CITY OF KEY WEST
KEY WEST, FLORIDA

To whom it may concern;

We are writing to appeal the decision that was made by the Planning Board on Tuesday, April 28th, 2020. They denied our application for our Outdoor Merchandise Display at 501C Greene Street.

It recently came to our attention that our license had expired. We were unaware of the expiration date so we were unable to renew in time.

We have many businesses in Key West and pride ourselves on always

renewing licenses in time and staying in compliance with local codes.

Our outdoor display has been up for a decade. And prior to our business, there has always been an outdoor display at 501C Greene Street.

We have a great relationship with our landlord and our neighbors and feel that our outdoor display only contributes positively to all the businesses on Greene St
