Past President/Chair

Maryann Barry
At Large

Edwin O. Swift, III
At Large

Cori Convertito
Historian

Former Directors

Richard Manley
William M. Barry
Frank Holden
John Jones

On 9 April 2020, the Schooner Western Union was hauled out and safely placed on the hard at Robbie's Marina on Stock Island.

- A. The Schooner is towards the back of Robbie's marina, with its stern facing the water, supported by heavy timbers and boat stands. Robbie's management will allow her to remain at Robbie's and be worked on for no charge.
- B. We are trying several equipment combinations to keep the Schooner regularly washed down with seawater to preserve the vessel's wood. Plans for the restoration are on hold, waiting for firmer commitments of additional funds.
- C. We are researching opportunities for grants and other support. The shipwright Harold Burnham from Exeter, Massachusetts, has provided us with a detailed breakdown of the restoration plan he developed for us.
- D. The boatyard plans to cover the boat with tarps to reduce further deterioration.
- E. We still have a commitment of \$1 million for the Schooner's restoration if we can put together a plan to raise another \$5 million to complete the restoration of the Schooner. We will provide more information on this initiative as we make progress.
- F. If I can provide additional information, please let me know.

On behalf of the BOD,

John Dolan-Heitlinger
