Hi Mr Bradshaw,

Per our phone conversation; I am requesting to have the 3 dock businesses at E-10-11-12 to be legally separate. Each with it's own name and business.

This is how I acquired the Leases, one at a time under various names. First just my name, then "Boom Boom Charters" finally under Key West Sailing Adventures, inc.

I would like to maintain the Corp name as it is now for one of the boat business St Vitus Dance, but revert back or merely change 2 of the slip lease businesses to other legal named and licensed entities.

The documentations are current with the USCG. However, the first conversion would be Obsession in Slip E-12. The documentation is in my name alone not Corp. It goes back to 1995.

Further I can show I am 100% owner of all shares of Key West sailing adventures, Inc.

With this control I respectfully request the Bight Board grant this legal change to have three separate businesses keeping just one in the now Corp name.

Thank You Albert W Tropea
