## Historic Architectural Review Commission Staff Report for Item 8

To: Chairman Haven Burkee and Historic Architectural Review  
Commission Members

From: Enid Torregrosa-Silva, MSHP  
Historic Preservation Planner

Meeting Date: January 23, 2024

Applicant: Smith- Hawks, PL

Application Number: H2023-0050

Address: 1208 Virginia Street

### **Description of Work:**

After-the -fact. Demolition of historic and contributing house.

### **Site Facts:**

The site under review is a vacant lot. In August 2023, a contributing and historic house was demolished without a required Certificate of Appropriateness. Previously, on November 29, 2022, the Commission granted Certificate of Appropriateness H2022-0046 for:

*General: Site consists of a 1,329 SF structure on a 3,774 SF lot. The house includes a 231 SF addition in the rear that is non-contributing and beyond repair. Proposal includes demolition of that structure and replacement with a 285 SF gable structure. The proposed addition would match the gable orientation of the original structure with a lower ridge line. Materials include: wood clapboard to match original structure, approved windows, and metal shingle roofing.*

*Main Building: The main building will be renovated, with no major changes to the structure. Roof replacement is required and windows will be updated with HARC approved replacements.*

*Demolition: 21' x 11' rear addition and existing decks.*

The Certificate of Appropriateness was submitted by engineer Bob Hulec and architect Erica Poole.

On Friday April 7, 2023, the Chief Building Officer wrote the following email to a project representative:

**Subject:** 1208 Virginia St

Good Morning Dave,

After carefully inspecting the subject property at 1208 Virginia Street for demolition under section 102-218 and chapter 14 code of ordinances. It is my determination, by the powers conferred upon the Chief Building Official, that because this structure is a contributing historic element in our historic district demolition is not an option at this time. There is a responsibility to preserve the historic structures if at all possible and fortunately this house is able to be saved. I do agree with the engineer's report that house, in its current state, is deemed unsafe. However this is largely due to the fact that the contractor executed a major demolition of the interior support systems without properly securing the building envelope. Contractor should take measures immediately to support the building envelop and start the rehabilitation project according to approved building plans. I am issuing an order to secure the site from any unauthorized access and that the power be removed from the building. This email shall serve as said notice and give the contractor until the 12h of April 2023 to make the site secure from any unauthorized persons.

Sincerely,

Raj Ramsingh

About the demolished house:

The house that was on the site was a contributing resource to the historic district. The one and a half-story structure was built before 1912, as it is depicted in the 1912 Sanborn Map. Staff were unable to find the construction date as Sanborn maps from the 1800's do not extend to the east side of White Street. The Property Appraiser's records have the construction date of 1928. Originally the house used to have an "L" shape porch that was enclosed on its front elevation between 1962 and 1965. At some point in time the front elevation was altered with a new addition. The rear of the house was also altered with a one-story structure with a full width of the house. The rear addition was a sawtooth structure smaller in footprint than the one depicted in the 1968 aerial photograph. Portions of the house used to have 5 v-crimp, although most of the roof is finished with metal shingles.

The site is located on the x flooding zone. The front curb wall encroaches city's right-of-way. If the owner does not obtain an easement from the city this should be removed.

*1968 aerial photograph.*

*1998 aerial photograph.*

*Front of the house circa 1965. Monroe County Library.*

*Front of the house before it was demolished.*

*Current condition.*

### **Ordinances Cited on Review:**

- Section 102-217 (4), demolition for contributing and historic structures of the Land Development Regulations.
- Section 102-218 (a)

### **Staff Analysis:**

The Certificate of Appropriateness is for an after the fact demolition of a historic and contributing building. In November 2022 the Commission approved the demolition of a rear non-historic addition and renovations to the existing historic house. During the meeting engineer Bob Hulec stated that the rear addition under review was unsound and unsalvageable but did not say the same about the historic portion of the house. The Chief Building Officer visited the house during interior demolitions and did not declare the house unsafe but stated that due to the removal of so many interior principal structural components the contractor created a difficult situation and requested immediate bracing of the exterior walls to salvage what was still standing. A red tag was issued to the project, but the contractor worked over the red tag and demolished the rest of the structure.

It is staff's opinion that the request for the after the fact demolition shall be reviewed based on the demolition criteria of Chapter 102 Section 218 (a) of the LDR's. The criteria state the following.

*(a) The historic architectural review commission shall issue a certificate of appropriateness for an application for demolition:*

- (1) *If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration, or it does not meet any of the criteria of section 102-125(1) through (9).*

During the November 2022 meeting Bob Hulec did not disclose any concerns about the historic portion of the building been irrevocable compromised by extreme deterioration. Exterior walls were in sound conditions as for the CBO to request their bracing after the contractor removed interior structural components. It is staff's opinion that the house was structurally sound before the interior demolition.

The following is the criteria of section 102-125:

- 1 *Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction;*

There is no evidence to evaluate any construction method used in the house as the house is gone. The house was originally built with an "L" shape front porch and the side of the porch survived the alteration of its front portion which was obscured at some point in time.

- 2 *Is not specifically associated with events that have made a significant contribution to local, state, or national history;*

It is staff's understanding that no significant events have ever happened in the site relevant to local, state, or national history.

- 3 *Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past;*

Any significant character has been destroyed due to the after the fact demolition.

- 4 *Is not the site of a historic event with a significant effect upon society;*

It is staff's understanding that the site is not associated with any event with significant effect upon society.

- 5 *Does not exemplify the cultural, political, economic, social, or historic heritage of the city;*

The house cannot be evaluated as an example of social, cultural, or historic heritage of the city as it has been destroyed due to the after the fact demolition.

- 6 *Does not portray the environment in an era of history characterized by a distinctive architectural style;*

The house cannot be evaluated as an example of a fine example of a distinctive architectural style or environment in an era as it has been destroyed due to the after the fact demolition.

- 7 *If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif;*

The house was not part of a park, but historic contributing buildings shall be preserved as they contribute to the uniqueness of the historic district.

- 8 *Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood; and*

The house cannot be evaluated as it has been destroyed due to the after the fact demolition.

- 9 *Has not yielded, and is not likely to yield, information important in history.*

The house cannot yield information important in history as it is already demolished without a certificate of appropriateness.

In conclusion, it is staff's opinion that the Commission cannot consider the after the fact request for demolition of the house. Nor the architect of record or engineer that presented the project in November 2022 claimed that the historic portion of the house was irrevocably compromised by extreme deterioration. Staff at this point, due to the demolition of the house, cannot recommend to the Commissioners if the house did not meet none of the criteria for demolition stated under Section 102-125 of the LDR's. Staff also finds the proposed new design out of scale, mass, proportion, and rhythm in relationship with adjacent same land use houses.

If, by the contrary, the Commission finds the design and demolition been consistent with the guidelines and the demolition criteria, this will be one of two required readings for demolition.

 JONATHAN RING  
 DATE AND PRINT NAME

DETAILED PROJECT DESCRIPTION OF DEMOLITION
DEMO OF PREVIOUSLY EXISTING RESIDENTIAL STRUCTURE.
Demolition of the existing structure was necessary as it was unsafe and detrimental to the health, safety or morals, or otherwise inimical to the welfare, of the city residents.
REFER TO (3) PREVIOUSLY PROVIDED ENGINEERING REPORTS REFERENCING STRUCTURAL INTEGRITY OF PREVIOUSLY EXISTING STRUCTURE.

CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:
Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies):
(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:
(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.
REFER TO (3) PREVIOUSLY PROVIDED ENGINEERING REPORTS REFERENCING STRUCTURAL INTEGRITY OF PREVIOUSLY EXISTING STRUCTURE.
(2) Or explain how the building or structure meets the criteria below:
(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.
SEE ABOVE.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.
THE STRUCTURE WAS NOT ASSOCIATED WITH EVENTS THAT MADE CONTRIBUTIONS TO LOCAL, STATE, OR NATURAL HISTORY.
(c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.
NO DEMO HAS SIGNIFICANT CHARACTER, INTEREST OR VALUE AS PART OF THE DEVELOPMENT, HERITAGE OR CULTURAL CHARACTERISTICS OF THE CITY/STATE/NATION NOT IS IT ASSOCIATED WITH THE LIFE OF A SIGNIFICANT PERSON.
(d) Is not the site of a historic event with significant effect upon society.
THIS IS NOT THE SITE OF A HISTORIC EVENT.
(e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.
THE DEMO DOES NOT EXEMPLIFY CULTURAL, POLITICAL, ECONOMIC, SOCIAL, OR HISTORIC HERITAGE OF THE CITY.
(f) Does not portray the environment in an era of history characterized by a distinctive architectural style.
THE DEMO DOES NOT PORTRAY A DISTINCTIVE HISTORIC ARCHITECTURAL STYLE.
(g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.
THE DEMO IS NOT PART OF A SQUARE, PARK OR OTHER DISTINCTIVE AREA.
(h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.
THE DEMO DOES NOT HAVE A UNIQUE LOCATION OF SINGULAR PHYSICAL CHARACTERISTIC THAT REPRESENTS THE NEIGHBORHOOD.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

REFER TO (3) PREVIOUSLY PROVIDED ENGINEERING REPORTS REFERENCING STRUCTURAL INTEGRITY OF PREVIOUSLY EXISTING STRUCTURE.
(i) Has not yielded, and is not likely to yield, information important in history,
<b>THE DEMO HAS NOT AND IS NOT LIKELY TO YIELD INFORMATION IMPORTANT TO HISTORY.</b>

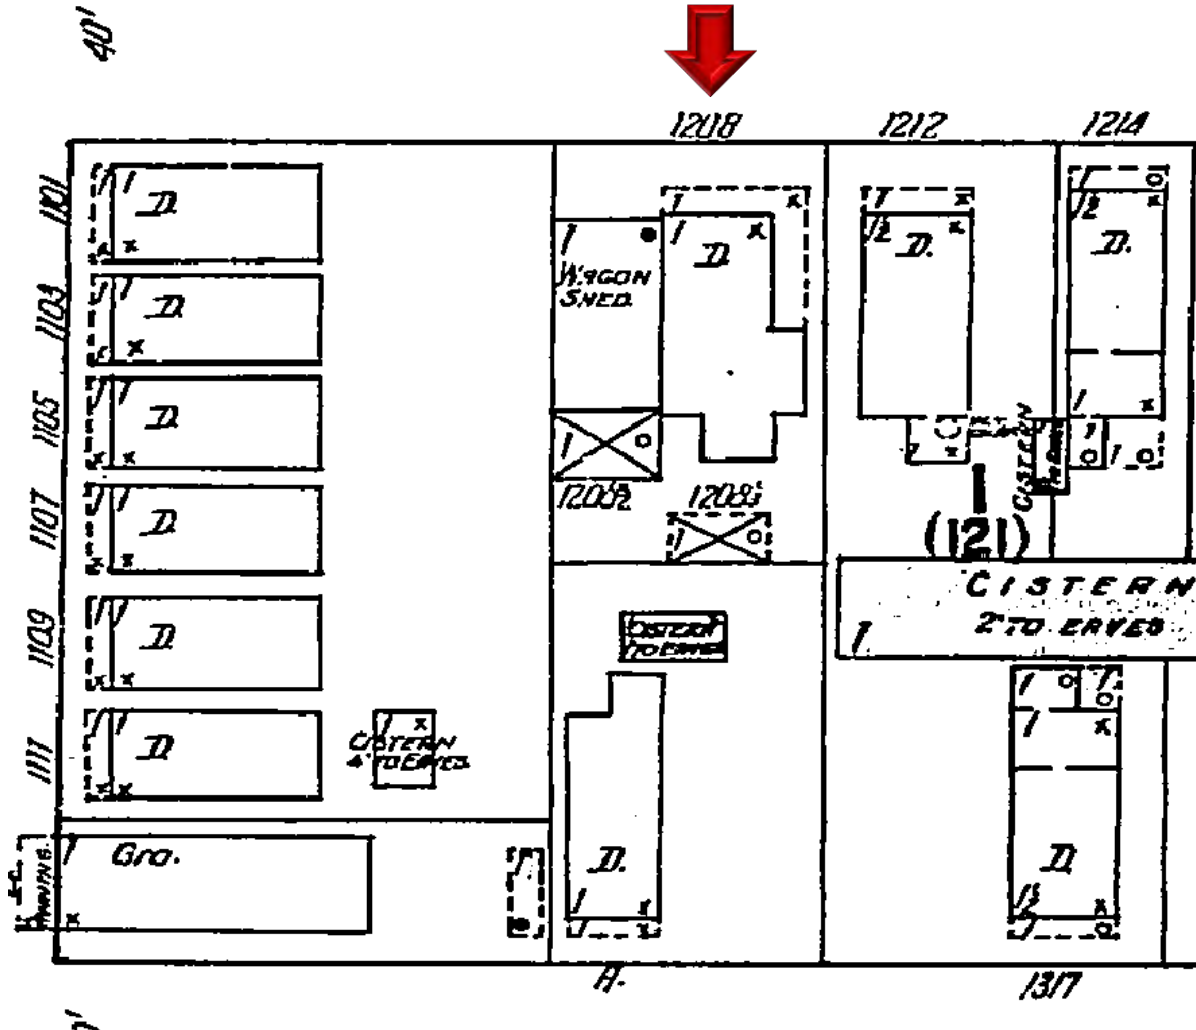

<b>CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:</b>
The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies):
(1) Removing buildings or structure that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.
THE STRUCTURE IS BEING REPLACED WITH ONE THAT FOLLOWS THE LINE OF THE STREET SETBACK OF THE OTHER HOMES, AND THEREFORE DOES NOT NEGATIVELY CONTRIBUTE TO THE OVERALL HISTORIC CHARACTER OF THE DISTRICT OR NEIGHBORHOOD. THE FRONT OF THE HOUSE WAS NON-HISTORIC. THE REAR WAS NON-HISTORIC.
(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.
THE DEMO DOES NOT DESTROY A HISTORIC RELATIONSHIP BETWEEN BUILDINGS OR STRUCTURES AND OPEN SPACE. THERE IS A GROCERY STORE PARKING LOT NEXT DOOR, AND ALL SURROUNDING PROPERTIES ARE SET BACK FROM THE STREET
(3) Removing an historic building or structure in a complex; or removing a building façade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.
THE BUILDING IS NOT LOCATED IN A COMPLEX. THE FACADE HAS BEEN DEMOLISHED PER OPEN CASE AND DID NOT DEFINE THE CHARACTER OF THE NEIGHBORHOOD. THE FRONT OF THE HOUSE WAS NON-HISTORIC. THE REAR WAS NON-HISTORIC.
(4) Removing buildings or structures that would otherwise qualify as contributing.
Demolition of the existing structure was necessary as it was unsafe and detrimental to the health, safety or morals, or otherwise inimical to the welfare, of the city residents.
REFER TO (3) PREVIOUSLY PROVIDED ENGINEERING REPORTS REFERENCING STRUCTURAL INTEGRITY OF PREVIOUSLY EXISTING STRUCTURE.

# PROPOSED DESIGN

April 17, 2022

**ATTENTION:** Dave Black

**SUBJECT:** 1208 Virginia – Architectural Building Height Analysis

**SCOPE:** Summary of nearby Comparable Building Heights to evaluate the possibility of raising the height of 1208 Virginia from **21'-0"** to **30'-9"**.

**SUMMARY:**

Nearby structure heights were measured with a Bosch Professional GLM 42 via the 'Indirect Method', which has an accuracy of approximately +/- 1 foot. Measurements were taken from the approximate adjacent grade elevation of each yard to highest main structural element.

The subject property is denoted by the star in the map below:

1. 1112 Virginia St

- a. Distance From Subject Property – 370 ft
- b. Average Measured Structure Height – **30' – 2"** (to Gable Peak)

2. 1205 Virginia St

- a. Distance From Subject Property – 75 ft
- b. Average Measured Structure Height – **29'-0"** (to Gable Peak)

3. 1209 Virginia St

- a. Distance From Subject Property – 75 ft
- b. Average Measured Structure Height – **36' – 8"** (to Ridge of Hip)

4. 1106 Georgia St.

- a. Distance From Subject Property – 170 ft
- b. Average Measured Structure Height – **29' - 0"** (to Ridge of Hip)

5. 1306 Virginia St.

- a. Distance From Subject Property – 325 ft
- b. Average Measured Structure Height – **26' - 6"** (to Gable Peak)

6. 1310 Virginia St.

- a. Distance From Subject Property – 365 ft
- b. Average Measured Structure Height – **27' - 8"** (to Gable Peak)

# LOCATION MAP

# BUILDING DATA

**SITE DATA:**

 KW ISLAND CITY SUB PB 1-26 LOT 5 SQR 1 TR 14

**RE #:** 00033940-000000

**ADDRESS:** 1208 VIRGINIA STREET; KEY WEST, FL 33040

**OCCUPANCY:** R3  
**TYPE OF CONSTRUCTION:** VB

**SQUARE FOOTAGES PER FLOOR:**  
 FIRST FLOOR: 1,222 SF  
 SECOND FLOOR: 1,238 SF  
 TOTAL SF: 2,460 SF

**CONTRACTOR GENERAL NOTES:**  
 - ALL WORK TO BE IN ACCORDANCE WITH APPLICABLE CODES.  
 - WORKMANSHIP TO MEET OR EXCEED ACCEPTED STANDARDS OF RESPECTIVE TRADES.  
 - VERIFY ALL DIMENSIONS, ELEVATIONS, AND FIELD CONDITIONS BEFORE START OF CONSTRUCTION. NOTIFY ARCHITECT IF ANY CONFLICTS EXIST PRIOR TO COMMENCEMENT OF WORK.  
 - FOR ANY TYPE I OR TYPE II CONSTRUCTION PROJECTS FIRE RETARDANT TREATED WOOD (EXTERIOR OR INTERIOR GRADE) MUST BE USED IN ALL WOOD CONSTRUCTION MATERIALS.  
 - FOR ALL WALL SYSTEMS WITH EIFS USE EXTERIOR GRADE GLASS MATT SHEATHING OR CEMENTITIOUS BOARD ONLY.

FIRE EXTINGUISHERS WILL BE PROVIDED AS REQUIRED BY AUTHORITY HAVING JURISDICTION OR AS DIRECTED BY THE LOCAL FIRE DEPARTMENT.

WALL R-VALUE (CONTINUOUS) = 6  
 WALL R-VALUE (CAVITY) = 13  
 ROOF R-VALUE = 39

CONTRACTOR TO PROVIDE ESR REPORTS FOR CLOSED-CELL SPRAY FOAM SELECTED FOR REVIEW BY DESIGN PROFESSIONAL.

### SCOPE OF WORK:

NEW SINGLE FAMILY RESIDENCE W/ 2,460 SF AC SPACE. 2-STORIES ON CONCRETE PILE/FOOTER FOUNDATION PER PLAN. NEW MEP PER PLAN. IMPACT RATED WINDOWS/DOORS. METAL ROOF. 4 BEDROOMS/4.5 BATHROOMS.

# GENERAL NOTES

- THESE PLANS ARE FOR THE CONSTRUCTION OF THE BUILDING AT THE LOCATION SO DESIGNATED HERE IN.
- NO CHANGES IN THE PLANS SHALL BE MADE WITHOUT PRIOR APPROVAL OF THE DESIGN PROFESSIONAL.
- THE CONTRACTOR SHALL CHECK AND VERIFY ALL DIMENSIONS AND CONDITIONS OF THE JOB SITE AND REPORT ANY DISCREPANCIES OR UNSATISFACTORY CONDITIONS TO THE ARCHITECT BEFORE PROCEEDING WITH THE WORK.
- THE CONTRACTOR SHALL PROVIDE FOR THE SAFETY, PREVENTION OF INJURY, OR LOSS AT THE JOB SITE TO ALL PERSONS EMPLOYED TO DO WORK, PERSONS VISITING THE SITE AND THE GENERAL PUBLIC. CONTRACTOR SHALL ALSO BE RESPONSIBLE FOR THE PREVENTION OF DAMAGE TO MATERIALS OR EQUIPMENT AND OTHER PROPERTY AT THE SITE OR ADJACENT THERETO.
- THE CONTRACTOR SHALL DO ALL THE WORK IN STRICT CONFORMANCE TO THE PLAN, 2020 FLORIDA BUILDING CODE (7TH EDITION), LOCAL CODES AND ORDINANCES, MANUFACTURER'S RECOMMENDATIONS AND ACCEPTABLE TRADE PRACTICES. THE MOST STRINGENT REQUIREMENTS SHALL GOVERN WHEN CONDITIONS CONFLICT. HOWEVER THE ARCHITECT SHALL BE NOTIFIED OF ALL CONFLICTS.
- SHOP DRAWINGS OF ALL PREFABRICATED STRUCTURAL SYSTEMS SHALL HAVE THE SEAL OF A REGISTERED FLORIDA ENGINEER AS REQUIRED BY BUILDING CODE AND SHALL BE SUBMITTED TO THE ARCHITECT/ENGINEER BY THE CONTRACTOR FOR REVIEW PRIOR TO CONSTRUCTION.
- CONTRACTOR SHALL NOT SCALE DRAWINGS. ANY INFORMATION THAT HE CANNOT OBTAIN FROM DIMENSIONS, DETAILS, OR SCHEDULES, HE SHALL NOTIFY THE ARCHITECT.
- CONTRACTOR SHALL CHECK AND COORDINATE WORK OF VARIOUS TRADES TO PREVENT CONFLICTS.
- CONTRACTOR SHALL FURNISH SUBCONTRACTORS WITH A COMPLETE SET OF PLANS.
- PLUMBING AND A/C SHALL CONFORM TO THE STATE OF FLORIDA ENERGY CODE.
- ALL ELECTRICAL WORK SHALL CONFORM TO THE NATIONAL ELECTRIC CODE AND FLORIDA BUILDING CODE.
- PORTABLE REST ROOM FACILITIES SHALL BE PROVIDED AT SITE BY CONTRACTOR.
- COMPLETE HOT AND COLD WATER SYSTEMS, VENTS, WASTE AND DRAIN SYSTEMS TO SEPTIC TO CODE, SHALL BE FURNISHED.
- PROVIDE PLASTIC SLEEVES IN MASONRY, PARTITIONS, FOUNDATIONS, ETC., AS REQUIRED FOR UTILITY SERVICE.
- ALL BOLTS, CLIPS, HANGERS, ETC., SHALL BE GALVANIZED OR STAINLESS.
- NO PIPES, CONDUITS OR JUNCTION BOXES ARE TO BE PLACED IN SLABS OR COLUMNS, UNLESS SPECIFICALLY SHOWN ON STRUCTURAL DRAWINGS.
- CONTRACTOR IS RESPONSIBLE FOR THE PROPER REMOVAL OF ALL DEBRIS.
- ALL ELEVATIONS ARE MEASURED FROM NGVD 1929.

# CODE INFORMATION

**BUILDING CODE:** 2020 FLORIDA BUILDING CODE, 6TH EDITION  
**MECHANICAL CODE:** 2020 FLORIDA MECHANICAL CODE  
**PLUMBING CODE:** 2020 FLORIDA PLUMBING CODE
