WELCOME!

**State Road (SR) 5/Whitehead Street
From Fleming Street to Truman Avenue
Roadway Improvement Project**

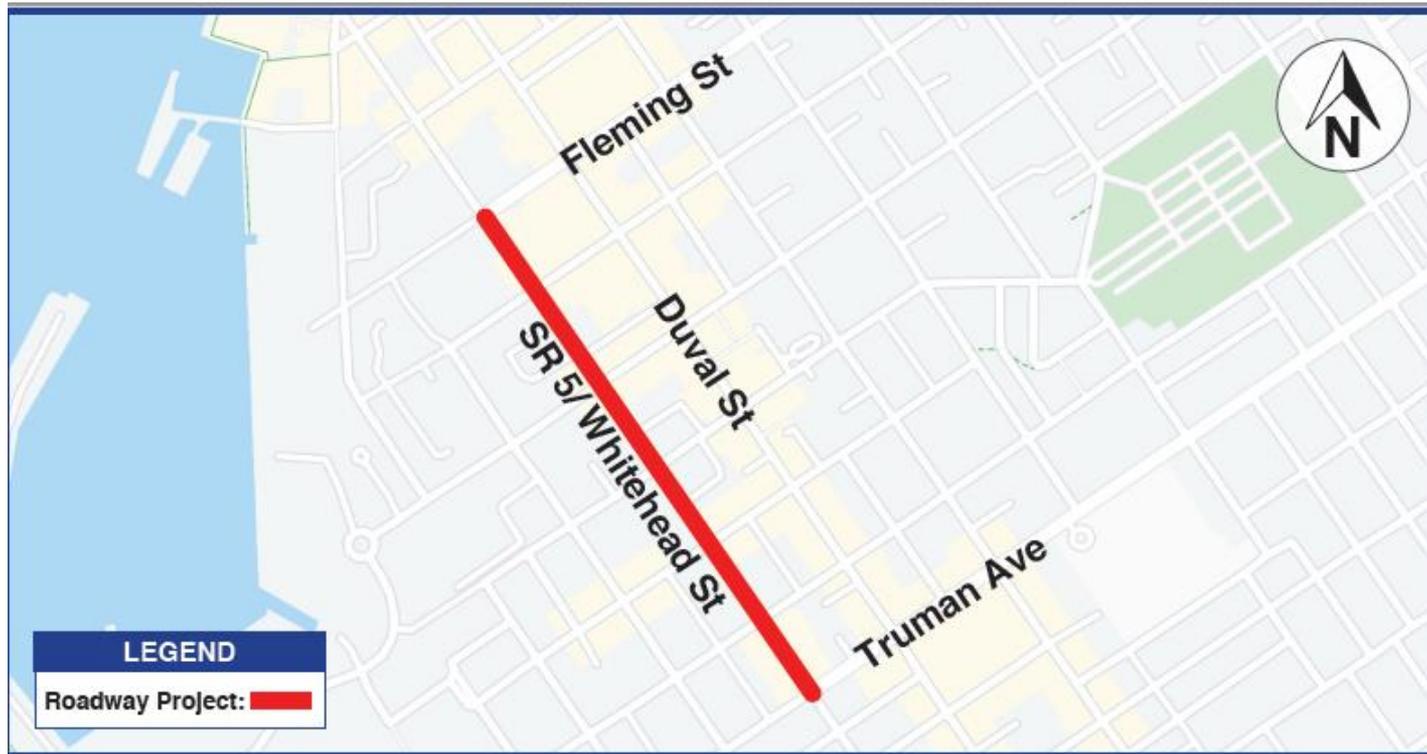

Project Team

- FDOT Project Manager: Bao-Ying Wang, P.E.
- FDOT In-House Consultant Project Manager: Alejandro Jaureguy, P.E.
- Consultant Project Manager: Carlos Verson, P.E.
- Consultant Project Manager: Favio A Laverde, P.E.
- Community Outreach Specialist: Rodolfo Roman

Project Location

The project is located along SR 5/Whitehead Street
from Fleming Street to Truman Avenue

Project Schedule and Cost

Milestone	Date
Production	9/2021
Letting Date	12/2021
Construction Start	3/2022
Construction Duration	Five months
Construction End	TBD
Total Construction Cost	\$1.7 million

The project is currently in 90% Design Phase.

- Work with municipalities to review plans
- Receive feedback from the public
- Transition project to the construction team

Project Scope

- Repaving and restriping the roadway
- Providing new pavement markings
- Improving signage along the corridor
- Upgrading pedestrian signals, detectors, and ramps
- Reconstructing uplifted and broken portions of the sidewalk
- Enhancing handicapped parking and sight visibility at all intersections which has resulted in the removal of 5 parking spaces
- Upgrading existing Lighting to Lighting Emitting Diode (LED)

What to Expect During Construction

Maintenance of Traffic:

- Existing narrow travel lanes may provide limited space for trucks and other oversized vehicles during construction
- Temporary closure of side streets
- Vehicular detours
- Parking will be restricted within the work zones and final paving operation during construction

What to Expect During Construction

Project Phasing and Hours of Operation:

- Closure of Whitehead Street in both directions during the repaving phase
 - Work will be phased to limit the length of the closure to one block at a time
- Lane closures will be limited only between 9 a.m. and 4 p.m. Monday through Friday
- Work to take place from 8 a.m. to 8 p.m. Monday through Friday

What to Expect During Construction

Speed:

- Existing 20 Mile Per Hour (MPH) limit will remain

Pedestrian:

- Sidewalk closures and detours for sidewalk replacement and pedestrian ramp improvements will be clearly marked
- Sidewalk work will only be performed one side of the road at a time

What to Expect During Construction

Dust:

The contractor will be required to water and sweep in order to minimize construction-related dust

Noise:

Some noise should be expected during daytime hours

Access:

Access to area property and businesses will maintain during construction
