Subject: Resolution Discussion - to be read at meeting please

In my absence, I would like this read at the City Commission Meeting on Tuesday, August 20, 2013. Thank you.

Please Vote Yes to pass the Resolution presented concerning FDOT and their plans to change the flow of traffic on North Roosevelt Boulevard. While we are all suffering from the project during construction and recognize the need for traffic to flow as well as the safety of all people travelling on the roadways, I do not wish to have two-way traffic without a center/turn lane. This would only cause accidents and confusion and major traffic backups. The traffic flow would come to a halt and the island would gridlock. I urge you to ask for a more thorough implementation plan from the FDOT before any changes are made to the current traffic flow and I appreciate your encouraging them to work to more expeditiously.

Thank you your attention to this matter,

Julie Brown

301 Grinnell St #304
