

Historic Architectural Review Commission Staff Report for Item 15

To: Chairman Haven Burkee and Historic Architectural Review
Commission Members

From: Matthew Crawford
Historic Preservation Manager

Meeting Date: July 22, 2025

Applicant: A2O Architecture

Application Number: C2025-0064

Address: 629 Dey Street

Description of Work:

New open gazebo structure at rear of property.

Site Facts:

The building under review is a non-historic and non-contributing structure within the historic district. Construction started in 2023, and the structure is still under construction.

This one-story historic, non-contributing property is located along Dey Street. The site includes the primary wood-frame structure along with a non-historic rear cottage with a 5 v-crimp metal roof.

Currently the house is located within an AE-6 flood zone.

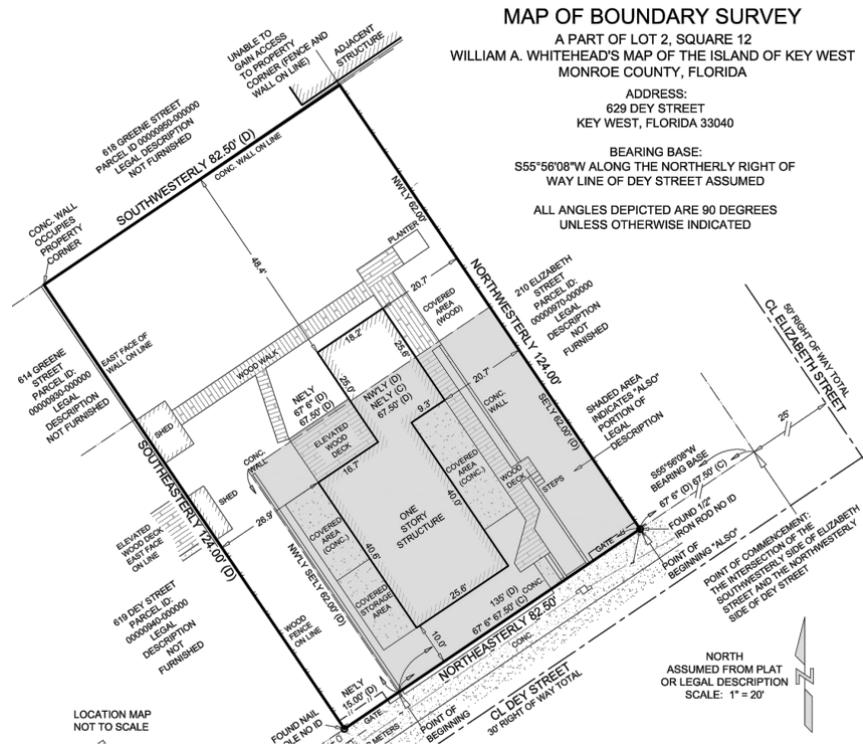

Photo of property under review Front (South) Elevation.

Photo of property under review Front and Right side (South and East) Elevations.

Photo of Property Under Review Rear (North) Elevation.

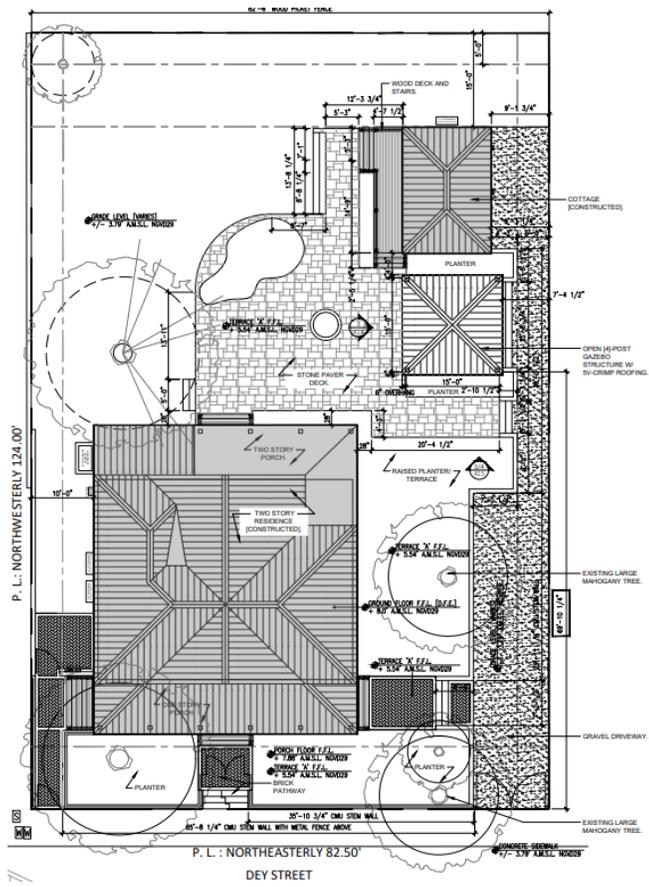

2022 Survey of Property Under Review

Guidelines Cited on Review:

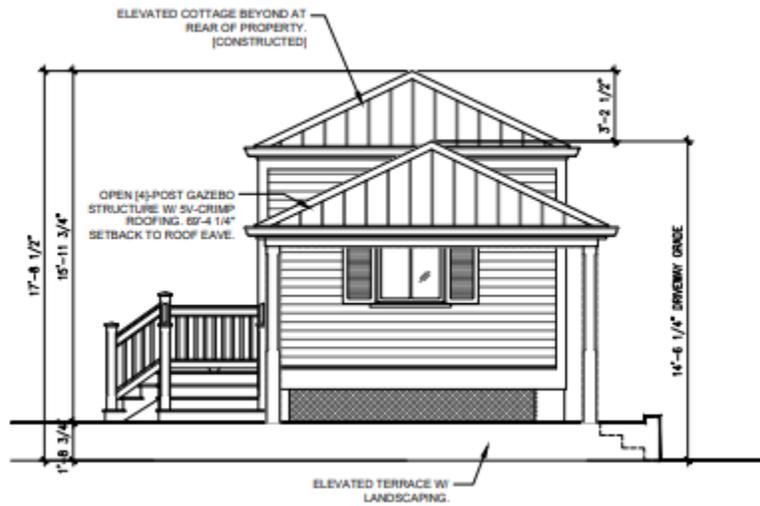

- Guidelines for Roofing (page 26), specifically guidelines 2 and 3.
- Guidelines for Additions (pages 37a-37k), specifically guidelines 1, 6, 11, 13, 14, 19, 25 (first sentence), and 26.
- Guidelines for New Construction (pages 38a-38q), specifically guidelines 1, 2, 5, 6 (first two sentences), 8, 11, 12, 13 (first sentence), 14, 18, 22, and 23.
- Guidelines for Outbuildings (pages 40-41), specifically guidelines 1, 3, 4, 9, 10, and 11.

Staff Analysis:

A Certificate of Appropriateness is currently under review for the construction of a new gazebo structure at the rear of the property. The gazebo will be in front of the rear cottage and over stone deck pavers. It will be located on the previously approved raised terrace, 21” above grade. The structure will be open with four square wood posts to be painted white.

Proposed Site Plan.

Proposed South (Front) Elevation.

Consistency with Cited Guidelines:

Staff finds the design to be generally compatible with structure under construction and surrounding context. The proposed structure follows the Guidelines for Roofing including Guideline 3 which states “roofing materials and forms used in new construction must be visually compatible with the existing historical and architectural context of the streetscape and neighborhood.” The proposed structure will have a 5 v-crimp metal hipped roof. This matches the cottage in the rear of the property. The structure also follows the Guidelines for additions. Guideline 1 states that “additions shall require no or minimal changes to the character defining features of a building and its site.” The current property only consists of non-historic construction, thus there are no character defining features.

The structure follows Guideline 13 of New Additions which states “New additions must have a similar building form found in the existing structure. New addition massing shall be similar or smaller than the massing found in the existing building and adjacent structures.” The proposed structure will be shorter than the main house and the rear cottage. The structure also follows Guideline 18 of New Construction which states structures should have “roof forms that appear similar to the established range of roof shapes of same typology in the immediate surrounding area and are compatible with the architectural style of a new building.” The roof of the proposed structure is a simple hipped roof that is compatible with the surrounding area. Guideline 22 states that “materials used for roofs, walling and windows etc. shall echo those used on the predominant or adjacent historic structures of same typology.” The proposed structure will have a 5 v-crimp metal roof, which is compatible with the surrounding area.

The proposed structure follows Guideline 4 of Outbuildings which states “the design of new outbuildings must be complementary to the existing streetscape if they are visible from the public right-of-way.” The proposed design of the gazebo is minimal and includes a 5 v-crimp metal hipped roof that fits the surrounding streetscape.

HARC POSTING AFFIDAVIT

STATE OF FLORIDA:
COUNTY OF MONROE:

BEFORE ME, the undersigned authority, personally appeared ANTONIO A. OSBORN, JR., who, first being duly sworn, on oath, depose and says that the following statements are true and correct to the best of his/her knowledge and belief:

1. That a legal notice for Public Notice of Hearing of the Historic Architectural Review Commission (HARC) was placed on the following address:

629 Dey Street on the _____ day of July, 2025.

This legal notice(s) contained an area of at least 8.5"x11".

The property was posted to notice a public hearing before the Key West Historic Architectural Review Commission to be held on July 22, 2025.

The legal notice(s) is/are clearly visible from the public street adjacent to the property.

The Certificate of Appropriateness number for this legal notice is C2025-0064

2. A photograph of that legal notice posted in the property is attached hereto.

Signed Name of Affiant:

Date: 07.14.2025 Ant.

Address: 629 DEY ST.

City: KEY WEST

State, Zip: FLORIDA, 33040

The forgoing instrument was acknowledged before me on this 14 day of July, 2025.

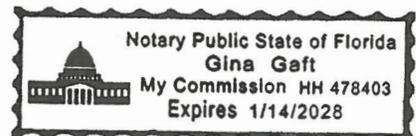

By (Print name of Affiant) Antonio A. Osborn Jr who is personally known to me or has produced _____ as identification and who did take an oath.
