

**Historic Architectural Review Commission
Staff Report for Item 4**

To: Acting Chairman Richard McChesney and Historic
Architectural Review Commission Members

From: Enid Torregrosa, MSHP
Historic Preservation Planner

Meeting Date: August 27, 2019

Applicant: Robert Delaune, Architect

Application Number: H2019-0028

Address: #1400 Grinnell Street

Description of Work

Demolition of existing non-historic attached carport and portions of main building at its northwest corner.

Site Facts

The house under review is a non-contributing resource to the historic district. The two-story house, built in 1979, is located on the southwest corner of Grinnell and South Streets. The current carport, facing Grinnell Street, with the roof deck were part of the original design. The building is the only two-story structure located in the corner and all immediately adjacent structures are one-story.

Ordinances Cited on Review

- Section 102-217 (2), demolition for non-contributing or non-historic structures of the Land Development Regulations.

Staff Analysis

A Certificate of Appropriateness is under review for the demolition of northwest portions of the house and the existing carport, all non-historic structures. The historic architectural review commission shall not issue a certificate of appropriateness that would result in:

- (1) *Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished;*

It is staff's opinion that the removal of the non-historic portions of the house will not jeopardize the character of the neighborhood. The rear additions and the accessory structure are not character-defining features in the site. Nevertheless, the proposed design will add new structures, a two-story garage, and a two-story side addition, that are out of mass and scale with surrounding houses.

- (2) *Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space;*

The structures under review are not historic.

- (3) *Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.*

The structures under review are not significant or important in defining the historic character of the site or surrounding context.

- (4) *Removing buildings or structures that would otherwise qualify as contributing, as set forth in section 102-62(3).*

It is staff's opinion that the non-historic structures in question will not qualify as contributing elements to the house or to the site in a near future.

It is staff's opinion that due to the proposed design the Commission should not review the request for demolition.

If by the contrary, the Commission finds that the design meets current regulations, and approves the proposed plans, this will be the only required reading for demolition.

DETAILED PROJECT DESCRIPTION OF DEMOLITION
DEMOLISH NON-HISTORIC, NON-CONTRIBUTING CAPORT AND NON-HISTORIC, NON-CONTRIBUTING PORTIONS OF NORTHWEST CORNER OF MAIN BUILDING.

CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:
Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);
(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:
(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.
THE SUBJECT STRUCTURE IS NOT A CONTRIBUTING OR HISTORIC STRUCTURE.
(2) Or explain how the building or structure meets the criteria below:
(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.
THE STRUCTURE WAS BUILT AROUND 1980. THE PORTIONS SLATED FOR DEMOLITION INCLUDE SUCH FEATURES AS ALUMINUM WINDOWS, FLAT ROOFS, ROOFTOP DECKS, ETC,

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

THE SUBJECT STRUCTURE IS NOT ASSOCIATED WITH ANY KNOWN HISTORICAL EVENTS.

(c) Has no significant character, interest, or value as part fo the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

IT DOES NOT.

(d) Is not the site of a historic event with significant effect upon society.

IT IS NOT.

(e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

IT DOES NOT.

(f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

IT DOES NOT.

(g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

IT IS NOT A PART OF ANY SUCH AREA.

(h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

IT DOES NOT.
(i) Has not yielded, and is not likely to yield, information important in history.
IT HAS NOT AND IS NOT LIKELY TO.

CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:
The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);
(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.
THE PORTIONS OF THE BUILDING SLATED FOR DEMOLITION ARE NOT IMPORTANT TO THE OVERALL HISTORIC CHARACTER OF THE DISTRICT OR NEIGHBORHOOD.
(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.
NO HISTORIC STRUCTURES ARE SLATED FOR DEMOLITION.
(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.
NO SUCH REMOVAL IS PROPOSED.
(4) Removing buildings or structures that would otherwise qualify as contributing.
NO SUCH REMOVAL IS PROPOSED.

ELEVATION CERTIFICATE

FEDERAL EMERGENCY MANAGEMENT AGENCY NATIONAL FLOOD INSURANCE PROGRAM

ATTENTION: Use of this certificate does not provide a waiver of the flood insurance purchase requirement. This form is used only to provide elevation information necessary to ensure compliance with applicable community floodplain management ordinances, to determine the proper insurance premium rate, and/or to support a request for a Letter of Map Amendment or Revision (LOMA or LOMR). Instructions for completing this form can be found on the following pages.

SECTION A PROPERTY INFORMATION		FOR INSURANCE COMPANY USE	
BUILDING OWNER'S NAME - <p style="text-align: center;">Vincent & Karen Taporowski</p>			POLICY NUMBER
STREET ADDRESS (Including Apt., Unit, Suite and/or Bldg. Number) OR P.O. ROUTE AND BOX NUMBER <p>1400 Grinnell Street</p>			COMPANY NAIC NUMBER
OTHER DESCRIPTION (Lot and Block Numbers, etc.) <p>Lots 1 & 2, Square 11, Tract 18, WEBB REALTY COMPANY'S DIAGRAM, PB 1-42</p>			
CITY <p>Key West</p>	STATE <p>Florida</p>	ZIP CODE <p>33040</p>	

SECTION B FLOOD INSURANCE RATE MAP (FIRM) INFORMATION

Provide the following from the proper FIRM (See Instructions):

1. COMMUNITY NUMBER	2. PANEL NUMBER	3. SUFFIX	4. DATE OF FIRM INDEX	5. FIRM ZONE	6. BASE FLOOD ELEVATION (in AO Zones, use depth)
120168	1716	H	3/3/97	AE	6'

7. Indicate the elevation datum system used on the FIRM for Base Flood Elevations (BFE): NGVD '29 Other (describe on back)
8. For Zones A or V, where no BFE is provided on the FIRM, and the community has established a BFE for this building site, indicate the community's BFE: _____ feet NGVD (or other FIRM datum—see Section B, Item 7).

SECTION C BUILDING ELEVATION INFORMATION

1. Using the Elevation Certificate Instructions, indicate the diagram number from the diagrams found on Pages 5 and 6 that best describes the subject building's reference level: 1
- 2(a). FIRM Zones A1-A30, AE, AH, and A (with BFE). The top of the reference level floor from the selected diagram is at an elevation of 9.24 feet NGVD (or other FIRM datum—see Section B, Item 7).
- (b). FIRM Zones V1-V30, VE, and V (with BFE). The bottom of the lowest horizontal structural member of the reference level from the selected diagram, is at an elevation of _____ feet NGVD (or other FIRM datum—see Section B, Item 7).
- (c). FIRM Zone A (without BFE). The floor used as the reference level from the selected diagram is _____ feet above or below (check one) the highest grade adjacent to the building.
- (d). FIRM Zone AO. The floor used as the reference level from the selected diagram is _____ feet above or below (check one) the highest grade adjacent to the building. If no flood depth number is available, is the building's lowest floor (reference level) elevated in accordance with the community's floodplain management ordinance? Yes No Unknown
3. Indicate the elevation datum system used in determining the above reference level elevations: NGVD '29 Other (describe under Comments on Page 2). (NOTE: If the elevation datum used in measuring the elevations is different than that used on the FIRM [see Section B, Item 7], then convert the elevations to the datum system used on the FIRM and show the conversion equation under Comments on Page 2.)
4. Elevation reference mark used appears on FIRM: Yes No (See Instructions on Page 4)
5. The reference level elevation is based on: actual construction construction drawings
(NOTE: Use of construction drawings is only valid if the building does not yet have the reference level floor in place, in which case this certificate will only be valid for the building during the course of construction. A post-construction Elevation Certificate will be required once construction is complete.)
6. The elevation of the lowest grade immediately adjacent to the building is: 6.57 feet NGVD (or other FIRM datum—see Section B, Item 7).

SECTION D COMMUNITY INFORMATION

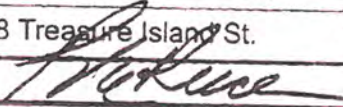

1. If the community official responsible for verifying building elevations specifies that the reference level indicated in Section C, Item 1 is not the "lowest floor" as defined in the community's floodplain management ordinance, the elevation of the building's "lowest floor" as defined by the ordinance is: _____ feet NGVD (or other FIRM datum—see Section B, Item 7).
2. Date of the start of construction or substantial improvement _____

SECTION E CERTIFICATION

This certification is to be signed by a land surveyor, engineer, or architect who is authorized by state or local law to certify elevation information when the elevation information for Zones A1-A30, AE, AH, A (with BFE), V1-V30, VE, and V (with BFE) is required. Community officials who are authorized by local law or ordinance to provide floodplain management information, may also sign the certification. In the case of Zones A0 and A (without a FEMA or community-issued BFE), a building official, a property owner, or an owner's representative may also sign the certification.

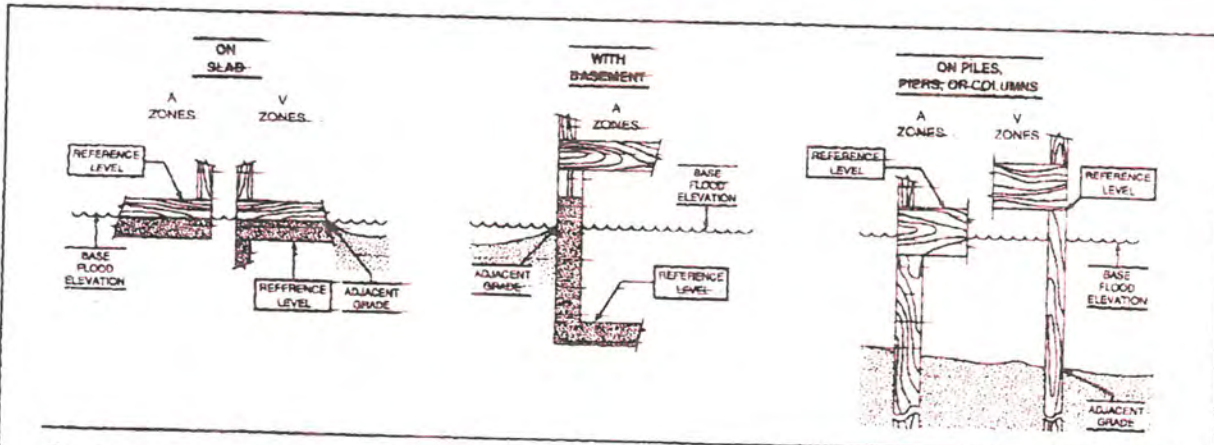

Reference level diagrams 6, 7 and 8 - Distinguishing Features-If the certifier is unable to certify to breakaway/non-breakaway wall, enclosure size, location of servicing equipment, area use, wall openings, or unfinished area Feature(s), then list the Feature(s) not included in the certification under Comments below. The diagram number, Section C, Item 1, must still be entered.

I certify that the information in Sections B and C on this certificate represents my best efforts to interpret the data available. I understand that any false statement may be punishable by fine or imprisonment under 18 U.S. Code, Section 1001.

CERTIFIER'S NAME	Robert Reece	LICENSE NUMBER (or Affix Seal)	#5636
TITLE	Professional Surveyor & Mapper	COMPANY NAME	R. E. Reece, P.A.
ADDRESS	3688 Treasure Island St.	CITY	Big Pine Key
		STATE	Florida
		ZIP	33043
SIGNATURE		DATE	3/22/99
		PHONE	(305) 872-1348

Copies should be made of this Certificate for: 1) community official, 2) insurance agent/company, and 3) building owner.

COMMENTS: _____

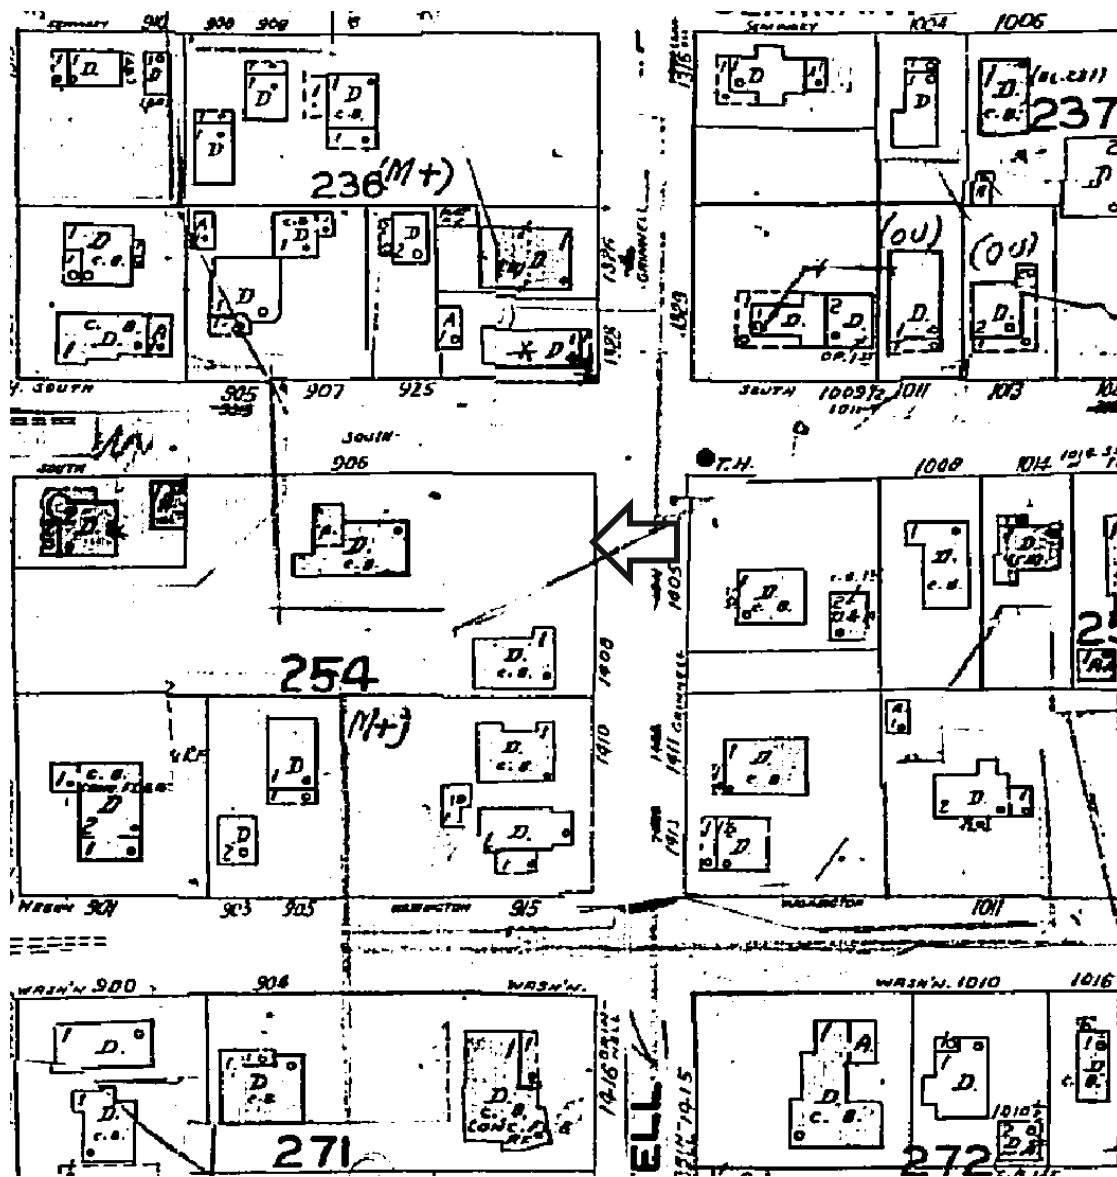

The diagrams above illustrate the points at which the elevations should be measured in A Zones and V Zones. Elevations for all A Zones should be measured at the top of the reference level floor. Elevations for all V Zones should be measured at the bottom of the lowest horizontal structural member.
