

**Historic Architectural Review Commission
Staff Report for Item 10b**

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Enid Torregrosa, MSHP
Historic Preservation Planner

Meeting Date: December 15, 2015

Applicant: Thomas E. Pope, Architect

Application Number: H15-01-1785

Address: #830-832 Johnson Lane

Description of Work:

Demolition of rear addition.

Site Facts:

The building under review is located at #832 Johnson Lane. The contributing house built circa 1906, is a one-story frame vernacular structure. The house has maintain its historic character and has one sawtooth attached on its back. A small non historic addition with a shed roof is located behind the sawtooth. The front porch was altered as it has a concrete floor porch, which is depicted in the ca. 1965 photograph from the library.

Ordinances Cited in Review:

- Ordinance for demolition of non-historic and non-contributing building or structure, Sections 102-217 (2) and Section 102- 218 (b) 1 through 4.

Staff Analysis

The proposed design includes the demolition of a non-historic and non-contributing rear addition. The structure is not depicted in the 1962 Sanborn maps and does not exhibits historic materials on its fabric. The addition is a frame structure, attached to a sawtooth and it has a shed roof. The plans include a new proposed rear addition.

Consistency with Cited Ordinances

Section 102-218 (b) requires the following criteria when reviewing demolitions:

The historic architectural review commission shall not issue permits that would result in:

- (1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished;

It is staff's opinion that the non-historic shed addition is important or significant to the historic character of the neighborhood.

- (2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space;

The addition is not historic.

- (3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

The addition is not historic and do not define any historic character of the site to which is located.

- (4) Removing buildings or structures that would otherwise qualify as contributing, as set forth in section 102-62(3).

It is staff's opinion that the existing addition cannot qualify to be a contributing building in a near future.

It is staff's opinion that the Commission can consider the proposed demolition since it complies with the cited Land Development Regulations. If the request is approved this review will be the only public hearing required for this action.
