EXECUTIVE SUMMARY

FROM: Doug Bradshaw, Senior Project Manager

RE: **Approval of a 2-Year Extension to the City's Contract for General Environmental Consulting Services with PBS&J**

ACTION STATEMENT:

This resolution will approve a 2-Year Extension as stipulated within the City's contract with PBS&J to provide general environmental consulting services.

BACKGROUND:

The City has need of engineering firms of many different disciplines including design, permitting, environmental and construction. These firms help staff prepare numerous types of projects including stormwater, underground utilities, sewer facilities, construction management and inspection, environmental and informational studies, etc.

As part of these multiple phase projects, environmental issues arise because of permitting, previous environmental contamination on a site, requests by the Florida Department of Environmental Protection, South Florida Water Management District, Army Corps of Engineers, etc.

In 2007, the City issued a request for qualifications for general environmental consulting services. Staff ranked the submittals at a publicly-advertised meeting, and the City Commission approved staff's ranking of the top three firms at its November 2007 meeting (Resolution 07-4066). Contracts were then negotiated with these firms for a three-year term with one additional two-year option to extend the contract. The City Commission approved its contract with PBS&J on February 20, 2008 (Resolution 08-061).

PURPOSE AND JUSTIFICATION

The City has been satisfied with the services it has received from PBS&J. They are very accessible and responsive to staff. The firm has successfully completed several task orders from the City, including Phase I assessment for City Hall Demolition and Trumbo Road property.

Key to the Caribbean - Average yearly temperature 77° F.

City Staff has analyzed the consultant hourly wages established in this contract, and finds them to be acceptable. PBS&J has agreed to roll their rates back to the original 2008 rates and hold the rates steady during the two (2) year extension.

OPTIONS / ADVANTAGES / DISADVANTAGES:

1. The City Commission can approve this 2-year contract extension with PBS&J. Retaining PBS&J under contract will allow City Staff to utilize the expertise of the firm as environmental issues arise within the City. It will also allow the City to continue the use of a contract whose terms are acceptable to Staff.
2. The City can go out for RFQ for environmental consulting services. This option is not recommended due to Staff's satisfaction with the terms of the existing contract. The City would issue a new RFQ in two years once this 2-year extension expires.
3. The City Commission can decline extending the contract with PBS&J. This option is not recommended by staff. Utilizing consulting contracts with various firms has been one of the key ingredients in the City's ability to manage projects simultaneously, and benefit from a level of expertise that is not available within City staff. The City is satisfied with the performance and responsiveness of PBS&J.

FINANCIAL IMPACT:

There is no direct cost related to extending this contract. However, the cost of services for any particular project will be established through a task order. As per the City's purchasing code, any task order exceeding \$20,000 will be brought to the City Commission for approval.

RECOMMENDATION:

Staff recommends that the City Commission select option 1, the approval of a 2-year contract extension with PBS&J.

**Re: PBS&J Agreement Extension Request
Resolution No. 08-061**

Mr. Bradshaw:

The City of Key West (City) previously selected PBS&J in February 2008 as an approved contractor to furnish general environmental services to the City. Per Article 6.1 (A), the duration of the Agreement (Resolution No. 08-061) would be for three years from the date it was entered into, with an additional two-year extension option to be approved by Resolution of the City Commission.

For the past three years PBS&J has appreciated the opportunity to be available to the City to provide professional services. PBS&J would like to continue this relationship with the City and therefore is requesting the City Commission consider approving a Resolution to extend the Agreement.

In support of this Agreement extension request, attached is a rate sheet with labor categories and hourly rates. Please note, understanding the budgetary concerns of the City, PBS&J has rolled back the rates to the original 2008 levels.

Thank you in advance for your consideration of this extension request. If you have any questions or need additional assistance, please do not hesitate to contact me at (305) 514-3387.

Sincerely,

FROM: E. David Fernandez, Director General Services

DATE: October 23, 2007

RE: Ranking the Bids of GM Selby, Inc., PBS & J, and Sandra Walters Consultants to Serve as Environmental Services Consultants to the City.

ACTION STATEMENT:

Resolution approving the City Commission's ranking of GM Selby, Inc., PBS & J, and Sandra Walters Consultants to serve as Environmental Consultants for the City of Key West. This will direct Staff to begin negotiating contracts with these three firms which will be sent to the City Commission for final approval.

STRATEGIC PLAN:

The proper maintenance of an effective sewer and stormwater system to help protect our local environment is a key goal in both the City's Strategic Plan and Business Plan under the Environmental Management category. Having sufficient engineering resources to manage current and future projects assures smooth design, permitting and construction of multiple projects simultaneously.

BACKGROUND:

The City has need of environmental consulting firms to help design, permit, repair and construct projects of all types. These firms help staff prepare all kinds of projects like stormwater design, underground utilities, facilities design, sewer facilities design/upgrades etc.

As the City has multiple projects of all sizes and disciplines simultaneously, it typically contracts with multiple consultants to handle the workload. With the Consent to Resolve Agreement with the South Florida Water Management District and the US Army Corps of Engineers in place, the City will be seeking firms with a specialty in environmental consulting to assist us as we move forward on items that are a part of the agreement.

The three firms that have submitted bids include:

- GM Selby, Inc.
- PBS & J
- Sandra Walters Consultants

Staff has reviewed each firm's submittal, and determined that they are all qualified environmental consultants. Staff is requesting that the City Commission rank these firms so that the staff can determine in what priority task orders should be awarded. Upon approval, City staff will begin contract negotiations with these firms. These contracts will appear as a resolution on a future City Commission agenda.

OPTIONS / ADVANTAGES / DISADVANTAGES:

1. The City Commission can decline hiring any environmental consultants. This option is not recommended by staff. Continuing engineering contracts with multiple firms has been one of the key ingredients in the City's ability to complete multiple large and small projects simultaneously. Having several firms on contract assures that plenty of qualified resources are available regardless of project size or scope, without having to advertise a separate RFQ for every individual project. This makes project management much more efficient for the City saving much time, resources and money.
2. The City Commission can rank these firms based on the submitted information provided. Staff will then commence negotiation of contracts with these firms.
3. The City Commission can request that Staff rank these proposals, and then submit their recommendation to the Commission in the future for approval.
4. The City Commission can request that Staff direct these three firms to make presentations to the Commission at a future meeting to assist them in making a ranking.

FINANCIAL IMPACT:

Although there is no direct cost related to contracting the firms, having multiple firms under contract has helped the City facilitate grant awards, meeting grant deadlines, and complete projects in a timely manner. No tasks or minimum amount of work will have to be assigned under the contracts. The cost of services for any particular project will be based on the amount of effort to complete the task assigned and the contract Per Diem Rates.

RECOMMENDATION:

Staff recommends that the City Commission rank the three Environmental Consultants based on the information provided. Staff also recommends that all three firms should be hired.

- 2.8 Lump sum payment, which includes compensation for all the CONSULTANT'S salaries, general overhead costs, direct expenses, and profit.

Because of the inherent uncertainties in subsurface evaluations, changed or unanticipated underground conditions may occur that could affect total PROJECT cost and/or execution. These conditions and cost/execution effects are not the responsibility of the CONSULTANT.

4.4. CONSULTANT's Personnel at Construction Site

- A. The presence or duties of the CONSULTANT's personnel at a construction site, where the contractor is other than PBS&J, whether as onsite representatives or otherwise, do not make the CONSULTANT or its personnel in any way responsible for those duties that belong to the CITY and/or the construction contractors or other entities, and do not relieve the construction contractors or any other entity of their obligations, duties, and responsibilities, including, but not limited to, all construction methods, means, techniques, sequences, and procedures necessary for coordinating and completing all portions of the construction work in accordance with the Contract Documents and any health or safety precautions required by such construction work. Therefore, the CONSULTANT makes no warranty that the CITY'S actual PROJECT costs, financial aspects, economic feasibility or schedules will not vary from the CONSULTANT's opinions, analyses, projections, or estimates.
- B. If CITY wishes greater assurance as to any element of PROJECT cost, feasibility, or schedule, CITY will employ an independent cost estimator, contractor, or other appropriate advisor.

4.6. Construction Progress Payments

- A. Recommendations by the CONSULTANT to the CITY for periodic construction progress payments to the construction contractor will be based on the CONSULTANT's knowledge, information, and belief from selective sampling that the work has progressed to the point indicated. Such recommendations do not represent that exhaustive, continuous or detailed examinations or reviews have been made by the CONSULTANT to ascertain that the construction contractor has completed the work in exact accordance with the contract documents; that the final work will be acceptable in all respects; that the CONSULTANT has made an examination to ascertain how or for what purpose the construction contractor has used the moneys paid; that title to any of the work, materials, or equipment has passed to CITY free and clear of liens, claims, security interests, or encumbrances; or that there are not other matters at issue between CITY and the construction contractor that affect the amount that should be paid.

The CITY may only audit accounting records applicable to cost-reimbursable and cost plus fixed fee type compensation.

- A. The Scope of Services does not include costs of CONSULTANT for required or requested assistance to support, prepare, document, bring, defend, or assist in litigation undertaken or defended by CITY. All such services required or requested of CONSULTANT by CITY, except for suits or claims between the parties to this AGREEMENT, will be reimbursed as mutually agreed in a separate Task Order, and payment for such services shall be in accordance with Article 3, unless and until there is a finding by a court or arbitrator that CONSULTANT's sole negligence caused CITY's damage.

Article 6. General Legal Provisions

6.1 Agreement Period

- A. The duration of the agreement shall be three (3) years commencing from the date this Agreement was entered into, with an additional two-year option to extend on behalf of the CITY, which must be approved by Resolution of the City Commission. This Agreement shall continue in effect from year to year thereafter, until terminated by the CITY.

6.2. Reuse of Project Documents

- A. Reports, drawings, specifications, documents and other deliverables of the CONSULTANT, whether in hard copy or in electronic form, are instruments of service for the project of the City. All specifications and plans shall be made available on re-writable CD and are the property of the City of Key West. Reuse, change, or alteration on another project, by the CITY or by others acting on behalf of the CITY of any such instruments of service without the written permission of the CONSULTANT will be at the CITY's sole risk. The CITY agrees to indemnify and defend the CONSULTANT and its officers, employees, subcontractors, and affiliated corporations from all claims, damages, losses, and costs, including, but not limited to, litigation expenses and attorney's fees arising out of or related to such unauthorized reuse, change, or alteration.

6.3 Ownership of Work Product and Inventions

- A. All of the work product of CONSULTANT in executing this Project shall remain the property of CONSULTANT. The CITY shall receive a perpetual, royalty-free, non-transferable, non-exclusive license to use the deliverables for the purpose for which they were intended. 6.4 Force Majeure

- A. The CONSULTANT is not responsible for damages or delay in performance caused by acts of God, strikes, lockouts, accidents, or other events beyond the control of the CONSULTANT.
- B. In the event of a delay that results in additional costs to the CONSULTANT, an appropriate increase in compensation and schedule will be authorized in writing.

6.5 Termination

- A. This agreement may be terminated at any time, with or without cause, by the CITY upon thirty (30) days written notice to CONSULTANT. No further work will be performed by CONSULTANT upon receipt of this notice unless specifically authorized by the Director of Utilities of the City of Key West.
- B. On termination, the CONSULTANT will be paid for all authorized services performed up to the termination date plus, if terminated for the convenience of the CITY, reasonable expenses incurred during the close-out of the AGREEMENT. The CITY will not pay for anticipatory profits

6.6 Suspension, Delay, or Interruption of Work

- A. The CITY may suspend, delay, or interrupt the services of the CONSULTANT for the convenience of the CITY. In the event of such suspension, delay, or interruption, or any other act or neglect of CITY or CITY's subcontractors, CITY will pay CONSULTANT for work performed to date. An equitable adjustment in the PROJECT'S schedule and CONSULTANT's compensation will be made as agreed to by both parties.
- B. In the event delays to the project are encountered for any reason, the parties agree to undertake reasonable steps to mitigate the effect of such delays.

6.7 Third Party Beneficiaries

- A. This Agreement gives no rights or benefits to anyone other than the CITY and CONSULTANT and has no third party beneficiaries. CONSULTANT's services are defined solely by this proposed scope of services, and not by any other contract or agreement that may be associated with the Project. All work products will be prepared for the exclusive use of CITY for specific application to the property described in the proposed scope of services. No warranty, expressed or implied, is made. There are no beneficiaries of the work products other than CITY, and no other person or entity is entitled to rely upon the work products without the written consent of CONSULTANT. Any unauthorized assignment of related work product shall be void and unenforceable.

6.8 Indemnification

- A. The CONSULTANT shall indemnify and hold harmless the CITY, its officers and employees, from liabilities, property damage, losses, personal injuries, and costs, including, but not limited to reasonable attorney's fees, to the extent caused by the

negligence, recklessness or intentional wrongful misconduct of CONSULTANT, its employees or agents, in the performance of this Agreement.

- B. This indemnification shall survive the expiration or termination of this Agreement. In the event that any action or proceeding is brought against the CITY by reason of such claim or demand, CONSULTANT shall, upon written notice from the CITY, resist and defend such action or proceeding by counsel satisfactory to the CITY. The CONSULTANT shall defend at its own expense to and through appellate, supplemental or bankruptcy proceeding, or to provide for such defense, at the CITY's option, any and all claims of liability and all suits and actions of every name and description covered above which may be brought against the CITY whether performed by CONSULTANT, or by persons employed or used by CONSULTANT.
- C. In no event shall CONSULTANT, its affiliated corporations, officers, employees, or any of its subcontractors be liable for any incidental, indirect, special, punitive, economic or consequential damages, including but not limited to loss of revenue or profits, suffered or incurred by CITY or any of its agents, including other contractors engaged at the project site, as a result of this Agreement or CONSULTANT's performance or non-performance of services pursuant to this Agreement. Limitations of liability provided in this paragraph apply whether the liability is claimed to arise in contract, tort (including negligence), strict liability, or otherwise.

6.9 Limitation of Liability

- A. CONSULTANT services shall be governed by the negligence standard for professional services, measured as of the time those services are performed.
- B. This Provision takes precedence over any conflicting Provision of this Agreement or any document incorporated into it or referenced by it.
- C. This limitation of liability will apply whether CONSULTANT's liability arises under breach of contract or warranty; tort; including negligence; strict liability; statutory liability; or any other cause of action, and shall include CONSULTANT's officers, affiliated corporations, employees, and subcontractors.

6.10 Assignment

- A. CONSULTANT shall not assign all or any part of this Agreement without the prior consent of the CITY by Resolution of the Key West City Commission.

6.11 Jurisdiction

- A. The law of the state of Florida and Monroe County will govern the validity of this AGREEMENT, its interpretation and performance, and any other claims related to it.

6.12 Severability and Survival

- A. If any of the provisions contained in this AGREEMENT are held for any reason to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability will affect any other provision, and this AGREEMENT will be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.
- B. ARTICLES 4, 5, and 6 will survive termination of this AGREEMENT for any cause.

6.13 Dispute Resolution

- A. The parties will use their best efforts to resolve amicably any dispute, including the use of alternative dispute resolution options.
- B. Unless otherwise agreed in writing, the CONSULTANT shall continue the Work and maintain the approved schedules during any arbitration proceedings. If the CONSULTANT continues to perform, Owner shall continue to make payments in accordance with this Agreement.
