EXECUTIVE SUMMARY

TO: Jim Scholl, City Manager

FROM: Jay Gewin, Utilities Manager

DATE: Jun3 28, 2011

RE: Acceptance and execution of Revised Contract No. 11HM-3B-11-54-02-002 with the Florida Division of Emergency Management for \$730,490 (25% match) Phase II FEMA funding for Patricia/Ashby Street Drainage Project.

ACTION STATEMENT:

This resolution will accept and authorize the execution of a revised grant agreement with the Florida Division of Emergency Management (FDEM) to accept a \$730,490 FEMA grant that requires a 25% match (\$730,490 FEMA / \$243,496 City of Key West) for the construction of the Patricia/Ashby Street Drainage Project (Contract number 11HM-3B-11-54-02-002), Phase II.

BACKGROUND:

Resolution 11-076 approved and authorized the execution of Contract No. 11HM-3B-11-54-02-002 on March 15, 2011. Mayor Craig Cates executed four original contracts and the contracts were then sent to FDEM for their execution. Upon receipt of the contracts, FDEM staff noticed two corrections that needed to be made prior to the contracts being fully executed. The funding amount in two different places within the contract was incorrect:

Page 9, FUNDING/CONSIDERATION, Paragraph 17(a), the amount was changed to \$743,568

Page 14, EXHIBIT-1, "Amount of Federal Funding," the amount was changed to \$743,568

The amount should be \$743,568 not \$743,430 as currently approved by the City Commission.

Key to the Caribbean – Average yearly temperature 77° F.

MEMORANDUM

The \$743,568 amount includes a \$13,078 administrative allowance (no match required).

Phase I FEMA funding was approved with Resolution 08-323 on December 2, 2008, which provided funding for the design of a pump assisted stormwater system to reduce flooding on Ashby Street and other areas of the Kamien Subdivision.

With the approval of Task Order 1-09STM (Resolution 09-083, April 7, 2009), CH2M Hill designed a pump-assisted outfall system for the intersection of Patricia and Ashby Streets. This design was reviewed and approved by FEMA resulting in the obligation of Phase II funding for the construction of the approved project. The Patricia/Ashby project is designed to pump water from the existing well pump station to the ocean out-falling at the end of Bertha Street eliminating the need for bypass pumping during hurricane storm surge events. The project also includes a generator that will be installed on site and available for immediate use as opposed to one being brought on site as it currently is.

PURPOSE AND JUSTIFICATION

The revised contract corrects an error in the funding amount in the contract previously approved by the City Commission with Resolution 11-076.

With Phase I design now complete, FEMA has approved Phase II funding for construction. The Patricia/Ashby Drainage Project will provide protection against a 25 year rain event for 50 years for approximately 30 homes. The benefit-to-cost ratio is over 2.0 saving the taxpayer an estimated \$4,000,000 for a \$2,000,000 lifecycle cost (including maintenance).

The City of Key West's Stormwater fund is heavily grant-dependent. The fund has been very aggressive and successful at pursuing state and federal grants over time, and many of our improvements would not be possible without grant assistance.

OPTIONS / ADVANTAGES / DISADVANTAGES:

1. The City Commission can accept and authorize the execution of the revised contract. This will allow FDEM to fully execute the contract resulting in the availability of \$730,490 in FEMA funding to the City. Without the grant funding, the proposed project cannot be accomplished with available resources unless other projects are set aside. If the revised contract is accepted, the Patricia/Ashby Drainage Project can be constructed and approximately 30 homes will be provided protection against flooding.
2. The City Commission can reject the revised contract. With this option, FDEM will not fully execute the contract. No grant funding will be available for this project. In addition, the Patricia/Ashby Drainage project will not be constructed and no protection against flooding provided.

FINANCIAL IMPACT:

The corrections made to the amounts listed on page 9 and page 14 of Revised Contract No. 11HM-3B-11-54-02-002 have no impact on the 75% FEMA funding amount of \$730,490. The City is still required to provide a 25% match of \$243,496 as previously approved in Resolution 11-076.

RECOMMENDATION:

Staff recommends that the City Commission select option 1, accepting the revised contract for the \$730,490 FEMA grant from the Florida Division of Emergency Management.

In addition to reviews of audits conducted in accordance with paragraph (6) above, monitoring procedures may include, but not be limited to, on-site visits by Division staff, limited scope audits, and/or other procedures. The Recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Division. In the event that the Division or the Department determines that a limited scope audit of the Recipient is appropriate, the Recipient agrees to comply with any additional instructions provided by the Division or the Department to the Recipient regarding such audit. The Recipient further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Florida Chief Financial Officer or Auditor General. In addition, the Division will monitor the performance and financial management by the Recipient throughout the contract term to ensure timely completion of all tasks.

Stat. Nothing herein is intended to serve as a waiver of sovereign immunity by any Recipient to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

(10) DEFAULT

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (11). However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

(a) If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

(b) If material adverse changes occur in the financial condition of the Recipient at any time during the term of this Agreement, and the Recipient fails to cure this adverse change within thirty days from the date written notice is sent by the Division.

(d) If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(11) REMEDIES

If an Event of Default occurs, then the Division may, after thirty calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty days, exercise any one or more of the following remedies, either concurrently or consecutively:

(a) Terminate this Agreement, provided that the Recipient is given at least thirty days prior written notice of the termination. (b) Begin an appropriate legal or equitable action to enforce performance of this Agreement;

4. Require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible;

(f) Exercise any other rights or remedies which may be available under law.

(g) Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(12) TERMINATION

(a) The Division may terminate this Agreement for cause after thirty days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Fla. Stat., as amended.

(b) The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty calendar days prior written notice.

(c) The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

(d) In the event that this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of the Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the Recipient for the purpose of set-off until the exact amount of damages due the Division from the Recipient is determined.

Attachment A

Budget and Scope of Work

Scope of Work

As a Hazard Mitigation Grant Program project, the Recipient, the City of Key West, will provide protection by constructing a drainage system capable of solving or reducing the flooding problem at the intersection of Patricia and Ashby Street, Key West, Florida 33040. The project entails the construction of an emergency discharge to the Atlantic Ocean, consisting of +/- 2, 100 linear-foot of pipeline that will connect to the existing Patricia and Ashby pump station and terminate at a new outfall structure at the end of Bertha Street. The project will also include a 230-kilowatt generator for the pump station secured to an elevated platform above the 100-year flood elevation. All stormwater will be treated with existing vortex sediment separator prior to discharging to the outfall.

Environmental Review Project Conditions:

1. The Recipient must follow all applicable state, local and federal laws regulations and requirements, and obtain (before starting project work) and comply with all required permits and approvals. If project work is delayed for a year or more after the date of the CATEX, then coordination with and project review by regulatory agencies must be redone.
2. Any change, addition or supplement to the approved Scope of Work that alters the project (including other work not funded by FEMA, but done substantially at the same time) will require re-submission of the application to FEMA for NEPA re-evaluation before starting project work.
3. If any historic or archaeological materials (or evidence thereof) are discovered during project work, the Applicant shall stop work immediately, notify the Federal Emergency Management Agency (FEMA), and take all reasonable measures to avoid or minimize harm to the property.
 - Also refer to Special Condition No. 12 outlined in the SFWMD standard general permit No 44-001314-P.
4. The Applicant will need to submit a Notice of Intent (NOI) for coverage under the Florida Department of Environmental Protection (FDEP) General Permit, prepare and implement a stormwater pollution prevention plan (SWPPP), and submit the Notice of Termination (NOT) after completion of the site activities. The NOI and NOT should be provided at the project close-out.
5. Prior to the initiation of any of the work, the Permittee shall install floating turbidity barriers with weighted skirts that extend to within 1 foot of the bottom around all work areas that are in, or adjacent to, surface waters. The turbidity barriers shall remain in place and be maintained until the authorized work has been completed and all erodible materials have been stabilized
6. If a construction contractor places reinforcing materials only 10 feet waterward of the seawall, we do not expect there to be any impacts to that community. Any placement of turbidity curtains should be done so as to avoid the sea grass bed, and curtains should be removed as soon as practicable after the project concludes and turbidity levels have subsided.
7. Any SFWMD or DEP permit issued for the project address stormwater runoff and water quality. The project design should include provisions to catch silt, oils, and greases, and a maintenance plan to ensure continued proper function.
8. Applicant must adhere to Special Condition No.'s 13 and 14 outlined in the SFWMD standard general permit No. 44-00314-P in regards to standard manatee construction conditions and the installation of manatee exclusion grating across the outfall opening.
9. For projects that involve diesel fuel storage tanks (if storage capacity is greater than 550

gallons for above ground diesel fuel tanks and 110 gallons underground diesel fuel tanks); the applicant must provide a copy of the Florida Department of Environmental Protection's Storage Tank Facility Registration. The documentation must be provided at project close-out.

- Additional coordination may also be needed with the Local Floodplain Administrator to address elevation of the fuel tank out of the floodplain. The documentation must be provided at project closeout.

This is FEMA project **1609-111-R**, funded under **1609-DR-FL**.

The Period of Performance of this project ends on **February 28, 2012**.

The Recipient shall monitor its performance under this Agreement, as well as that of its subcontractors and/or consultants who are paid from funds provided under this Agreement, to ensure that time schedules are being met, the Schedule of Deliverables and Scope of Work are being accomplished within the specified time periods, and other performance goals are being achieved. A review shall be done for each function or activity in Attachment A to this Agreement, and reported in the quarterly report.

In addition to reviews of audits conducted in accordance with paragraph (6) above, monitoring procedures may include, but not be limited to, on-site visits by Division staff, limited scope audits, and/or other procedures. The Recipient further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Florida Chief Financial Officer or Auditor General. In addition, the Division will monitor the performance and financial management by the Recipient throughout the contract term to ensure timely completion of all tasks.

(9) LIABILITY

(a) Unless Recipient is a State agency or subdivision, as defined in Section 768.28, Fla. Stat., the Recipient is solely responsible to parties it deals with in carrying out the terms of this Agreement, and shall hold the Division harmless against all claims of whatever nature by third parties arising from the work performance under this Agreement. For purposes of this Agreement, Recipient agrees that it is not an employee or agent of the Division, but is an independent contractor.

(b) Any Recipient which is a state agency or subdivision, as defined in Section 768.28, Fla. Stat., agrees to be fully responsible for its negligent or tortuous acts or omissions which result in claims or suits against the Division, and agrees to be liable for any damages proximately caused by the acts or omissions to the extent set forth in Section 768.28, Fla. Stat. Nothing herein is intended to serve as a waiver of sovereign immunity by any Recipient to which sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

(10) DEFAULT

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (11). However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

(a) If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

(b) If material adverse changes occur in the financial condition of the Recipient at any time during the term of this Agreement, and the Recipient fails to cure this adverse change within thirty days from the date written notice is sent by the Division.

(c) If any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information;

(d) If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(11) REMEDIES

If an Event of Default occurs, then the Division may, after thirty calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty days, exercise any one or more of the following remedies, either concurrently or consecutively:

(a) Terminate this Agreement, provided that the Recipient is given at least thirty days prior written notice of the termination. The notice shall be effective when placed in the United States, first class mail, postage prepaid, by registered or certified mail-return receipt requested, to the address in paragraph (13) herein;

(b) Begin an appropriate legal or equitable action to enforce performance of this Agreement;

(c) Withhold or suspend payment of all or any part of a request for payment;

(d) Require that the Recipient refund to the Division any monies used for ineligible purposes under the laws, rules and regulations governing the use of these funds.

1. Request additional information from the Recipient to determine the reasons for or the extent of non-compliance or lack of performance,

2. Issue a written warning to advise that more serious measures may be taken if the situation is not corrected,

4. Require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible;

(f) Exercise any other rights or remedies which may be available under law.

(g) Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(12) TERMINATION

(a) The Division may terminate this Agreement for cause after thirty days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Fla. Stat., as amended.

(b) The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty calendar days prior written notice.

(c) The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

(d) In the event that this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of the Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the Recipient for the purpose of set-off until the exact amount of damages due the Division from the Recipient is determined.

Budget and Scope of Work

Scope of Work

As a Hazard Mitigation Grant Program project, the Recipient, the City of Key West, will provide protection by constructing a drainage system capable of solving or reducing the flooding problem at the intersection of Patricia and Ashby Street, Key West, Florida 33040. The project entails the construction of an emergency discharge to the Atlantic Ocean, consisting of +/- 2, 100 linear-foot of pipeline that will connect to the existing Patricia and Ashby pump station and terminate at a new outfall structure at the end of Bertha Street. The project will also include a 230-kilowatt generator for the pump station secured to an elevated platform above the 100-year flood elevation. All stormwater will be treated with existing vortex sediment separator prior to discharging to the outfall.

Environmental Review Project Conditions:

1. The Recipient must follow all applicable state, local and federal laws regulations and requirements, and obtain (before starting project work) and comply with all required permits and approvals. If project work is delayed for a year or more after the date of the CATEX, then coordination with and project review by regulatory agencies must be redone.
2. Any change, addition or supplement to the approved Scope of Work that alters the project (including other work not funded by FEMA, but done substantially at the same time) will require re-submission of the application to FEMA for NEPA re-evaluation before starting project work.
3. If any historic or archaeological materials (or evidence thereof) are discovered during project work, the Applicant shall stop work immediately, notify the Federal Emergency Management Agency (FEMA), and take all reasonable measures to avoid or minimize harm to the property.
 - Also refer to Special Condition No. 12 outlined in the SFWMD standard general permit No 44-001314-P.

The Applicant will need to submit a Notice of Intent (NOI) for coverage under the Florida Department of Environmental Protection (FDEP) General Permit, prepare and implement a stormwater pollution prevention plan (SWPPP), and submit the Notice of Termination (NOT) after completion of the site activities. The NOI and NOT should be provided at the project close-out.
5. Prior to the initiation of any of the work, the Permittee shall install floating turbidity barriers with weighted skirts that extend to within 1 foot of the bottom around all work areas that are in, or adjacent to, surface waters. The turbidity barriers shall remain in place and be maintained until the authorized work has been completed and all erodible materials have been stabilized
6. If a construction contractor places reinforcing materials only 10 feet waterward of the seawall, we do not expect there to be any impacts to that community. Any placement of turbidity curtains should be done so as to avoid the sea grass bed, and curtains should be removed as soon as practicable after the project concludes and turbidity levels have subsided.
7. Any SFWMD or DEP permit issued for the project address stormwater runoff and water quality. The project design should include provisions to catch silt, oils, and greases, and a maintenance plan to ensure continued proper function.
8. Applicant must adhere to Special Condition No.'s 13 and 14 outlined in the SFWM standard general permit No. 44-00314-P in regards to standard manatee construction conditions and the installation of manatee exclusion grating across the outfall opening.
9. For projects that involve diesel fuel storage tanks (if storage capacity is greater than 550

gallons for above ground diesel fuel tanks and 110 gallons underground diesel fuel tanks); the applicant must provide a copy of the Florida Department of Environmental Protection's Storage Tank Facility Registration. The documentation must be provided at project close-out.

If the hazard mitigation project described in Attachment A includes an acquisition or relocation project, then Recipient shall ensure that, as a condition of funding under this Agreement, the owner of the affected real property shall record in the public records of the county where it is located the following covenants and restrictions, which shall run with and apply to any property acquired, accepted, or from which a structure will be removed pursuant to the project:

1. The property will be dedicated and maintained in perpetuity for a use that is compatible with open space, recreational, or wetlands management practices;

2. No new structure will be erected on property other than:

You are reminded that no construction may occur in this phase, that a full environmental review must be completed prior to funding Phase II.

As a reminder, the Recipient must obtain prior approval from the State, before implementing changes to the approved project Scope of Work (SOW). Per the Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments:

1. For construction projects, the grantee must "obtain prior written approval for any budget revision which result in a need for additional funds" (44 CFR 13 (c));
2. A change in the scope of work must be approved by FEMA in advance regardless of the budget implications; and
3. The Recipient must notify the State as soon as significant developments become known, such as delays or adverse conditions that might raise costs or delay completion, or favorable conditions allowing lower cost or earlier completion.
