

Key West Bight Preservation Association Inc.

PO Box 674 Key West, FL. 33041

November 2018

REPORT: To the Key West Bight Management District Board

The Key West Bight Preservation Association (KWBPA) meets 3 - 4 times a year, or more often as deemed needed, with one meeting being the annual meeting for election of Broad members.

The current KWBPA board members are as follows.

Jack Anderson,
Leslie Levis,
Tom Stroh,
Steve Talbott,
Evalena Worthington,
Bill Foley,
Paul McGrail

When needed and available, a KWBPA Board Member will address the Bight Board with updates and on the ground information on CRA issues.

It is gratifying that recently there has not been numerous contentious issues that would cause for more frequent KWBPA meetings. Mainly because every KWBPA Board member is already very preoccupied with running their prospective businesses at the Historic Seaport, and generating the revenue that keeps the Historic Seaport and CRA the most successful and self sufficient part of the City of Key West.

The KWBPA wants to thank the entire Bight Board for donating their time to the CRA while fairly and wisely dealing with the month to month issues at the Historic Seaport and Key West Bight Marina. And a special thank you goes out to Barry Gibson, who, as our designate, has kept the KWBPA board fully informed on the issues and has represented the grassroots tenants well.

The KWBPA would like to take this opportunity to invite everyone to the lighting of the "Harbor Walk of Lights" Wednesday, November 21, at 6:00, kicking off the 13th Annual Key West "Bight" before Christmas Celebration. Please watch for a flyer on the lighting to follow soon. For complete holiday event information and updates, please see KeyWestChristmas.org.
