Unfortunately, we need to be more thorough in stating what is and what isn't considered "covering the genitalia."

Being clad only in a condom doesn't cut it in my book. Last year, I was pretty offended by the sight of two old men, each of whom was wearing only a condom in the "fantasy zone." One was on Duval with his female companion; the other displaying himself standing against the ext. wall of the Parrot on the Southard side.

Also, cunnilingus curbside is a bit much for my sensibilities. That, and other sexual acts and heavy foreplay are why I have stopped being on Duval during the parade.

Been here 38+ years now, and with my partner, Armando, and our production company, LodeStone Enterprises, responsible for the production of the first FF in '79, and yep, I'm deeply saddened and offended by what FF has become. Bring back the creativity and FUN, but cease and desist with the PUBLIC debauchery, the vomitorium, and the debacle.

PLEASE....

Thanks, Chris Stone
