**AMENDMENT NO. 1
TO AGREEMENT NO. LP44031
BETWEEN
FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION
AND
CITY OF KEY WEST**

This Amendment to Agreement No. LP44031 (Agreement) is made by and between the Department of Environmental Protection (Department), an agency of the State of Florida, and the City of Key West (Grantee), on the date last signed below.

WHEREAS, the Department entered into the Agreement with the Grantee for City of Key West Stormwater Improvements, effective May 17, 2017; and,

WHEREAS, funding in the amount \$400,000 was provided under House Bill 447 "Florida Keys Stewardship Act" of the 2016-2017 General Appropriations Act; and,

WHEREAS, \$129,000 in additional funding for this Project was provided under Line Item 1593A of the 2017-2018 General Appropriations Act; and,

WHEREAS, \$400,000 in additional funding for this Project was provided under Line Item 1580A of the 2018-2019 General Appropriations Act; and

WHEREAS, the Grantee has requested a revision in the scope of work for the project, and an extension of the Agreement; an extension is needed due to unexpected delays; and,

WHEREAS, the parties wish to amend the Agreement as set forth herein, to change forms and update language; and,

WHEREAS, certain provisions of the Agreement need revision and several provisions need to be added to the Agreement.

NOW THEREFORE, the parties agree as follows:

1. The Agreement is effective until June 30, 2021. The reimbursement period for this Agreement begins on July 1, 2016 and ends at the expiration of the Agreement. The Department and the Grantee shall continue to perform their respective duties during this extension period pursuant to the same terms and conditions provided in the Agreement.
2. Section 3. of the Agreement is hereby deleted in its entirety and replaced with the following:

FUNDING/CONSIDERATION/INVOICING:

- A. As consideration for the satisfactory completion of services rendered by the Grantee under the terms of this Agreement, the Department shall pay the Grantee on a cost reimbursement basis up to a maximum of \$ 929,000 for completion of the work described in **Attachment A-1**. The parties hereto understand and agree that this Agreement does not require a match on the part of the Grantee.
- B. This Agreement may be amended, through a formal amendment or a change order, only by a written agreement between both parties. A formal amendment to this Agreement is required for changes which cause any of the following: (1) an increase or decrease in the Agreement funding amount; (2) a change in Grantee's match requirements; (3) a change in the expiration date of the Agreement; and/or (4) changes to the cumulative amount of funding transfers between approved budget categories, as defined in **Attachment A-1, Revised Grant Work Plan**, that exceeds or is expected to exceed twenty percent (20%) of the total budget as last approved by Department. A change order to this Agreement may be used when: (1) task timelines within the current authorized Agreement

period change; (2) the cumulative transfer of funds between approved budget categories, as defined in **Attachment A-1, Revised Grant Work Plan**, are less than twenty percent (20%) of the total budget as last approved by Department; and/or (3) fund transfers between budget categories for the purposes of meeting match requirements. This Agreement may be amended to provide for additional services if additional funding is made available by the Legislature.

- C. Prior written approval from the Department's Grant Manager shall be required for changes to this Agreement.
- i. A Change Order to this Agreement is required when task timelines within the current authorized Agreement period change, and/or when the cumulative transfer of funds between approved budget categories, as defined in **Attachment A**, are less than twenty percent (20%) of the total budget as last approved by the Department. All Change Orders are subject to the mutual agreement of both parties as evidenced in writing.
 - ii. A formal Amendment to this Agreement is required for changes which cause any of the following: an increase or decrease in the Agreement funding amount, a change in the Grantee's match requirements, a change in the expiration date of the Agreement, and/or changes to the cumulative amount of funding transfers between approved budget categories, as defined in **Attachment A-1**, exceeds or is expected to exceed twenty percent (20%) of the total budget as last approved by the Department. All Amendments are subject to the mutual agreement of both parties as evidenced in writing.
- D. The Grantee shall be reimbursed on a cost reimbursement basis for all eligible project costs upon the completion, submittal and approval of each deliverable identified in **Attachment A-1**, in accordance with the schedule therein. Reimbursement shall be requested utilizing **Attachment B-1, Revised Payment Request Summary Form**. To be eligible for reimbursement, costs must be in compliance with laws, rules and regulations applicable to expenditures of State funds, including, but not limited to, the Reference Guide for State Expenditures, which can be accessed at the following web address: http://www.myfloridacfo.com/aadir/reference_guide/. All invoices for amounts due under this Agreement shall be submitted in detail sufficient for a proper pre-audit and post-audit thereof. A final payment request should be submitted to the Department no later than sixty (60) calendar days following the completion date of the Agreement, to assure the availability of funds for payment. All work performed pursuant to **Attachment A** must be performed on or before the completion date of the Agreement, and the subsequent sixty-day period merely allows the Grantee to finalize invoices and backup documentation to support the final payment request.
- E. The State Chief Financial Officer requires detailed supporting documentation of all costs under a cost reimbursement agreement. The Grantee shall comply with the minimum requirements set forth in **Attachment C, Contract Payment Requirements**. The Payment Request Summary Form shall be accompanied by supporting documentation and other requirements as follows for each deliverable: Reimbursement shall be limited to the following budget categories
- i. Contractual (Subcontractors) – Reimbursement requests for payments to subcontractors must be substantiated by copies of invoices with backup documentation identical to that required from the Grantee. Subcontracts which involve payments for direct salaries shall clearly identify the personnel involved, salary rate per hour, and hours spent on the project. All multipliers used (i.e., fringe benefits, overhead, indirect, and/or general and administrative rates) shall be supported by audit. If the Department determines that multipliers charged by any subcontractor exceeded the rates supported by audit, the Grantee shall be required to reimburse such funds to the Department within thirty (30) calendar days of written notification. Interest on the excessive charges shall be calculated based on the prevailing rate used by the State Board of Administration. Subcontracts, which involve equipment purchases as part of an installation/retrofit or that include infrastructure and/or infrastructure improvements, as defined in Florida Chief Financial Officer (CFO) Memorandum No. 5 (2011-2012), must be capitalized in accordance with

Chapter 69I-72, Florida Administrative Code (F.A.C.). The Grantee shall be responsible for maintaining appropriate property records for any subcontracts that include the purchase of equipment as part of the delivery of services. The Grantee shall comply with this requirement and ensure its subcontracts issued under this Agreement, if any, impose this requirement, in writing, on its subcontractors.

For fixed-price (vendor) subcontracts, the following provisions shall apply:

- a. The Grantee may award, on a competitive basis, fixed-price subcontracts to consultants/contractors in performing the work described in **Attachment A**. Invoices submitted to the Department for fixed-price subcontracted activities shall be supported with a copy of the subcontractor's invoice and a copy of the tabulation form for the competitive procurement process (i.e., Invitation to Bid or Request for Proposals) resulting in the fixed-price subcontract.
 - b. The Grantee may request approval from the Department to award a fixed-price subcontract resulting from procurement methods other than those identified in the paragraph above. In this instance, the Grantee shall request the advance written approval from the Department's Grant Manager of the fixed price negotiated by the Grantee. The letter of request shall be supported by a detailed budget and Scope of Services to be performed by the subcontractor. Upon receipt of the Department Grant Manager's approval of the fixed-price amount, the Grantee may proceed in finalizing the fixed-price subcontract.
 - c. All subcontracts are subject to the provisions of paragraph 12 and any other appropriate provisions of this Agreement which affect subcontracting activities.
- F. In addition to the invoicing requirements contained in paragraphs 3.C. and D. above, the Department will periodically request proof of a transaction (invoice, payroll register, etc.) to evaluate the appropriateness of costs to the Agreement pursuant to State and Federal guidelines (including cost allocation guidelines), as appropriate. This information, when requested, must be provided within thirty (30) calendar days of such request. The Grantee may also be required to submit a cost allocation plan to the Department in support of its multipliers (overhead, indirect, general administrative costs, and fringe benefits). State guidelines for allowable costs can be found in the Department of Financial Services' Reference Guide for State Expenditures at http://www.myfloridacfo.com/aadir/reference_guide/.
- G.
 - i. The accounting systems for all Grantees must ensure that these funds are not commingled with funds from other agencies. Funds from each agency must be accounted for separately. Grantees are prohibited from commingling funds on either a program-by-program or a project-by-project basis. Funds specifically budgeted and/or received for one project may not be used to support another project. Where a Grantee's, or subrecipient's, accounting system cannot comply with this requirement, the Grantee, or subrecipient, shall establish a system to provide adequate fund accountability for each project it has been awarded.
 - ii. If the Department finds that these funds have been commingled, the Department shall have the right to demand a refund, either in whole or in part, of the funds provided to the Grantee under this Agreement for non-compliance with the material terms of this Agreement. The Grantee, upon such written notification from the Department shall refund, and shall forthwith pay to the Department, the amount of money demanded by the Department. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the original payment(s) are received from the Department by the Grantee to the date repayment is made by the Grantee to the Department.

- iii. In the event that the Grantee recovers costs, incurred under this Agreement and reimbursed by the Department, from another source(s), the Grantee shall reimburse the Department for all recovered funds originally provided under this Agreement. Interest on any refund shall be calculated based on the prevailing rate used by the State Board of Administration. Interest shall be calculated from the date(s) the payment(s) are recovered by the Grantee to the date repayment is made to the Department by the Grantee.

REVISED GRANT WORK PLAN**

PROJECT TITLE: City of Key West Stormwater Improvements

PROJECT LOCATION: The Project will be located at the intersection of Dennis and Venetia Street within the City of Key West in Monroe County. Lat/Long (24.5545, -81.7785). See Figure 1 for a site plan.

PROJECT BACKGROUND: The City of Key West (Grantee) will construct a stormwater pump station to alleviate localized flooding in the low-lying neighborhood along Dennis Street, Venetia Street, and Blanch Street. This pump station, currently under design, will receive stormwater runoff from adjacent street drain inlets and will reduce ponding issues in the streets. A vortex separator with a high-flow diversion structure will be installed upstream of the pump station to separate debris from the stormwater runoff prior to entering the pump station wet well. A backup power generator will be provided to maintain pumping capabilities in the event of a power failure.

The proposed discharge location is via outfall to the Salt Ponds, through an outfall structure located on the Key West High School property.

PROJECT DESCRIPTION: The Grantee will construct the stormwater pump station, vortex separator with diversion structure, install a backup power generator, and connect the force main to existing outfall or a new outfall structure.

The Grantee does not anticipate that the funding under this agreement will result in a fully completed project, so this agreement will cover a portion of the work.

TASKS:

Task 1: Construction

Deliverables: The Grantee will construct the stormwater pump station, vortex separator with diversion structure, install a backup power generator, and connect the force main to existing outfall or a new outfall structure in accordance with the construction contract documents.

Documentation: The Grantee will submit a signed acceptance of the completed work to date by the Grantee and the Engineer's Certification of Payment Request.

Performance Standard: The Department's Grant Manager will review the documentation to verify that the deliverables are completed as described above. Upon review and written acceptance by the Department's Grant Manager, the Grantee may proceed with payment request submittal.

Payment Request Schedule: The Grantee may submit a payment request for cost reimbursement no more frequently than monthly.

PROJECT TIMELINE & BUDGET DETAIL: The tasks must be completed by, and all documentation received by, the corresponding task end date.

Task No.	Task Title	Budget Category	Budget Amount	Task Start Date	Task End Date
1	Construction	Contractual Services	\$929,000	07/01/16	12/31/2020
Total:			\$929,000		

Note that, per paragraph 4 of the agreement, authorization for continuation and completion of work and any associated payments may be rescinded, with proper notice, at the discretion of the Department if the Legislature reduces or eliminates appropriations. Extending the contract end date carries the risk that funds for this project may become unavailable in the future. This should be a consideration for the Grantee with this and future requests for extension.
