Photos and Description of the Key West vacation house rental

Secluded 5BR/5BA Residential Compound with private pool, garden & Koi pond.

Located on a quiet little cul-de-sac not far from the Southernmost Point in the Uptown part of Key West, you will find Koi House, a very private-residential compound with its own meandering pond filled with Koi fish, a huge courtyard and a Japanese garden with gazebos.

The Courtyard...

The first thing you will see when you come through the front gate of this property is a fountain in the middle of a very large courtyard with two gazebos. Then there's the large Koi pond that gives this house its name. A leisurely walk through the Spanish garden is the perfect way to start your day in paradise. There is a sense of tranquility and grace to this home that will make your stay in Key West something you'll remember for a very long time.

The Main House...

The living room has huge sliding glass doors that open to the pool on one side and the courtyard on the other. And when you want fresh air, those doors slide into the walls. You'll enjoy a very dramatic indoor/outdoor effect. The kitchen is completely equipped and will satisfy the needs of the most demanding chef. The dining area is on the porch overlooking the pool. Three of the bedrooms are in the main house, one downstairs and two more upstairs.
