Dear Barbara,

Transient residential uses, regardless of being accessory to fraternal organizations, are not allowed in the PS or CM zoning districts. The subject site is not an appropriate location for the recreational vehicles to be located. I read the information you provided below, and understand that a different interpretation was previously been made by the Planning Department; however, that information was provided in error. Please do not hesitate to contact me with any questions you may have.

*I draw your attention to paragraph 3 of the attachment of the American Legion "record for the files" Info Letter to the Exec Bd dtd 20090217. I am requesting a formal determination letter from Planning re the American Legion Post as a fraternal organization allowing members with Recreational Vehicles to park there temporarily and accept donations for the parking. As you can see by the attachment there may have been some kind of verbal determination. thank you Barbara*
