

Historic Architectural Review Commission

Staff Report Item 8

Meeting Date:	February 24, 2014
Applicant:	Peter Pike, Architect
Application Number:	H13-01-1874
Address:	#430 Duval Street
Description of Work:	Partial demolition of roof over city sidewalk.
Building Facts:	The La Concha Hotel is a contributing structure to the historic district. The historic part of the hotel, which is located on the corner of Duval and Fleming streets, was built ca. 1925. The Mediterranean Revival multi story building is the tallest building in the historic district. The one story gallery that covers the sidewalks was part of the original design, as it is depicted in several historic photos. Today's driveway facing Duval Street was historically an enclosed part of the building, at least a photo from the 1940's depicts today's Duval Street driveway with a front façade. The 1962 Sanborn map depicts part of the restaurant and the kitchen as interior spaces where the actual driveway is located.
Ordinance Cited in Review:	Section 102-217 (3), demolition for contributing or historic structures of the Land Development Regulations.

Staff Analysis

On January 28, 2014 the Commission approved the new parapet and columns facing Duval Street and improvements to the valet entrance. The Certificate of Appropriateness proposes the demolition of the northernmost bay of a historic gallery that wraps the La Concha hotel on its first floor. The gallery is over city's sidewalk. The request is to give a new visual appearance to the hotel's driveway entrance to their valet and parking from Duval Street.

According to historic photos and the Sanborn maps the gallery bay in question is part of the original fabric. The 1962 Sanborn map depicts part of the restaurant and the kitchen as interior spaces where the actual driveway is located. At some point, between 1962 and 1973 the Duval Street driveway was created.

A new use, a driveway was established in the 1960's or 70's, under the northernmost part of the historic building and will still serve as such in the future. If the demolition of one bay of the gallery will have an effect on the historic fabric will be determination that need to be done by the Commission.

It is staff's opinion that the demolition of only one bay of the gallery can be considered by the Commission since it is consistent with Section 102-217 (3), demolition for contributing or historic structures of the Land Development Regulations. The demolition of one bay of the existing gallery will not have an adverse effect in the historic building.

KEY WEST HISTORIC DISTRICT**

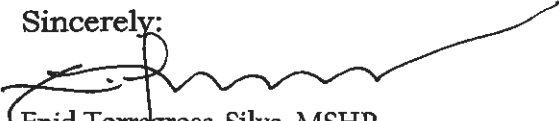

Dear Architect Pike:

This letter is to notify you that the Key West Historic Architectural Review Commission **approved** the above mentioned project on the public hearing held on Tuesday, January 28, 2014. The Commission motioned to approve your design based on the submitted documents and your presentation. The Commission was clear as to the scope of work they were approving by not including on this application the signage and proposed gates.

Since your request includes the demolition of historic roofs I will be including the project on the February 25, 2014 agenda for the second reading for demolition. Should you have any questions, please do not hesitate to contact me at your convenience.

On behalf of the Historic Architectural Review Commission of our City, thank you for your interest in the preservation of Key West's historic heritage.

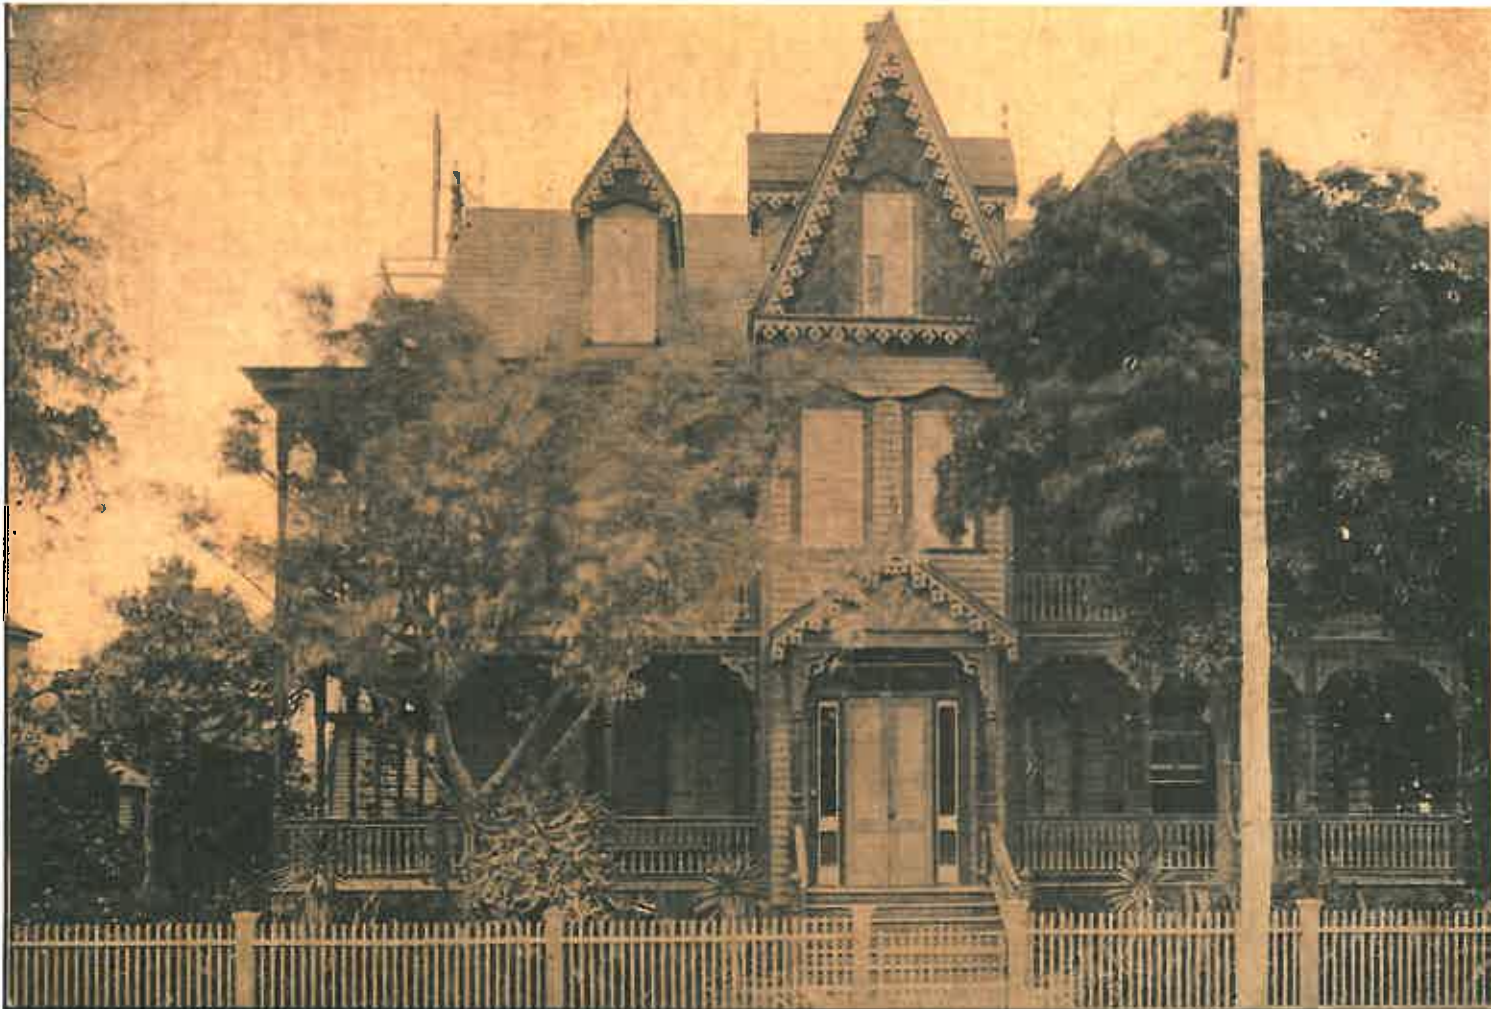

Sincerely:

Enid Torregrosa-Silva, MSHP
