Statement of the Problem:

According to the 2008-2012 Highway Safety Matrix - Ranking of Florida Cities (Group 2), the City of Key West is ranked #1 for alcohol related fatal and injury crashes, #1 for Bicycle fatal and injury crashes, #1 for Pedestrian fatal and injury crashes, #4 for total fatal and injury crashes among small cities within the State of Florida (Group 2). The ranking demonstrates the need and substantiates the City's application for the 2014 FDOT State Safety Office, Highway Safety Grant Program, which will support our efforts to mitigate the number of fatal and injury crashes in these categories under the Police Traffic Service Program.

The City of Key West lies near the end of the chain of Islands known as the Florida Keys, and is the southern-most city in the United States. Key West is home to 24,649 full time residents and receives over two and a half million visitors annually. The City of Key West is an international destination which promotes and is known for a fun, relaxed, and easy going atmosphere. The center of Key West's legendary night life and other tourist attractions is on Duval Street, home of the world famous Sloppy Joe's bar and dozens of other bars, nightclubs, and other entertainment venues. Due to the large number of bars citywide the potential for impaired drivers on our streets at all hours of the day is extremely high. In addition, the large numbers of bicyclists and pedestrians on all our streets citywide contribute to our current traffic safety problem. While this problem was addressed in a previous grant, the problem continues to exist and has been further exacerbated by a large scale FDOT road improvement project to the main traffic artery in Key West expected to last through September of 2014. The disruption of the normal traffic patterns increases normal travel times, results in increased impatience by drivers, and has led to an increase in traffic crashes on our secondary roadways.

The geography and climate of Key West make our small island city a premier driving destination for vacationers. The City is host to dozens of special events throughout the year that contribute to the festive reputation of our island. Popular events such as Hemingway Days, Mel Fisher Days, Old Island Days, Conch Republic Independence Celebration, New Years Eve, Spring Break, and Fantasy Fest, to name a few, attract over two million revelers to our island each year.

The large numbers of visitors who drive, walk, and ride bicycles on unfamiliar roadways, mixed with the large number of establishments that serve alcoholic beverages and the major FDOT roadway improvement project serves to create a combination of traffic safety problems that require additional resources, both human and financial. The Police Department works tirelessly to reduce the number of driver and pedestrian fatalities and injury crashes each year and the additional funding provided by this grant will assist us in meeting our goals.

The City of Key West DUI crashes and arrests statistics for the last four years is listed below:

	2010	2011	2012	2013
DUI Crashes	46	49	46	50
DUI Crashes w injuries	7(1 fatal)	11(1 fatal)	6(1 fatal)	3(1 fatal)

Proposed Solution:

In an effort to reduce the high number of impaired driver, bicyclist, pedestrian, and all vehicular crashes, injuries, and fatalities, the City of Key West Police Department will enact NOT ONE MORE: Police Traffic Services Campaign. The campaign will include education and enforcement activities aimed at deterring and reducing crashes, injuries, and fatalities in the above mentioned categories by implementing enforcement and education campaigns targeting these area. The department will also conduct at least one DUI checkpoint during the grant period.

Project Objectives:

To reduce the number of persons killed or injured in alcohol involved crashes by 3% by September 30th, 2014

To reduce the number of pedestrians and bicycle riders killed or injured by crashes by 3% by September 30th, 2014.

To reduce the number of traffic crashes by 3% from the 2013 fiscal year total.

To conduct at least one DUI checkpoint during the grant period.

To conduct at least 2 traffic safety educational presentations impacting one middle and one high school by September 30th, 2014.

To conduct 12 roll call training presentations regarding DUI and bicycle/Pedestrian safety impacting 48 officers by September 30th, 2014.

Develop and distribute news stories via electronic media to newspapers, radio, and social media outlets to target all motorists in an effort to bring DUI prevention, bicycle/pedestrian safety, and all crashes to the forefront of resident and visitors attention.

Evaluation:

Quarterly review of: Number of DUI crashes with injuries or fatalities,

Number of Bicycle/Pedestrian crashes with injuries or fatalities

Number of Traffic Crashes with injuries or fatalities

These numbers will be reviewed to determine the success of this program.

Only project costs incurred on or after the effective date and on or prior to the termination date of the subgrant application are eligible for reimbursement. A cost is incurred when the subgrantee's employee, its implementing agency, or approved contractor or consultant performs the service required or when goods are received by the subgrantee or its implementing agency, notwithstanding the date of order.

12. Performance. In the event of default, noncompliance, or violation of any provision of this agreement by the subgrantee, the implementing agency, the subgrantee's consultant(s) or contractor(s) and supplier(s), the subgrantee agrees that the Department will impose sanctions. Such sanctions include withholding of payments, cancellation, termination, or suspension of the agreement in whole or in part. In such an event, the Department shall notify the subgrantee and its implementing agency of such decision 30 days in advance of the effective date of such sanction. The sanctions imposed by the Department will be based upon the severity of the violation, the ability to remedy, and the effect on the project. The subgrantee shall be paid only for those services satisfactorily performed prior to the effective date of such sanction.

13. Access to Records and Monitoring. The Department, National Highway Traffic Safety Administration (NHTSA), Federal Highway Administration (FHWA), and the Chief Financial Officer and Auditor General of the State of Florida, or any of their duly authorized representatives, shall have access for the purpose of audit and examination of books, documents, papers, and records of the subgrantee and its implementing agency, and to relevant books and records of the subgrantee, its implementing agency, and its consultants and contractors under this agreement, as provided under Applicable Federal Law.

In addition to review of audits conducted in accordance with OMB Circular A-133, as revised, hereby incorporated by reference, monitoring procedures will include, on-site visits by Department staff, limited scope audits as defined by OMB

Circular A-133, as revised, and status checks of subgrant activity via telephone calls from Safety Office staff to subgrantees. By entering into this agreement, the subgrantee and its implementing agency agree to comply and cooperate with monitoring procedures. In the event that a limited scope audit of the subgrantee or its implementing agency is performed, the subgrantee agrees to bring the project into compliance with the subgrant agreement. The subgrantee further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer or Auditor General.

The Department shall unilaterally cancel this subgrant if the subgrantee or its implementing agency refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, F.S., and made or received by the subgrantee or its implementing agency in conjunction with the subgrant.

14. Audit. The administration of resources awarded by the Department to the subgrantee may be subject to audits and/or monitoring by the Department, as described in this section. For further guidance, see the Executive Office of the Governor website, which can be found at: www.fsaa.state.fl.us.

Recipients of federal funds (i.e. state, or local government, or non-profit organizations as defined in OMB Circular A-133, as revised) are to have audits done annually using the following criteria:

In the event that the subgrantee expends \$500,000 or more in Federal awards in its fiscal year, the subgrantee must have a single or program-specific audit conducted in accordance with the provisions of OMB Circular A-133, as revised. Page 1 of this agreement indicates the source of Federal funds awarded through the Florida Department of Transportation by this agreement. In determining the Federal awards expended in its fiscal year, the subgrantee shall consider all sources of Federal awards, including Federal funds received from the Department of Transportation. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by OMB Circular A-133, as revised. An audit of the subgrantee conducted by the Auditor General in accordance with the provisions OMB Circular A-133, as revised, will meet the requirements of this part.

In connection with the audit requirements addressed above, the subgrantee shall fulfill the requirements relative to auditee responsibilities as provided in Subpart C of OMB Circular A-133, as revised.

If the subgrantee expends less than \$500,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, is not required. In the event that the subgrantee expends less than \$500,000 in Federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of OMB Circular A-133, as revised, the cost of the audit must be paid from non-Federal funds.

Copies of audit reports for audits conducted in accordance with OMB Circular A-133, as revised, and required by this agreement shall be submitted, when required by Section .320 (d), OMB Circular A-133, as revised, by or on behalf of the subgrantee directly to each of the following:
