

## **Key West Committee for Safer, Cleaner Ships**

November 12, 2021

Mayor & Commissioners:

We wish to express our support for the resolution to negotiate a letter of representation with Ed Pozzuoli of the Trip Scott Law Firm, for services related to cruise ship ordinances. The City Attorney has assured me that our team may provide Mr. Pozzuoli with relevant materials from our legal research regarding potential cruise ship legislation, and has committed to arrange a meeting with our Committee and Mr. Pozzuoli, for the purposes of discussing this material. We look forward to assisting the City and its outside counsel to the fullest practical extent as we pursue the common goal that many of you have addressed — a cruise ship ordinance that reflects the will of the voters.

Sincerely,

***Evan Haskell, President***
