**EXECUTIVE SUMMARY**

**TO:** James K. Scholl, City Manager  
Greg Veliz, Assistant City Manager

**FROM:** Carolyn Sheldon, Senior Grants Administrator

**DATE:** December 18, 2018

**RE:** **Tourist Development Council Grant Award Agreement  
Charter Boat Row Sidewalk Replacement**

**ACTION STATEMENT:**

Resolution approving the Grant Award Agreement to accept the Tourist Development Council (TDC) grant for the Charter Boat Row Sidewalk Replacement Project in an amount not to exceed \$58,000.00 to assist with a tourism impact study and replacement of sidewalks. The necessary budget amendments or transfers to accept the funding will be approved.

**BACKGROUND:**

The City of Key West submitted an application on October 2, 2018 for TDC funding from Round 2 of their 2019 Bricks and Mortar Capital Projects funding cycle to assist with a tourism impact study and replacement of sidewalks. This application is the first of its kind to request capital funding under the recently added public facilities category. Public Facilities requests must be in accordance with the conditions set forth in F.S. 125.0104(5)(a)(6).

The District I Advisory Committee (DAC I) approved funds for the project on December 5, 2018. The Grant Award Agreement will go before the Board of County Commissioners for approval at their January 23, 2019 meeting. If approved, the City will then move forward with a tourism impact study and continue through the approval process as outlined in the public facilities funding flow chart.

**PURPOSE AND JUSTIFICATION:**

Historic Charter Boat Row has been a City of Key West attraction since the 1970's. Age and environment have contributed to the current condition of the sidewalks which are badly in need of replacement.

**FINANCIAL IMPACT:**

Expenses for the Charter Boat Row Sidewalk Replacement project are currently budgeted in Account 413-7551-575-6300 (Garrison Bight) with funding coming exclusively from leases, marina charges for services and parking fees. Grant revenues of \$58,000.00 will be budgeted in 413-0000-337-7001 (TDC Grant) and replace the \$58,000.00 Garrison Bight funds originally appropriated. The TDC

funding amount is up to \$58,000.00:

\$ 5,500 Representing 100% of the estimated cost of the tourism impact study

\$52,500 Representing 70% (maximum funding allowable under the statute) of the  
construction cost

\$58,000 Total TDC funding

**RECOMMENDATION:**

Staff recommends approving the attached Grant Award Agreement to accept the Tourist Development Council (TDC) grant for the Charter Boat Row Sidewalk Replacement project in an amount not to exceed \$58,000.00 to assist with a tourism impact study and replacement of sidewalks.

Said documentation should include invoices, bills of lading, etc., and be verified as received and applied to the project through a notarized statement of the project manager and said documentation submitted to the TDC Administrative Office. All submissions shall identify the items included in Exhibit A and Grantee shall complete the Application for Payment form which is provided within the payment/reimbursement packet. This document should be signed by the project manager.

The Project Manager shall certify delivery to the project site and installation therein of any goods or services provided other than through an architect, engineer or contractor. Submission of any documentation which is untrue, falsified, or otherwise misrepresents the work which has been completed, paid, or donated shall constitute a breach of agreement, for which the contract may be immediately terminated at the discretion of the County, whose decision shall be final.

c.) At any time that the documentation requirement policies of Monroe County are revised, such as to require annual inventory reports for equipment purchased under a TDC capital project grant, Grantee shall comply thereafter with such increased requirements, or further funding under the agreement may be terminated by County.

d.) Upon successful completion of this Grant agreement, the Grantee may retain ownership of the real and personal property acquired and/or improved with funding under this Grant agreement. However, the Grantee shall maintain, preserve, and operate the property which was acquired or improved under this agreement for the uses and purposes which qualified the Grantee for tourist development tax funding. Grantee shall complete and sign a Property Reporting Form upon request for personal property and forward said completed form to the TDC Administrative Office. In the event of an audit exception, the current fiscal year grant award or subsequent grant awards will be offset by the amount of the audit exception. In the event the grant is not renewed or supplemented in future years, the Grantee will be billed by the Grantor for the amount of the audit exception and shall promptly repay any audit exception.

a.) **Public Access.** The County and Grantee shall allow and permit reasonable access to, and inspection of, all documents, papers, letters or other materials in its possession or under its control subject to the provisions of Chapter 119, Florida Statutes, and made or received by the County and Grantee in conjunction with this agreement; and the County shall have the right to unilaterally cancel this agreement upon violation of this provision by Grantee.

b.) **Severability.** If any term, covenant, condition or provision of this agreement (or the application thereof to any circumstance or person) shall be declared invalid or unenforceable to any extent by a court of competent jurisdiction, the remaining terms, covenants, conditions and provisions of this agreement, shall not be affected thereby; and each remaining term, covenant, condition and provision of this agreement shall be valid and shall be enforceable to the fullest extent permitted by law unless the enforcement of the remaining terms, covenants, conditions and provisions of this agreement would prevent the accomplishment of the original intent of this agreement. The County and Grantee agree to reform the agreement to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision.

c.) **Attorney's Fees and Costs.** The County and Grantee agree that in the event any cause of action or administrative proceeding is initiated or defended by any party relative to the enforcement or interpretation of this agreement, the prevailing party shall be entitled to reasonable attorney's fees, court costs, investigative, and out-of-pocket expenses, as an award against the non-prevailing party, and shall include attorney's fees, court costs, investigative, and out-of-pocket expenses in appellate proceedings.

The County and Grantee warrant that, in respect to itself, it has neither employed nor retained any company or person, other than a bona fide employee working solely for it, to solicit or secure this agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for it, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this agreement. N/A
-----

In evaluating applications for acquisition funding, an important consideration is the appropriateness of the size of the site to be acquired. Determinations of the appropriateness of site size will be made on a case-by-case basis and will depend on the characteristics for which the property is considered to be significant. Sufficient property should be acquired to assure that the historic relationship of a structure or archaeological site to its surrounding environment is preserved. However, it is important that no more property than is necessary to achieve established preservation objectives be included in the acquisition project application. As this factor is crucial to favorable consideration of your grant application and will have substantial impact on the cost of the required application documentation, we encourage prospective applicants to consult with the staff of the TDC Administrative Office prior to initiating the required documentation.

5. Protection of property: Indicate any type of state or federal protection currently afforded the property. It may be that more than one type may be applicable. Provide citations for applicable local protective ordinances. Include copies of property-specific restrictive legal instruments in an attachment. By signing and submitting this application, the proposer **warrants** that **all** restrictions are disclosed. Failure to include **every** restriction on the property may result in immediate termination of any agreement and demand for return of any monies paid thereunder (**Enclose as Exhibit F**).

N/A

6. Is the property threatened by imminent destruction, deterioration or other loss which may include demolition, vacancy, severe deterioration, loss of structural integrity, encroaching development, adverse environmental conditions, vandalism, etc.? Be specific regarding the nature of immediacy of the threat. If so, describe in detail:

The property is in City ownership and control and therefore is not threatened.

7. a) Are there any building restrictions on the site? If so, describe. Attach copies of all recorded easement and restrictive covenants. By signing and submitting this application, the proposer warrants that all restrictions are disclosed. Failure to include every restriction on the property may result in immediate termination of any agreement and demand for return of any monies paid thereunder (Enclose as Exhibit G).

N/A

b) Is the proposed project compatible with the County's and/or the Municipality's Concurrency Requirements under the existing and proposed Land Use Comprehensive Plan?

Yes  No

Describe below how you have ascertained such compatibility. (Note: If your description does not provide information about existing permits and/or review by the County Planning Department, your application shall be rejected. Please list all permits required to complete this project)

Charter Boat Row has been an attraction within the City of Key West since the 1970's and considered in all City and County concurrency requirements and local land use comprehensive plans. Sidewalk replacement will require a new City Building Permit for site work.

c) Does the site contain endangered or threatened species of flora or fauna?

Yes  No If yes, attach explanation as Exhibit H

d) Indicate whether or not the project will be accessible to the handicapped per Chapter 553, Part V, Florida Statutes and the Americans with Disabilities Act, Public Law 1012-336.

Yes     No    If no, attach explanation as **Exhibit I**

e) Explain how your facility will utilize recycling within the work of your proposed project:

The City has an extensive public recycling program. For specific reference please see the City Code Section 58. The recycling program is managed under contract by Waste Management, Inc.

f) Public accessibility and use: Indicate the extent to which the property is currently or will be scheduled to be open to the public each year (hours per day, days per week and weeks per year) upon project completion. Estimate the number of persons who will use or visit the completed facility annually. For archaeological projects, if the site will not be accessible to the public, estimate the number of persons annually who will be exposed to the interpretive materials and reports resulting from the project. How was this estimate derived?

The facility is open and available to the general public year round, all 365 days of the year. This past year, we estimate approximately 35,000 residents and tourists utilized this facility. The estimate is based on 32 boats (6-pack) docked at the facility with a range 2 to 6 persons per charter and 1 party boat with a range of 6 to 75 persons per charter.

8. Describe present physical condition of site: (attach legal description per property tax records). Indicate the present condition of the property by checking the appropriate term below:

Excellent: The property is habitable and occupied; no repairs are needed. All physical evidence indicates that the property is under continuous maintenance. Application is for expansion and enhancement.

Good: The property is habitable and occupied; only replacement or cosmetic repairs are needed (e.g., peeling paint, missing ornamental features, windows, doors, some deteriorated mortar, etc.) Property is maintained but in need of minor repair.

Fair: The property is habitable but may be vacant. Both the structural integrity (foundation, framing, etc.) and weather tight integrity of the property (siding, walls, roofing, etc.) are in jeopardy because of prolonged neglect.

Poor: The property is uninhabitable and vacant. Major structural repairs are needed. Weather tight integrity has been lost. The property is derelict, abandoned and not habitable without major rehabilitation work.

Also, list any specific factors or problems which contribute to the present condition of the property.

**Proposed Operation Budget and Marketing Plan**

Operation Budget:

The normal maintenance and ongoing upkeep of Charter Boat Row sidewalks will be provided by the City of Key West Community Services Department as part of the City's regular maintenance program, funded by the City's General Fund Budget.

Marketing Plan:

Charter Boat Row is marketed through the City of Key West website and social media and through the individual charter boat companies via their Charter Boat Row Association website: <http://www.keywestfishingboats.com/>. The Association also advertises in 2 magazine publications. For more than 30 years, men and women charter fishing boat captains have dedicated their lives to the promotion and preservation of sport fishing, easily accessible at Charter Boat Row. There are 32 boats of various sizes offering a number of fishing experiences (flats, center console, offshore sportfishing or party boat).

At the completion of the proposed project, the new sidewalks will provide a safe environment for Charter Boat Row patrons as they embark and disembark from their charter.
