Subject: 1218 Duval Street

Hi Susan,

Thank you for copying me on your client's objection to the proposed variance and thanks for speaking with me about his concerns.

As you know, we are seeking approval to add 32 seats to the restaurant (formally the Cork & Stogie). As part of the project we intend to add 24 bike/scooter spaces on site, to accommodate the actual parking demand associated with the property (i.e. principally bike, scooter and pedestrian). We will eliminate the two private driveways, which will allow the creation of 3 new on-street public-access parking spaces.

We understand the concern for potential noise. The owners would like to offer the following day-to-day limitations on the restaurant operation (with the reasonable exceptions of City-sanctioned special events). They propose including these as a condition of approval, which, if not followed would result in the revocation of the approval.

Operating Conditions for the Proposed Additional Seating Area:

Last Outdoor Seating: 10pm, Sunday thru Thursday
11pm, Friday & Saturday

If you willing to discuss the issue, I would appreciate the opportunity.

Thanks a lot.

Owen
