

**Historic Architectural Review Commission
Staff Report for Item 13a**

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Enid Torregrosa, MSHP
Historic Preservation Planner

Meeting Date: September 29, 2015

Applicant: Michael B. Ingram, Architect

Application Number: H15-01-1370

Address: #845 Galveston Lane

Description of Work

Renovations and one story addition to eyebrow house. Site work.

Site Facts

The building in review is an eyebrow house listed as a contributing resource. The house pre-dates 1892 and shows many signs of decay due to many years of neglect. In the 1970's the front porch was altered by the installation of concrete floors and the back portion of the roof was altered to accommodate a full second floor. Also at that time a historic half-width back one- story attached structure was demolished and replaced by a full width addition. The house is in need of restoration and stabilization.

Guidelines Cited on Review

- Windows (pages 29-30), specifically guidelines 3 and 8.
- Shutters (pages 30-31), specifically guidelines 2 and 3.
- Entrances and porches (pages 32-33), specifically guidelines 3 and 7.
- Foundations (page 35), specifically guideline 4.
- Additions, alterations and new construction (pages 36-38a), specifically guidelines 1, and 3 through 8 of page 37. Guidelines for new construction.
- Decks, pools (pages 39-40), specifically guidelines 3 and 4.
- Secretary of the Interior's Standards for Rehabilitation (pages 16-23), specifically Standards 1, 2, 6, 9 and 10.

Staff Analysis

The Certificate of Appropriateness in review is for the stabilization of an existing historic house that will include new foundations. The house sits on the front portion of a deep lot which the design proposes to develop for a one-story rear attached addition. The plan includes the rehabilitation of the main house, including new front wood deck, columns, restoration of the main façade with historic fenestrations, replacement of mixt match siding with wood clap siding, and new true divided 6 over 6 wood windows with laminated clear glass. The design also proposes wood operable shutters, new entry door, and new concrete foundations to match existing in height and design. The design includes a one-story bump-out addition to the historic south side portion of the house as part of a new bathroom. A small deck is proposed on the second floor facing the rear yard.

The design also includes the construction of a one-story addition attached on the rear of the house that will include an entrance on the northwest side. The addition will have a gable roof and will be rectangular in footprint. Towards the south side of the lot, the design calls for a swimming pool with a low-rise wall with water feature. The new addition will have v-crimp as its roofing material, hardi-board siding, hardi board and batten siding on the northwest façade, aluminum impact resistant windows and doors, two skylights on the northwest portion of the roof and a retractable awning on the south façade towards the pool area.

Consistency with Guidelines

The proposed renovations and stabilization of the historic house are consistent with all cited guidelines. The removal of the incompatible concrete front porch and restoration of the main façade will bring back the splendor of the historic eyebrow house. The proposed windows and doors will also comply with specific guidelines for such elements. Staff's concern regarding the proposed design for the main house is the bump out on the south side of the house, which will be over a historic portion of the eyebrow house. This addition will alter the balance of the historic house.

The proposed rear attached addition design is sensitive to both, the historic house and site, as well as to the surrounding urban context. This addition will be attached only to the back of the existing historic house. Although the design of the addition is based on traditional forms and textures found within the historic district, the plan layout and the façade treatments are contemporary in nature. The proposed rear addition does not mimic any specific building nor it outsizes any structure within the surrounding area. In conclusion, the proposed rear addition complies with all cited guidelines and Secretary of the Interior's Standards.

CITY OF KEY WEST
CERTIFICATE OF APPROPRIATENESS
APPENDIX FOR DEMOLITIONS
APPLICATION NUMBER H- _____

This document applies only to those properties located within the City of Key West Historic Zoning Districts, properties outside the historic zoning districts which are listed as contributing in the Historic Architectural Survey and or properties listed in the National Register of Historic Places.

Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitation and the Key West's Historic Architectural Guidelines. Once submitted, the application shall be reviewed by staff for completeness and scheduled for presentation to the Historic Architectural Review Commission for the next available meeting, unless the demolition request is for a *bona fide* Code Compliance case, in which case staff may review and approve the demolition request. **The applicant must be present at this meeting. Any person that makes changes to an approved Certificate of Appropriateness must submit a new application with such modifications.**

The filing of this application does not ensure approval as submitted. Applications that do not possess the required submittals or documentation will be considered incomplete and will not be reviewed for approval.

CRITERIA FOR DEMOLITIONS

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

- (a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

REMOVAL & REPLACEMENT OF FRONT 6'-0" ROOF & COLUMNS
REMOVAL OF "SALT BOX" LEAN TO ALLOWING ADDITION &
REPLACEMENT.

NOTE: ENTIRE STRUCTURE HAS BEEN MODIFIED & COMPROMISED
STRUCTURALLY. REQUIRING FULL REINFORCEMENT AFTER

OR THAT THE BUILDING OR STRUCTURE; "DISCOVERY" PHASES.

- (a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction. N.A.

- (b) Is not specifically associated with events that have made a significant contribution to local, state, or national history. N.A.

- (c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

N.A.

- (d) Is not the site of a historic event with a significant effect upon society.

N.A.

- (e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

N.A.

- (f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

1930 BUILD OF 'BIRBROW' STYLE HOUSE. STYLE IS
UNIQUE TO KEY WEST

- (g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

N.A.

- (h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

HOUSE FACES 'GALVESTON LANE' WHICH IS BUT 12'
WIDE. IT IS A SIGNIFICANT FEATURE AS OTHER
STRUCTURES ARE SMALLER OR FACE AWAY FROM LANE.

- (i) Has not yielded, and is not likely to yield, information important in history.

N.A.

CITY OF KEY WEST
CERTIFICATE OF APPROPRIATENESS
APPENDIX FOR DEMOLITIONS
APPLICATION NUMBER H- _____

(2) For a contributing historic or noncontributing building or structure, a complete construction plan for the site is approved by the Historic Architectural Review Commission.

(a) A complete construction plan for the site is included in this application ; CONCEPT FOR APPROVAL .

Yes Number of pages and date on plans 9/15

No Reason CONSTRUCTION DOCUMENTS TO BE DEVELOPED

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

N.A.

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space; and

N.A.

AND

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

N.A.

(4) Removing buildings or structures that would otherwise qualify as contributing.

N.A.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

*I hereby certify I am the owner of record and that the work shall conform to all applicable laws of this jurisdiction. By receiving a Certificate of Appropriateness, I realize that this project will require a Building Permit, approval **PRIOR** to proceeding with the work outlined above and that there will be a final inspection required under this application. I also understand that any changes to an approved Certificate of Appropriateness must be submitted for review.*

Quitclaim Deed

This Quitclaim Deed, Made this 20th day of November, 2002 A.D. Between Sylvester Murphy, Sr., a single man, of the County of Monroe, State of Florida, grantor, and Sylvester Murphy, Sr., a single man, and Evelyn Diane Murphy, a single woman, as joint tenants with full rights of survivorship, whose address is: 845 Galveston Lane, Key West Florida 33040, the County of Monroe, State of Florida, grantees.

Witnesseth that the GRANTOR, for and in consideration of the sum of Ten Dollars (\$10.00) DOLLARS and other good and valuable consideration to GRANTOR in hand paid by Grantee, the receipt whereof is hereby acknowledged, has granted, bargained and quitclaimed to the said GRANTEE and GRANTEE'S heirs, successors and assigns forever, the following described land, situate, lying and being in the County of Monroe State of Florida to wit:

On the Island of Key West, known and described as part of Tract Five (5) according to William A. Whitehead's plan of said Island, but better known and described by reference to diagram of said tract of land laid over into lot by B Windsoe Smith, and recorded in Book "E" Page 733, of Monroe County, Florida Records, as Lot No 36; said Lot commencing at a point Fifty (50) feet from Olivia Street on a alleyway parallel with Elizabeth Street and running thence along said alleyway Fifty (50) feet in a Northwesterly direction and extending back at right angles therewith a Northwesterly direction one hundred (100) feet.

THIS DOCUMENT WAS PREPARED WITHOUT BENEFIT OF TITL SEARCH OR ABSTRACT OF TITLE EXAMINATION AND ID BASED ON FACTS PROVIDED BY EITHER OF THE PARTIES.

***This deed is being re-executed and re-recorded in order to correct that prior deed between the parties filed in Official Records Book 1718, Page 311, wherein said deed transferred all of Sylvester Murphy Sr.'s interest to Evelyn Diane Murphy in lieu of transferring interest to both Sylvester and Evelyn as joint tenants with full rights of survivorship.

To Have and to Hold the same together with all and singular the appurtenances therunto belonging or in anywise appertaining, and all the estate, right, title, interest, lien, equity and claim whatsoever of grantor, either in law or equity, for the use, benefit and profit of the said grantee forever.

In Witness whereof, the grantor has hereunto set hand and seal the day and year first above written.

Signed, sealed and delivered in our presence:

SECTION D – SURVEYOR, ENGINEER, OR ARCHITECT CERTIFICATION (CONTINUED)

Copy both sides of this Elevation Certificate for (1) community official, (2) insurance agent/company, and (3) building owner.

Comments A5. Hand Held Device; C2. e) Bottom of water heater located at the rear of the home. A/C are window units.

Signature 

Date 08/10/2015

SECTION E – BUILDING ELEVATION INFORMATION (SURVEY NOT REQUIRED) FOR ZONE AO AND ZONE A (WITHOUT BFE)

For Zones AO and A (without BFE), complete Items E1–E5. If the Certificate is intended to support a LOMA or LOMR-F request, complete Sections A, B, and C. For Items E1–E4, use natural grade, if available. Check the measurement used. In Puerto Rico only, enter meters.

- E1. Provide elevation information for the following and check the appropriate boxes to show whether the elevation is above or below the highest adjacent grade (HAG) and the lowest adjacent grade (LAG).
 - a) Top of bottom floor (including basement, crawlspace, or enclosure) is _____ feet meters above or below the HAG.
 - b) Top of bottom floor (including basement, crawlspace, or enclosure) is _____ feet meters above or below the HAG.
- E2. For Building Diagrams 6–9 with permanent flood openings provided in Section A Items 8 and/or 9 (see pages 8–9 of Instructions), the next higher floor (elevation C2.b in the diagrams) of the building is _____ feet meters above or below the HAG.
- E3. Attached garage (top of slab) is _____ feet meters above or below the HAG.
- E4. Top of platform of machinery and/or equipment servicing the building is _____ feet meters above or below the HAG.
- E5. Zone AO only: If no flood depth number is available, is the top of the bottom floor elevated in accordance with the community's floodplain management ordinance? Yes No Unknown. The local official must certify this information in Section G.

SECTION F – PROPERTY OWNER (OR OWNER'S REPRESENTATIVE) CERTIFICATION

The property owner or owner's authorized representative who completes Sections A, B, and E for Zone A (without a FEMA-issued or community-issued BFE) or Zone AO must sign here. The statements in Sections A, B, and E are correct to the best of my knowledge.

Property Owner's or Owner's Authorized Representative's Name _____

Address _____ City _____ State _____ ZIP Code _____

Signature _____ Date _____ Telephone _____

SECTION G – COMMUNITY INFORMATION (OPTIONAL)

The local official who is authorized by law or ordinance to administer the community's floodplain management ordinance can complete Sections A, B, C (or E), and G of this Elevation Certificate. Complete the applicable item(s) and sign below. Check the measurement used in Items G8–G10. In Puerto Rico only, enter meters.

- G1. The information in Section C was taken from other documentation that has been signed and sealed by a licensed surveyor, engineer, or architect who is authorized by law to certify elevation information. (Indicate the source and date of the elevation data in the Comments area below.)
- G2. A community official completed Section E for a building located in Zone A (without a FEMA-issued or community-issued BFE) or Zone AO.
- G3. The following information (Items G4–G10) is provided for community floodplain management purposes.

G4. Permit Number	G5. Date Permit Issued	G6. Date Certificate Of Compliance/Occupancy Issued
-------------------	------------------------	---

G7. This permit has been issued for: New Construction Substantial Improvement

G8. Elevation of as-built lowest floor (including basement) of the building: feet meters Datum _____

G9. BFE or (in Zone AO) depth of flooding at the building site: feet meters Datum _____

G10. Community's design flood elevation: feet meters Datum _____

Local Official's Name _____ Title _____

Community Name _____ Telephone _____

Signature _____ Date _____

Divided Lites

Divide the light that enters through your windows and doors by creating unique configurations with various widths, colors and profiles of divided lite bars. Some divided lites can replicate historically-accurate designs. Others are beautiful while remaining unobtrusive, for windows that are easy to clean.

Performance Divided Lites

Kolbe's performance divided lite (PDL) glazing system gives the appearance of true divided lites without sacrificing energy efficiency. Divided lite bars are adhered to the exterior and interior of the glass, with aesthetically pleasing spacer bars installed between the glass panes, to create the illusion of true divided lites.

True Divided Lites

GALVESTON - RESTORATION SECTION

Kolbe's true divided lites (TDL) are constructed by placing wood muntin bars in between individual panes of insulating glass to create separate panes of glass. This traditional style is often used in historical restorations or historically accurate recreations.

True divided lites are only available for Heritage Series wood windows.

Grilles-In-the-Airspace

Grilles-In-the-Airspace (GIA) are constructed by sealing aluminum bars between two panes of insulating glass, which creates the look of divided panes while leaving the glass easy to clean.

Removable Grilles

Removable grilles are built with a fully surrounded frame and bars that interlock at the joints for stability. By applying grilles to the window's interior using an exclusive hidden clip system on most
