**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**1/2 TON PICKUP TRUCK - 4X4  
SPECIFICATION #44**

**2010 GMC Sierra 1500 (TK10703/1SA)**

The GMC Sierra 1500 (TK10703/1SA) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$17,320.00	\$17,197.00	\$17,155.00	\$17,180.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**1/2 TON PICKUP TRUCK - 4X4  
SPECIFICATION #44**

**2010 Toyota Tundra (8322)**

The Toyota Tundra (8322) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$23,242.00	\$23,042.00	\$22,942.00	\$22,942.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Manufacturer's standard V8 gasoline engine, alternator, battery and cooling package.

2. TRANSMISSION/AXLES:

- a. Manufacturer's standard automatic transmission.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. COMFORT ITEMS:

- a. Manufacturer's standard air conditioning with 134A system.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual outside mirrors and inside rearview mirror.
- b. Interior dome lights with left and right door activated switches.
- c. Manufacturer's standard air bags.

6. BRAKES:

- a. Four wheel anti-lock brake ABS system.

7. TIRES AND WHEELS:

- a. Manufacturer's standard tires and wheels.
- b. Conventional spare tire mounted underbody.

8. CHASSIS, FRAME, CAB:

- a. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- b. Manufacturer's standard fuel tank.
- c. Manufacturer's standard front and rear bumpers.
- d. Fleetside long bed.

#### 9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

FLORIDA FIRE CHIEFS' ASSOCIATION**

**3/4 TON PICKUP TRUCK - 4X2  
SPECIFICATION #45**

**2010/2011 Chevrolet Silverado 2500 HD (CC20903)**

The Chevrolet Silverado 2500 HD (CC20903) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$17,017.00	\$16,992.00	\$16,942.00	\$16,992.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

# FLORIDA SHERIFFS ASSOCIATION, FLORIDA ASSOCIATION OF COUNTIES & FLORIDA FIRE CHIEFS' ASSOCIATION

## 3/4 TON PICKUP TRUCK - 4X4 SPECIFICATION #46

2010/2011 Ford F-250 SD (F2B)  
2010/2011 Chevrolet Silverado 2500 HD (CK20903)  
2010/2011 GMC Sierra 2500 HD (TK20903)  
2010/2011 Dodge Ram 2500 (DH7L62)

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Manufacturer's standard V8 gasoline engine, alternator, battery and cooling package.

2. TRANSMISSION/AXLES:

- a. Manufacturer's standard automatic transmission.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.
- c. Limited slip differential on 4-wheel drive.

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. COMFORT ITEMS:

- a. Manufacturer's standard air conditioning with 134A system.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual outside mirrors and inside rearview mirror.
- b. Interior dome lights with left and right door activated switches.
- c. Manufacturer's standard air bags.

6. BRAKES:

- a. Four wheel anti-lock brake ABS system.

7. TIRES AND WHEELS:

- a. Manufacturer's standard tires and wheels.
- b. Conventional spare tire mounted underbody.

8. CHASSIS, FRAME, CAB:

- a. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- b. Manufacturer's standard fuel tank.
- c. Manufacturer's standard front and rear bumpers.
- d. Fleetside long bed.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**3/4 TON PICKUP TRUCK - 4X4  
SPECIFICATION #46**

**2010/2011 Ford F-250 SD (F2B)**

The Ford F-250 SD (F2B) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$18,261.00	\$18,341.00	\$18,328.00	\$18,261.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**3/4 TON PICKUP TRUCK - 4X4  
SPECIFICATION #46**

**2010/2011 Chevrolet Silverado 2500 HD (CK20903)**

The Chevrolet Silverado 2500 HD (CK20903) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$19,089.00	\$18,989.00	\$18,939.00	\$18,989.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

# **FLORIDA SHERIFFS ASSOCIATION, FLORIDA ASSOCIATION OF COUNTIES & FLORIDA FIRE CHIEFS' ASSOCIATION**

## **3/4 TON PICKUP TRUCK - 4X4 SPECIFICATION #46**

### **2010/2011 GMC Sierra 2500 HD (TK20903)**

The GMC Sierra 2500 HD (TK20903) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$20,207.00	\$19,692.00	\$19,642.00	\$19,667.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Manufacturer's standard V8 gasoline engine, alternator, battery and cooling package.

2. TRANSMISSION/AXLES:

- a. Manufacturer's standard automatic transmission.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. COMFORT ITEMS:

- a. Manufacturer's standard air conditioning with 134A system.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Manufacturer's standard outside mirrors and inside rearview mirror.
- b. Interior dome lights with left and right door activated switches.
- c. Manufacturer's standard air bags.

6. BRAKES:

- a. Four wheel anti-lock brake ABS system.

7. TIRES AND WHEELS:

- a. Manufacturer's standard tires and wheels.
- b. Conventional spare tire mounted underbody.

8. CHASSIS, FRAME, CAB:

- a. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- b. Manufacturer's standard fuel tank.
- c. Manufacturer's standard front and rear bumpers.
- d. Fleetside long bed.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

## **1 TON PICKUP TRUCK (DUAL REAR WHEEL) - 4X2 SPECIFICATION #47**

### **2010/2011 Ford F-350 SD (F3C)**

The Ford F-350 SD (F3C) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$17,481.00	\$17,421.00	\$17,441.00	\$17,481.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**1 TON PICKUP TRUCK (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #47**

**2010/2011 Chevrolet Silverado 3500 HD - Ext. Cab (CC30953)**

The Chevrolet Silverado 3500 HD - Ext. Cab (CC30953) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$20,476.00	\$20,476.00	\$20,476.00	\$20,476.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**1 TON PICKUP TRUCK (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #47**

**2010/2011 Dodge Ram 3500 (D13L62)**

The Dodge Ram 3500 (D13L62) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$27,959.00	\$27,959.00	\$27,959.00	\$27,959.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**1 TON PICKUP TRUCK (DUAL REAR WHEEL) - 4X4  
SPECIFICATION #48**

**2010/2011 Chevrolet Silverado 3500 HD - Reg. Cab (CK30903)**

The Chevrolet Silverado 3500 HD - Reg. Cab (CK30903) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$21,254.00	\$21,154.00	\$21,104.00	\$21,124.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**1 TON PICKUP TRUCK (DUAL REAR WHEEL) - 4X4  
SPECIFICATION #48**

**2010/2011 GMC Sierra 3500 HD - Reg. Cab (TK30903)**

The GMC Sierra 3500 HD - Reg. Cab (TK30903) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$22,304.00	\$22,154.00	\$22,104.00	\$22,129.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Manufacturer's standard gas engine, alternator, battery and cooling package.

2. TRANSMISSION/AXLES:

- a. Manufacturer's standard automatic transmission.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. COMFORT ITEMS:

- a. Manufacturer's standard air conditioning with 134A system.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
- b. Interior dome lights with left and right door activated switches.
- c. Manufacturer's standard air bags.

6. BRAKES:

- a. Four wheel anti-lock brake ABS system.

7. TIRES AND WHEELS:

- a. Manufacturer's standard tires and wheels.
- b. Conventional spare tire.

8. CHASSIS, FRAME, CAB:

- a. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- b. Manufacturer's standard fuel tank.
- c. Manufacturer's standard bumper.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #49**

**2010/2011 Ford F-350 (F3G)**

The Ford F-350 (F3G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$17,731.00	\$17,591.00	\$17,631.00	\$17,731.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #49**

**2010/2011 GMC Sierra 3500 HD (TC31003)**

The GMC Sierra 3500 HD (TC31003) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$19,052.00	\$18,787.00	\$18,737.00	\$18,762.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #49**

**2010/2011 Dodge Ram 3500 (DC3L63)**

The Dodge Ram 3500 (DC3L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$25,476.00	\$25,476.00	\$25,476.00	\$25,476.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Manufacturer's standard gas engine, alternator, battery and cooling package.

2. TRANSMISSION/AXLES:

- a. Manufacturer's standard automatic transmission.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.
- c. Limited slip differential on 4-wheel drive.

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. COMFORT ITEMS:

- a. Manufacturer's standard air conditioning with 134A system.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
- b. Interior dome lights with left and right door activated switches.
- c. Manufacturer's standard air bags.

6. BRAKES:

- a. Four wheel anti-lock brake ABS system.

7. TIRES AND WHEELS:

- a. Manufacturer's standard tires and wheels.
- b. Conventional spare tire.

8. CHASSIS, FRAME, CAB:

- a. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- b. Manufacturer's standard fuel tank.
- c. Manufacturer's standard bumper.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

## **1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #50**

### **2010/2011 Ford F-350 (F3H)**

The Ford F-350 (F3H) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$20,534.00	\$20,491.00	\$20,491.00	\$20,534.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4  
SPECIFICATION #50**

**2010/2011 Chevrolet Silverado 3500 HD (CK31003)**

The Chevrolet Silverado 3500 HD (CK31003) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$22,199.00	\$21,926.00	\$21,876.00	\$21,894.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4  
SPECIFICATION #50**

**2010/2011 Dodge Ram 3500 (DC8L63)**

The Dodge Ram 3500 (DC8L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$27,973.00	\$27,973.00	\$27,973.00	\$27,973.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

## TILT CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #51

2010/2011 International CF500 (KL045)

2010/2011 Isuzu NF154

2010/2011 Mitsubishi Fuso (FE125)

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Diesel engine, 4 cylinder turbo charged, minimum displacement 4.5L, minimum 175 HP and 347 lb.-ft. torque.
- b. Heavy duty alternator, minimum capacity 80 amps.
- c. Maintenance free heavy duty battery, minimum 750 CCA.
- d. Manufacturer's heavy duty engine cooling intercooled diesel.

2. TRANSMISSION/AXLES:

- a. Manufacturer's standard automatic transmission.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. COMFORT ITEMS:

- a. Manufacturer's standard air conditioning with 134A system.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
- b. Interior dome lights with left and right door activated switches.
- c. Manufacturer's standard air bags, if available.
- d. Minimum 2 speed electric wipers with wet arm washers.
- e. Collapsible steering column, if available.
- f. Manufacturer's standard convex mirrors.

6. BRAKES:

- a. Four wheel anti-lock brake ABS system.

7. TIRES AND WHEELS:

- a. BSW steel belted radials, 215/85R16E minimum.
- b. 16 x 6.0 steel - 6-hole disc wheels.
- c. Tire capacity: front - 2,400 lbs. (ea.); rear - 2,200 lbs. (ea.).

8. CHASSIS, FRAME, CAB:

- a. Minimum 12,000 lb. GVWR.
- b. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- c. Manufacturer's standard fuel tank.
- d. Manufacturer's standard bumper.
- e. Cab with 45-degree mechanical tilt with torsion assist.
- f. Tilt cab & chassis only.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

FLORIDA FIRE CHIEFS' ASSOCIATION**

**TILT CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #51**

**2010/2011 International CF500 (KL045)**

The International CF500 (KL045) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$38,230.00	\$38,230.00	\$38,230.00	\$38,230.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**TILT CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #51**

**2010/2011 Mitsubishi Fuso (FE125)**

The Mitsubishi Fuso (FE125) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$30,620.00	\$30,670.00	\$30,714.00	\$30,714.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

## 15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2 SPECIFICATION #52

2010/2011 Ford F-450 (F4G)  
2010/2011 Dodge Ram 4500 (DM4L63)

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Maintenance free heavy duty battery, minimum 750 CCA.
- b. Manufacturer's heavy duty engine cooling.
- c. Manufacturer's standard diesel engine.
- d. Heavy duty alternator, minimum capacity 100 amps.

2. TRANSMISSION/AXLES:

- a. Manufacturer's standard automatic 4-speed transmission with overdrive and manufacturer's heavy duty cooling.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.
- c. Heavy duty front and rear shocks.

4. COMFORT ITEMS:

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
- b. Interior dome lights with left and right door activated switches.
- c. Air bags for driver and right front passenger, if available.
- d. Minimum 2 speed electric wipers with wet arm washers.

6. BRAKES:

- a. Rear anti-lock brakes, minimum.
- b. Power brakes, front brakes disc type, rear brakes may be drum or disc.

7. TIRES AND WHEELS:

- a. BSW all season tread radial, 19.5" heavy duty truck tires.
- b. Manufacturer's spare tire and rim, if available.

8. CHASSIS, FRAME, CAB:

- a. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- b. Front bumper, bright or painted.
- c. Fuel tank capacity, 34 gallons minimum.
- d. Cab to center of rear axle - 60" approximately.
- e. Minimum 15,000 lbs. GVWR.
- f. Cab & chassis only.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #52**

**2010/2011 Ford F-450 (F4G)**

The Ford F-450 (F4G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$29,391.00	\$29,391.00	\$29,391.00	\$29,391.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

## 15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #53

2010/2011 Ford F-450 (F4H)  
2010/2011 Dodge Ram 4500 (DM9L63)

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Maintenance free heavy duty battery, minimum 750 CCA.
- b. Manufacturer's heavy duty engine cooling.
- c. Manufacturer's standard diesel engine.
- d. Heavy duty alternator, minimum capacity 100 amps.

2. TRANSMISSION/AXLES:

- a. Manufacturer's standard automatic 4-speed transmission with overdrive and manufacturer's heavy duty cooling.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.
- c. Limited slip differential on 4-wheel drive.

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.
- c. Heavy duty front and rear shocks.

4. COMFORT ITEMS:

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
- b. Interior dome lights with left and right door activated switches.
- c. Air bags for driver and right front passenger, if available.
- d. Minimum 2 speed electric wipers with wet arm washers.

6. BRAKES:

- a. Rear anti-lock brakes, minimum.
- b. Power brakes, front brakes disc type, rear brakes may be drum or disc.

7. TIRES AND WHEELS:

- a. BSW all season tread radial, 19.5" heavy duty truck tires.
- b. Manufacturer's spare tire and rim, if available.

8. CHASSIS, FRAME, CAB:

- a. Cab to center of rear axle - 60" approximately.
- b. Minimum 15,000 lbs. GVWR.
- c. Cab & chassis only.
- d. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- e. Front bumper, bright or painted.
- f. Fuel tank capacity, 34 gallons minimum.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4  
SPECIFICATION #53**

**2010/2011 Ford F-450 (F4H)**

The Ford F-450 (F4H) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$32,907.00	\$32,907.00	\$32,907.00	\$32,907.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4  
SPECIFICATION #53**

**2010/2011 Dodge Ram 4500 (DM9L63)**

The Dodge Ram 4500 (DM9L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$30,904.00	\$30,904.00	\$30,904.00	\$30,904.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Maintenance free heavy duty battery, minimum 750 CCA.
- b. Manufacturer's heavy duty engine cooling.
- c. Diesel engine, minimum 190 HP
- d. Heavy duty alternator, minimum capacity 100 amps.

2. TRANSMISSION/AXLES:

- a. Manufacturer's standard automatic 4-speed transmission with overdrive and manufacturer's heavy duty cooling.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.
- c. Heavy duty front and rear shocks.

4. COMFORT ITEMS:

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
- b. Interior dome lights with left and right door activated switches.
- c. Air bags for driver and right front passenger, if available.
- d. Minimum 2 speed electric wipers with wet arm washers.

6. BRAKES:

- a. Rear anti-lock brakes, minimum.

- b. Power brakes, front brakes disc type, rear brakes may be drum or disc.

7. TIRES AND WHEELS:

- a. BSW all season tread radial, 19.5" heavy duty truck tires.
- b. Manufacturer's standard size spare tire and rim, if available.

8. CHASSIS, FRAME, CAB:

- a. Cab to center of rear axle - 60" approximately.
- b. Minimum 17,501 lbs. GVWR.
- c. Cab & chassis only.
- d. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- e. Front bumper, bright or painted.
- f. Fuel tank capacity, 34 gallons minimum.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #54**

**2010/2011 Dodge Ram 5500 (DM5L63)**

The Dodge Ram 5500 (DM5L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$29,228.00	\$29,228.00	\$29,228.00	\$29,228.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #54**

**2010/2011 International Durastar**

The International Durastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$45,306.00	\$45,306.00	\$45,306.00	\$45,306.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #54**

**2010/2011 Peterbilt 325**

The Peterbilt 325 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$53,175.00	\$53,175.00	\$53,175.00	\$51,093.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Diesel engine, minimum 190 HP
- b. Heavy duty alternator, minimum capacity 100 amps.
- c. Maintenance free heavy duty battery, minimum 750 CCA.
- d. Manufacturer's heavy duty engine cooling.

2. TRANSMISSION/AXLES:

- a. Manufacturer's standard automatic 4-speed transmission with overdrive and manufacturer's heavy duty cooling.
- b. Manufacturer's standard drive axle ratio for engine and transmission combination.
- c. Limited slip differential on 4-wheel drive.

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.
- c. Heavy duty front and rear shocks.

4. COMFORT ITEMS:

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
- b. Interior dome lights with left and right door activated switches.
- c. Air bags for driver and right front passenger, if available.
- d. Minimum 2 speed electric wipers with wet arm washers.

6. BRAKES:

- a. Rear anti-lock brakes, minimum.
- b. Power brakes, front brakes disc type, rear brakes may be drum or disc.

7. TIRES AND WHEELS:

- a. BSW all season tread radial, 19.5" heavy duty truck tires.
- b. Manufacturer's standard size spare tire and rim, if available.

8. CHASSIS, FRAME, CAB:

- a. Cab to center of rear axle - 60" approximately.
- b. Minimum 17,501 lbs. GVWR.
- c. Cab & chassis only.
- d. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- e. Front bumper, bright or painted.
- f. Fuel tank capacity, 34 gallons minimum.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4  
SPECIFICATION #55**

**2010/2011 Ford F-550 (F5H)**

The Ford F-550 (F5H) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$34,316.00	\$34,308.00	\$34,198.00	\$34,283.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4  
SPECIFICATION #55**

**2010/2011 Dodge Ram 5500 (DM0L63)**

The Dodge Ram 5500 (DM0L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$32,222.00	\$32,222.00	\$32,222.00	\$32,222.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

# **FLORIDA SHERIFFS ASSOCIATION, FLORIDA ASSOCIATION OF COUNTIES & FLORIDA FIRE CHIEFS' ASSOCIATION**

## **17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4 SPECIFICATION #55**

### **2010/2011 Freightliner M2**

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$63,969.00	\$62,869.00	\$62,869.00	\$62,869.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2010/2011 Peterbilt 330

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. Diesel engine, minimum 200 HP

2. **TRANSMISSION/AXLES:**

- a. All axles, synthetic lube.
- b. Allison 2100 RDS transmission (with PTO provision) minimum, or approved equivalent.
- c. 17,500 lb. rear

3. **PERFORMANCE ITEMS:**

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. **COMFORT ITEMS:**

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. **SAFETY ITEMS:**

- a. Dual mount outside mirrors to provide field of vision for vehicles to 102" wide.
- b. Convex mirrors mounted below standard mirrors.
- c. Interior dome lights with left and right door activated switches.
- d. Air bags for driver and right front passenger, if available.
- e. Minimum 2 speed electric wipers with wet arm washers.

6. **BRAKES:**

- a. Factory air brakes, anti-lock, slack adjusters and dust shields.

7. **TIRES AND WHEELS:**

- a. BSW 11R22.5 (14 PR) Goodyear G149, or approved equivalent, front and rear.
- b. Front wheel seals, synthetic lube.

8. CHASSIS, FRAME, CAB:

- a. Minimum 25,500 lbs. GVWR.
- b. Cab & chassis only.
- c. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- d. Front bumper, bright or painted.
- e. Factory front tow hooks.
- f. Fuel tank capacity, 45 gallons minimum.
- g. Cab to center of rear axle - 84" approximately.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #56**

**2010/2011 Ford F-650 (F6F)**

The Ford F-650 (F6F) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$49,251.00	\$49,251.00	\$49,251.00	\$49,251.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #56**

**2010/2011 Freightliner M2**

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$35,976.00	\$35,976.00	\$35,976.00	\$35,976.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #56**

**2010/2011 International Durastar**

The International Durastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$46,374.00	\$46,374.00	\$46,374.00	\$46,374.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #56**

**2010/2011 Kenworth T270**

The Kenworth T270 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$55,853.00	\$55,724.00	\$57,515.00	-- No bid --

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #56**

**2010/2011 Peterbilt 330**

The Peterbilt 330 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$53,170.00	\$53,170.00	\$53,170.00	\$57,136.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Diesel engine, minimum 200 HP

2. TRANSMISSION/AXLES:

- a. Allison 2500 RDS transmission (with PTO provision) minimum, or approved equivalent.
- b. 21,000 lb. rear
- c. All axles, synthetic lube.

3. PERFORMANCE ITEMS:

- a. Manufacturer's standard power steering.
- b. Manufacturer's standard gauges.

4. COMFORT ITEMS:

- a. Air conditioning, factory installed.
- b. Manufacturer's standard tinted glass all around.
- c. Manufacturer's standard AM/FM stereo.
- d. Heavy duty rubber floor covering instead of carpet.
- e. Manufacturer's standard production seats. Purchaser will select color at time of order.
- f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

- a. Dual mount outside mirrors to provide field of vision for vehicles to 102" wide.
- b. Convex mirrors mounted below standard mirrors.
- c. Interior dome lights with left and right door activated switches.
- d. Air bags for driver and right front passenger, if available.
- e. Minimum 2 speed electric wipers with wet arm washers.

6. BRAKES:

- a. Factory air brakes, anti-lock, slack adjusters and dust shields.

7. TIRES AND WHEELS:

- a. BSW 11R22.5 (14 PR) Goodyear G149, or approved equivalent, front and rear.
- b. Front wheel seals, synthetic lube.

8. CHASSIS, FRAME, CAB:

- a. Minimum 30,000 lbs. GVWR.
- b. Cab & chassis only.
- c. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
- d. Front bumper, bright or painted.
- e. Factory front tow hooks.
- f. Fuel tank capacity, 45 gallons minimum.
- g. Cab to center of rear axle - 84" approximately.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

FLORIDA FIRE CHIEFS' ASSOCIATION**

**30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #57**

**2010/2011 Ford F-750 (F7F)**

The Ford F-750 (F7F) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$48,999.00	\$49,099.00	\$49,199.00	\$49,299.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #57**

**2010/2011 Freightliner M2**

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$30,005.00	\$30,005.00	\$30,005.00	\$30,005.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #57**

**2010/2011 Hino 338**

The Hino 338 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$55,591.00	\$55,591.00	\$55,591.00	\$55,591.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #57**

**2010/2011 International Durastar**

The International Durastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$47,513.00	\$47,513.00	\$47,513.00	\$47,513.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #57**

**2010/2011 Kenworth T370**

The Kenworth T370 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$56,151.00	\$56,023.00	\$57,915.00	-- No bid --

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2  
SPECIFICATION #57**

**2010/2011 Peterbilt 335**

The Peterbilt 335 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$56,608.00	\$56,608.00	\$56,608.00	\$61,382.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

## FLORIDA SHERIFFS ASSOCIATION, FLORIDA ASSOCIATION OF COUNTIES & FLORIDA FIRE CHIEFS' ASSOCIATION

### **52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY)** **SPECIFICATION #58**

2010/2011 Freightliner M2-112  
2010/2011 International Workstar  
2010/2011 Kenworth T800  
2010/2011 Mack C or G Series  
2010/2011 Peterbilt 367  
2010/2011 Volvo V Series  
2010/2011 Western Star 4900

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. 350 HP 6 cylinder diesel engine, 11L minimum

2. **TRANSMISSION & CLUTCH:**

- a. The following or approved equivalents are acceptable:
- b. Fuller 14210B 10 Speed Manual with OD

3. **ENGINE EQUIPMENT:**

- a. Alternator – 12 volt 100A
- b. Premium engine hoses
- c. Injection pump – electronic engine control
- d. Radiator – aluminum core
- e. Air restriction monitor – intake mounted

4. **CAB:**

- a. Cab – welded steel galvanized or aluminum shell with rust preventative coating.
- b. Floor covering – black rubber mats
- c. Seating – driver air suspension mid back, passenger fixed mid back.
- d. Steering wheel – 18" two spoke
- e. Standard air conditioning

5. **FRAME:**

- a. Frame – steel construction with 10.0" x 3.38" x .24" (254 x 86 x 6 mm) section modulus 10.44 cu in / RBM, 1,150,000 in lbs per rail.
- b. Wheelbase – 187"
- c. Load platform – 161" 56" AF
- d. Front bumper – painted steel
- e. Fuel tank – 70 gallon, minimum
- f. Air dryer – bendix AD9 heated, or approved equivalent.
- g. 5th wheel - stationary with left hand release.

6. SAFETY:

- a. Horn – single air trumpet
- b. Mirrors – West Coast for 102" trailer widths to include 7.5" convex mounted to lower mirror bracket.
- c. Windshield wipers – 2 speed with intermittent feature
- d. Brakes – Meritor "S" cam type 15" x 4" Q + front and Meritor 16.5" x 7" Q + rear with antilock without automatic traction control, or approved equivalent.
- e. Slack adjusters – Haldex automatic front and rear.
- f. Daytime running lights.
- g. Backup alarm – pollak 41-722 constant audible, or approved equivalent (mounted on rear cross member).
- h. Electrical plug holder includes glad hand storage.
- i. Tractor Package to include valves, trailer lines & frame access

7. FRONT AXLE:

- a. Axle – Eaton E1200I 12,000 lb., or approved equivalent.
- b. Front wheels – steel 10 hole hub piloted
- c. Front tires – 11R22.5 Goodyear G397LHS, steer or approved equivalent.
- d. Front hubs – Ferrous, or approved equivalent.

8. REAR AXLE:

- a. Minimum 40,000 lb. rated axle and suspension
- b. Rear wheels – steel 10 hole hub piloted
- c. Rear tires – 11R22.5 Goodyear G124 unisteel traction or approved equivalent.
- d. Hubs – Ferrous, or approved equivalent.
- e. Power divider with warning light and buzzer (includes in cab control)

9. ELECTRICAL:

- a. Circuit protection – fuses except headlamp and wiper circuits which utilize circuit breakers.
- b. Hand throttle – electronic hand throttle operated through cruise control when in PTO mode only.
- c. Engine protection – engine shut down system monitoring high water temp, low oil pressure, high exhaust temp, high transmission temp.

10. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY)  
SPECIFICATION #58**

**2010/2011 Mack C or G Series**

The Mack C or G Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$82,087.00	\$81,837.00	\$81,837.00	\$81,837.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY)  
SPECIFICATION #58**

**2010/2011 Peterbilt 367**

The Peterbilt 367 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$92,513.00	\$92,513.00	\$92,513.00	\$105,865.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**2010/2011 Volvo V Series**

The Volvo V Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$74,842.00	\$74,592.00	\$74,597.00	\$74,847.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. 350 HP 6 cylinder diesel engine, 11L minimum

2. **TRANSMISSION & CLUTCH:**

- a. The following or approved equivalents are acceptable:
- b. Fuller 14210B 10 Speed Manual with OD

3. **ENGINE EQUIPMENT:**

- a. Alternator – 12 volt 100A
- b. Premium engine hoses
- c. Injection pump – electronic engine control
- d. Radiator – aluminum core
- e. Air restriction monitor – intake mounted

4. **CAB:**

- a. Cab – welded steel galvanized or aluminum shell with rust preventative coating.
- b. Floor covering – black rubber mats
- c. Seating – driver air suspension mid back, passenger fixed mid back.
- d. Steering wheel – 18" two spoke
- e. Standard air conditioning

5. **FRAME:**

- a. Frame – steel construction matched to GVW and mounted body of truck.
- b. Wheelbase – 187"
- c. Front bumper – painted steel
- d. Fuel tank – 70 gallon, minimum
- e. Air dryer – bendix AD9 heated, or approved equivalent.

6. **SAFETY:**

- a. Horn – single air trumpet
- b. Mirrors – West Coast to include 7.5" convex mounted to lower mirror bracket.
- c. Windshield wipers – 2 speed with intermittent feature
- d. Brakes – Meritor "S" cam type 15" x 4" Q + front and Meritor 16.5" x 7" Q + rear with antilock without automatic traction control, or approved equivalent.
- e. Slack adjusters – Haldex automatic front and rear.
- f. Daytime running lights.
- g. Backup alarm – pollak 41-722 constant audible, or approved equivalent (mounted on rear cross member).

7. FRONT AXLE:

- a. Front axle – 12,000 lb.
- b. Front wheels – steel 10 hole hub piloted
- c. Front tires – 11R22.5 Goodyear G397LHS, steer or approved equivalent.
- d. Front hubs – Ferrous, or approved equivalent.

8. REAR AXLE:

- a. Rear axle – 40,000 lb.
- b. Rear wheels – steel 10 hole hub piloted
- c. Rear tires – 11R22.5 Goodyear G124 unisteel traction or approved equivalent.
- d. Hubs – Ferrous, or approved equivalent.
- e. Power divider with warning light and buzzer (includes in cab control)

9. ELECTRICAL:

- a. Circuit protection – fuses except headlamp and wiper circuits which utilize circuit breakers.
- b. Hand throttle – electronic hand throttle operated through cruise control when in PTO mode only.
- c. Engine protection – engine shut down system monitoring high water temp, low oil pressure, high exhaust temp, high transmission temp.

10. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK  
SPECIFICATION #59**

**2010/2011 Autocar ACX64**

The Autocar ACX64 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$116,238.00	\$116,038.00	\$122,289.00	\$115,838.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK  
SPECIFICATION #59**

**2010/2011 Freightliner M2-112**

The Freightliner M2-112 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$47,224.00	\$47,224.00	\$47,224.00	\$47,224.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK  
SPECIFICATION #59**

**2010/2011 International Workstar**

The International Workstar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$80,179.00	\$80,179.00	\$80,179.00	\$80,179.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK  
SPECIFICATION #59**

**2010/2011 Kenworth T800**

The Kenworth T800 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$78,844.00	\$78,716.00	\$81,937.00	-- No bid --

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

# FLORIDA SHERIFFS ASSOCIATION, FLORIDA ASSOCIATION OF COUNTIES & FLORIDA FIRE CHIEFS' ASSOCIATION

## 52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #59

### 2010/2011 Mack C or G Series

The Mack C or G Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$90,520.00	\$90,270.00	\$90,270.00	\$90,270.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK  
SPECIFICATION #59**

**2010/2011 Peterbilt 367**

The Peterbilt 367 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$93,776.00	\$93,776.00	\$93,776.00	\$104,173.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

# **FLORIDA SHERIFFS ASSOCIATION, FLORIDA ASSOCIATION OF COUNTIES & FLORIDA FIRE CHIEFS' ASSOCIATION**

## **52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK SPECIFICATION #59**

### **2010/2011 Volvo V Series**

The Volvo V Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$74,249.00	\$73,999.00	\$73,997.00	\$74,247.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK  
SPECIFICATION #59**

**2010/2011 Western Star 4900**

The Western Star 4900 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$71,392.00	\$71,392.00	\$71,392.00	\$71,392.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

### **ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

#### 1. ENGINE:

- a. 300 HP 6 cylinder diesel engine, 11L minimum

#### 2. TRANSMISSION:

- a. Allison 4500 RDS automatic transmission

#### 3. ENGINE EQUIPMENT:

- a. Alternator – 12 volt 100A
- b. Premium engine hoses
- c. Injection pump – electronic engine control
- d. Radiator – aluminum core, or approved equivalent
- e. Air restriction monitor – intake mounted

#### 4. CAB:

- a. Cab – welded steel galvanized or aluminum shell with rust preventative coating.
- b. Low cab, forward mounted, tilt type.
- c. Floor covering – black rubber mats
- d. Seating – driver air suspension mid back, passenger fixed mid back.
- e. Steering wheel – 18" two spoke
- f. Standard air conditioning

#### 5. FRAME:

- a. Frame – steel construction matched to GVW and mounted body of truck.
- b. Wheelbase – 209"
- c. Front bumper – painted steel
- d. Fuel tank – 70 gallon, minimum
- e. Air dryer – bendix AD9 heated, or approved equivalent.

#### 6. SAFETY:

- a. Horn – single air trumpet

- b. Mirrors – West Coast to include 7.5" convex mounted to lower mirror bracket.
- c. Windshield wipers – 2 speed with intermittent feature
- d. Brakes – Meritor "S" cam type 15" x 4" Q + front and Meritor 16.5" x 7" Q + rear with antilock without automatic traction control, or approved equivalent.
- e. Slack adjusters – Haldex automatic front and rear.
- f. Daytime running lights.
- g. Backup alarm – pollak 41-722 constant audible, or approved equivalent (mounted on rear cross member).

7. FRONT AXLE:

- a. Front axle – 20,000 lb.
- b. Front wheels – steel 10 hole hub piloted
- c. Front tires – 11R22.5 Goodyear G397LHS, steer or approved equivalent.
- d. Front hubs – iron, or approved equivalent.

8. REAR AXLE:

- a. Rear axle – 40,000 lb.
- b. Rear wheels – steel 10 hole hub piloted
- c. Rear tires – 11R22.5 Goodyear G124 unisteel traction or approved equivalent.
- d. Hubs – iron, or approved equivalent.
- e. Power divider with warning light and buzzer (includes in cab control)

9. ELECTRICAL:

- a. Circuit protection – fuses except headlamp and wiper circuits which utilize circuit breakers.
- b. Hand throttle – electronic hand throttle operated through cruise control when in PTO mode only.
- c. Engine protection – engine shut down system monitoring high water temp, low oil pressure, high exhaust temp, high transmission temp.

10. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

(ONLY)  
SPECIFICATION #60**

**2010/2011 American LaFrance Condor**

The American LaFrance Condor purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$125,650.00	\$125,650.00	\$125,650.00	\$125,650.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**60,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE REFUSE TRUCK  
(ONLY)  
SPECIFICATION #60**

**2010/2011 Crane Carrier LET2**

The Crane Carrier LET2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$149,860.00	\$149,860.00	\$149,860.00	\$149,860.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**60,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE REFUSE TRUCK  
(ONLY)  
SPECIFICATION #60**

**2010/2011 Mack MR Series**

The Mack MR Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$111,391.00	\$111,141.00	\$110,612.00	\$110,612.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**60,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE REFUSE TRUCK  
(ONLY)  
SPECIFICATION #60**

**2010/2011 Peterbilt 320**

The Peterbilt 320 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$117,161.00	\$117,161.00	\$117,161.00	\$121,107.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. DECK:

- a. Mower shall be rotary, flex wing style.
- b. 10 gauge steel minimum
- c. Replaceable full length skid shoes
- d. Shall be easy clean style

2. BLADE CARRIER & BLADES:

- a. 7 gauge steel minimum
- b. 1 inch thick cross bar weldment
- c. "Stump Jumper" pan design
- d. 2 free swinging updraft cutting blades 1/2 inch thick, heat treated alloy steel minimum
- e. Blades shall overlap a minimum of six inches for uniform cut.
- f. Blade spindles shall be 1 1/4 inch diameter minimum.

3. WHEELS/TIRES:

- a. 6 replaceable puncture resistant foam filled airplane tailwheels.

4. POWER DISTRIBUTION:

- a. Main driveline shall be CAT 5
- b. Slip clutch protection shall be featured.
- c. Gears shall be straight bevel with tapered roller bearings.
- d. A power divider shall have a rating of 190 HP minimum.
- e. Center and wing gearboxes shall have a minimum rating of 190 HP.

5. GENERAL FEATURES:

- a. Mower shall attach to the rear of the tractor using a self level-lift hitch.
- b. Front and rear chain deflectors.
- c. Tounge shall have a jack stand.

6. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**15 FT. FLEX WING ROTARY MOWER - PTO DRIVEN  
SPECIFICATION #61**

**2010 Alamo Eagle 15**

The Alamo Eagle 15 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$14,610.00	\$14,610.00	\$14,610.00	\$14,610.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**2010 Rhino FR15**

The Rhino FR15 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$15,042.00	\$14,365.00	\$14,365.00	\$15,042.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2010 Kubota ZG327P-60  
2010 New Holland G5030Z

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. 25 horsepower gas engine
- b. 7 gallon fuel tank
- c. Positive feed oil system with spin on filter.
- d. Heavy duty air cleaner
- e. Electric start

2. DRIVE TRAIN/AXLES:

- a. Hydraulic gear pumps
- b. High torque wheel motors
- c. Spin on hydraulic filters

3. DECK:

- a. 60" heavy duty mower deck
- b. 3 blade spindles
- c. Belt driven
- d. Manual deck lift
- e. 1" to 5" cutting height
- f. Deck engagement electric clutch

4. WHEELS:

- a. Front wheels - 13x6-6 ribbed, minimum
- b. Rear wheels - 24x11.5-12 turf

5. COMFORT & CONVENIENCE:

- a. High back full suspension seat
- b. Adjustable steering/motion control levers
- c. Flip up hood
- d. Easy access operator controls
- e. ROPS bar

6. APPROXIMATE MACHINE DIMENSIONS:

- a. Length - 82"
- b. Height - 72" with ROPS
- c. Width - 63" without chute

7. CONDITIONS:

- a. In addition to equipment specified, mower will be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA emission standards and all motor vehicle standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.
- b. The successful bidder shall be responsible for delivering the unit properly serviced, clean and in first class operating condition. Pre-delivery service at a minimum shall include the following:
- c. Complete lubrication
- d. Check all fluid levels
- e. Adjustment of engine to proper operating condition
- f. Inflate tires to proper pressure
- g. Proper operation of all accessories.

8. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

SPECIFICATION #62**

**2010 Bush Hog CZ2561**

The Bush Hog CZ2561 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	★Southern
BASE PRICE:	\$8,912.00	\$8,635.00	\$8,359.00	\$7,988.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

a. Liquid cooled diesel with minimum of 29 PTO hp @ 2200 rpm.

2. TRANSMISSION:

a. Hydrostatic drive or mechanical type transmission.

3. FUEL TANK:

a. Minimum 9 gallon capacity.

4. BRAKES:

a. Oil cooled hydraulic wet disc.

5. POWER TAKE OFF:

a. Speeds RPM - 540

6. HYDRAULIC SYSTEM:

a. Open center system with standard remotes.  
b. Maximum main pump flow - 6.3 gpm

7. 3 POINT HITCH:

a. Category I  
b. SAE lift capacity @ 24" standard lbs. - 1,435

8. TIRES:

a. Not less than 11.2 x 24 rear  
b. Not less than 5-15 6 ply front

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**SMALL AGRICULTURE TYPE TRACTOR (4 WHEEL DRIVE)  
SPECIFICATION #63**

**2010 Bobcat CT440**

The Bobcat CT440 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$15,402.00	\$15,402.00	\$15,402.00	\$15,402.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**SMALL AGRICULTURE TYPE TRACTOR (4 WHEEL DRIVE)  
SPECIFICATION #63**

**2010 Kubota L3400**

The Kubota L3400 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$12,323.00	\$11,970.00	\$11,970.00	\$12,323.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

a. Liquid cooled diesel with minimum of 75 PTO hp @ 2200 rpm.

2. TRANSMISSION:

a. Synchroshutte type with a minimum of 8 forward and 3 reverse speeds.

3. FUEL TANK:

a. Minimum 23 gallon capacity.

4. BRAKES:

a. Oil cooled hydraulic.

5. POWER TAKE OFF:

a. Speeds RPM - 540/1000

6. HYDRAULIC SYSTEM:

- a. Open center system with standard remotes.
- b. Maximum pressure psi - 3,046
- c. Standard output @ remote gpm - 10
- d. Combined flow gpm - 17.2 minimum
- e. Maximum flow gpm - 25

7. POINT HITCH:

- a. Electronic or mechanical 3 point hitch control
- b. Category II
- c. Telescopic stabilizers
- d. SAE lift capacity @ 24" standard lbs. - 3,600
- e. Lower draft arm link ends - extendable

8. TIRES:

- a. Not less than 18.4R - 28 R1 radials pressed single disc wheel rear.
- b. Not less than 7.5L - 15 6 Ply F2 presses HD wheel front or tire of equal quality.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**AGRICULTURE TYPE TRACTOR (2 WHEEL DRIVE)  
SPECIFICATION #64**

**2010 Case IH Farmall 95U**

The Case IH Farmall 95U purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$25,300.00	\$25,100.00	\$24,750.00	\$24,750.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**AGRICULTURE TYPE TRACTOR (2 WHEEL DRIVE)  
SPECIFICATION #64**

**2010 Mahindra 8560**

The Mahindra 8560 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$23,500.00	\$23,500.00	\$23,500.00	\$23,500.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

a. Liquid cooled diesel with minimum of 95 PTO hp @ 2200 rpm.

2. TRANSMISSION:

a. Synchroshutte type with a minimum of 16 forward and 16 reverse speeds.

3. FUEL TANK:

a. Minimum 38 gallon capacity.

4. BRAKES:

a. Oil cooled hydraulic.

5. POWER TAKE OFF:

a. Speeds RPM - 540/1000

6. HYDRAULIC SYSTEM:

- a. Closed center system with standard remotes.
- b. Maximum pressure psi - 2,900
- c. Standard output @ remote gpm - 29
- d. Combined flow gpm - 20 minimum
- e. Maximum flow gpm - 29

7. POINT HITCH:

- a. Category II
- b. Telescopic stabilizers
- c. SAE lift capacity @ 24" standard lbs. - 5,000
- d. Lower draft arm link ends - extendable

8. TIRES:

- a. Not less than 13.6R24 R1 radials pressed single disc wheel rear.
- b. Not less than 18.4R30 6 Ply F2 presses HD wheel front or tire of equal quality.

9. MOUNTED BOOM MOWER:

- a. Minimum 23' boom reach.
- b. Forward and reverse swing break away.
- c. Integral frame.
- d. Separate hydraulic circuit for mower head.
- e. 5' rotary cutter head.
- f. Disc type blade holder.

10. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**AGRICULTURE TYPE TRACTOR WITH BOOM MOWER (4 WHEEL DRIVE)  
SPECIFICATION #65**

**2010 Challenger MT465 with Diamond Boom Mower**

The Challenger MT465 with Diamond Boom Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$86,176.00	\$86,176.00	\$86,176.00	\$86,176.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**AGRICULTURE TYPE TRACTOR WITH BOOM MOWER (4 WHEEL DRIVE)  
SPECIFICATION #65**

**2010 John Deere 6430 with Alamo Versa Boom Mower**

The John Deere 6430 with Alamo Versa Boom Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$82,226.00	\$82,226.00	\$82,226.00	\$82,226.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**AGRICULTURE TYPE TRACTOR WITH BOOM MOWER (4 WHEEL DRIVE)  
SPECIFICATION #65**

**2010 Kubota M108 with Terrain King Boom Mower**

The Kubota M108 with Terrain King Boom Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$75,800.00	\$74,900.00	\$74,900.00	\$74,348.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:

- a. 6,000 lbs. minimum operating weight with canopy.

2. ENGINE/CAB:

- a. Diesel engine, minimum 22 net horse power.
- b. Roll over and falling object protective structures.
- c. Gauges or warning indicators for fuel level, engine oil, hydraulic oil and coolant.
- d. Mirrors.

3. TRAVEL SYSTEM:

- a. Minimum high speed travel 2.3 MPH.
- b. Minimum gradeability, 20 degrees.
- c. 11" wide rubber belt tracks.

4. HYDRAULIC SYSTEM:

- a. Gear type hydraulic pump.
- b. Digging depth 8'6" minimum.
- c. Auxiliary hydraulic circuit and controls plumbed to the end of stick with disconnect to allow the use of hydromechanical work tools.
- d. Backfill blade.
- e. Hydraulic motor-driven swing system.

5. ELECTRICAL SYSTEM:

- a. 12 volt electrical system.
- b. 40 amp alternator.
- c. Sealed electrical connectors.
- d. Work lights.

6. BUCKET:

- a. 12" digging bucket with teeth.

7. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**HYDRAULIC MINI EXCAVATOR  
SPECIFICATION #66**

**2010 Bobcat 325**

The Bobcat 325 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★ Western	★ Northern	★ Central	★ Southern
BASE PRICE:	\$23,996.00	\$23,996.00	\$23,996.00	\$23,996.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

# **FLORIDA SHERIFFS ASSOCIATION, FLORIDA ASSOCIATION OF COUNTIES & FLORIDA FIRE CHIEFS' ASSOCIATION**

## **HYDRAULIC MINI EXCAVATOR SPECIFICATION #66**

### **2010 John Deere 27D**

The John Deere 27D purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$27,082.00	\$27,082.00	\$27,082.00	\$27,082.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**HYDRAULIC MINI EXCAVATOR  
SPECIFICATION #66**

**2010 Yanmar VIO35-5**

The Yanmar VIO35-5 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$28,989.00	\$28,989.00	\$28,989.00	\$28,989.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:

- a. Minimum operating weight - 54,000 lbs.

2. ENGINE:

- a. Turbocharged diesel engine 168 hp
- b. Spin on type filters
- c. Two stage air cleaner

3. TRAVEL SYSTEM:

- a. Travel speed of 3.2 mph

4. HYDRAULIC SYSTEM:

- a. Standard auxiliary hydraulic valve.
- b. Main hydraulic system flow 54 gpm minimum.

5. UNDERCARRIAGE:

- a. Overall track length 15' minimum.
- b. Overall track width 11' minimum.
- c. Shoe width 31.5"

6. OPERATING STATION:

- a. Cab to be air conditioned, heated, and pressurized filtration system.
- b. Intermittent windshield wipers.
- c. Opening front windshield.
- d. Vibration dampening cab mounts.
- e. Adjustable suspension type operator seat with safety belt.
- f. Tinted safety glass.
- g. Engine monitoring system with audible alarms.

h. Work lights.

7. STICK, BOOM, BUCKET:

- a. Boom and stick combination to allow minimum reach at ground level of 34'.
- b. Bucket to be a general purpose bucket, appropriately sized for machine and included.

8. SWING SYSTEM:

- a. Swing radius 10.6 ft. approximate.
- b. Swing speed 9.6 rpm minimum.

9. MISCELLANEOUS:

- a. Fuel capacity of 122 gallons minimum.

10. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**HYDRAULIC EXCAVATOR - 54,000 LB. OPERATING WEIGHT  
SPECIFICATION #67**

**2010 Case CX290B**

The Case CX290B purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$208,882.00	\$208,882.00	\$208,882.00	\$208,882.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**HYDRAULIC EXCAVATOR - 54,000 LB. OPERATING WEIGHT  
SPECIFICATION #67**

**2010 Volvo EC240**

The Volvo EC240 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$181,600.00	\$181,600.00	\$181,600.00	\$181,600.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2010 Kaiser S2  
2010 Menzi Muck A61

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **WEIGHT:**

- a. 15,873 lbs. 2x4
- b. 17,196 lbs. 4x4

2. **ENGINE/CAB:**

- a. Diesel engine, minimum 97 net horsepower
- b. Roll over enclosed cab air conditioned and heated.
- c. Hinged quick release side window for emergency exit (operational at all boom positions).
- d. Hinged front window opening outward for safety (not inward reducing operator head room).
- e. Gauges or warning indicators for fuel level, engine oil, hydraulic oil and coolant.
- f. Mirrors
- g. Air sprung operators seat
- h. Full size cab (width of machine) for operator comfort and room with toolbox.

3. **TRAVEL SYSTEM:**

- a. Minimum high speed travel - 5 mph
- b. Minimum grade-ability 70%
- c. Four tires

4. **HYDRAULIC SYSTEM:**

- a. Piston type hydraulic pumps.
- b. Digging depth - 15'4"
- c. Auxiliary hydraulic circuit and controls plumbed to the end of stick with disconnect to allow the use of hydro-mechanical work tools.
- d. Hydraulic motor-driven swing system.
- e. Stabilizers to be individually controlled in the vertical and horizontal positions.
- f. Boom assembly hydraulic hoses mounted on left side in operator's field of vision.

5. **ELECTRICAL SYSTEM:**

- a. 12 or 24 volt
- b. 30 amp alternator
- c. Work lights

6. **BUCKET:**

- a. 4' wide grading bucket

## 7. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **WEIGHT:**

- a. Minimum operating weight with open rops - 14,800 lbs.

2. **DRUM/VIBRATORY SYSTEM:**

- a. Maximum compaction shall not be less than 30,000 lbs.
- b. Drum shall have a compaction width of not less than 66".
- c. Drum shall be smooth and not less than 48" in diameter.
- d. Vibratory system shall be hydraulically driven and have two amplitude settings.
- e. Drum shall be equipped with an adjustable cleaning device.
- f. Drum and vibratory parts shall be isolated from the machine during normal operation.

3. **ENGINE/CAB:**

- a. Turbocharged diesel engine, minimum 80 horse power.
- b. Operator station shall be mounted to the frame with rubber mounts to further isolate the operator and controls from machine vibration during operation.
- c. Gauges or warning indicators for fuel level, engine oil, hydraulic oil and coolant temperature with an alert sounding device activated whenever a warning indicator is illuminated.
- d. A backup alarm shall emit an audible alarm whenever the propel level is moved into reverse.

4. **TRAVEL SYSTEM:**

- a. A machine must be hydrostatic driven for the rear axle and the drum drive motor.

5. **ELECTRICAL SYSTEM:**

- a. 12 or 24 volt electrical system.
- b. Maintenance free battery supplying 750 cold cranking amps.
- c. Wiring harness protected with nylon-braided wrap.

6. **CONDITIONS**

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**30,000 LB. COMPACTION VIBRATORY ROLLER  
SPECIFICATION #69**

**2010 Bomag BW177D**

The Bomag BW177D purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$82,556.00	\$82,556.00	\$82,556.00	\$82,556.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**30,000 LB. COMPACTION VIBRATORY ROLLER  
SPECIFICATION #69**

**2010 JCB VM75D**

The JCB VM75D purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$64,170.00	\$63,670.00	\$63,670.00	\$63,080.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2010 Bomag BC772RB-2  
2010 Caterpillar 826

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:

- a. Minimum operating weight - 80,000 lbs.

2. ENGINE:

- a. Turbocharged diesel engine 400 ph minimum.
- b. Spin on type filters

3. TRANSMISSION/HYDRAULIC SYSTEM:

- a. Mechanical or hydrostatic drive will be acceptable.
- b. 2 speeds forward and 2 speeds reverse, minimum.
- c. Spin on type hydraulic filters.

4. OPERATING STATION:

- a. Enclosed, sound suppressed cab.
- b. Air filtration system
- c. Air conditioned, heater and defroster.
- d. Gauges and engine monitoring shutdown system.
- e. Adjustable suspension seat.
- f. Outside mirrors
- g. Work lights
- h. Windshield wipers and washer

5. ELECTRICAL SYSTEM:

- a. 24 volt

6. WHEELS:

- a. Compaction wheels - 48" width minimum.
- b. Wheel diameter - 58" width minimum.
- c. Chevron chopper blades or pin on teeth type wheels acceptable.
- d. Anti wire wrapping device.
- e. Cleaner bars, if applicable.

7. BLADE:

- a. Straight or U type trash blade acceptable.
- b. 14' blade minimum
- c. 6' blade height minimum
- d. Full width trash screen on top of blade.
- e. Bolt on cutting edges.

8. MISCELLANEOUS:

- a. Fully shielded engine compartment.
- b. Removable belly pan
- c. Landfill shielding package

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**80,000 LB. LANDFILL COMPACTOR  
SPECIFICATION #70**

**2010 Caterpillar 826**

The Caterpillar 826 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$501,904.00	\$501,904.00	\$501,904.00	\$501,904.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE/EQUIPMENT:

- a. 70 HP diesel engine.
- b. Dry type, radial seal air cleaner and pre-cleaner unit.
- c. Spin on type engine oil filter.

2. TRANSMISSION:

- a. Four speed powershift or approved equivalent is acceptable.

3. OPERATOR ENVIRONMENT:

- a. OSHA approved ROPS shall be integral.
- b. Two front and two rear roading lights.
- c. Stop and turn signals with flashing hazard lamps.
- d. Instrument panel to include tachometer, fuel guage, transmission/converter oil temperature guage and coolant temperature guage.
- e. Standard horn, audible backup alarm.

4. BRAKES:

- a. Brakes shall be oil immersed, hydraulically actuated, multiple discs on final drive input shaft.
- b. Brakes shall be completely enclosed and sealed.
- c. Brakes shall be fully adjusting.

5. LOADER (SINGLE TILT):

- a. Equipped with return to dig mechanism.
- b. Loader shall have positive down pressuresufficient to lift tractor front end off level ground.
- c. Loader bucket SAE heaped capacity rating shall be a minimum of 1.0 cyd., with edge.

6. BACKHOE:

- a. Fixed length dipperstick.
- b. Digging depth, approximately 14'.
- c. Reach from swing center, approximately 17'.
- d. Dump height, approximately 10'.

- e. Digging force, approximately 7,000 lbs.
- f. Bucket power dig force, approximately 11,000 lbs.
- g. 24" general purpose bucket with teeth.

## 7. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**4X4 LOADER BACKHOE WITH CANOPY (STANDARD STICK)  
SPECIFICATION #71**

**2010 JCB 3C-14**

The JCB 3C-14 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$55,847.00	\$55,247.00	\$55,247.00	\$54,920.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. 56 HP diesel engine

2. TRANSMISSION:

- a. Forward, reverse, travel speed controlled by two hand levers.
- b. Hydrostatic drive

3. ENGINE EQUIPMENT:

- a. Spin-on type filters
- b. Dry type air filter

4. OPERATOR ENVIRONMENT:

- a. OSHA approved ROPS canopy shall be integral
- b. Front and rear work lights
- c. Hazard lights
- d. Engine monitoring system or gauges with alarm.
- e. Horn and backup alarm

5. BRAKES:

- a. Parking brake

6. LOADER:

- a. Front auxiliary hydraulics
- b. Foot or hand controls for bucket
- c. Minimum 63" bucket

7. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for

this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**SKID STEER LOADER - 1850 LB. OPERATING CAPACITY (TRACKS OR  
TIRES)  
SPECIFICATION #72**

**2010 Bobcat S185**

The Bobcat S185 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$21,551.00	\$21,551.00	\$21,551.00	\$21,551.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**SKID STEER LOADER - 1850 LB. OPERATING CAPACITY (TRACKS OR  
TIRES)  
SPECIFICATION #72**

**2010 JCB 180**

The JCB 180 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$23,824.00	\$23,024.00	\$23,024.00	\$23,060.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**SKID STEER LOADER - 1850 LB. OPERATING CAPACITY (TRACKS OR  
TIRES)  
SPECIFICATION #72**

**2010 Volvo MC80B**

The Volvo MC80B purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$23,884.00	\$23,884.00	\$23,884.00	\$23,884.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

## FLORIDA SHERIFFS ASSOCIATION, FLORIDA ASSOCIATION OF COUNTIES & FLORIDA FIRE CHIEFS' ASSOCIATION

### **3.0 CU. YD. WHEEL LOADER (Z-BAR LINKAGE BUCKET - PARALLEL ARM OPTION) SPECIFICATION #73**

2010 Case 621E  
2010 Caterpillar 928  
2010 Hyundai HL757-7A  
2010 JCB 426ZX  
2010 John Deere 544K  
2010 Kawasaki 70ZV-2  
2010 Komatsu WA320-6  
2010 Volvo L70F

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE/CAB:**

- a. Diesel engine, six cylinder, four cycle, liquid cooled, minimum 145 SAE Net HP.
- b. Cab with A/C

2. **TRANSMISSION:**

- a. Power shift transmission with torque converter, minimum of four forward and three reverse speeds.

3. **DRIVETRAIN:**

- a. Four wheel drive.
- b. Manufacturer's standard axle.
- c. Inboard or outboard mounted wet disc braking system.
- d. Inboard or outboard mounted planetary final drives.
- e. 20.5 – 25 Bias ply tires mounted on multi piece rims.

4. **LOADER:**

- a. 3.0 cu. yd. general purpose bucket with bolt on cutting edge.
- b. Bucket position indicator.
- c. Automatic return to dig.
- d. Rear drawbar.
- e. Gauges and indicators: visual hydraulic oil level indicator, electronic monitor display of all fluid levels and temperatures.
- f. Deluxe suspension seat with foam padding and backrest.
- g. Articulated steering, 40 degrees minimum each direction.
- h. Wheelbase of 9 feet 4 inches minimum.
- i. Minimum operating weight of 26,000 lbs.

5. **ELECTRICAL:**

- a. 24 volt electrical system.

- b. Neutral safety start device.
- c. Manual battery disconnect switch.
- d. Driving lights, front and rear work lights, stop lights, warning lights and tail lights.

6. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**2010 JCB 426ZX**

The JCB 426ZX purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$104,498.00	\$103,123.00	\$103,123.00	\$102,500.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2010 Altec DC1820  
2010 Morbark M18R  
2010 Vermeer BC1500  
2010 Woodsman 750

**NOTE: These minimum specifications are written to include both a disc or drum type chipper. It is the buyer's responsibility to select the appropriate design to meet their needs. Consult with the awarded dealer.**

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. DIMENSIONS:

- a. Weight - 6800 lbs.
- b. Width - 72"
- c. Height - 100"
- d. Length - 176"
- e. 15" chipping capacity

2. ENGINE:

- a. 125 hp diesel engine
- b. Over center type clutch
- c. Heavy duty air cleaner
- d. Spin on type filters

3. CHASSIS:

- a. Main frame constructed of rectangular tubing or "z" section.
- b. 7000 lb. axle torsion type
- c. Electric brakes with breakaway switch
- d. ST 235/80R16 tires load range E
- e. Steel wheels
- f. Drop leg jack
- g. 2 1/2" diameter lunette or 2 5/16" ball hitch
- h. Adjustable height hitch
- i. Safety chains
- j. 6 way light connector
- k. All wiring in conduit to lights
- l. Four function rear lights

4. FEED SYSTEM:

- a. Infeed throat opening - 20" x 16"
- b. Serrated infeed rollers
- c. Feed rollers hydraulically driven
- d. Feed table height - 27"
- e. Feed table length - 30"
- f. Safety control bar a round infeed opening for emergency stop.

5. CHIPPER DRUM OR DISC

- a. Drum type:
- b. Size - 22" diameter x 22" width
- c. 2 knife pockets 180 degrees apart
- d. Dual edge reversible knives
- e. Extreme duty bearings
- f. Adjustable bedknife (reversible)
- g. Disc type:
- h. 37" x 2" diameter disc
- i. 4 knives reversible

6. CHIPPER HOUSING:

- a. Easy access door for knife changes
- b. Drop down door for anvil adjustment or clean out
- c. Chipper housing to be constructed for maximum safety and operator protection

7. DISCHARGE CHUTE:

- a. Rotation of 360 degrees
- b. Adjustable chip deflector
- c. Locking pin for chute rotation

8. MISCELLANEOUS:

- a. 45 gallon fuel tank
- b. Engine shutdown system
- c. Locking tool box
- d. Vandalism protection

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

FLORIDA FIRE CHIEFS' ASSOCIATION**

**BRUSH CHIPPER - TRAILER MOUNTED  
SPECIFICATION #74**

**2010 Altec DC1820**

The Altec DC1820 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$44,530.00	\$44,530.00	\$44,630.00	\$44,730.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

- a. Liquid cooled 6 cylinder diesel with minimum of 140 net hp @ 1900 RPM..

2. TRANSMISSION:

- a. Power shift with direct drive.
- b. Minimum 8 forward and 4 reverse speeds.

3. BRAKES:

- a. Wet multiple disc.

4. STEERING & ARTICULATION:

- a. Front steer plus articulated.
- b. Minimum articulation 20 degrees.

5. MOLDBOARD:

- a. Minimum 12 ft. long.

6. OPERATOR ENVIRONMENT:

- a. Low profile cab.
- b. Cloth adjustable seats.
- c. Gauges including hour meter, fuel, articulation, engine coolant temperature.

7. TIRES:

- a. Minimum 13.0 – 24 10 PR 9" single piece rim.

8. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating

condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

## **MOTORGRADER SPECIFICATION #75**

### **2010 Case 845**

The Case 845 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$155,796.00	\$155,796.00	\$155,796.00	\$155,796.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**MOTORGRADER  
SPECIFICATION #75**

**2010 Komatsu GD555-3C**

The Komatsu GD555-3C purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$155,198.00	\$155,198.00	\$155,198.00	\$155,198.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. Minimum 4 cylinder 70 Net HP

2. **TRANSMISSION:**

- a. Hydrostatic, infinitely variable speed.
- b. Constantly variable

3. **UNDERCARRIAGE:**

- a. Minimum 5 rollers
- b. Standard grouser minimum of 16"
- c. Top roller, each side

4. **DOZER:**

- a. Minimum 96" wide
- b. Minimum 32" high
- c. Minimum 1.88 cyd blade capacity
- d. Power, angle, tilt (PAT)

5. **CONDITIONS**

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.

- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**2010 John Deere 450J**

The John Deere 450J purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$69,008.00	\$69,008.00	\$69,008.00	\$69,008.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**2010 John Deere 650J XLT**

The John Deere 650J XLT purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$92,406.00	\$92,406.00	\$92,406.00	\$92,406.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **ENGINE:**

- a. 50 hp LP gas engine

2. **TRANSMISSION:**

- a. Powershift type
- b. Inching pedal
- c. 1 speed forward, 1 speed reverse

3. **HYDRAULIC SYSTEM:**

- a. 19.0 gpm at 2250 psi

4. **CHASSIS:**

- a. Wheelbase - 46"
- b. Tread width - 33" (with standard tires)
- c. Ground clearance at lowest point - 3"
- d. Tire size:
- e. Front - 18.0 x 7 x 12 cushion tire
- f. Rear - 14.0 x 5 x 10 cushion tire
- g. Steering radius - 72"
- h. Brakes:
  - i. Hydraulic service brakes
  - j. Mechanical parking brake

5. **LIFT:**

- a. Two stage lift mast
- b. Lift height minimum - 130"
- c. Lift capacity - 4000 lbs.
- d. Fork spacing - 7" to 32" minimum
- e. Tilt - 5 degrees forward/10 degrees backward

6. **MISCELLANEOUS:**

- a. FOPS protection
- b. Work lights
- c. Seat belts

## 7. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**2010 Doosan GC20E-5**

The Doosan GC20E-5 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$24,776.00	\$24,776.00	\$23,276.00	\$23,276.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:

- a. Minimum operating weight - 40,000 lbs.
- b. Minimum gross weight (with payload) - 91,000 lbs.

2. ENGINE:

- a. Turbocharged diesel engine, 265 hp 6 cylinder, 549 cubic inch minimum.
- b. Spin on type filters.
- c. Two stage air cleaner.

3. TRANSMISSION:

- a. 6 speeds forward, 1 speed reverse.
- b. Top speed of 31 mph
- c. Hydraulic retarder

4. BRAKES:

- a. Disc type service brakes.
- b. Disc type parking brake.

5. AXLES & DIFFERENTIALS:

- a. Differential locks
- b. Planetary gear reduction final drives.
- c. Inter axle differential lock.

6. TIRES:

- a. Tubeless, radial off road hauler tires.
- b. 23.5 R 25 tire size

7. STEERING:

- a. 45 degree left or right articulation angle.
- b. Secondary electric steering system for emergency steering.

c. Double acting steering cylinders.

8. OPERATING STATION:

- a. Cab to be pressurized, heated, air conditioned and filtered.
- b. Built in ROPS/FOPS protection.
- c. Suspension type operators seat with seat belt.
- d. Cab instrumentation or engine monitoring system with audible alarms.
- e. Tinted glass windows.
- f. Sun visor
- g. Front and rear intermittent windshield wipers.
- h. Work lights, headlights, stop, tail and turn signal lights.
- i. Left and right mirrors.

9. BODY:

- a. Dump body tipping angle 70 degrees.
- b. Mud flaps
- c. Two single stage double acting body hoist cylinders.
- d. 18 yd. heaped capacity
- e. Body rise time maximum 12 seconds.

10. MISCELLANEOUS:

- a. 95 gallon fuel tank minimum.
- b. Guard or shielding package.

11. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**2010 Terex TA27**

The Terex TA27 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	\$254,802.00	\$254,802.00	\$254,802.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. DIMENSIONS:

- a. Width - 7'
- b. Length - 16'
- c. GVWR - 7,000 lb.

2. FRAME:

- a. Tubular steel main rails
- b. C-channel crossmembers
- c. Formed steel corner posts
- d. Steel roof bows
- e. Formed angle top and bottom sills
- f. Vertical sidewall posts on 16" centers
- g. Non-corrosive fasteners
- h. All exposed steel primed and painted
- i. 3 piece A frame
- j. Positive lock ball coupler
- k. Tongue jack
- l. Safety chains - DOT rated

3. FLOOR/WALLS/ROOF:

- a. 3/4" exterior grade plywood floor
- b. 1/4" plywood interior liner
- c. .030" prefinished aluminum exterior, state colors
- d. Smooth galvanized steel roof
- e. Fiberglass front cap
- f. Extruded aluminum bottom trim
- g. Extruded aluminum roof cove with drip rail

h. Double locking door on rear

4. AXLES:

- a. Tandem 3,500 lb. torflex axles
- b. 15" wheels
- c. 205 x 15 trailer rated tires
- d. Electric brakes with breakaway switch

5. LIGHTING SYSTEM:

- a. Protected turn/stop/tail lights
- b. Clearance lights
- c. Wiring run in conduit
- d. Heavy duty trailer plug

6. MISCELLANEOUS:

- a. Spare wheel and tire

7. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**Note: These specifications are written for a deck over flatbed trailer (wheels under the deck). When the specifications are downgraded to a 7' x 20' 14,000 lb. GVWR trailer, the axles will be outside of the deck with fenders. It is the buyer's responsibility to contact the vendor to select the appropriate design to meet their needs.**

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. DIMENSIONS:

- a. Deck width - 8'6"
- b. Overall deck length - 25'
- c. Dovetail length - 5'
- d. GVWR - 16,000 lb.

2. FRAME:

- a. 5" channel side rails
- b. 3" channel cross members on 16" centers
- c. 4" channel undercarriage
- d. 2" x 3/8" rub rail with stake pockets
- e. Pintle hitch

3. DECK:

- a. 2 x 8 pressure treated deck
- b. Galvanized deck screws
- c. 5' dovetail
- d. Spring assist stand up ramps

4. AXLES:

- a. Tandem 8,000 lb. Dexter oil bath axles (2)

- b. Electric brakes
- c. Breakaway brake system with well cell battery

5. LIGHTING SYSTEM:

- a. Protected turn/stop/tail lights
- b. Wiring run in conduit
- c. Heavy duty trailer plug

6. MISCELLANEOUS:

- a. Spare tire and rack
- b. Lockable tool box
- c. Primed and painted - choice of color
- d. Tongue jack rated for GVWR of trailer

7. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**8'6" X 25' DECK OVER FLATBED TRAILER – 16,000 LB. GVWR  
SPECIFICATION #81**

**2010 Felling Trailers FT-16-2**

The Felling Trailers FT-16-2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$10,531.00	\$10,531.00	\$10,531.00	\$10,726.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**8'6" X 25' DECK OVER FLATBED TRAILER – 16,000 LB. GVWR  
SPECIFICATION #81**

**2010 Trail King TK18**

The Trail King TK18 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$14,826.00	\$14,826.00	\$14,826.00	\$14,826.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. **DIMENSIONS:**

- a. Length - 48' aluminum
- b. Width - 102"
- c. Side height - 100"

2. **FLOOR:**

- a. Keith or Halco running floor
- b. Extreme duty slats with center rib

3. **CROSSMEMBERS:**

- a. 14" spacing

4. **CROSTUBES:**

- a. Center and rear crosstubes
- b. Bolt in style

5. **LIGHTS:**

- a. LED lights
- b. Mid turn lights

6. **TARP:**

- a. Manual roll type - side to side
- b. Mesh type tarp

7. **TAILGATE:**

- a. Side swing - left or right
- b. CAM locking system with safety chain
- c. Extreme duty hinges

8. **LANDING GEAR:**

- a. Holland Mark V

9. **AXLES:**

- a. TP axles or equivalent
- b. Same inner and outer bearings
- c. Outboard mount hubs

10. SUSPENSION:

- a. Cast hangers
- b. Leaf springs

11. TIRES AND WHEELS:

- a. Steel Disc 22.5x8.25
- b. 11R22.5 radial tires

12. MISCELLANEOUS:

- a. Tow hooks on rear
- b. Air deflector in front

13. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

### 1. CAB & CHASSIS:

- a. Engine:
- b. 6 cylinder diesel, 200 HP minimum.
- c. Transmission:
- d. Allison 2000 series, 5-speed automatic
- e. Engine Equipment:
- f. Alternator: 12 volt 100 amp
- g. Fuel water separator
- h. Spin-on filters
- i. Cab:
- j. Cab over, steel cab, with rust preventative coating
- k. Dual operating position type cab to include: steering, controls, etc for sweeping from either side
- l. Rubber floor mats
- m. Air ride suspension seats, both sides
- n. Pressurized cab with heat and air conditioning
- o. Instrumentation for truck - oil pressure, water temperature, voltmeter gauges
- p. Instrumentation for sweeper - tachometer, houmeter, oil pressure, coolant temperature gauges
- q. Frame:
- r. Rail type 80,000 psi 12.69 section modulus
- s. Wheelbase - 152" minimum
- t. Front steel bumper
- u. Fuel tank - 50 gallon
- v. Safety:
- w. West coast mirrors with lower mounted convex mirrors.
- x. Intermittent windshield wipers
- y. Daytime running lights
- a`. Backup alarm
- aa. Auto shutdown system for sweeper power plant
- ab. Axles:
- ac. Front axle: 12,000 lb. GVW
- ad. Rear axle: 21,000 lb. GVW
- ae. Single-speed rear axle
- af. 22.5 x 8.25 steel wheels - disc type
- ag. 11R x 22.5 14 ply tires
- ah. Brakes:

- ai. Antilock brakes
- aj. Front - 15 x 4 drum
- ak. Rear - 16.5 x 7 drum
- al. Automatic slack adjusters - front and rear
- am. Air dryer

## 2. MOUNTED SWEEPER BODY:

- a. Engine:
  - b. 4 cylinder turbocharged diesel 99 HP minimum
  - c. Spin-on oil filter
  - d. Dual element air cleaner
  - e. Alternator - 12 volt 65 amp minimum
- f. Blower:
  - g. Direct belt drive
  - h. Blower rating - 20,000 cfm
  - i. Blower housing construction of abrasion resistant steel
  - j. Blower housing rubber lined
- k. Pickup Head:
  - l. 90" OD
- m. Hose size – 14" pressure, 12" suction
- n. Hydraulically raised and lowered
- o. Side Brooms:
  - p. Right and left side gutter brooms
  - q. Hydraulically raised and lowered
  - r. 42" diameter - segment type
  - s. Adjustable downward pressure
- t. Sweeper Body:
  - u. 7 yd. volume metric capacity
  - v. 50 degree dump angle or raker bar
- w. Centrifical dust separator
- x. Hopper dump door to hydraulically open/close, lock and unlock
- y. Hopper screen - hinged, quick release
- a`. Hydraulic System:
  - aa. Hydraulic pump capacity - 7.7 gpm at 2500 rpm
  - ab. Direct drive hydraulic pump
  - ac. Reservoir - 23 gal.
  - ad. Spin-on 10 micron hydraulic filter
- ae. Water Spray Dust Control System:
  - af. Water tank construction - polyethylene
  - ag. 220 gallon capacity
  - ah. Fill hose - 16' long
  - ai. Diaphragm pump type with run dry capability
  - aj. Pump capacity - 5 gpm
  - ak. Pump pressure - 25 psi
  - al. 7 spray nozzles, 4" pickup head, 1" suction tube - 2 on each side of broom
- am. Filter - 80 mesh cleanable

## 3. CONDITIONS

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**REGENERATIVE AIR STREET SWEEPER  
SPECIFICATION #83**

**2010 Elgin Crosswind (J Plus)**

The Elgin Crosswind (J Plus) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$160,631.00	\$160,631.00	\$160,631.00	\$160,631.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**REGENERATIVE AIR STREET SWEEPER  
SPECIFICATION #83**

**2010 Tymco 600**

The Tymco 600 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$157,305.00	\$157,305.00	\$157,305.00	\$157,305.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2010 Win Power DR13014

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. GENERATOR REQUIREMENTS:

- a. Standby duty rated at 125.0 EKW, 156.3 KVA, 8 power factor.
- b. 480 volts
- c. 3 phase, 60 hertz, 1800 rpm
- d. Directly connected to the engine flywheel housing with flex coupling.
- e. Generator shall meet performance class G3 of IEC.
- f. Unit shall be in compliant to UL 2200 labeled.

2. ENGINE:

- a. Water cooled diesel engine, sized for generator set.
- b. Emission compliant engine.

3. CONTROLS:

- a. Solid state, microprocessor based generator controls.
- b. Controls shall provide all operating, monitoring and control functions for generator set.

4. ENCLOSURE/SILENCER:

- a. Complete diesel engine generator set including control panel, engine starting batteries and fuel oil tank shall be enclosed in a factory assembled water protective, sound attenuated enclosure.
- b. Critical grade silencer.
- c. Companion flanges.
- d. Flexible stainless steel exhaust.

5. FUEL TANK:

- a. Double wall sub-base tank integral to enclosure.
- b. 24 hour capacity at 100% at full load.
- c. Rupture basin with 110% capacity.
- d. Locking fuel caps.
- e. Mechanical fuel level gauge.
- f. Low fuel level alarm contact.
- g. Fuel tank rupture alarm contact.
- h. Must meet UL 142 and FDEP standards.

6. BATTERY CHARGER:

- a. Current limiting battery charger to automatically charge batteries.
- b. Charger shall be dual charge rate with automatic switching to boost rate when required.
- c. Charger shall be mounted on genset package.

7. START UP AND TESTING:

- a. Vendor must coordinate all start up and testing activities with the engineer and owner. After installation is completed by others and normal power is available, the vendor must perform a one (1) day start-up including the use of building load. The start-up technician will instruct all necessary personnel how to operate and maintain the equipment in accordance to the manufacturer's requirements.

8. CONDITIONS:

- a. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacture for this model and shall include but not be limited to the following necessary items:
- b. Initial filling of oil and antifreeze.
- c. Shrink wrap applied to the product to ensure a clean finish.
- d. During the start-up, the technician shall record the following information and provide to the owner for his records:
- e. Record Operating Voltage, Hz, Ph, and connected load (Amperage)
- f. Package information consisting of Make of generator (Cat, Wacker, or Tradewinds), Model (TJ125 TP20, DP125, etc.), Serial number of complete package, and Start-up date.
- g. Record engine and generator serial numbers.
- h. One complete set of operation and maintenance manuals.
- i. Two (2) year or 1500 hour standard standby generator warranty. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

9. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

# **FLORIDA SHERIFFS ASSOCIATION, FLORIDA ASSOCIATION OF COUNTIES & FLORIDA FIRE CHIEFS' ASSOCIATION**

## **125KW GENERATOR PACKAGE SPECIFICATION #84**

### **2010 Caterpillar D125**

The Caterpillar D125 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$34,625.00	\$34,625.00	\$34,625.00	\$34,625.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**125KW GENERATOR PACKAGE  
SPECIFICATION #84**

**2010 Wacker G150**

The Wacker G150 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$45,095.00	\$45,095.00	\$44,295.00	\$44,295.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

## 150KW MOBILE GENERATOR PACKAGE SPECIFICATION #85

2010 Caterpillar 150KW  
2010 Tradewinds TP150  
2010 Wacker G180

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

### 1. GENERATOR REQUIREMENTS:

- a. Standby duty rated at 150kwe, 187kva, 8 power factor.
- b. Prime power duty rating 135kwe, 168kva, 0.8 power factor.
- c. Main Breaker shall be equipped with shunt trip.
- d. Generator end shall be Direct coupled to the engine flywheel with a flexible coupling.
- e. Generator shall meet performance class G3 of IEC.
- f. Jacket water heater.

### 2. ENGINE:

- a. 6 cylinder, water cooled, 1800rpm, diesel engine.
- b. Current emission compliant diesel engine.
- c. Spin on fuel and oil filters.

### 3. VOLTAGE CHANGE OVER SWITCH & DISTRIBUTION:

- a. Manual 3 position voltage change over switch to select each voltage as specified when the unit is not running.
- b. 1ph 120/240, 3ph 120/240, 3ph 120/208, and 3ph 277/480.
- c. A five point connection shall be provided for ease of connection of load leads.
- d. One 50amp, 120/240vac, 1 ph, twist lock receptacle.
- e. One 30amp, 120/240vac, 1 ph, RV type receptacle.
- f. Two 20amp, 120/240vac, 1 ph, duplex receptacle.
- g. Two 20amp, 120/240vac, 1ph, duplex GFI receptacle.
- h. Each receptacle shall be protected by a individual circuit breaker.
- i. A receptacle shall be provided to power both the jacket water heater and on board battery charger.
- j. Two thumb screw type connection points shall be provided for remote auto start.

### 4. CONTROLS:

- a. Solid state, microprocessor based generator controls.
- b. Controls shall provide all operating, monitoring and control functions for the generator set. Controls shall provide for auto start/stop functions.
- c. A emergency stop push button will be installed.
- d. A voltage adjustment shall be provided in the panel to adjust voltage in all voltage positions.
- e. A switch shall be provided in the panel to turn all power off in the panel if not being used.

### 5. ENCLOSURE:

- a. Complete diesel engine generator set including control panel, engine starting batteries and fuel tank shall be enclosed in a factory assembled weather protective, sound attenuated enclosure. The sound attenuated enclosure noise level is not to exceed 73 – 75dba @ 21 feet.
- b. Oil and water drain lines shall be provided and extend to the enclosure wall with valves for easy service.
- c. Critical grade silencer.
- d. Companion flanges.
- e. Flexible exhaust-flex.
- f. Keyed alike lockable doors.

6. IN BASE FUEL TANK TRAILER:

- a. Trailer shall be DOT approved with proper serial number data plate indicating weight capacity minimum of 10,000lbs.
- b. Trailer will have dual axles with torque springs to reduce overall height of package.
- c. Standard 7 or 5 pin vehicle hitch receiver to be supplied.
- d. Trailer will have two rear level jacks with sand shoes and front leveling jack.
- e. Trailer will have hydraulic brakes.
- f. Trailer will have all necessary safety equipment to include but not be limited to an adjustable and removable pintle hitch, 30 inch safety chains, fenders, lights per DOT, and break away cable.
- g. Tires will be minimum load range type "D" (8 ply rating) with matching steel rims. Rims are to be finish painted.
- h. Minimum 8 hour capacity at 75% load rating to determine single wall tank size.
  - i. A mechanical fuel gauge will be provided.
  - j. Locking fuel cap.
  - k. Low fuel level alarm.
  - l. All necessary vents and caps will be provided along with suction, return, and drain points.

7. BATTERY CHARGER:

- a. Battery will be installed in holding container with battery cables.
- b. Current limiting battery charger to automatically charge batteries.
- c. Charger shall be dual charge rate with automatic switching to boost rate when required.
- d. Charger mounted inside generator set package.
- e. Fully charged battery will be provided at time of delivery and start-up.

8. START UP & COMMISSIONING:

- a. One (1) day start-up including operational test of equipment showing proper connection of cables with safety issues performed by a factory trained technician. The start up technician will instruct personnel how to operate and maintain the equipment in accordance with the manufacturer's requirements.

9. CONDITIONS:

- a. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacturer for this model and shall include but not be limited to the following items:
- b. All product shall be new and of current design.
- c. Initial filling of oil and antifreeze. (diesel fuel by others)
- d. During start-up, the technician shall record the following information and provide to owner for his records:
- e. Operating Voltage, Hertz, Phase, and connected load (Amperage). [if any]
- f. Package information consisting of Make of generator (Cat, Wacker, or Tradewinds), Model (TJ125 TP20, DP125, etc.), Serial number of complete package, and Start-up date.
- g. Written Information consisting of make, model, serial number, and start-up date.
- h. Record Engine and Generator Serial numbers.
  - i. One complete set of operation and maintenance manuals.
  - j. Two (2) year or 1500 hour standard mobile generator warranty will apply. Generator to be transported to authorized servicing dealer for warranty repair during normal business hours.

10. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**FLORIDA SHERIFFS ASSOCIATION,  
FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**150KW MOBILE GENERATOR PACKAGE  
SPECIFICATION #85**

**2010 Tradewinds TP150**

The Tradewinds TP150 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$43,430.00	\$43,130.00	\$42,980.00	\$42,795.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

## **600 AMP AUTOMATIC TRANSFER SWITCH SPECIFICATION #86**

2010 ASCO Series 300  
2010 GE Zenith ZTG600  
2010 Tradewinds TT600

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

### **1. AUTOMATIC TRANSFER SWITCH:**

- a. Maximum voltage rating of 600Vac, 60hz
- b. 1ph or 3ph
- c. Open transition (break-before-make) transfer logic
- d. Transfer switch must meet the related industry standards:
- e. UL 1008 - Automatic transfer switches for use in emergency systems
- f. CSA - Automatic transfer switches
- g. NEMA - Industrial control and systems AC transfer switch equipment
- h. IEC - Automatic transfer switching equipment

### **2. RATING:**

- a. 600 amp, 3 pole, 277/480vac, 60hz
- b. Enclosure type: NEMA 3r

### **3. FUNCTIONAL:**

- a. The automatic transfer switch shall automatically transfer the load to the generator supply in the event of a utility supply failure and return the load to the utility supply upon restoration. The automatic transfer switch power switching devices shall be mechanically and electrically interlocked to prevent the utility and generator supplies from being interconnected.
- b. All timers should be field adjustable to ensure proper field site compatibility.

### **4. AUTOMATIC SEQUENCE OF OPERATION:**

- a. When the voltage on any phase of the utility supply is below present levels of rated voltage for a preset time delay, a contact shall close to initiate start of the standby generator.
- b. The load shall transfer to the generator supply when the generator voltage and frequency have reached acceptable present levels and the warm-up time delay has expired.
- c. When the utility supply is restored to the above present levels of rated voltage on all phases, load transfer from generator to utility supply shall be initiated following expiry of the utility return timer.
- d. Once the transfer mechanism operates and opens the generator power switching device, the transfer mechanism shall stop in the neutral position (i.e. with the both power switching devices open) for the duration of the neutral delay timer setting to allow load voltage to decay prior to reconnecting the utility supply.
- e. The load shall be re-connected to the utility supply once the neutral delay timer expires and the transfer mechanism continues operation and closes the utility power switching device.
- f. The load shall immediately retransfer to the utility supply (if within acceptable limits) should the generator supply fail

prior to the expiry of the utility transfer delay.

- g. The generator set shall continue to operate following a load transfer for a cool down delay period, and then a contact shall open to stop the generator set.
- h. An "on load" test mode may be initiated which shall cause a simulated utility failure condition and transfer the load to the generator set. The transfer sequence shall be the same as for a utility power failure except a neutral delay sequence shall occur when transferring from utility to a generator source.
- i. The load shall immediately retransfer to the utility supply (if within acceptable limits) should the generator supply fail during an "on load" test mode.

#### 5. FACTORY TESTING:

- a. A certified factory test report shall be shipped with each switch at time of shipment.
- b. The automatic transfer switch shall be factory tested prior to delivery to the purchaser. The following test shall be conducted by qualified factory personnel:
- c. Visual Inspection
- d. Mechanical Tests
- e. Electrical Tests
- f. Final Inspection

#### 6. FIELD TESTING AND COMMISSIONING:

- a. The automatic transfer switch shall be field tested once installed at the project site to confirm proper operation of the system. Schedule and witness testing activities shall be coordinated with the project engineer, site contractor, and owner as required in advance of the testing date. A qualified local factory-trained field representative shall conduct the necessary test to ensure proper operation of the switch.
- b. Visual Inspection: Electrical and Mechanical inspection to verify the installation is correct as recommended by the transfer switch manufacturer and as per National Electric Code (NEC) requirements.
- c. Mechanical Tests: As a minimum, the following mechanical tests shall be performed on the transfer switch:
- d. Power conductor torque verification
- e. Verification of mechanical interlock
- f. Manual ATS Mechanism Operation
- g. All Mechanical Fasteners/Wire Connections Tight
- h. Confirmations of correct transfer switch voltage, current and withstand ratings as is required for the application.
- i. Meggar testing the power cabling to the transfer switch.
- j. Verification of correct power cabling phasing and phase rotation prior to energization.
- k. Confirmation of settings for all timers & voltages sensors.
  - 1. Full Function test-normal operation – 3 complete cycles of failing the utility supply, and transfer load to/from the generator set.
- m. Verification of all test modes operates correctly.

#### 7. CONDITIONS:

- a. In addition to equipment specified, each automatic transfer switch shall be equipped with all necessary equipment as specified by the manufacturer for this model and shall include but not be limited to the following necessary items:
- b. Shrink Wrap applied to the product to ensure a clean finish.
- c. One complete set of operation and maintenance manuals.
- d. A two (2) year or 1500 hour from date of standard standby warranty will apply from date of successful start-up. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

#### 8. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.

- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

FLORIDA ASSOCIATION OF COUNTIES &  
FLORIDA FIRE CHIEFS' ASSOCIATION**

**600 AMP AUTOMATIC TRANSFER SWITCH  
SPECIFICATION #86**

**2010 ASCO Series 300**

The ASCO Series 300 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$5,202.00	\$5,202.00	\$5,202.00	\$5,202.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

## 6 INCH MOBILE PUMP PACKAGE SPECIFICATION #87

2010 Godwin CD150M  
2010 Thompson 6JSCE-DJDST-45T-M  
2010 Tradewinds TPK064750

**ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED**

**INSTRUCTIONS:** Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

### 1. DESIGN REQUIREMENTS:

- a. Discharge Size: 6 inches
- b. Duty Point, Maximum: 2,300 gallons per minute minimum (GPM) at 100 ft. Total Dynamic Head (TDH)
- c. Impeller Diameter: Manufacturer's standard for pump
- d. Operating Speed Maximum: 2,200 RPM
- e. Solids Handling Size, Maximum: 3 inches

### 2. ENGINE:

- a. Diesel engine, appropriate to pump size at continuous duty.
- b. Emission compliant engine
- c. Industrial grade exhaust muffler and rain cap
- d. Oil and water drain lines with ball valves
- e. Low water level shutdown switch
- f. 12vdc system with battery rack and cables
- g. 12vdc battery charger
- h. 50 gallon minimum, double wall, UL 142 steel subbase fuel tank with low fuel level alarm and shutdown.

### 3. PUMP:

- a. Check valve
- b. Impellers
- c. Self priming system

### 4. CONTROLS:

- a. Solid state, microprocessor based pump controls.
- b. Controls shall provide all operating, monitoring and control functions for the pump set.
- c. Controller will also provide 2 fully programmable contacts for input and output signals accordingly.
- d. Controller will provide remote start stop control with adjustable ramp (speed) time control.
- e. UL 508 R and CSA C22.2 No. 14 approved.

### 5. TRAILER:

- a. The manufacturer shall mount the diesel engine and pump unit with the above 50 gallon subbase tank on a street legal D.O.T. approved trailer. This trailer will be able to be rated for a safe travel at speeds of 60 mpg and not be limited to the following specifications:
- b. Trailer design shall be such that the County/City may easily remove the entire engine, fuel tank and pump from the

- trailer.
- c. 12vdc electric system
- d. Lunette or military type towing ring with safety chains.
- e. Hydraulic brakes with reverse dump solenoid.
- f. Single point lifting bar.
- g. License plate bracket
- h. Sand shoe type support stands front and rear.
- i. Torque spring axles to meet load of trailer.
- j. Full size spare tire.

6. START UP AND COMMISSIONING:

- a. Vendor must coordinate all start up and testing activities with the engineer/owner. After field delivery of the pump and trailer, an authorized factory representative shall perform the initial start up and field testing of the pump and trailer. If conditions permit, a site will be determined where connection will be made by the County/City to test the pump package. If a site cannot be prepared a standard operational test will be performed.
- b. At the same time the start up test is performed, the factory representative will provide all necessary operation, field maintenance and minor repair training as necessary. This will also include safety procedures and hazard assessment.

7. CONDITIONS:

- a. In addition to equipment specified, each pump package shall be equipped with all standard equipment as specified by the manufacturer for this model and shall include but not be limited to the following necessary items:
- b. Initial filling of oil and antifreeze.
- c. During the start up, the authorized factory representative shall record and provide the County/City with the engine and pump serial numbers for the owner records. At this time the warranty will begin.
- d. One complete set of operations and maintenance manuals.
- e. Two (2) year or 1500 hour standard standby pump package warranty. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

8. CONDITIONS

In addition to equipment specified, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA Emission Standards and all Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

- a. Complete lubrication.
- b. Check all fluid levels to assure proper fill.
- c. Adjustment of engine to proper operating condition.
- d. Inflate tires to proper pressure.
- e. Check to assure proper operation of all accessories, gauges, lights, and mechanical features.
- f. Focusing of headlights.
- g. Cleaning of vehicles, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet.

**6 INCH MOBILE PUMP PACKAGE  
SPECIFICATION #87**

**2010 Godwin CD150M**

The Godwin CD150M purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$35,984.00	\$35,984.00	\$35,984.00	\$35,984.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

# **FLORIDA SHERIFFS ASSOCIATION, FLORIDA ASSOCIATION OF COUNTIES & FLORIDA FIRE CHIEFS' ASSOCIATION**

## **6 INCH MOBILE PUMP PACKAGE SPECIFICATION #87**

### **2010 Tradewinds TPK064750**

The Tradewinds TPK064750 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	\$31,200.00	\$31,000.00	\$30,600.00	\$30,600.00

While the Florida Sheriffs Association, Florida Association of Counties and Florida Fire Chiefs' Association have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

## **AUTOMOTIVE MANUFACTURER'S EXTENDED VEHICLE WARRANTY**

The extended vehicle warranty shall continue beyond the standard vehicle warranty coverage. This warranty shall cover parts and labor for all components and their associated parts listed below for the time and mileage specified on the extended warranty submitted with the bid with a no cost (\$0) deductible per repair visit. Service shall be available at all manufacturer's dealerships throughout the State of Florida.

When the vehicle is sold by the Registered Purchaser, any remaining warranty shall be transferable to the second owner, after payment of the standard warranty transfer fee.

Warranty Transfer Fee: \$ \_\_\_\_\_

### COMPONENTS COVERED:

1. ENGINE:
  - a. All internal lubricated parts
  - b. Cylinder block and heads
  - c. Diesel injector pump
  - d. Factory installed turbocharger or supercharger units
  - e. Flywheel
  - f. Fuel pump
  - g. Gas fuel injectors and lines
  - h. Harmonic balance and bolt
  - i. Manifolds
  - j. Oil pan and oil pump
  - k. Seals and gaskets
  - l. Thermostat
  - m. Thermostat housing and gasket
  - n. Timing chain cover
  - o. Timing gears and chain or belt
  - p. Valve covers
  - r. Water pump
  
2. TRANSMISSION:
  - a. All internal parts
  - b. Seals and gaskets
  - c. Torque converter
  - d. Transfer case
  - e. Transmission case
  
3. ELECTRICAL:
  - a. Alternator
  - b. Electrical ignition module
  - c. Heated backglass (electrical only – not glass damage or breakage)
  - d. Manually operated switches
  - e. Radiator fan relay
  - f. Starter motor
  - g. Voltage regulator
  - h. Wiper motors
  - i. Wiring (excluding spark plug wires)
  - j. Wiring harnesses
  
4. FRONT-WHEEL DRIVE:
  - a. Axle shafts

**Automotive Manufacturer's EVW (Continued)**

- b. Final drive housing and internal parts
  - c. Front wheel bearings
  - d. Locking rings and automatic front locking hubs (four wheel drive vehicles)
  - e. Universal and constant velocity joints
5. FRONT SUSPENSION:
- a. Control arm shafts and bushings
  - b. King pins and bushings
  - c. Linkage and bushings
  - d. MacPherson struts (front or rear)
  - e. Spindle and spindle supports
  - f. Stabilizer bar
  - g. Tie rods
  - h. Upper and lower ball joints
  - i. Upper and lower control arms
6. REAR-WHEEL DRIVE:
- a. Axle shafts and drive shaft
  - b. Drive axle housing and internal parts
  - c. Front and rear wheel bearings
  - d. Retainers
  - e. Seals and gaskets
  - f. Universal and constant velocity joints
7. STEERING:
- a. Control valve and cylinder
  - b. Cooler and lines
  - c. Couplings
  - d. Linkages
  - e. Manual and power steering gear housing (and all internal parts)
  - f. Power steering pump
  - g. Seals and gaskets
8. AIR CONDITIONING:
- a. Clutch and clutch bearing
  - b. Compressor and compressor seals
  - c. Condenser
  - d. Evaporator
  - e. Field coil
  - f. Pulley
9. BRAKES:
- a. All lines and fittings
  - b. Backing plates
  - c. Brake booster
  - d. Calipers and wheel cylinders
  - e. Clips and retainers
  - f. Combination valve
  - g. Master cylinder
  - h. Parking brake linkage and cables
  - i. Self adjusters
  - j. Springs

# Florida Sheriffs Association's Municipal Lease Program

A Financial Division of  
**The Bancorp Bank**

**Mears offers the widest range of lease plans available in today's market!** We offer **both** Municipal Financing and Closed-End Lease Plans. Our Closed-End Lease Plan allows agencies to pay for only the useful life of the vehicle, which offers greater flexibility when budgeting. We also offer financing plans for all types of equipment.

- **MUNICIPAL FINANCING**
- **CLOSED-END LEASE PLAN**
- **OFFERED IN THESE LEASE PLANS:**

**Marked Patrol Cars  
Administrative Vehicles  
Undercover Vehicles  
Trucks, SUV's & Vans  
Motorcycles  
Equipment**

- **OVER 50 YEARS EXPERIENCE IN MUNICIPAL LEASING**
- **NO FLEET OR EQUIPMENT TOO SMALL**
- **FLEXIBLE MILEAGE AND TERMS**
