**(305) 809-3720**

13) Has subject Property received any variance(s)? Yes \_\_\_\_\_ No \_\_\_\_\_

If Yes: Date of approval \_\_\_\_\_ Resolution # \_\_\_\_\_

Attach resolution(s). **PLANNING BOARD RESOLUTION NO. 2002-037**

14) Are there any easements, deed restrictions or other encumbrances on the subject property?

Yes \_\_\_\_ No

If Yes, describe and attach relevant documents.

---

---

A. For both *Conditional Uses* and *Development Plans*, provide the information requested from the attached **Conditional Use and Development Plan** sheet.

B. For *Conditional Uses* only, also include the **Conditional Use Criteria** required under Chapter 122, Article III, Sections 122-61 and 122-62 of the Land Development Regulations (see attached copy of criteria).

C. For *Major Development Plans* only, also provide the **Development Plan Submission Materials** required under Chapter 108, Article II, Division 7, Sections 108-226 through 108-248 of the Land Development Regulations (see attached copy of criteria) and any additional information as determined by the Planning Staff.

D. For both *Conditional Uses* and *Development Plans*, one set of plans **MUST** be signed & sealed by an Engineer or Architect.

**Please note, development plan and conditional use approvals are quasi-judicial hearings and it is improper to speak to a Planning Board member or City Commissioner about the project outside of the hearing.**

## **Project Analysis 420 – 422 Appelrouth Lane**

The following is an analysis of the proposed partial demolition and redevelopment of a bar and restaurant facility located at 420-422 Appelrouth Lane, formerly known as “Wax” and “The Bamboo Room”. The property is zoned HRCC-1, and the proposed redevelopment is considered a minor development plan. The site received conditional use approval for expanded service and consumption area via Planning Board Resolution 2002-037 in 2002.

The proposal includes the demolition of 990 square feet of floor area, and reconstruction of 795 square feet of floor area, inclusive of a second story storage area. Proposed floor area and lot coverage will be reduced by 205 square feet. Improvements include stormwater, handicapped accessibility, recycling and façade enhancements.

The property is located in an “X” flood zone, and the structures are non-contributing.

### **Existing development is depicted in attached surveys and plans, including:**

- Name of Development
- Name of Owner/Developer
- Scale
- North arrow
- Preparation and revision dates
- Location/ street address
- Size of site
- Buildings
- Structures
- FEMA flood zones
- Easements
- Utility locations
- Existing vegetation
- Existing storm water
- Adjacent land uses
- Adjacent buildings

**Title Block(Sec.108-227)**

Name of development:	420 – 422 Appelrouth Lane
Owner/Developer:	420ARL LLC
Scale:	¼” to 1’
Preparation and revision dates:	Noted on plans
Location:	420 – 422 Appelrouth Lane

**Proposed development is depicted in attached plans prepared by licensed architects and engineers, including:**

Buildings	Garbage and	Finished floor
Setbacks	Recycling	elevations
Utility locations	Project Statistics	Building elevations
Height of buildings	Drainage plans	

**Key persons and entities (Sec. 108-228) involved in this project are as follows:**

Owner:	420ARL LLC
Authorized Agent:	Bender & Associates, P. A., Donna Bosold
Architect:	Bender & Associates, P. A.
Engineer:	Allen E. Perez, Perez Engineering
Surveyor:	J. Lynne O’Flynn, Inc., Inc.
Legal and Equitable Owners:	420ARL LLC

**Sec. 108-229. Project description.**

420-422 Appelrouth Lane has variously operated as a bar and/or nightclub facility in the with patio dining in the recent past, and is currently unoccupied. The proposed plans provide for refurbishment of both interior and exterior, are sensitive to neighboring properties, provide improved drainage, and create handicapped accessible facilities, while reducing the overall on-site footprint. The site is located in the HRCC-1 pedestrian zoning district, and is exempt from parking requirements.

Site Data	Code	Existing	Proposed	Compliance
Zoning		HRCC1		yes
Building Coverage	.50 (1,250 sf)	2,225 sf	2,025 sf	reduced
FAR	1	.89	.95 (2,360 sf)	yes
Max Height	35'	17'	21'	yes
Landscape				waiver/modification requested
Buffer				waiver/modification requested
Impervious Surface	.70 (1,750 sf)	2,445 sf	2270 sf	reduced
Setbacks: Front	0'	0'	0'	yes
(N) Side	2'6"	1'1"	No change	
(W) Side	2'6"	0'0"	3'8"	Yes
Rear	10'	0'7"	0'7" & 10' at addition	addition complies
Parking	Exempt per Sec. 108-573			exempt
Consumption Area	N/A	1,750 sf	1,100 sf (reduced)	

**Sec. 108-230. Other Project Information**

- (1) The proposed redevelopment consists of a single phase demolition and redevelopment.
- (2) The target date for commencement shall follow entitlement approvals as quickly as possible.
- (3) Anticipated date of completion will be determined from the date of approvals.
- (4) The proposed Development Plan is included herewith.
  
- (5) The application as submitted proposes to redevelop the existing commercial facility as a bar and restaurant.
- (6) This project is not a planned unit development.
- (7) The project is located in an "X" zone.
- (8) The project is not located in an environmentally sensitive area.
- (10) The project will require submittal of an application for easement approval for the existing concrete awning located over the City right-of-way.
- (11) No signage is contemplated by this application.

**Sec. 108-231. Residential developments.**

N/A No residential development is being proposed with this application.

**Sec. 108-232. Intergovernmental coordination.**

Updated coordination with Keys Energy Services , Florida Keys Aqueduct Authority, and Key West Utilities Department will be required to bring the facility back on line.

**Sec. 108-233. Concurrency facilities and other utilities or services**

The project site is currently served by water and electric service. Stormwater management is being provided to the maximum extent practicable and impervious surface run-off is anticipated to be retained on-site. The redevelopment of the site does not trigger any additional need for recreational facilities. The site is served by Appelrouth Lane, located between Duval and Whitehead Streets. The project is located in the pedestrian-oriented HRCC-1 zoning district and not served by a driveway cut. Existing lot size (2,500 sf ) has not changed since the property was

under previous ownership, therefore it is not anticipated that the need for potable water or wastewater management will have increased.

**Sec. 108-236. Appearance of site and structures.**

The submitted development plans exhibit harmonious overall design characteristics in compliance with the performance standards stipulated in sections 108-278 through 108-288 as follows as illustrated on the site plan and elevation drawings provided by Bender & Associates, P.A.

**Sec. 108-237. - Site plan.**

A site plan illustrating the reconfigured site has been provided in accordance with the requirements of Sec. 108-27, Bender & Associates, P. A.

**Sec. 108-238. Architectural drawings.**

All architectural and engineering designs were prepared and sealed by a professional architect or engineer registered in the state pursuant to F.S. chs. 471 and 481, respectively. Drawings submitted for the development plan meet or exceed minimum submittal requirements.

**Sec. 108-240. Site survey.**

The submitted applications include site surveys prepared by a certified land surveyor.

**Sec. 108-241. - Soil survey.**

No soil survey has been required for this application

**Sec. 108-242. Environmentally sensitive areas.**

No vegetation exists on-site.

**Sec. 108-243. Land clearing, excavation and fill, tree protection, landscaping and irrigation plan.**

The applicant seeks a waiver or modification of Sec. 108-412 ("Minimum Landscaping requirements") and of the right-of-way buffering requirement as outlined in Sec. 108-413 ("Requirements along street frontages"). The property is scarified, and maintains a 0' front yard setback. The proposed footprint reduction will provide separation between 420 and 418 Appalrouth Lane, as well as enhance stormwater management capacity.

**Sec. 108-244. On-site and off-site parking and vehicular, bicycle, and pedestrian circulation.**

The proposed project is located in the historic commercial pedestrian-oriented area as outlined in Sec.108-573 of the Code. The overall non-residential floor area is not being converted to another use, and will effectively be reduced after redevelopment has been completed.

**Sec. 108-245. - Housing.**

The proposed project does not contemplate any residential housing.

**Sec. 108-246. - Economic resources.**

The proposed project will improve the value of the currently vacant property and provide new employment opportunities.

**Sec. 108-247. - Special considerations.**

No additional impacts to city land use plans, objectives or policies are anticipated. The site previously operated as a bar/nightclub.

**Sec. 108-248. - Construction management plan and inspection schedule.**

A construction management plan is currently under review.

# Verification

**City of Key West  
Planning Department**

**Verification Form**

*(Where Authorized Representative is an individual)*

I, Donna Bosold, being duly sworn, depose and say that I am the Authorized Representative of the Owner (as appears on the deed), for the following property identified as the subject matter of this application:

## GENERAL NOTES

- All work shall comply with the Florida Building Code, latest edition, and all applicable laws, codes and ordinances of the City, County, and the State of Florida. In the City of Key West, applicable Codes forming the basis of this design and compliance requirements for the Contractor include:  
 FLORIDA BUILDING CODE - Building 2014 EDITION  
 FLORIDA BUILDING CODE - Existing 2014 EDITION  
 FLORIDA BUILDING CODE - Residential 2014 EDITION  
 FLORIDA BUILDING CODE - Plumbing 2014 EDITION  
 FLORIDA BUILDING CODE - Fuel Gas 2014 EDITION  
 FLORIDA BUILDING CODE - Mechanical 2014 EDITION  
 NATIONAL ELECTRICAL CODE 2008 EDITION  
 NFPA 101 LIFE SAFETY CODE w/ Florida Modifications  
 2006 EDITION FLORIDA FIRE PREVENTION CODE 2007 EDITION  
 NFPA 1 2006 EDITION  
 This project is designed in accordance with A.S.C.E. 7-10 to resist wind loads of 180 mph (3 second gusts).
- Prior to submitting a bid, verify all existing conditions and dimensions on the jobsite, and also after award, but prior to the start of construction.
- Contours and/or existing grades shown are approximate. Verify with field conditions. Final grading shall provide gradual slopes and grades. Slope all grades away from the building. Planting areas shall be graded with soil suitable for planting. Rock and debris will not be allowed.
- Where discrepancies between drawings, specifications, and code requirements occur, adhere to the most stringent requirement.
- Dimensions shall take precedence over scale.
- All new utilities shall be underground.
- Drawings and specifications are complementary. Refer to all sheets of drawings and applicable sections of the specifications for interfaces of work with related trades.
- After completion of construction remove all debris and construction equipment. Restore site to original condition.
- Notify owner of any possible artifacts uncovered during site grading and throughout the course of construction.
- Furnish a receptacle on site to contain construction debris and maintain the site in an orderly manner to ensure public safety and prevent blowing debris.
- Comply with all requirements for selective demolition as specified, shown on the Demolition Plan, or called for in the selective Demolition Notes.

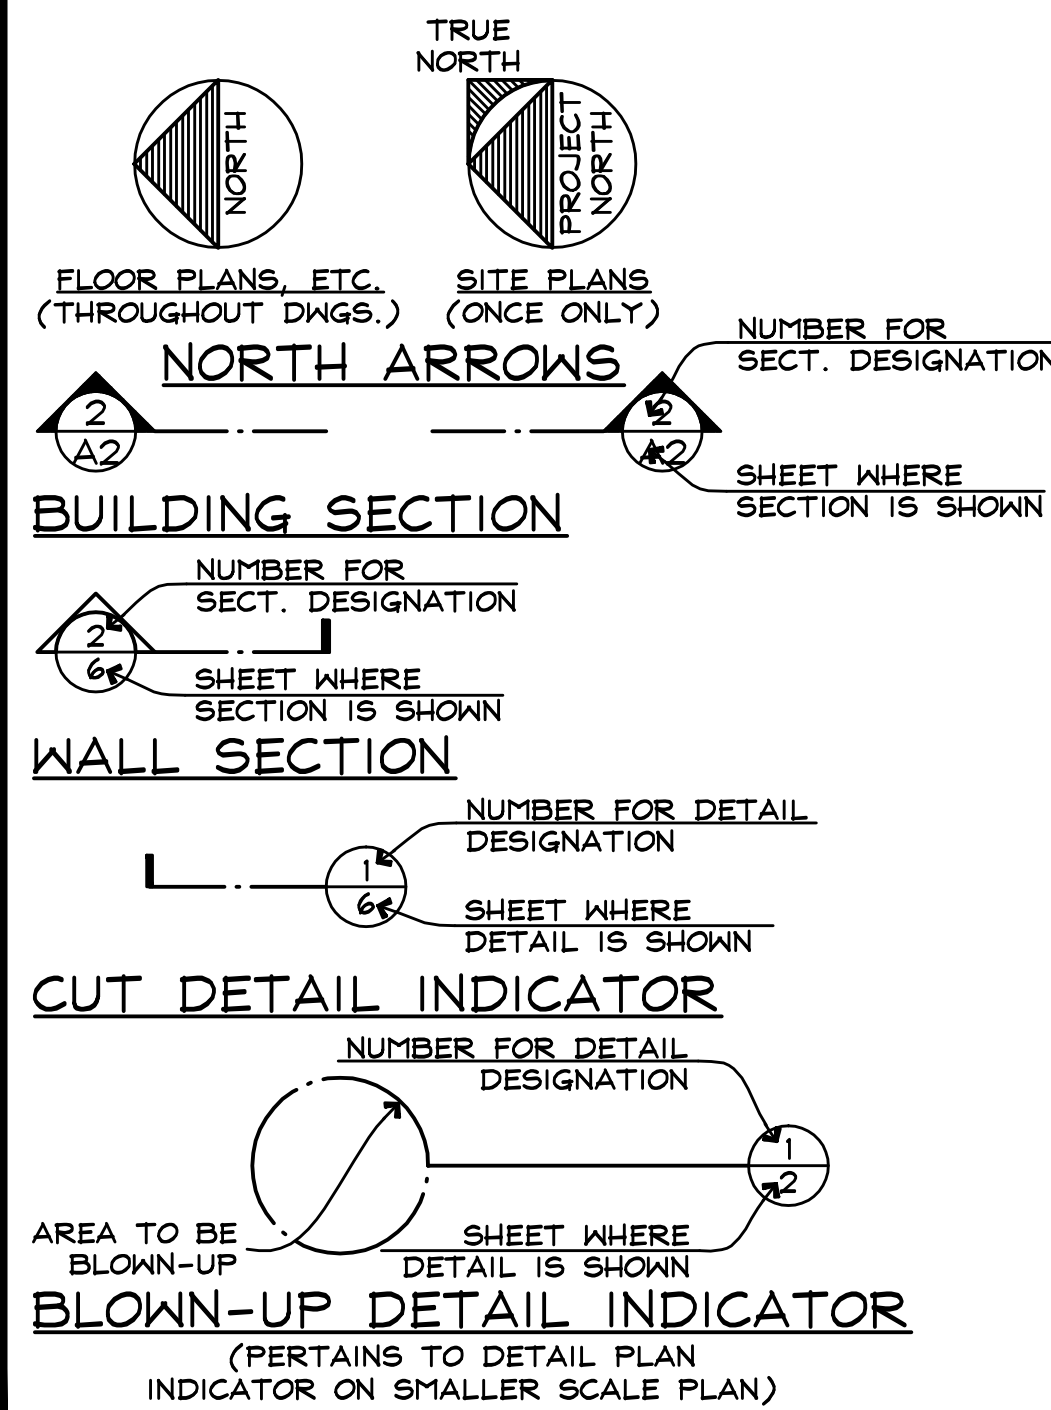

## FLORIDA ADMINISTRATIVE CODE

61G1-16.003 Use of Seal. The personal seal, signature and date of the architect or interior designer shall appear on all architectural or interior design documents to be filed for public record and shall be construed to obligate his partners or his corporation. A corporate seal alone is insufficient. Documents shall be signed personally and sealed by the responsible architect or interior designer. Final official record documents (not tracings, etc.) shall be so signed. The signing and sealing of the specification index sheets shall be considered adequate. All drawing sheets and pages shall be so signed and sealed. An architect or interior designer shall not affix, or permit to be affixed, his seal or name to any plan, specifications, drawings, or other related document which was not prepared by him or under his responsible supervising control as provided in Rule Chapter 61G1-23, F.A.C. An architect or interior designer shall not use his seal or do any other act as an architect or interior designer unless holding at the time a certificate of registration and all required renewals thereof.

## DRC MEETING COMMENTS

DATE	ADDRESS
9.24.15	420-422 Appelrouth Lane
ADA	
AIPP	NO COMMENT
BUILDING	
ENGINEERING	NO COMMENT
FEMA	NO COMMENT
FIRE	
HARC	
KEYS ENERGY	KEYS has reviewed the plans submitted and determined that the electrical services to the building will need to be upgraded and brought up to code. KEYS is requesting a full set of plans and a project review form to ensure the applicant and surrounding customers with adequate power.
PARKING	
PLANNING	
POLICE	
URBAN FORRESTRY	There appears to be a large tree near the rear of the property, in the neighboring property. Care must be taken during demolition and construction not to impact the roots or canopy of that tree if that tree is close to the work area. It is recommended that the urban forester visit the site to verify whether the tree is close to the area. Instead of a complete waiver of landscaping, I would like to see some trees planted on City right of way. In front of 420/418, there appears to possibly be some room on the sidewalk for at least 2 tree planter areas.
UTILITIES	Pursuant to Sec. 74-171, a grease interceptor shall be required. Gravity grease interceptor shall be sized and constructed in accordance with 64E-6.013, F.A.C., based on the number of seats, hours of operation, and type of utensils to be use, minimum 750 gallon. Hydromechanical grease interceptor shall be sized in accordance with Florida Building Code: Plumbing, Section 1003.3.4, and include kitchen fixtures and equipment that receives fats, oils or grease (sec. 1003.3.1).

- Can you confirm that the space allotted for trash and recycling are sufficient compared to previous use?
- What are the stormwater calculations based on the exfiltration design?
- While you have done an ok job in reducing the impervious surface, it is still over code. As per Comprehensive Plan Policies 1-1.9.2, 4-3.1.1, 4-3.1.2, 4-3.1.6, 6-1.3.1, we request a condition that you either get back to 70% impervious or install a cistern to capture rainwater from at least the ~20% impervious area over code (70% code – 90% proposed).
- As per Comp Plan policies 2-1.1.12, 5-1.1.8 & 6-1.16: We request a condition that the owner obtain a Green Business Certification within one year of completion of project.
- As per Comprehensive Plan policies 2-1.1.1, 2-1.1.3, 2-1.1.12: To alleviate traffic and increase multimodal travel, we request a condition that you actively promote alternative transportation information to your employees, tenants and guests.
- Your area is zoned for 35'. You should consider adding an affordable residential BPAS unit to support workforce housing.
- As per Comprehensive Plan policies 1-1.9.2 & 6-1.1.3: We request a condition that you increase the efficiency of your fixtures by replacing with only Energy Star and Water Sense rated fixtures.

## THE CITY OF KEY WEST – Tree Commission

Post Office Box 1409, Key West, FL 33041-1409  
(305) 809-3768

Date: November 13, 2015  
From: Karen DeMaria, Urban Forestry Manager *KD*  
To: Planning Department  
Reference: 420-422 Applerouth Lane Minor Development Plan

A review of the Landscape Plan for 420-422 Applerouth Lane was done in accordance with Sec 108-411(a).

The property owner is seeking a waiver of the minimum landscape requirements due to the fact that the property is already developed with a "0" front yard setback. The proposed redevelopment of the property will not allow for any significant landscaping. Therefore, it was suggested that the property owner work with the City of Key West to install and plant some new tree planters along Applerouth Lane.

Therefore, the Urban Forester on behalf of the Tree Commission recommends approval of the waivers and requests the following items be added to the development plan:

Any demolition or construction shall not impact the roots or canopy of any neighboring trees.

The property owner will be required to procure the proper right-of-way permits from Engineering Department to create the tree planters and will consult with the adjacent property owners regarding specific locations of the proposed planters.

The City of Key West will create the planter cuts and will install the flexipave once the trees have become established.

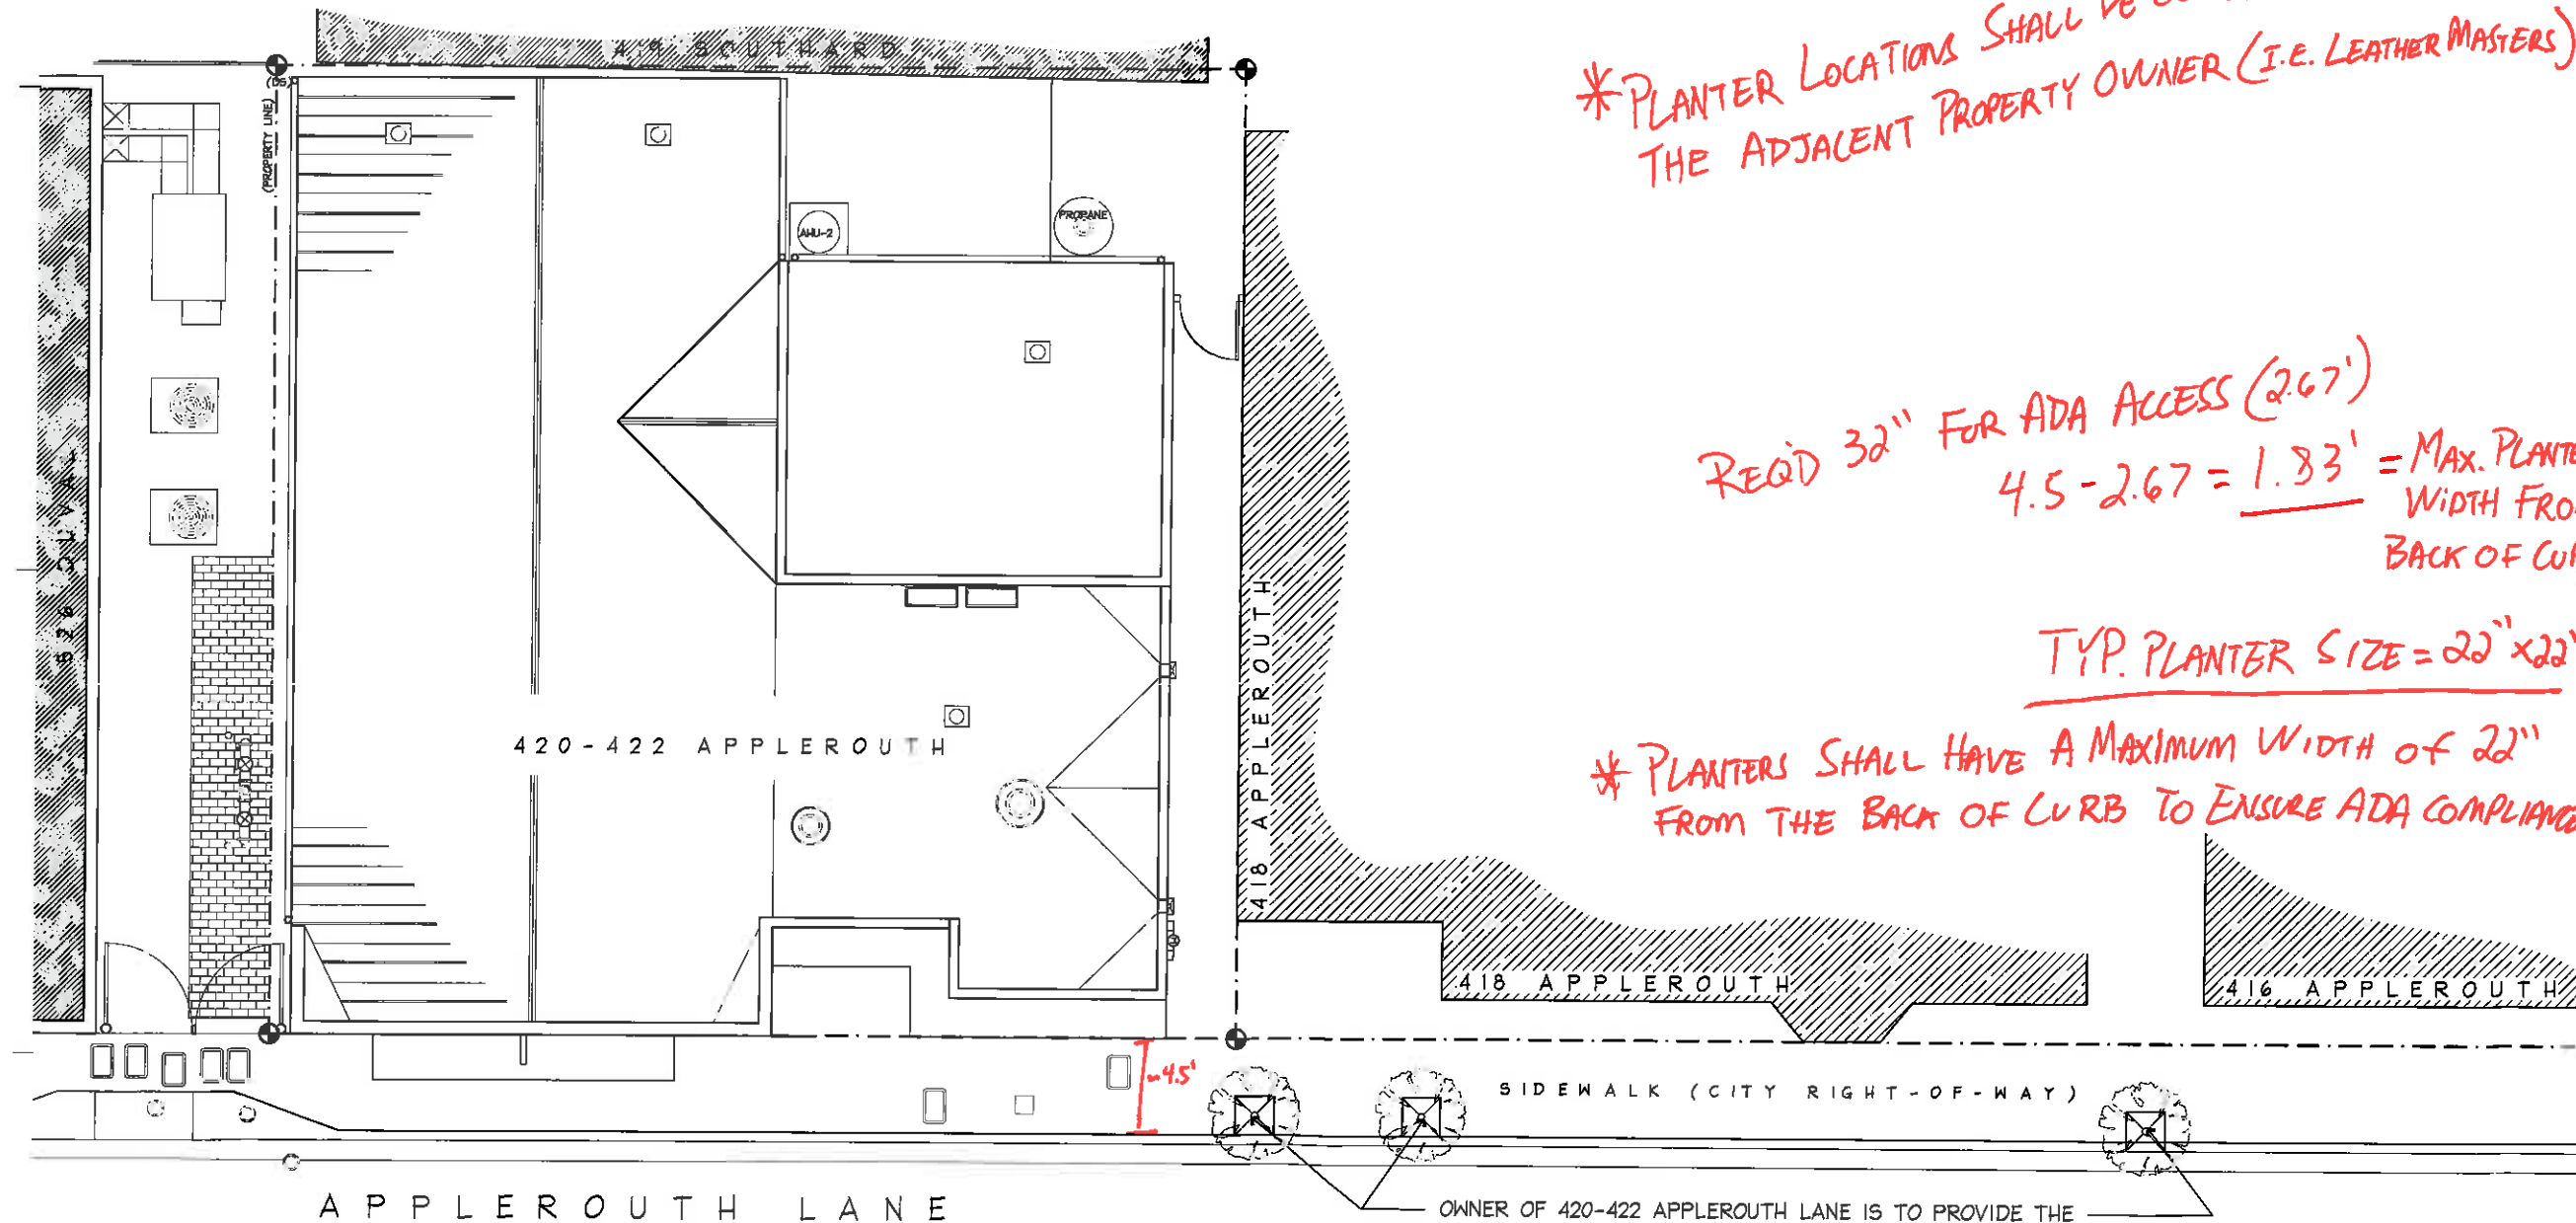

The property owner will purchase and plant the three native trees/palms to be planted in the City right-of-way. Due to the presence of overhead utility lines, recommended tree species include 8 ft tall Thatch Palms, 25 or 45 gallon Cinnamon Bark, Lignum Vitae, Spanish Stopper, Red Stopper trees, or similar sub canopy native tree species. Final tree selection must be approved by the Urban Forester.

*Tree Commission*  
**MEMORANDUM**

X potential tree planter areas

Jay Johnstone - Engineering Dept  
11-13-15

\* PLANTER LOCATIONS SHALL BE COORDINATED WITH THE ADJACENT PROPERTY OWNER (I.E. LEATHER MASTERS)

REQ'D 32" FOR ADA ACCESS (2.67')  
4.5 - 2.67 = 1.83' = MAX. PLANTER WIDTH FROM BACK OF CURB

TYP. PLANTER SIZE = 22" x 22"

\* PLANTERS SHALL HAVE A MAXIMUM WIDTH OF 22" FROM THE BACK OF CURB TO ENSURE ADA COMPLIANCE.

OWNER OF 420-422 APPLEROUTH LANE IS TO PROVIDE THE LANDSCAPE MATERIAL (NATIVE TREE & PERVIOUS FILL MATERIAL) FOR UP TO (3) LANDSCAPE PLANTING AREAS (FLUSH WITH SIDEWALK). FINAL LOCATION OF THE PLANTING LOCATIONS ARE TO BE DETERMINED BY THE CITY OF KEY WEST. THE CITY OF KEY WEST IS TO CONSTRUCT PLANTING AREAS. THE OWNER OF 420-422 APPLEROUTH LANE IS RESPONSIBLE FOR THE SUPPLY AND INSTALLATION OF THE LANDSCAPE MATERIAL.

---

Donna,

Attached please see PB Resolution 2002-037 granting conditional use for a bar lounge at 420-422 Appelrouth Lane.

Per Section 122-63(f):

*A conditional use approval shall run with the land and is transferable to successors in ownership. The use must remain compliant with all applicable rules and regulations, including any specific conditions duly mandated by the city as a condition of the original conditional use approval. At the city's option, it may enforce an alleged violation of a conditional use approval either in a court of law or in the proceedings of the code enforcement special magistrate pursuant to the procedures set forth in [chapter 2](#), article VI of the Code of Ordinances. For the purposes of this subsection, the terms "conditional use" and "special exception" are of equal meaning. Such a violation shall be enforceable under, and subject to the penalties provided in, [chapter 86](#) and [section 1-15](#) of the Code of Ordinances, or in accordance with any other applicable provision of the Code of Ordinances or of state law.*

**PLANNING BOARD RESOLUTION  
No. 2002-037**

**A RESOLUTION OF THE KEY WEST PLANNING BOARD  
GRANTING APPROVAL OF A CONDITIONAL USE APPLICATION  
FOR PROPERTY LOCATED AT 420-422 APPELROUTH LANE  
(RE#000009780-000000) FOR THE OPERATION OF AN AREA  
AT 420 APPELROUTH LANE RELATED TO AN EXISTING  
BAR/LOUNGE AT 422 APPELROUTH LANE KNOWN AS "WAX,"  
AND TO PROVIDE A SERVICE/CONSUMPTION AREA FOR THAT  
MINI-BAR; PROVIDING FOR CONDITIONS; PROVIDING FOR  
AN EFFECTIVE DATE**

**WHEREAS**, Bonnie Berman, the owner of 420-422 Appelrouth Lane, by and through her agent, Rudi Armbruster, Vice President, Armbruster Development Corp., filed an application on September 3, 2002, for a Conditional Use for the operation of an area at 420 Appelrouth Lane related to an existing bar/lounge at 422 Appelrouth Lane known as "Wax," and to provide a service/consumption area for that mini-bar; and

**WHEREAS**, Michael L. Browning, Esq., of Browning & Sireci, P.A., Attorneys at Law, submitted related correspondence on September 3, 2002, on behalf of the application that referenced prior correspondence and discussions with the City including Building, Licensing and Planning Departments and prior and present business owners; and

**WHEREAS**, this property is located in the HRCC-1 zoning district (Historic Residential Commercial Core: Duval Street Gulfside District) where Bars and Lounges are a conditional use; and

**WHEREAS**, the Development Review Committee met September 26, 2002 and had the following comments:

1. Written comment from Florida Keys Aqueduct Authority: This site is presently served by FCAA Account #03496 which is 5/8" domestic meter. The addition of additional fixtures may require a meter upgrade. The meter could be installed in the same box. The addition of any water using fixtures will result in System Development Fees being due.
2. Written comment from Keys Energy Services: Please be advised, KEYS has concerns regarding existing "exterior passage" between 420 and 422 Appelrouth Lane, that there is less than 2 feet clearance between faces of meters in passageway.
3. If any future food service is anticipated, a new grease trap installation will be necessary (applicants have stated no such service is planned at this time)
4. Some effort should be made to retain stormwater on site although even outdoor area is now surfaced.
5. Some effort, possibly related to stormwater retention, should be made to show landscaping

6. Concern was expressed about a tree adjacent to or at the right property line area and that it should be protected including root structure and canopy (location was not certain).
7. Renovation will be needed for handicapped restroom facilities.
8. Also handicapped regulations related to a bar could mean a table at which patrons can be serviced.
9. Egress doors with panic hardware will be required at the street side of the proposed mini-bar area.
10. A referenced "exterior passage" should be eliminated, with the sole bar entry/ingress continuing to be the existing main entrance to the bar/lounge masonry structure. An exit-only gate could remain.
11. The gate and adjacent open area beside the masonry building could be used for garbage/solid waste receptacles; and

**WHEREAS**, The Planning Department, in the staff report dated October 10, 2002 by Wendy Tucker, Development Review Administrator, recommended approval of the project with the following conditions:

1. ADA compliant bathroom and bar or seating to accommodate the handicapped.
2. Swinging doors from the nightclub area to the outside patio to contain sound within the masonry building.
3. No amplified music in the mini-bar or patio area;
4. Payment of impact fees for the proposed new mini-bar area, and also for the following areas as required retroactively by the Building and Licensing Departments:
  - The former 'office' area inside the masonry building;
  - The "patio" area that has not previously been accounted for by payment of such fees; and

**WHEREAS**, the Planning Board, after due public notice, considered this application at its meeting of October 17, 2002; and

**WHEREAS**, there were 78 notices sent out to property owners within 300 feet, six returned with no objection and one returned with objection; and

**WHEREAS**, the attorney representing the application requested that it be tabled for a month so that he could meet with the person objecting and address her concerns, and

**WHEREAS**, Member Richard Klitenick notified the Board that he has represented the applicant and wants to recuse himself from the vote and the discussion; and

**WHEREAS**, there was a motion made by Member Patricia Eables and seconded by Member Bill Verge to table this matter until the next meeting, with the voice vote unanimous to table (Member Klitenick abstaining because of his recusal); and

**WHEREAS**, the Planning Board again considered this application at its meeting of November 21, 2002; and

**WHEREAS**, there were two more notices having been returned, one stating an objection based on noise problems at present that might become worse with approval, and another stating no objection; and

**WHEREAS**, several members of the public desired to speak on the matter and voice objections, Mrs. Stella Rylander, owner of adjacent property, and Mr. Jay Rylander; and

**WHEREAS**, Attorney Michael Browning was again present on behalf of the applicant/owner and said despite several contacts he did not feel Mrs. Rylander was satisfied but that he would like to proceed with consideration of the request; and

**WHEREAS**, the attorney stated he had had several helpful meetings with the Planning Department and while he didn't agree with all staff findings, in his view the applicant would be satisfying every condition posed by Planning, with efforts including agreement to new handicapped bathrooms, improved on-site drainage retention, no outdoor music, also conversion of an alley beside the main bar into emergency egress only (per Fire Department) and keeping doors closed that lead to the patio area; and

**WHEREAS**, neighboring owner Mrs. Rylander and Jay Rylander, neighbor, both stated promises to close off an open back window area that was allowing bar noise to come out strongly have not been kept; and

**WHEREAS**, Mr. Browning stated that the applicant has no problem with sealing off the opening, apparently used for an airflow vent; and

**WHEREAS**, because the property is in the parking waiver zone, the conversion of retail use to bar use does not require any increase in parking; and

**WHEREAS**, the Planning Board members considered the following drawings:

**PLANS PRESENTED**

<b>Drawings</b>	<b>Date</b>	<b>Page</b>	<b>By</b>
Survey	8/13/02		Frederick H. Hildebrandt
Existing Site and Floor Plan	Received 10/11/02	Sheet 1 of 1	Robert L. Delaune, Architect, P.A.

**NOW, THEREFORE, BE IT RESOLVED** by the Planning Board for the City of Key West, Florida:

- **Section 1. To approve the Application for the Conditional Use to operate an area at 420 Appelrouth Lane related to an existing bar/lounge at 422 Appelrouth Lane known as "Wax," and to provide**

a service/consumption area for that mini-bar subject to the following conditions:

1. ADA compliant bathrooms and bar or seating to accommodate the handicapped;
2. Swinging doors provided from the nightclub area to the outside patio to contain sound within the masonry building;
3. No amplified music in the mini-bar or outdoor patio area;
4. Payment of impact fees for the proposed new mini-bar area, and also for the following areas as required retroactively by the Building and Licensing Departments:
  - The former 'office' area inside the masonry building;
  - The "patio" area that has not previously been accounted for by payment of such fees; and
5. The closing off or sealing the vent/window in the back area to alleviate the noise to Mrs. Rylander's property.

**Section 2. This Resolution shall go into effect immediately upon its passage and adoption and authentication by the signature of the Chairman of the Planning Board and the City Planner.**

Passed at a meeting held this 21<sup>st</sup> day of November, 2002.

Authenticated by the Chairman of the Planning Board and the City Planner.
