

# DESIGN SERVICES PROPOSAL

**Date:** June 13, 2019

**Client:** **City of Key West**  
 Engineering Services  
 1300 White Street  
 Key West, FL 33040  
 Attn.: Mr. Steven McAlearney, Director of Engineering

**Design Professional:** K2M Design®, Inc.  
 1150 Virginia Street  
 Key West, FL 33040

**PW:** **Erica Poole**

**Project:** **Frederick Douglass Gym Extension**

## I. Scope of Services

- A. Design Professional shall provide project management, architectural, interior design, civil, landscaping, irrigation, geotechnical, structural, life safety, and MEP engineering services as required to develop the site and building as provided in the City of Key West RFQ #19-001 issued January 28, 2019. Design phases include schematic design, design development, construction documents, and preliminary permitting. Refer to APPENDIX A for an expanded scope of work.

## II. Conditions

- A. Refer to the Agreement between City of Key West and K2M Design, Inc. entitled "Architectural Services" for all governing terms and conditions for the project.
- B. Refer to APPENDIX B for Drawing List.
- C. Refer to APPENDIX C for Stipulations, Exclusions, & Additional Services

## III. Compensation

- A. For services described in Section IA, Client agrees to pay a fixed fee of as noted in the fee schedule below as required to complete the services, unless otherwise agreed to in writing by Client.

FEE SCHEDULE	TOTAL
PreDesign Services	\$ 6,270.00
Schematic Design	\$ 30,093.50
Design Development	\$ 55,726.50
Construction Documents	\$ 77,153.00
Preliminary Permitting	\$ 7,250.00
Project Management	\$ 24,400.00
Consultant - Civil Engineering	\$ 27,500.00
Consultant - Irrigation	\$ 2,750.00
Consultant - Geotechnical	\$ 4,950.00
<b>Total</b>	<b>\$236,093.00</b>

BUILDING RELATIONSHIPS BASED ON TRUST AND RESULTS.

- B. Any items beyond those specifically outlined and described herein are considered to be Additional Services. Additional Services will be provided only after written amendment to this Agreement is received by Design Professional.
- C. In addition to compensation noted above, Client shall pay Design Professional for any and all reimbursable expenses.

	Schematic Design	Design Develop	Construction Document	Subtotal
<b>K2M Design</b>				
Printing	\$ 300.00	\$ 1,400.00	\$ 1,600.00	\$ 3,300.00
FedEx	\$ 100.00	\$ 100.00	\$ 100.00	\$ 300.00
Specs			\$ 800.00	\$ 800.00
<b>Totals</b>	<b>\$ 400.00</b>	<b>\$ 1,500.00</b>	<b>\$ 2,500.00</b>	<b>\$ 4,400.00</b>

**SCHEDULE**

Design Professional shall perform its services as expeditiously as is consistent with professional skill and care and the orderly progress of the Work. Client acknowledges that the completion of Design Professional’s services is dependent upon third-parties not under the control of Design Professional as well as the cooperation of Client. Design Professional will make reasonable efforts to complete its work within Client’s time constraints. However, Design Professional’s inability to satisfy Client’s time constraints for reasons beyond the control of Design Professional will not be deemed a breach of this Agreement.

The following schedule is considered:

- Notice to Proceed June 10
- Pre-Design Services 1 week
- Schematic Design / HARC 12 weeks
  - Owner Review 1 week
- Design Development / DRC 12 weeks
  - Owner Review 2 weeks
- Construction Documents 8 weeks
  - Owner Review 2 weeks
- Preliminary Permitting TBD\*

\*Design Professional cannot guarantee permit issuance within a given time frame.

This Agreement represents the entire integrated Agreement between Client and Design Professional and supersedes all prior negotiations, representations or agreements, whether written or oral. This Agreement may be amended only in writing and signed by both Client and Design Professional. This Agreement remains valid for thirty days after which time Design Professional reserves the right to modify or amend the Agreement.

Please sign and return this Agreement for our records. Authorization by Client to proceed, whether oral or written, constitutes acceptance of the terms and conditions of this Agreement, without modification,

addition or deletion. No waiver or modification of the terms and conditions set forth herein shall be binding upon Design Professional unless made in writing and signed by both Design Professional and Client.

Additionally, David Douglas Associates, Inc., will provide the following services:

- A. Civil Site Plan
- B. Paving/Grading/Drainage Plan
- C. Associated Details
- D. Modification to the Frederick Douglass Gym South Florida Water Management Permit

Additionally, Blue Island Lighting & Irrigation, will provide the following services:

- A. Water Supply
- B. System Design
- C. Material Breakdown & Quantities
- D. Water Use Calculations
- E. Bidding Specifications

BUILDING RELATIONSHIPS BASED ON TRUST AND RESULTS.

**APPENDIX B: DRAWING LIST**

The following drawings are anticipated as part of the overall project effort:

**APPENDIX C: STIPULATIONS, EXCLUSIONS, AND ADDITIONAL SERVICES****Stipulations**

Upon signing of this Design Services Agreement, it may be necessary and useful for the following documents to be completed depending upon applications required by local jurisdictions:

- Signed and notarized Authorization Form
- Warranty Deed showing current owner's name
- Survey completed and certified within 12 months
- Previous architectural drawings for existing building
- Elevation certificate showing flood designation from FEMA maps
- Appraisal showing land value and structure value completed within 12 months

The Schematic Design Documents shall consist of drawings and other documents including a site plan, preliminary building plans, elevations, and sections. Preliminary selections of major building systems and construction materials shall be noted on the drawings or described in writing. The Design Professional shall also provide a preliminary cost estimate.

The Design Development Documents shall illustrate and describe the development of the approved Schematic Design Documents and shall consist of drawings and other documents including plans, sections, elevations (including interior elevations), typical construction details, and diagrammatic layouts of building systems to fix and describe the scope, relationships, form, size, appearance and character of the Project as to civil, architectural, interior design, structural, mechanical and electrical systems, and such other elements as may be appropriate. The Design Development Documents shall also include specification pull to identify major materials and systems and establish in general their quality levels. During this phase a building and local code analysis, itemizing any potential implications on the Project will be defined along with a utility analysis for new construction projects. An updated cost estimate will be provided.

The Construction Documents shall illustrate and describe the further development of the approved Design Development Documents and shall consist of Drawings and Specifications setting forth in detail the quality levels of materials and systems and other requirements for the construction of the Work. The Client and Design Professional acknowledge that in order to construct the Work the Contractor will provide additional information, including Shop Drawings, Product Data, Samples and other similar submittals, which the Design Professional shall review if engaged to do so. An updated cost estimate will be provided. Revisions and modifications to Construction Documents after the Design Professional has submitted to Client which are at the request of the Client or the Authority Having Jurisdiction will be completed for an additional fee.

Irrigation system will be designed utilizing the existing system on site.

Civil engineering will incorporate the perimeter around the building, and sidewalk design adjacent to the building.

Any revisions to scope of services, design criteria or changes requested which result in any redesign after 50% complete will be considered additional services. Written authorization will be required from the Client prior to proceeding with additional services.

BUILDING RELATIONSHIPS BASED ON TRUST AND RESULTS.

Detailed and / or defined Fire Alarm and Fire Suppression deferred submission documents are to be provided by the Client's contractor based on Design Professional's general design criteria, code, and other requirements from the AHJ. A registered design professional hired by the Client's contractor shall design, sign, and seal the documents for permitting and AHJ approval. Design Professional will not sign, seal, stamp, certify, or otherwise approve these drawings, but Design Professional may review for general compliance with the contract documents' intent.

The adjacent electric utility serving the property is understood to be adequate for this project. Redesign of electrical service will be at an additional fee.

The plumbing system design includes an upgrade to the water and sanitary lines serving the building.

Design document submissions will be provided to the Client in electronic PDF format.

Client shall provide written approval of the Design Professional's Schematic Design, Design Development, and Construction Document submissions to the Design Professional within a reasonable time from receipt of each submission. Client shall inform the Design Professional of sequence and timing of the solicitation of construction bids for the Project.

In providing opinions of probable construction cost, the Client understands that the Design Professional has no control over the cost or availability of labor, equipment or materials, or over market conditions or the Contractor's method of pricing, and that the Design Professional's opinion of probable construction costs are made on the basis of the Consultant's professional judgment and experience. The Design Professional makes no warranty, express or implied, that the bids or the negotiated cost of the Work will not vary from the Design Professional's opinion of probable construction cost.

**Exclusions**

- Bidding phase services.
- Permitting beyond the initial approvals by the departments/boards mentioned in this proposal.
- Construction administration services.

**Additional Services**

Additional services are those which arise as a result of unforeseen circumstances during the design of a project and which, therefore, cannot be included in the basic services agreement. Such additional services, when requested in writing by Client, shall be performed at an hourly rate per the Design Professional rates or negotiated fixed fee.

Design of security, energy management and point of sale systems.

Providing services in connection with evaluating substitutions proposed by the contractor, and making subsequent revisions resulting therefrom, and deciding disputes between Owner and Contractor(s) are an additional price.

Providing consulting concerning replacement of work damaged by fire or other cause during construction, and furnishing services required in connection with the replacement of such Work are an additional service.

Preparing documents for alternate, separate, phased or sequential bids or providing service in connection with bidding, negotiation or construction.

If renderings are required, they shall be billed at the Design Professional's standard rate for renderings: \$3400 for 3D rendering and \$2400 for 2D rendering.

Record Drawings – Record drawings will be prepared utilizing Contractor "as-builts" on an hourly rate basis only. The drawings will be prepared by Design Professional's drafting staff only. Design Professional will maintain electronic files for this project and provide one digital set to Client.

LEED Services not included but available as an additional service if a LEED level is defined by Client. Design will meet standing of the Florida Green Building Coalition where practical.
