To the City of Key West;

I'm writing in support of the New Garbage Contract. At approximately \$3000 a month, it is a Bargain. I can throw out as much Garbage, Yard Waste, and Recyclables as I want every week. Try that a few miles North of Key West. You are very limited on the amount you can put out for pick up every week. I am very happy with once a week, unlimited pick up.

It reminds me of the old joke. It goes "My wife cut me back to one time a week. But I'm O.K. I know a few guys she has cut off completely."

Hello? Is this thing on?

Sincerely- John F. Gallagher
