accommodate this habitable space. The roof will be 3" below existing ridge and will feature 5 v-crimp roofing. There will be new skylights on the proposed perpendicular gable roof and a new pergola over an existing second floor deck at the rear of the building. The pergola will be made of pressure treated wood with 6x6 pergola posts and will be painted white. All wood windows will be replaced with aluminum impact single hung windows and existing shutters will be refinished. Three paired windows on the rear of the first floor will be reduced to two windows with composite shutters and windows on the second floor will be changed in size. All siding and sheathing will be replaced with spray foam insulation and hardie plank siding with pvc trim. Railings on the rear screened porch will be replaced with pressure treated wood and painted white. The solar panels currently mounted on the roof will be relocated towards the left side of the building. There will be new fencing and site work on the property. The fence facing the street will be 4' and will include a 36" pedestrian gate and an 18' sliding vehicular access gate on an aluminum frame. A 6' fence will be installed past the 10' front setback. Existing brick and concrete pathways will be replaced with stepping stones while gravel and landscaping will be on the remaining. The new A/C unit will be adjacent to existing ones which will be replaced.

*Existing Site Plan.*

## DETAILED PROJECT DESCRIPTION OF DEMOLITION

Remove non-contributing, non-historic rear parallel gable end roof.

Replace all windows, siding, sheathing.

## CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:

**Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies):**

(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

n/a

(2) Or explain how the building or structure meets the criteria below:

(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

n/a

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

n/a

(c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

n/a

(d) Is not the site of a historic event with significant effect upon society.

n/a

(e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

n/a

(f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

n/a

(g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

n/a

(h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

n/a

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(i) Has not yielded, and is not likely to yield, information important in history,
No.

<b>CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:</b>
<b>The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies):</b>
(1) Removing buildings or structure that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.
The scope for demolition is not character defining to the home or neighborhood.
(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.
The scope for demolition is not historic, and will improve the relationship between buildings in the complex.
(3) Removing an historic building or structure in a complex; or removing a building façade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.
The scope of demolition is not a significant defining feature of the structure.
(4) Removing buildings or structures that would otherwise qualify as contributing.
No.
