Excerpt from City Code Sec. 26-192. - Unreasonably excessive noise prohibited.

Noise limitations - Within a core commercial district as defined in this article, the maximum dBA and dBC sound levels permitted on any property located therein shall be as follows:

The average measurement taken between ten (10) and twenty (20) seconds shall be no greater than the maximum levels set out below. The measurement shall be taken from the sound source property line, or individual lease boundary in the case of property which has been subdivided by the execution of individual leases, of the noise generating property at a location that is closest to the complainant's property line:

- a. Eighty-five (85) dBA or ninety-four (94) dBC between the hours of 11:00 a.m. and 2:59 a.m. b. Seventy-five (75) dBA or eighty-four (84) dBC between the hours of 3:00 a.m. and 10:59 a.m.*

In any residential or commercial district as defined in this article, a decibel meter shall be used for a complaint of unreasonable noise made at or within 100 feet of the property line of the sound source. The decibel reading shall be made at the location of the complaint. The investigating officer shall issue a citation for unreasonably excessive noise, unless in his judgment a warning is sufficient to cease the violation. There shall be no more than a total of one warning per offending person or establishment.

Events that expect to exceed decibel levels set for their area must get a Noise Exemption from the City Commission. Noise Exemptions cannot be issued for the same location within 60 days of the last noise exemption approval.

Describe the Potential Noise Sources: _____

Do you wish to apply for a Noise Exemption? Yes Need City Commission Approval No

INITIALS REQUIRED

- MR 1. Applicant(s) has reviewed the City Code regarding Noise limitations and understands that an exemption from the noise control ordinance requires approval from the City Commission. Applications for noise exemptions must be received 30 days before the event.
- MR 2. The processing fee for the application is \$85.16, due upon submission of application. Include this fee in the Special Event Fee Schedule.
- MR 3. Notice of the City Commission’s proposed action on a Noise Exemption shall be published in a newspaper of general circulation at least five days prior to the date of the Commission meeting, as well as mailed to all property owners and occupants located within a 100-foot radius of the proposed event. The applicant is required to pay for the newspaper advertisement.

For more information on Noise and Noise Exemptions, consult the Special Event Guide and read the [City Code Section 26-192](#)

I'm assuming that we stayed with the same route. If so approved

THE CITY OF KEY WEST

Post Office Box 1409 Key West, FL 33041-1409 (305) 809-3933

To: City of Key West

From: Division Chief/Fire Marshal Jason Barroso

Date: 8/24/2023

Reference: Holiday Parade

This office reviewed the special event application for the Holiday Parade to be held on Truman Ave to Duval Street December 2, 2023.

The following conditions apply:

- All non-walking floats need to have a Fire Safety Inspection before parade.
- **Event coordinator is responsible for scheduling the inspection with this office.**

If I can be of any further assistance, please contact me.

Float Requirements

The Key West Fire Department will be conducting safety inspections on all floats participating in any parade. The inspections will begin prior to parade start time. Inspection time will be coordinated by the Fire Marshal's Office and the event organizer. It is extremely important that all floats arrive at the inspection area at the time specified by the organizer, and each float has someone familiar with the operations of the float to demonstrate all safety equipment. Each float will require one member of the team to stay with the float while in the staging area. All floats not having an inspection will not be allowed to participate in the parade.

All floats must be inspected before the parade begins.

Float Inspection

1. Sponsor's name and name of responsible party for each entry
2. One responsible person must remain with the float from registration to "step-off"
3. All fire safety precautions listed must remain with the float for the entire event
4. Floats may not leave the staging area after inspection until "step-off"
5. **Entries must be inspected no later than 5:00 PM**

Prohibited Items

1. Water Cannons, Squirt guns, Sprayers
2. Smoke Generators or Excessive Smoke
3. Any device that projects materials toward the crowd
4. Fireworks, Pyrotechnics, or flammables of any type
5. Firearms, actual or simulated
6. Fuel for filling generators; refueling generators after "step-off" is prohibited

Safety Precautions Required

1. Two working portable fire extinguishers with a rating of not less than 3A40BC to be located one at the front and one at the rear of the float with participants aware of the location and operation
2. Generators must be in good working order with adequate ventilation and distance between heated exhaust and flammable materials such as bunting, fabric, and papier mache
3. Lighting devices must be properly wired and have adequate distance from flammable materials such as bunting, fabric, and papier mache
4. Floats must be structurally sound for riders as well as spectators. Any float deemed dangerous will require repair prior to passing inspection
5. **No open flames of any type**
6. **Maximum float height – 13'6"**

Remember when designing the float to allow for tight turns along the route. The tow vehicle should be in good working order and powerful enough to tow the float without breaking down. **The driver is responsible for the safety of all riders and the spectators around the float.**
