To Whom It May Concern:

The City of Key West Tree Commission recently considered your application TP2024-0006 regarding approval of a development plan project without a landscape component at 430 Green Street, Key West, Florida, at their regularly scheduled meeting on September 3, 2024.

The Tree Commission reviewed the information submitted with the development plan project and accepted the plan without a landscape component, therefore, the project can proceed forward in the development plan process to Planning Board and HARC. The project does not need any further review by the Tree Commission or from the urban forestry manager. There was discussion at the meeting though of a possible donation to the tree fund to help fund the planting of a tree in the area.

If you have any questions, please call the office at (305) 809-3768.

Sincerely,
