Subject: [EXTERNAL] Buying charter boat in bight

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning,

I stopped in the other day and spoke to you regarding purchasing AWS charters from Anthony skinner. His name, boat, and lease for the city dockage.

The purchase will go through 3-5 days after the board meets to determine if they will give me the lease on august 10th. I plan on doing the same business. Flats fishing keeping the same boat signs and phone number.

Let me know if there is anything I need prior to that meeting. After that I will have the completed commercial dockage agreement completed. A copy of my dl and get the proper insurances and licenses needed.

Could you please let me know you received the email and that I will be on the agenda for the biggt board meeting on august 10th.
