

**TREE COMMISSION TREE REMOVAL REPORT
CITY of KEY WEST**

PROPERTY: 1513 5th St.

APPLICATION NUMBER: T2026-0044

REQUEST: The applicant is requesting removal of the Strangler Fig tree.

TREE ASSESSMENT and PHOTOS

Larger healthier specimen in the front yard of the applicants home.

Diameter: 25"

Location: 70%

Species: 100%

Condition: 50%

Value: 73.3%

Recommended Mitigation: 18.3 Caliper Inches

NOTES: Another Strangler Fig that has suffered numerous torn branches likely from a storm. Again, these decayed limbs are exposed to infestation. The excessive dieback has led to a canopy that is unbalanced and has little foliage to speak of for a tree of this caliper. Mitigation could offer quality canopy replacement. A larger and much healthier specimen exists in the front yard for the neighbors to enjoy.
