

**Historic Architectural Review Commission
Staff Report for Item 4**

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Kelly Perkins, MHP
HARC Assistant Planner

Meeting Date: October 24, 2017

Applicant: William Shepler

Application Number: H17-03-0020

Address: #1119 South Street

Description of Work:

Demolition of rear wall. Demolition of rear porch, side porch roof and one-story west addition.

Site Facts:

The two-story house at 1119 South is not listed as a contributing resource in the survey, but was recommended as contributing in the 2011 Survey that was not adopted by the City. Constructed in 1930, the building first appears on the 1948 Sanborn map as a simple two-story structure with an open two-story front porch. By 1962, the building had been altered, with the part of the second-floor porch enclosed and a two-story porch constructed on the east side of the structure. It appears that part of the house has been patched together, as it has many historic 2/2 windows, but they are of different sizes. The building has two units.

This project was scheduled for the June HARC meeting, but was postponed before the meeting was held for the applicant to redesign the project.

Ordinances Cited in Review:

Sec. 102-217 (2): Demolition of non-historic or non-contributing buildings.

Sec. 102-218 (a): Criteria for demolition of a historic or contributing building.

Sec. 102-218 (b): Criteria for demolitions.

Staff Analysis

This Certificate of Appropriateness proposes the demolition of the rear wall, side porch, and front porch enclosure, which all appear in the c.1965 historic photograph or Sanborn maps. Because the front porch enclosure and side porch were not appropriate to begin with, staff does not feel that they meet any of the criteria listed in Sec. 102-218, and therefore can be considered for demolition:

- (1) The additions do not embody distinctive characteristics and are not significant and distinguished entity. Staff feels that their components lack individual distinction.
- (2) The additions are not specifically associated with events that have made a significant contribution to local, state, or national history;
- (3) The additions have no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and are not associated with the life of a person significant in the past;
- (4) The additions to be demolished are not the site of a historic event with a significant effect upon society;
- (5) The additions do not exemplify the cultural, political, economic, social, or historic heritage of the city;
- (6) The additions do not portray the environment in an era of history characterized by a distinctive architectural style;
- (7) The additions are not related to a square, park, or other distinctive area.
- (8) The additions do not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and do not exemplify the best remaining architectural type in a neighborhood; and
- (9) The wall has not yielded, and is not likely to yield, information important in history.

Since these elements are historic, two readings are required for demolition.

Staff believes the side addition and rear porch are not historic, as they do not appear in the Sanborn maps or historic photographs, and therefore, meets the following criteria:

- (1) The demolition will not diminish the overall historic character of a district or neighborhood;
- (2) Nor will it destroy the historic relationship between buildings or structures and open space.
- (3) This demolition will not affect the front building façade.

(4) Staff does not believe elements that are proposed to be demolished will qualify as contributing as set forth in Sec. 1021-62(3).

Therefore, this request can be considered for demolition. As these elements are not historic, only one reading is required for demolition.

CITY OF KEY WEST
CERTIFICATE OF APPROPRIATENESS
APENDIX FOR DEMOLITIONS
APPLICATION NUMBER H- - - - -

This document applies only to those properties located within the City of Key West Historic Zoning Districts, properties outside the historic zoning districts which are listed as contributing in the Historic Architectural Survey and or properties listed in the National Register of Historic Places.

Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitation and the Key West's Historic Architectural Guidelines. Once submitted, the application shall be reviewed by staff for completeness and scheduled for presentation to the Historic Architectural Review Commission for the next available meeting, unless the demolition request is for a *bona fide* Code Compliance case, in which case staff may review and approve the demolition request. **The applicant must be present at this meeting. Any person that makes changes to an approved Certificate of Appropriateness must submit a new application with such modifications.**

The filing of this application does not ensure approval as submitted. Applications that do not possess the required submittals or documentation will be considered incomplete and will not be reviewed for approval.

CRITERIA FOR DEMOLITIONS

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies):

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:
 - (a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.
