Identification of Key Persons:

- f. Owners: Historic Tours of America, Inc.
- a. Authorized Agent: Oropeza, Stones & Cardenas, PLLC
- b. Surveyor: Florida Keys Land Surveying

Project Description:

Project Description: The proposed project is to decrease the existing scooter count by ten (10) units and increase the electric car count by ten (10) units. The proposed project is the same as the current use, which is storage and rental of electric cards and golf carts.

Other Project Information:

- a. Proposed Phases of Development and Target Dates: NA

Sec. 122-62. Specific Criteria for Approval

(a) The Planning Board may find that the Application meets the Code purpose of ensuring that “a conditional use shall only be permitted on specific sites where the proposed use may be adequately accommodated without generating adverse impacts on properties and land uses within the immediate vicinity.”

(b) Characteristics of use described.

(1) Scale and intensity of the proposed conditional use as measured by the following:

- a. Floor area ratio – No change.
- b. Traffic generation – The proposed project will not alter any roadways and not have a negative impact on the flow of traffic. The majority of traffic is walk-up foot traffic. The subject location is primarily used to store vehicles for use. In addition, Hydro-Thunder provides a free shuttle service to and from local hotels for its customers. The proposed relocation of vehicles is a replacement of an existing location one block from the proposed location. As evidenced by Hydro-Thunder’s traffic engineer, Karl B. Peterson, there will be no change in traffic flow or impact.
- c. Square feet of enclosed building for each specific use – None.

- d. Proposed employment – No change.
- e. Proposed number and type of service vehicles – Zero.
- f. Off-street parking needs – The Property has four (4) off-street parking spaces.

(2) On-or off-site improvement needs generated by the proposed conditional use and not identified on the list in subsection (b)(1) of this section including the following:

- a. Utilities – Current utility service is adequate to support the proposed relocation of licenses.
- b. Public facilities, especially any improvements required to ensure compliance with concurrency management as provided in Chapter 94 – No upgrades to public facilities are anticipated as a result of the proposed development.
- c. Roadway or signalization improvements, or other similar improvements – No upgrades to roadways or signalization are anticipated as a result of the proposed development.
- d. Accessory structures or facilities – None.
- e. Other unique facilities/structures proposed as part of site improvements – None known at this time.

(3) On-site amenities proposed to enhance site and planned improvements. Amenities including mitigative techniques such as:

- a. Open space – No change.
- b. Setbacks from adjacent properties – No change.
- c. Screening and buffers – No change.
- d. Landscaped berms proposed to mitigate against adverse impacts to adjacent sites – No change.
- e. Mitigative techniques for abating smoke, odor, noise and other noxious impacts – The proposed development is not anticipated to produce any smoke, odor, noise or noxious impacts.

(c) Criteria for conditional use review and approval.

(1) Land use compatibility – The conditional use shall not adversely impact land use activities in the immediate vicinity and is compatible with the surrounding property. The property is located in a shopping center with other commercial businesses, solely contained within the existing building.

(2) Sufficient site size, adequate site specifications and infrastructure to accommodate the proposed use – The size and shape of the site are more than adequate to accommodate the proposed scale and intensity of the conditional use requested.

(3) Proper use of mitigative techniques – Adverse impacts will not affect surrounding properties.

(4) Hazardous waste – No hazardous waste will be generated or used on the Property. There shall be no fuel or products stored on site.

(5) Compliance with applicable laws and ordinances – All applicable federal, state, county and city laws shall be complied with for the proposed relocation of licenses.

(6) Additional criteria applicable to specific land uses.

- a. Land uses within a conservation area – Not applicable.
- b. Residential development – Not applicable.
- c. Commercial or mixed-use development. Not applicable.
- d. Development within or adjacent to Historic District – Not applicable as no new development is proposed.
- e. Public facilities or institutional development – Not applicable.
- f. Commercial structures, uses and related activities within tidal waters – Not applicable.
- g. Adult entertainment establishments – Not applicable.

**Re: Hydro Thunder Recreational Vehicle Rentals
Conditional Use Application – Traffic Statement**

Dear Greg:

Hydro Thunder is an existing recreational vehicle rental business located in Key West, Monroe County, Florida. More specifically, the location that is the subject of this Conditional Use Application is 150 Simonton Street. This location currently has licenses for 41 electric cars and 46 scooters. A modification in this existing fleet mix is proposed. The number of electric cars is proposed to increase from 41 to 51 while the number of scooters is proposed to decrease from 46 to 36. The total number of vehicles (i.e. 87) at this location will remain unchanged. The purpose of this traffic statement is to document the anticipated traffic impacts associated with the proposed change in fleet mix.

As stated previously, the total number of vehicles (i.e. electric cars and scooters) at the 150 Simonton Street location will remain at 87. Furthermore, it is noted that these vehicle types have similar operating characteristics (as far as their speeds and travel patterns) while on the street network. Given that there will be no increase in the number of vehicles licensed at this site and the similarity in the operating characteristics of the subject vehicles, it is evident that the traffic impacts associated with the proposed change in the fleet mix will be negligible.

If you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,

KBP CONSULTING, INC.
