I understand you wish to change the date(s) of coverage on this policy. Unfortunately, this policy has already expired so our only option would be to ask the carrier to reinstate the coverage so we could retroactively cancel the policy then apply the funds to a new policy for the new date.

In order to process your change we need a reply confirming the following:

1. Confirm the new dates you require coverage for as well as the estimated number of attendees on each date:
2. Provide documentation (written or email) from the venue confirming that there was no event on the originally scheduled date of 4/24 and 4/25 of 2020 and that you were released of any liability for that event date.
3. Confirm email address of the additional insured (City of Key West) contact.

Once we have your reply we can request to have policy reinstated and retroactively cancel the original policy and issue a new one, advising the additionally insured venue of the change and send you your revised documents.

**Please note any date change must be requested PRIOR to the start of the policy so this would be a one-time exception. Once the first date on the policy hits the policy is reported and thus we can no longer make changes to the dates on the policy.*
