

Historic Architectural Review Commission
Staff Report for Item 13a

To: Chairman Bryan Green and Historic Architectural Review Commission Members

From: Enid Torregrosa, MSHP
Historic Preservation Planner

Meeting Date: February 23, 2016

Applicant: Michael B. Ingram, Architect

Application Number: H16-01-0164

Address: #504 Angela Street

Description of Work:

Changes to front façade of commercial building including fenestrations and entryway configuration. Paint building and fence white. Canopy and sign not included in this application.

Building Facts:

The building in question is a non-contributing resource. The building, built in 1954, is a two-story concrete block structure. Built as a commercial facility, the building historically has been a showroom and a warehouse. The front façade of the building has changed drastically from its original design, including the addition of a canopy. The circa 1965 photograph depicts a first floor main façade with full glass storefronts with a central entry door. Interestingly the 1962 Sanborn map states on the building “*roof of steel joists and curtain walls*”.

The Planning Board will consider an application for conditional use for a bar. For this request, the applicant wants the commission also to consider the building for retail use.

The design for the canopy and signage is not included on this application because part of it is located over city’s right-of-way, which requires an easement from the City Commission.

Guidelines and Ordinance Cited on Review:

- Commercial storefronts (page 46), specifically guidelines 1, 2, and 5.
- Exterior colors (page 35).
- Additions, alterations and new construction (pages 36-38a), specifically guidelines 1 and 2 on page 37.

Staff Analysis

The Certificate of Appropriateness in review is for changes to the front façade of a non-contributing structure. Although the building is historic, was built more than 50 years ago, the main façade has been altered through the years, including infill of the original storefront fenestrations on the first floor. Practically the first floor front façade was completely open and covered with large storefronts, with the exception of the entry door.

The design proposes the creation of a recessed entryway located off-centered with one single glass panel door and a side light. On the left side of the front façade, the design proposes the removal of existing fixed windows and non-historic concrete infill and the installation of four larger fixed glass panels. If the Planning Board grants the conditional use, it is the will of the applicant to have the new glass panels be operable and open. The right side front façade will not receive any changes.

Consistency with Guidelines

It is staff's opinion that the proposed design meets the cited guidelines. For purposes of this review staff understands that the original design of the first floor front façade was completely open with large fenestrations and a low kick plate. The proposed recessed entryway will not have an adverse effect on the building or in the surrounding urban context. The proposed white color for the existing back fence and the building complies with current guidelines.

From: mbingramarchitect@gmail.com
Sent: Thursday, February 11, 2016 11:36 AM
To: Enid Torregrosa
Subject: 504 Angela

Dear Enid,

This will confirm our telephone call this morning 2/11/16 regarding annotations to the submission for HARC approval of the project at 504 Angela Street.

I have agreed that the proposed movable glass at Angela Street is subject to approval of the use as a bar in accordance with submission to the city . Should the conditional use application be denied, the glass will be full panel FIXED GLASS.

Additionally, the existing canopy ,which is 1.26' over the property line, is causation for HARC to not consider improvements to the canopy as submitted and will require resubmission after process for an easement is completed. I understand that you do not feel it appropriate to make the granting of an easement as a condition for approval – avoiding another complete round of submissions . I will respect this judgement.

Thank you for your assistance.

CITY OF KEY WEST
CERTIFICATE OF APPROPRIATENESS
APENDIX FOR DEMOLITIONS
APPLICATION NUMBER H- _____

This document applies only to those properties located within the City of Key West Historic Zoning Districts, properties outside the historic zoning districts which are listed as contributing in the Historic Architectural Survey and or properties listed in the National Register of Historic Places.

Applications must meet or exceed the requirements outlined by the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitation and the Key West's Historic Architectural Guidelines. Once submitted, the application shall be reviewed by staff for completeness and scheduled for presentation to the Historic Architectural Review Commission for the next available meeting, unless the demolition request is for a *bona fide* Code Compliance case, in which case staff may review and approve the demolition request. **The applicant must be present at this meeting. Any person that makes changes to an approved Certificate of Appropriateness must submit a new application with such modifications.**

The filing of this application does not ensure approval as submitted. Applications that do not possess the required submittals or documentation will be considered incomplete and will not be reviewed for approval.

CRITERIA FOR DEMOLITIONS

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

- (a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

BUILDING IS NOT CONTRIBUTING

OR THAT THE BUILDING OR STRUCTURE;

- (a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

BUILDING IS CONCRETE BLOCK 'WAREHOUSE/RETAIL'
\$ FACADE MODIFICATIONS HAVE OCCURRED OVER
BUILDING'S LIFESPAN

- (b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

NO SIGNIFICANT EVENTS LOCALLY, STATE OR
NATIONALLY HAVE OCCURRED AT SITE. BUILDING
HAS NO PERSONAGE ASSOCIATED.

- (c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

None of the above criteria applies to site of building.

- (d) Is not the site of a historic event with a significant effect upon society.

No historic event is associated with building.

- (e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

There is no cultural, political, economic, social or historic heritage associated with site.

- (f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

There is no environmental or historic or architectural style of significance.

- (g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

Not applicable to project.

- (h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

Building is not unique or significant architecturally.

- (i) Has not yielded, and is not likely to yield, information important in history.

It (building) will yield nothing important to history.

CITY OF KEY WEST
CERTIFICATE OF APPROPRIATENESS
APPENDIX FOR DEMOLITIONS
APPLICATION NUMBER H- _____

(2) For a contributing historic or noncontributing building or structure, a complete construction plan for the site is approved by the Historic Architectural Review Commission.

(a) A complete construction plan for the site is included in this application

_____ Yes Number of pages and date on plans _____

No Reason DESIGN TO BE APPROVED PRIOR TO INVESTMENT
IN ARCHITECTURAL / ENGINEERED DOCUMENTS

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

EXISTING BUILDING REMAINS

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space; and

BUILDING REMAINS & IS NON-HISTORIC

AND

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

FACADE MODIFICATIONS MODIFY AREAS OF
NO SIGNIFICANCE.

(4) Removing buildings or structures that would otherwise qualify as contributing.

NO REMOVAL OF BUILDINGS

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

*I hereby certify I am the owner of record and that the work shall conform to all applicable laws of this jurisdiction. By receiving a Certificate of Appropriateness, I realize that this project will require a Building Permit, approval **PRIOR** to proceeding with the work outlined above and that there will be a final inspection required under this application. I also understand that any changes to an approved Certificate of Appropriateness must be submitted for review.*
