City Ordinance Sec. 2-799

Requirements for City Contractors to Provide Equal Benefits for Domestic Partners

- (a) Definitions. For purposes of this section only, the following definitions shall apply:
- (1) **Benefits** means the following plan, program or policy provided or offered by a contractor to its employees as part of the employer's total compensation package: sick leave, bereavement leave, family medical leave, and health benefits.
 - (2) **Bid** shall mean a competitive bid procedure established by the city through the issuance of an invitation to bid, request for proposals, request for qualifications, or request for letters of interest.
 - (3) **Cash equivalent** means the amount of money paid to an employee with a domestic partner in lieu of providing benefits to the employee's domestic partner. The cash equivalent is equal to the employer's direct expense of providing benefits to an employee for his or her spouse.

The cash equivalents of the following benefits apply:

- a. For bereavement leave, cash payment for the number of days that would be allowed as paid time off for the death of a spouse. Cash payment would be in the form of the wages of the domestic partner employee for the number of days allowed.
 - b. For health benefits, the cost to the contractor of the contractor's share of the single monthly premiums that are being paid for the domestic partner employee, to be paid on a regular basis while the domestic partner employee maintains such insurance in force for himself or herself.
 - c. For family medical leave, cash payment for the number of days that would be allowed as time off for an employee to care for a spouse who has a serious health condition. Cash payment would be in the form of the wages of the domestic partner employee for the number of days allowed.
- (4) **Contract** means any written agreement, purchase order, standing order or similar instrument entered into pursuant to the award of a bid whereby the city is committed to expend or does expend funds in return for work, labor, professional services, consulting services, supplies, equipment, materials, construction, construction related services or any combination of the foregoing.
 - (5) **Contractor** means any person or persons, sole proprietorship, partnership, joint venture, corporation, or other form of doing business, that is awarded a bid and enters into a covered contract with the city, and which maintains five (5) or more full-time employees.
 - (6) **Covered contract** means a contract between the city and a contractor awarded subsequent to the date when this section becomes effective valued at over twenty thousand dollars (\$20,000).
 - (7) **Domestic partner** shall mean any two adults of the same or different sex, who have registered as domestic partners with a governmental body pursuant to state or local law authorizing such registration, or with an internal registry maintained by the employer of at least one of the domestic partners. A contractor may institute an internal registry to allow for the provision of equal benefits to

employees with domestic partner who do not register their partnerships pursuant to a governmental body authorizing such registration, or who are located in a jurisdiction where no such governmental domestic partnership registry exists. A contractor that institutes such registry shall not impose criteria for registration that are more stringent than those required for domestic partnership registration by the City of Key West pursuant to Chapter 38, Article V of the Key West Code of Ordinances.

- (8) **Equal benefits** mean the equality of benefits between employees with spouses and employees with domestic partners, and/or between spouses of employees and domestic partners of employees.
- (b) Equal benefits requirements.
- (1) Except where otherwise exempt or prohibited by law, a Contractor awarded a covered contract pursuant to a bid process shall provide benefits to domestic partners of its employees on the same basis as it provides benefits to employees' spouses.
 - (2) All bid requests for covered contracts which are issued on or after the effective date of this section shall include the requirement to provide equal benefits in the procurement specifications in accordance with this section.
 - (3) The city shall not enter into any covered contract unless the contractor certifies that such contractor does not discriminate in the provision of benefits between employees with domestic partners and employees with spouses and/or between the domestic partners and spouses of such employees.
 - (4) Such certification shall be in writing and shall be signed by an authorized officer of the contractor and delivered, along with a description of the contractor's employee benefits plan, to the city's procurement director prior to entering into such covered contract.
 - (5) The city manager or his/her designee shall reject a contractor's certification of compliance if he/she determines that such contractor discriminates in the provision of benefits or if the city manager or designee determines that the certification was created, or is being used for the purpose of evading the requirements of this section.
 - (6) The contractor shall provide the city manager or his/her designee, access to its records for the purpose of audits and/or investigations to ascertain compliance with the provisions of this section, and upon request shall provide evidence that the contractor is in compliance with the provisions of this section upon each new bid, contract renewal, or when the city manager has received a complaint or has reason to believe the contractor may not be in compliance with the provisions of this section. This shall include but not be limited to providing the city manager or his/her designee with certified copies of all of the contractor's records pertaining to its benefits policies and its employment policies and practices.
 - (7) The contractor may not set up or use its contracting entity for the purpose of evading the requirements imposed by this section.
- (c) Mandatory contract provisions pertaining to equal benefits. Unless otherwise exempt, every covered contract shall contain language that obligates the contractor to comply with

the applicable provisions of this section. The language shall include provisions for the following:

- (1) During the performance of the covered contract, the contractor certifies and represents that it will comply with this section.
 - (2) The failure of the contractor to comply with this section will be deemed to be a material breach of the covered contract.
 - (3) If the contractor fails to comply with this section, the city may terminate the covered contract and all monies due or to become due under the covered contract may be retained by the city. The city may also pursue any and all other remedies at law or in equity for any breach.
 - (4) If the city manager or his designee determines that a contractor has set up or used its contracting entity for the purpose of evading the requirements of this section, the city may terminate the covered contract.
- (d) Enforcement. If the contractor fails to comply with the provisions of this section:
- (1) The failure to comply may be deemed to be a material breach of the covered contract; or
 - (2) The city may terminate the covered contract; or
 - (3) Monies due or to become due under the covered contract may be retained by the city until compliance is achieved; or
 - (4) The city may also pursue any and all other remedies at law or in equity for any breach;
 - (5) Failure to comply with this section may also subject contractor to the procedures set forth in Division 5 of this article, entitled "Debarment of contractors from city work."
- (e) Exceptions and waivers.

The provisions of this section shall not apply where:

- (1) The contractor does not provide benefits to employees' spouses.
- (2) The contractor is a religious organization, association, society or any non-profit charitable or educational institution or organization operated, supervised or controlled by or in conjunction with a religious organization, association or society.
- (3) The contractor is a governmental entity.
- (4) The sale or lease of city property.
- (5) The provision of this section would violate grant requirement, the laws, rules or regulations of federal or state law (for example, The acquisition services procured pursuant to Chapter 287.055, Florida Statutes known as the "Contractors' Competitive Negotiation Act").
- (6) Provided that the contractor does not discriminate in the provision of benefits, a contractor may also comply with this section by providing an employee with the cash equivalent of such benefits, if the city manager or his/her designee determines that either:

- a. The contractor has made a reasonable yet unsuccessful effort to provide equal benefits. The contractor shall provide the city manager or his/her designee with sufficient proof of such inability to provide such benefit or benefits which shall include the measures taken to provide such benefits or benefits and the cash equivalent proposed, along with its certificate of compliance, as is required under this section.
- (7) The city commission waives compliance of this section in the best interest of the city, including but not limited to the following circumstances:
- a. The covered contract is necessary to respond to an emergency.
 - b. Where only one bid response is received.
 - c. Where more than one bid response is received, but the bids demonstrate that none of the bidders can comply with the requirements of this section.
- (f) City's authority to cancel contract. Nothing in this section shall be construed to limit the city's authority to cancel or terminate a contract, deny or withdraw approval to perform a subcontract or provide supplies, issue a non-responsibility finding, issue a non-responsiveness finding, deny a person or entity prequalification, or otherwise deny a person or entity city business.
- (g) Timing of application. This section shall be applicable only to covered contracts awarded pursuant to bids which are after the date when this section becomes effective.

If a business is a joint venture, it is sufficient for qualification as a local business enterprise if at least one of the joint venturers meets the test set forth in this subsection, and the combined local workforce of the joint venture is maintained at a level of at least 50 percent of the total number of employees engaged in the venture. At least one member, director or principle of the entity desiring to qualify as a local business enterprise shall reside within 30 miles of the boundaries of the City of Key West as indicated by a Florida driver's license or Florida identification card. In the event a business meets all the requirements enumerated above with the exception of having its principle address as registered with the Florida Department of State located within 30 miles of the boundaries of the city, it shall be sufficient to qualify as a local business enterprise if it has maintained an office within 30 miles of the boundaries of the City of Key West for the past five years, during which period of time it has regularly and continuously conducted business from such location.

(b)

Preference. In the purchase of or the contract for goods, services, or construction of capital improvements, the city commission or, in the case of purchases and contracts which are not required to be approved by the city commission, the city finance department may give a preference to a responsive and responsible local business enterprise as specified herein. Any required notice of bid or request for proposals for matters subject to the local preference provided for in this section shall contain a provision notifying prospective bidders or responders of the applicability of the local preference.

Except where otherwise provided by this Code, federal or state law or other funding source restrictions, purchases of goods, general services, or professional services by the city may give preference to local businesses in the following manner:

(1)

Under a competitive bid solicitation, when a responsive, responsible nonlocal business submits the lowest price bid, and the bid submitted by one or more responsive, responsible local businesses is within five percent of the price submitted by the nonlocal business, then the local business with the apparent lowest bid offer (i.e., lowest local bidder) may have the opportunity to submit an offer to match the price(s) offered by the lowest, qualified and responsive nonlocal bidder within three working days of a notice of intent to award. If the lowest local bidder submits a bid that fully matches the lowest bid from the lowest nonlocal bidder tendered previously, then the award shall be made to such local bidder. If the lowest local bidder declines or is unable to match the lowest nonlocal bid price(s), then the award shall be made to the nonlocal business.

(2)

For requests for proposals in which objective factors are used to evaluate the responses from vendors and are assigned point totals, if, upon the completion of final rankings (technical and price combined, if applicable) by a selection committee or the city commission, a qualified and responsive nonlocal business is the highest ranked proposer and the ranking of a qualified and responsive local business is within five percent of the ranking obtained by the qualified and responsive nonlocal business, the highest ranked qualified and responsive local business shall have the opportunity to submit an offer to match the price offered by the highest ranked qualified and responsive nonlocal business within three working days of a notice of intent to award. If such highest ranked local business submits a price that fully matches the price of such highest ranked qualified and responsive nonlocal business, or the original price of the highest ranked local business is equal to or less than that of such highest ranked nonlocal business, then such local business shall proceed to negotiations with the city. If the highest ranked qualified and responsive local business declines or is unable to match the price of the highest ranked qualified and responsive nonlocal business, then the city shall proceed to negotiate with such highest ranked nonlocal business.

(c)

Exceptions. The local business enterprise preference provided for by this section shall not be applied where the application of the preference would conflict with a statute, administrative rule, or the terms of any grant funding the purchase or contract; or in the procurement of services described in [section 2-797\(4\)](#).

(d)

Certification of eligibility. Under any such applicable solicitation, bidders/proposers desiring to receive local preference will be invited and required to affirmatively state and provide documentation as set forth in the solicitation in support of their status as

a local business. Any bidder who fails to submit sufficient documentation with their bid or proposal, or who is not prequalified as a local business enterprise pursuant to procedures to be implemented by the city manager, shall not be granted local preference consideration for the purposes of that specific award.

(e)

Waiver of the application of local preference. The application of local preference to a particular purchase, contract, or category of contracts for which the city commission is the awarding authority may be waived upon written recommendation of the city manager and approval of the city commission.

(f)

Comparison of qualifications. The preferences established herein in no way prohibit the right of the city to compare quality of materials proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms or corporations submitting bids or proposals. Further, the preferences established herein in no way prohibit the right of the city from giving any further preference permitted by law instead of or in addition to the preferences granted herein.

(g)

Change orders. Notwithstanding the provisions of section 2-845, in the event a local bidder is awarded a contract pursuant to this section, all requests for change orders increasing the cost of the project must be approved by the city commission.

(Code 1986, § 1.266(c); Res. No. 06-292, § 1, 9-6-2006; Ord. No. 09-22, § 1, 12-3-2009)

Re: 2013-2015 New Biennium Prequalification Confirmation Letter

Dear Mr. Gonzalez:

I have received the necessary corporate documents and licenses from your company, and verified their active status.

In accordance with Rule 60D-5.004, Florida Administrative Code, you are hereby advised that your firm is prequalified for bidding as Certified General, Plumbing, & Home Inspection Contractors from the date of this letter for the Biennium, which begins on July 1, 2013, and runs through June 30, 2015, on projects advertised and administered by this Agency. Your prequalification for the biennium ending on June 30, 2013, is also still in effect.

This letter of prequalification is valid for any project that is bid by the Department, or one of its agents, throughout the biennium. YOU DO NOT NEED TO PREQUALIFY FOR EACH PROJECT DURING THIS BIENNIUM; HOWEVER, YOU MUST PROVIDE A COPY OF THIS LETTER WITH EACH BID YOU SUBMIT.

It is your firms' responsibility to request renewal, and provide the proper documentation for verification, should any license(s) expire before June 30, 2015, in order to remain prequalified throughout the current period. I will need to receive a written request (fax or e-mail) from your firm to continue your prequalification status and must receive copies of your renewed Corporate Charter and Contractor license(s), or Certified Minority Business Enterprise (CMBE) status, if applicable.

Please be advised that prequalification with the Department of Corrections does not automatically prequalify your firm with other State Agencies.

Please include a copy of this letter with your response to bids, quotes, or submittals to the Department. This letter is good for ALL BIDS from the date of this letter until 6/30/2015. See Paragraph 4 of this letter for renewal conditions. If you are also a CMBE, please include a copy of that Certificate along with the copy of this letter.

If you have any questions or concerns, please call me directly at 850-717-3664, or you may fax documents to me at 850-488-7189. You may also contact me or send your documents to me via e-mail at: rogers.sandra@mail.dc.state.fl.us.

Sincerely,

Supervisors will conduct monthly safety meetings with their employees. The safety coordinator should provide supervisors with safety topics and discussion items each month. In addition to the safety topic, supervisors may discuss other items such as recent accidents and injuries, results of safety inspections, and revisions of safety policies and procedures.

Documentation will be maintained of each employee safety meeting. It should contain the subjects discussed as well as an attendance sheet.

Following the safety meeting, supervisors will observe employees performing job tasks associated with the safety topic item discussed in order to see whether or not they are following the safe procedures, they will be encouraged to continue to do so. Those found not following the procedure will receive correcting feedback.

16. SAFETY INSPECTIONS

Inspections provide an opportunity to survey the work place to detect potential hazards and correct them before an accident occurs. Typically, inspections are made to identify physical hazards at the worksite, however, the work practices of employees will also be observed during the inspections. Supervisors will observe employees to determine if they are performing their jobs in accordance with safe job procedures.

Continuous Monitoring

Safety is the responsibility of each and every employee. Continuous, informal inspections should be conducted by employees, supervisors, and maintenance personnel as part of their regular job responsibilities. These are the personnel who are most familiar with worksite operations and machinery. Our employees are a valuable source of information on work place hazards and we look to them for assistance in formulation practical workplace controls.

Supervisor must continually monitor their work areas. On a daily basis, they will check that:

- A. Employees are following safe work procedures.
- B. Machinery and tools are in good condition.
- C. Machine guards are in position.
- D. Material is stored properly.
- E. Aisles, walkways, and exit passageways are clear and accessible.

Periodic/Scheduled Safety Inspections

Depending on the job tasks being performed and worksite conditions, they will be done weekly, monthly, quarterly, semi-annually, annually, or at other predetermined intervals.
