Development Review Committee

November 20, 2025

Utilities Comments

1903-1905 Flagler Avenue

Minor Development Plan

Solid Waste

Please provide a site plan that shows where the solid waste storage area will be located. The city encourages commercial enterprises to set up material recycling account through Waste Management.

Please show the location where fertilizer and pesticide containers will be stored and indicate the method that will be utilized to contain potential spills of fertilizer and pesticide materials.
