701 Caroline st / 200 William st MARKER HOTEL

attached you will find pictures and requirements for a mural painting at 200 William street. This mural is located on the back wall of the ADA ramp (see pictures).

The wall is concrete and stucco on a white background. The dimensions are 33'6" and 64" high at the top of the ramp and 84" at the entrance to the ramp.

The colors are shades of green yellow orange and blue on a white background . The mural is not an advertisement and is an abstract of the surrounding landscaping and keeping in the abstract theme with art in public places that is on the site .

Materials are a latex based paint and is painted free hand with tracing . The surrounding area is at the William st turn around . This area has the adjacent water front brewery and BO s fish wagon . The fish wagon is an eclectic building consisting of pieces of old key west but is actually a relatively new building built in the 90's. The waterfront brewery is an historic building on the William st corridor and ties into the historic harbor walk . The murals were done by artist Wyland .

The location of the mural being on William st is set back from the street and is partially blocked by the front wall of the ADA ramp. Though noticeable from the street the mural does not distract the driver or biker that would create a safety issue.

I have provided pictures for you to see and explains there locations. The hotel owners who recently purchased the property were not aware of the ordinances requiring approval and have asked me to represent them in this after the fact approval.

Maintenance of the mural is being handled by the hotel on site staff. Any touch up of the painting or damage repair will be handled by WALDROP+NICHOLS STUDIOS who designed and provided the artist for the mural. The removal method would be power washing and repaint the white background .

Thank you for your consideration of this project .
