

November 2, 2011

Dear Mayor & Commissioners,

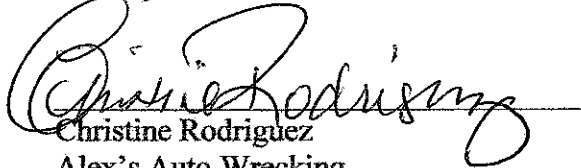

Please accept this letter as our formal request and endorsement to pass the proposed non-consent towing ordinance without delay.

We are in TOTAL agreement and we represent the majority within our industry.

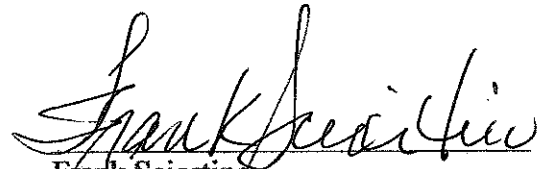

We do not wish to have a workshop nor do we think it is necessary as we have already discussed and previewed the Proposal, however if you feel it is essential we will be present.

We respectfully request that the proposed Ordinance be placed on the November 15, 2011 agenda.

Thank you,

Christine Rodriguez
