

## EXECUTIVE SUMMARY

**To:** James K. Scholl, City Manager

**Through:** Patrick Wright, Interim Planning Director

**From:** Melissa Paul-Leto, Planner Analyst

**Meeting Date:** April 4, 2017

**RE:** **Easement – Easement – 227 Duval Street (RE # 00001320-000000)** – A request for an easement in order to maintain and renovate an existing kiosk and fence that encroaches both Caroline Street and Duval Street right-of-ways 21 square feet more or less located within the Duval Street Gulfside (HRCC-1) Zoning District pursuant to section 2-938(b)(2) of the Land Development Regulations.

### **ACTION STATEMENT:**

**Request:** To grant an easement in order to maintain and renovate and existing kiosk and fence of approximately 21 square feet more or less within Caroline Street and Duval Street right-of-ways.

**Applicant:** Kristen Argalas, Project Coordinator, William P. Horn, P.A.

**Property Owner:** SK Land Company

**Location:** 227 Duval Street (RE # 00001320-000000)

**Zoning:** Duval Street Gulfside (HRCC-1) Zoning District

**BACKGROUND:**

The subject property is located on the Southeast corner of Caroline and Duval Street consisting of the following: A three (3) story building restaurant built in 1908 used as a restaurant, a one-story building built in 1998 used as a restaurant, a one story building built in 1998 used as a restaurant, a framed bar structure and a kiosk with a fence sited on HARC approved plans signed December 1997. The kiosk and fence are noncontributing structures within the Historic District.

This is a request for an easement pursuant to Section 2-938 of the Code of Ordinances of the City of Key West. The easement request is for a total of 21 square feet of encroachment onto Caroline and Duval Street in order to maintain and renovate an existing kiosk and fence

**City Actions:**

Development Review Committee: January 26, 2017  
City Commission: April 4, 2017

**PLANNING STAFF ANALYSIS:**

As described in the Specific Purpose Survey drawn by J. Lynn O’Flynn, PSM of J. Lynn O’Flynn, Inc. dated July 29, 2016, the portion of area to maintain and renovate a kiosk and fence of approximately easement request is for 21 square feet more or less onto Caroline Street and Duval Street right-of-way and 21 square feet more or less. The combined total area of the easement is 21 square feet more or less.

The encroachment does not impede public passage on the City sidewalks. The encroachment allows for access to the elevated commercial building.

If the request for an easement over City-owned land is granted, then the owner would be required to pay an annual fee of \$300.00 to the City for the use of the 21 square feet, more or less, of city property pursuant to Code Section 2-938(b)(2). The annual fee would be prorated based on the effective date of the easement.

**Options / Advantages / Disadvantages**

**Option 1.** Approve the easement with the following conditions:

1. Prior to the easement becoming effective, the Grantee shall obtain Commercial General Liability insurance that extends coverage to the property that is governed by this easement with limits of no less than \$1,000,000. Coverage must be provided by an insurer authorized to conduct business in the State of Florida and with terms and conditions consistent with the latest version of the Insurance Service Office’s (ISO) latest filed Commercial General Liability form. Grantee shall furnish an original Certificate of Insurance indicating, and such policy providing coverage to, City of Key West named as “Additional Insured”.
2. The easement shall terminate upon the replacement of the structure.
3. The City may unilaterally terminate the easement upon a finding of public purpose by vote of the Key West City Commission.
4. The owner shall pay the annual fee of \$300.00 specified in Code Section 2-938(b) (2).

5. The owner shall irrevocably appoint the City Manager as its agent to permit the removal of the encroachment if the annual fee required by the Code of Ordinances is not paid.
6. The existing kiosk and fence shall be the total allowed construction within the easement area.
7. The easement area shall not be used in site size calculations such as lot, yard, and bulk calculations for site development.

**Consistency with the City's Strategic Plan, Vision and Mission:** Granting the requested easement would not be inconsistent with the Strategic Plan.

**Financial Impact:** The City would collect \$300.00 annually as part of the approval of the easement. There would be no cost to the City for granting the easement.

**Option 2.** Deny the easement based on findings that the City's needs outweigh the request.

1. The owner will obtain the appropriate permits for the removal of all items that encroach onto the City right-of-way
2. All encroachments on the City right-of-way will be removed within 90 days.

**Consistency with the City's Strategic Plan, Vision and Mission:** Denial of the requested easement would not be inconsistent with the Strategic Plan.

**Financial Impact:** There would be no cost to the City for denying the easement, however the City would lose the potential to collect the annual revenue of the easement agreement

**RECOMMENDATION: Option 1.**

Based on the existing conditions, the Planning Department recommends to the City Commission **APPROVAL** of the proposed Resolution granting the requested easement with conditions as outlined above.
