Mr. Clayton Lopez, Commissioner
City of Key West, Florida District VI

1300 White Street
Key West, FL 33040

Dear Commissioner Lopez -

We are residents of Boquerón (in the Municipio of Cabo Rojo) as well as owners of Galloway's Landing Bar & Restaurant which is located on the main street (Avenida Jose de Diego) in downtown Boquerón, directly on the waterfront. As such, we are very much in favor of Boquerón and Key West becoming "Sister Cities." We have visited Key West through the years and so appreciate the historical, cultural, touristic, and lifestyle attributes and similarities between the two cities. Actually, it has been our experience that both Puerto Ricans and expats living in Puerto Rico as well as visiting tourists and travel writers often describe casual, colorful, and tolerant "Boquerón" as the "Key West of Puerto Rico." Therefore, this pending formal designation is long overdue and thanks to the initiative, efforts and support of you and your Key West colleagues including Mayor Teri Johnston, and of course Manuel Lopez. It seems such an obvious fit and alliance, and should result in a strategic win-win over time.

Today Boquerón hosts activities and events that are in keeping with those held in Key West – from its annual LGBTQ "Parada de Orgullo Boquerón" held every June, the largest in the Caribbean [see www.facebook.com/boqueronorgullo/], to its annual St. Patrick's Day Celebration and Parade, started and hosted by our restaurant since 1986 [see video link of our 29th Parade in 2019 at www.facebook.com/100000556303349/videos/2489700454391807/], to our Holiday Season parade of lighted boats organized by our Club Nautico of Boquerón – in 2021, over 75 boats participated and the parade lasted for 3 hours.

And as Boquerón becomes increasingly discovered, more activities and events are being held here, including sports events on our mile-long beach and the filming of live music videos. For instance in October 2021, Puerto Rican singer Olga Tañón recorded her interpretation of classic songs by El Gran Combo de Puerto Rico, as part of her tribute to the band [see video link at <https://fb.watch/dvQILU6GDy/>]. And in January 2022, world famous Puerto Rican reggaeton artist Daddy Yankee filmed his latest music video in Boquerón. Among other Cabo Rojo and Boqueron locations, the film crew staged and filmed a mock wedding at our restaurant, out on our deck over the water. [See Daddy Yankee's official "Rumbatón" video at: <https://youtu.be/t7gsVuW8AtY>]. And the town with its magnificent natural Bay and nearby

tourism destinations is now being considered by the small, luxury cruise line -- The SeaDream Yacht Club -- as a possible stop among this coming Winter's Caribbean itineraries.

Finally, just a little about our Galloway's Landing Bar & Restaurant . . . we are the oldest and largest restaurant in town, in the same family (Wanda's) for some 70 years. Our location and our original wood structures date from the 1930s when they were the location of Boquerón's fish market, before becoming a Criollo seafood restaurant in the 1950s. We are temporarily closed as we undergo exterior renovations prompted by a grant -- "Backing Historic Small Restaurants " -- we got from the National Trust for Historic Preservation in Washington DC together with American Express. Out of more than 7,000 restaurants that applied, we were among only 25 selected -- and the only one in Puerto Rico! To read more about the historic grant program see: <https://blog.resy.com/2021/05/backing-historic-small-restaurants/>.

We look forward to welcoming you and your Key West VIPs to our charming beachtown as well as our restaurant. And should you have any further questions or need any assistance with anything, please do not hesitate to call on us as well. In the meantime, thank you for your efforts and enthusiasm on our behalf.

With kindest regards, Wanda and Natalie.

Commissioner Lopez,

We are residents and business owners in Cabo Rojo and we support Boquerón and Key West becoming Sister Cities.

Boquerón and Key West have many cultural and historical similarities both past and present. This is a great opportunity for both cities to develop a partnership to strengthen and impact our communities, especially in the economic development of the area.

We believe that this initiative will help improve the quality of life of all the residents in Boquerón and will create amazing memories for all Key West visitors.

Respectfully yours,
