

EXECUTIVE SUMMARY

TO: Jim Scholl, City Manager

FROM: John Wilkins, Parking Director

DATE: April 23, 2015

SUBJECT: Purchase of One (1) 2015 Toyota Prius C Hybrid with additional warning light equipment for \$20,184 from Duncan Auto Sales as replacement vehicle for 2006 Chevy Cobalt

Action statement:

Request the City of Key West City Commission authorize by resolution the purchase of one (1) 2015 Toyota Prius C hybrid vehicle for \$18,992.00 with the following additional warning light equipment (installed):

Whelen Dual Avenger mounted front headliner over passenger position at \$469.00

2 Whelen single avengers with clear lenses mounted rear headliner at \$469.00

3rd Brake light safety pulse at \$299.00

Temp Tag at \$25.00

Total amount for this purchase is \$20,184.00

Background:

The City currently has in operation a 2006 Chevy Cobalt (asset number 060111) as a parking meter technician vehicle. It has reached the end of its useful life. It has had many repairs and is difficult to maintain.

Fleet Maintenance Staff are recommending a Toyota Prius C Hybrid as its replacement.

Financial Impact:

The Fiscal Year 2014-2015 approved Budget included an appropriation for the purchase of this replacement vehicle in account 101-1900-519-6400 for a total cost of \$22,000.00.

Current prices were obtained by a local price match by Duncan Auto Sales from the Florida Sheriff's Association and Florida Association of Counties competitive bid award #14-22-0904. A bid was also obtained from Alan Jay Fleet Sales for comparison.

Recommendation:

Authorize by City of Key West Commission Resolution the purchase of one (1) 2015 Toyota Prius C Hybrid with additional warning light equipment (installed) for \$20,184.00 pursuant to the local match quote of the Florida Sheriff's Association and Florida Association of Counties competitive bid award #14-22-0904 obtained from Duncan Auto Sales.
