FROM: John Paul Castro, Utilities Director
DATE: September 20, 2018
SUBJECT: Extending the General Utility Contracts for Douglas N. Higgins, Inc. and Charley Toppino and Sons, Inc. for 2 years

Action statement:

This resolution would extend the General Utility Services contracts for both Douglas N. Higgins, Inc. and Charley Toppino and Sons, Inc. for 2 years, per the current contract.

Background:

City Staff requested bids for general utility services in 2015. The basis of the contract is to task contractors for utility related work per a pre-negotiated price schedule for labor and materials. This saves considerable time and money by eliminating bid packages and advertising for each individual task while maintaining competitive pricing.

Charley Toppino and Sons, Inc. and Douglas N. Higgins, Inc. were the only 2 respondents to the general utility services request for bids. The bids were approved by the commission by resolution 15-292.

The general utilities contracts are used by Engineering, Utilities, Port and Marine Services, and Community Services departments.

Purpose and Justification:

The current general utilities contract expires on December 21st, 2018 for Douglas N. Higgins, Inc. and December 7th, 2018 for Charley Toppino and Sons, Inc.

Article 4 of the contract allows for one (1) two (two) year extension to the original 3 (three) year term at the discretion of the City. Both firms have written letters of support for the extension (attached).

Key to the Caribbean – Average yearly temperature 77° F.

The general utilities services contracts are used extensively to repair utilities and infrastructure. Having these contracts in place allows staff to utilize competitive pricing in a manner that saves months of time which is crucial to public safety and health.

Options:

Option 1: The commission can approve the 2 year extension to both contracts.

Option 2: The commission can decide not to approve the contracts. Staff can be directed to bid for new contracts or the commission could elect to eliminate the general utilities services contracts all together. This is not recommended.

Financial Impact:

There is no financial impact to extending these contracts. The projects are approved on a task order basis following the City's standard procurement process for approvals.

Recommendation:

Staff recommends extending both general utilities services contracts for 2 years per article 4 of the contract documents.

EXECUTIVE SUMMARY

Date: September 10, 2015
To: Jim Scholl, City Manager
From: Janet Muccino, Project Manager
Subject: Approving the award of the General Utilities Services Contract (ITB # 15-021) to DN Higgins, Inc. and Charley Toppino & Sons, Inc.

Action Statement

This Resolution would approve awarding two 3- year contracts to DN Higgins, Inc. and Charley Toppino & Sons, Inc. to provide general utilities construction-related services to the City of Key West on a unit cost, as requested basis.

Background

General Utilities Services Contracts (GUSC) has been utilized by the City of Key West since 1992 for the purpose of general installation, repair and replacement of storm and sanitary sewer systems, sidewalks and other miscellaneous municipal work. As the City establishes locations and scopes of work where repairs are necessary, project specific purchase orders are issued. The current GUSC expires December 1, 2015.

The GUSC is a competitively bid, 3-year unit cost contract. Bid prices remain in effect for a period of twelve months from contract execution. The contract provides for yearly unit price increases based on the most current Consumer Price Index (CPI-U US chart).

In response to Invitation to Bid (ITB) # 15-021 issued by the City in July 2015,

Key to the Caribbean - Average yearly temperature 77° F.

M E M O R A N D U M

two bids were received on September 2, 2015. Bids from both DN Higgins, Inc. (DNH) and Charley Toppino & Sons, Inc. (CTS) were reviewed by staff and deemed responsive. The bid tabulation and comparison matrix are attached.

Purpose and Justification

The current GUSC held by DNH expires on December 1, 2015. A new agreement is required to facilitate timely response to emergency repairs, American's with Disability Act (ADA) compliance requirements (e.g., sidewalks) and other time-sensitive projects as identified by staff.

The improvement and maintenance of City infrastructure is critical to meeting the current and future needs of the citizens of Key West. The City's goal is to maintain the City's hard assets. (Strategic Plan "Infrastructure" Goal #4).

Financial Issues

Award of the General Utilities Services Contract (ITB #15-021) has no financial impact to the City until a project-specific Work Order is issued.

Recommendation

To provide adequate resources and response capabilities, Staff recommends awarding the General Utilities Services Contracts to both DN Higgins, Inc. and Charley Toppino & Sons. Individual project assignments will authorized by via Work Orders.
