Dear Madam Mayor, City Commissioners, and Clerk of the City:

With regard to the August 6th agenda item #27 and 28, I write to express my support for the involvement of the TDC funds for the Southernmost Point Plaza renovation. I, previously, addressed my concerns to you in my email of June 3, 20205. I wish, however, to reiterate my concerns regarding the public safety and drainage of both South and Whitehead Streets for the re-design of this important tourist destination.

Public safety should be a top issue in the re-design because it impacts both tourists who visit the buoy and residents who live nearby. In addition, proper drainage of both South and Whitehead Streets at the Southernmost Point impacts tourists and residents alike and should also be taken into account in the redesign. Moreover, proper drainage of the two streets will ensure a more beautiful prospect.

Respectfully yours,

Allyson Sheckler
401 South Street
Key West, FL 33040
