Company management approach on structural engineering services:

Artibus Design is a small local company with we work only on small and medium size projects. All design and project management work is completed by Serge Mashtakov, PE, Alena Haichenia and Oleh Ambroziak in "hands on" direct design method. Structural members are sized and coordinated during the design / drafting process in a small office space.

Our business phone is directly linked to a cell phone and engineer can be reached without a delay during the design and construction management process.

Our office is conveniently located on North Roosevelt Blvd which allows us to respond to site visit, meeting, inspection requests within 30 minutes for City of Key West and Stock Island projects (unless other activities are scheduled at the same time).

This approach allows us to successfully handle small and medium size projects on time and on budget.

For any large scale projects (\$3M and over construction cost budget) we would have to introduce sub-consultants. No subs are currently proposed, and any sub contractors would require prior approval by the City.

Structural elements of the buildings are sized using specialized software or manually. All final drawings are being proof read and reviewed by the engineer prior release to the client.

However, there has been a subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list (attach a copy of the final order).

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH ONE (1) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. In anticipation of potentially receiving Federal or State funds for this project in the future, the City will comply with §200.318 - §200.327 of 2 CFR 200. As a result, the following State and Federal requirements will be adhered to:

1. Conflict of Interest: All firms must disclose with their bid the name of any officer, director or agent who is also an employee of the City or any of its departments. Further, all firms must disclose the name of any City employee who owns directly or indirectly, an interest of five percent (5%) or more in the firm's entity or any of its branches or subsidiaries.

1) Non-government Conflicts

- a) A firm shall not submit a response or enter into a contract with the City if the contract would result in the proposer having a conflict of interest. As used herein, the term conflict of interest shall mean:
 - i. The firm's contract with another customer or entity will be averse to the interest of the City;
or
 - ii. There is a significant risk that the interest of the City will be materially impacted by the firm's responsibilities to a current customer or entity, a former customer or entity or any other third party.
- b) Notwithstanding the existence of a conflict of interest under paragraph (a), a firm may submit a proposal and enter into a contract with the City if:
 - i. The firm reasonably believes that they will be able to provide competent and diligent representation to each affected customer or entity and;
 - ii. The conflict of interest is not prohibited by law and;
 - iii. The proposal or contract does not involve the assertion of a claim by one customer or entity against another represented by the firm in the same project or other proceeding

In addition, each individual participating in the selection process for professional services contracts must also disclose any conflict of interest. Consultant and subconsultant firms representing the City of Key West must be free of conflicting professional or personal interests. It is the responsibility of the consultant to recuse itself from submitting responses for a project if a conflict of interest exists. Subconsultants are responsible for disclosing potential conflicts of interest to the prime consultant firm and recusing themselves accordingly where conflict of interest exists.

2. Full and Open Competition: All procurement transactions for the acquisition of property or services required under a Federal award must be conducted in a manner providing full and open competition consistent with the standards of §200.319 & §200.320.

3. Contracting with small and minority firms, women's business enterprise and labor surplus area firms:
 - 1) The City will take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible.
 - 2) Affirmative steps shall include:
 - i) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
 - ii) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
 - iii) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority business, and women's business enterprises;
 - iv) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority business, and women's business enterprises;
 - v) Using the services and assistance of the Small Business Administration, and the Minority Business Development Agency of the Department of Commerce; and
 - vi) Requiring the prime contractor, if subcontracts are to be let to take the affirmative steps listed in paragraphs (e)(2) (i) through(v) of this section.
4. Procurements of Recovered Materials: The City and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
5. Unnecessary or Duplicative Items: Provide for a review of proposed procurements to avoid purchase of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach.
6. Federal Excess and Surplus Property: The City encourages the use of Federal excess and surplus property in lieu of purchasing new equipment and property whenever such use is feasible and reduces project costs.
7. Settlement of All Contractual and Administrative Issues: The City alone must be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not

limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the City of any contractual responsibilities under its contracts. The Federal awarding agency will not substitute its judgment for that of the City unless the matter is primarily a Federal concern. Violations of law will be referred to the local, state, or Federal authority having proper jurisdiction.

8. Local Preference: Local preference is not allowed.
9. Domestic Preferences for Procurements: As appropriate and to the extent consistent with law, the City, to the greatest extent practicable under a Federal award, prefers the purchase, acquisition, or use of goods, products, or materials produced in the United States. For the purposes of this section:
 - 1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.
 - 2) "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.
10. E-Verify (Execute Order 11-116): Consultant:
 - 1) Shall utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired during the contract term; and
 - 2) Shall expressly require any subcontractors performing work or providing services pursuant to this contract to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the contract term.
11. Executive Order 11246: Compliance with Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60).
12. Termination: This agreement may be terminated at any time, with or without cause, by the City upon thirty (30) days written notice to the consultant. No further work will be performed by the consultant upon receipt of this notice unless specifically authorized by the City Manager of the City of Key West. On termination, the consultant will be paid for all authorized services performed up to the termination date plus, if terminated for the convenience of the City, reasonable expenses incurred during the close-out of the agreement. The City will not pay for anticipatory profits.

Violation of any local, state, or federal law in the performance of this contract shall constitute a material breach of this contract, which may result in the termination of this contract or other such

remedy, as the City deems appropriate.

13. Public Records: Article 1, Section 24, Florida Constitution, guarantees every person access to all public records, and Section 119.011(12), Florida Statutes, provides a broad definition of public record. As such, all responses to a competitive solicitation are public records unless exempt by law. Any firm claiming that its response contains information that is exempt from the public records law shall clearly segregate and mark that information and provide the specific statutory citation for such exemption. Contractors must provide the Sub-recipient, pass-thru entity, Federal awarding agency, Comptroller General of the United States, or any duly authorized representatives right of access to any books, documents, papers, or records which are directly pertinent to the project for the purpose of making audits, examinations, excerpts, and transcriptions.
14. Records Retention: Retention of all required records for six (6) years after final payments are made and all other pending matters are closed.
15. Convicted Vendor List 287.133(2)(a), F.S.: check the convicted vendors list prior to making any awards to ensure that contracts greater than \$35,000 are not awarded to convicted vendors for a period of thirty-six (36) months following the date of their placement on the convicted vendors list.
16. Discriminatory Vendor List 287.134(2)(a), F.S.: check the discriminatory vendors list prior to making any awards to ensure that contracts are not awarded to vendors on the discriminatory vendors list.
17. Monthly and Quarterly Monitoring: The selected firm will provide monthly and quarterly documentation and reports regarding status, changes, and other details as per stipulated grant requirements for submittal by the City.

In addition, Appendix H to Part 200 (see next page) must be included in all contracts:

Appendix II to Part 200 - Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by [41 U.S.C. 1908](#), must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under [41 CFR Part 60](#), all contracts that meet the definition of “federally assisted construction contract” in [41 CFR Part 60-1.3](#) must include the equal opportunity clause provided under [41 CFR 60-1.4\(b\)](#), in accordance with Executive Order 11246, “Equal Employment Opportunity” ([30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp.](#), p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at [41 CFR part 60](#), “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

(D) Davis-Bacon Act, as amended ([40 U.S.C. 3141-3148](#)). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act ([40 U.S.C. 3141-3144](#), and [3146-3148](#)) as supplemented by Department of Labor regulations ([29 CFR Part 5](#), “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act ([40 U.S.C. 3145](#)), as supplemented by Department of Labor regulations ([29 CFR Part 3](#), “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the

Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act ([40 U.S.C. 3701-3708](#)). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with [40 U.S.C. 3702](#) and [3704](#), as supplemented by Department of Labor regulations ([29 CFR Part 5](#)). Under [40 U.S.C. 3702](#) of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of [40 U.S.C. 3704](#) are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under [37 CFR § 401.2 \(a\)](#) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of [37 CFR Part 401](#), "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(G) Clean Air Act ([42 U.S.C. 7401-7671q](#).) and the Federal Water Pollution Control Act ([33 U.S.C. 1251-1387](#)), as amended - Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act ([42 U.S.C. 7401-7671q](#)) and the Federal Water Pollution Control Act as amended ([33 U.S.C. 1251-1387](#)). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689) - A contract award (see [2 CFR 180.220](#)) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at [2 CFR 180](#) that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment ([31 U.S.C. 1352](#)) - Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by [31 U.S.C. 1352](#). In the event CDBG funding is obtained:

24 CFR 135.38

§ 135.38 Section 3 clause.

All section 3 covered contracts shall include the following clause (referred to as the section 3 clause):

A. The work to be performed under this contract is subject to the requirements of section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (section 3). The purpose of section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

B. The parties to this contract agree to comply with HUD's regulations in 24 CFR part 135, which implement section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the part 135 regulations.

C. The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; and the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

D. The contractor agrees to include this section 3 clause in every subcontract subject to compliance with regulations in 24 CFR part 135, and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR part 135. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR part 135.

E. The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR part 135 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR part 135.

F. Noncompliance with HUD's regulations in 24 CFR part 135 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

G. With respect to work performed in connection with section 3 covered Indian housing assistance, section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450e) also applies to the work to be performed under this contract. Section 7(b) requires that to the greatest extent feasible (i) preference and opportunities for training and employment shall be given to Indians, and (ii) preference in the award of contracts and sub contracts shall be given to Indian organizations and Indian-owned Economic Enterprises.
