MEMORANDUM

TO: Jim Scholl, City Manager

FROM: Annalise Mannix, P.E., Environmental Programs Manager 

DATE: February 25, 2008

REFERENCE: Florida Department of Transportation Grant Funding

ACTION STATEMENT: Resolution authorizing the City Manager to execute three FDOT Local Area Program grant contracts with the Florida Department of Transportation (FDOT) for \$165,002 for a well at 17th Street, \$220,363 for a well at Duck Ave and \$241,249 at Elizabeth Street for 2008 stormwater injection well projects.

STRATEGIC PLAN INITIATIVE

The maintenance and improvement of our stormwater system is essential in protecting our nearshore water quality which is a key goal in the City's strategic and Business Plan.

BACKGROUND:

We have had numerous complaints of standing water and or flooding at the intersections of Elizabeth Street and Oliva, 20th and Duck, and 17th Street and 17th Terrace. This type of standing water can be reduced by installation of a stormwater injection well. The FDOT has awarded the City three grants to install wells at these three intersections. This grant will be used to complete a \$626,614 project constructing at 3 stormwater management wells which will reduce flooding.

In addition non-point source (NPS) pollution refers to diffuse sources of pollution, such as stormwater runoff from urban areas and erosion from construction sites. NPS pollution is the biggest cause of water pollution in Florida today. These wells will reduce NPS pollution.

PURPOSE & JUSTIFICATION:

The City of Key West Stormwater Utility has been improving our stormwater removal systems and at the same time implementing best management practices to reduce contaminated run-off. The Utility seeks grant funding to match City funding to leverage much larger projects than the City could afford alone. The city requested funding from the FDOT to perform stormwater road projects and the state agreed to fund 5 projects. This resolution is for three of those projects.

Key to the Caribbean – average yearly temperature 77 ° Fahrenheit.

MEMORANDUM

OPTIONS:

There are few options for this project. We may accept the \$626,614 in grants and move forward with the project to reduce flooding and contamination. Alternatively, we may reject the grant and move forward with a \$626,614 project fully funded with city utility funds. Another option would be to not move forward with the grant or project.

Staff believes the utility users will best be served by accepting this funding. All three streets currently have standing water problems that will be improved by this project.

FINANCIAL IMPACT:

The total expected project cost, as budgeted for grant purposes (the project has not been bid yet), is \$626,614. This grant will relieve the stormwater budget of that expense. If the project does bid for additional funds the City Stormwater Utility will have to fund the additional cost from the utility budget, # 402-3802-535-65-00.

The cost of maintaining each well over a 30 year life is \$5805 per year. This is funded through the stormwater utility.

RECOMMENDATION:

Execute this grant contract.

The schedule of funding may be modified by mutual agreement as provided for in paragraph 4.00 of this agreement.

If the Department's funding for this project is in multiple fiscal years, funds approval from the Department's Comptroller must be received each fiscal year prior to costs being incurred. See Exhibit B for funding levels by fiscal year. Project costs utilizing these fiscal year funds are not eligible for reimbursement if incurred prior to funds approval being received. The Department will notify the Agency, in writing, when funds are available.

"The department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of \$25,000 and which have a term for a period of more than 1 year."

Federal funds shall not be paid on account of any cost incurred prior to authorization by the FHWA to the Department to proceed with the project or part thereof involving such cost. (23 CFR 1.9 (a)). If FHWA or the Department determines that any amount claimed is not eligible, federal participation may be approved in the amount determined to be adequately supported, the Department shall notify the Agency in writing citing the reasons why items and amounts are not eligible for Federal participation. Where correctable non-compliance with provisions of law or FHWA requirements exists, federal funds may be withheld until compliance is obtained. Where non-compliance is not correctable, FHWA or the Department may deny participation in part or project costs in part or in total.

For any amounts determined to be ineligible for federal reimbursement for which the Department has advanced payment, the Agency shall promptly reimburse the Department for all such amounts within 90 days of written notice.

4.00 Project Estimate and Disbursement Schedule: Prior to the execution of this Agreement, a project schedule of funding, shall be prepared by the Agency and approved by the Department. The Agency shall maintain said schedule of funding, carry out the project and shall incur obligations against and make disbursements of project funds only in conformity with the latest approved schedule of funding for the project. The schedule of funding may be revised by mutual written agreement between the Department and the Agency. If revised, a copy of the revision should be forwarded to the Department's Comptroller and to the Department's Federal-Aid Program Office. No increase or decrease shall be effective unless it complies with fund participation requirements established in Exhibit "B" of this Agreement and is approved by the Department's Comptroller.

5.00 Records:

5.01 Establishment and Maintenance of Accounting Records: Records of costs incurred under terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for five(5) years after final payment is made. Copies of these documents and records shall be furnished to the Department upon request. Records of costs incurred includes the Agency's general accounting records and the project records, together with supporting documents and records, of the Agency and all subcontractors performing work on the project and all other records of the Agency and subcontractors considered necessary by the Department for a proper audit of costs. Offsetting any amount pursuant to this section shall not be considered a breach of contract by the Department.

7.00 The Department's Obligations: Subject to other provisions hereof, the Department will honor requests for reimbursement to the Agency in amounts and at times deemed by the Department to be proper to ensure the carrying out of the project and payment of the eligible costs. However, notwithstanding any other provision of this Agreement, the Department may elect, by notice in writing, not to make a payment if:

7.01 Misrepresentation: The Agency shall have made misrepresentation of a material nature in its application, or any supplement thereto or amendment thereof, or in or with respect to any document or data furnished therewith or pursuant hereto;

If the Department determines that the performance of the Agency is not satisfactory, the Department shall have the option of (a) immediately terminating this Agreement or (b) suspending this Agreement and notifying the Agency of the deficiency with a requirement that the deficiency be corrected within a specified time, otherwise the Agreement will be terminated at the end of such time. Suspension of the contract will not affect the time period for completion of this Agreement.

If the Department requires termination of this Agreement for reasons other than unsatisfactory performance of the agency, the Department shall notify the Agency of such termination, with instructions as to the effective date of termination or specify the stage of work at which this Agreement is terminated.

If this Agreement is terminated before performance is completed, the Agency shall be paid for the work satisfactorily performed. Payment is to be on the basis of substantiated costs.

The closing out of federal financial participation in the project shall not constitute a waiver of any claim which the Department may otherwise have arising out of this Agreement.

9.00 Contracts of the Agency:

9.01 Third Party Agreements: Except as otherwise authorized in writing by the Department, the Agency shall not execute any contract or obligate itself in any manner requiring the disbursement of Department funds, including consultant or construction contracts or amendments thereto, with any third party with respect to the project without the written approval of the Department. Failure to obtain such approval shall be sufficient cause for nonpayment by the Department. The Department specifically reserves unto itself the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of the same.

9.02 Compliance with Consultants' Competitive Negotiation Act: It is understood and agreed by the parties hereto that participation by the Department in a project with an Agency, where said project involves a consultant contract for engineering, architecture or surveying services, is contingent on the Agency complying in full with provisions of Section 287.055, Florida Statutes, Consultants Competitive Negotiation Act. At the discretion of the Department, the Agency will involve the Department in the Consultant Selection Process for all projects. In all cases, the Agency's attorney shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act.

11.00 Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion (Applicable to all federal-aid contracts – 49 CFR 29)

By signing and submitting this Agreement, the Agency is providing the certification set out below:

The inability of the Agency to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The Agency shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the Department's determination whether to enter into this transaction. However, failure of the Agency to furnish a certification or an explanation shall disqualify the Agency from participation in this transaction.

The certification in this clause is a material representation of fact upon which reliance was placed when the Department determined to enter into this transaction. If it is later determined that the Agency knowingly rendered an erroneous certification, in addition to other remedies available, the Department may terminate this transaction for cause of default.

The Agency shall provide immediate written notice to the Department if any time the Agency learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. The terms "covered," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. Contact the Department for assistance in obtaining a copy of these regulations.

The Agency further agrees by executing this Agreement that it shall not knowingly enter into any contracts with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Department.

The Agency further agrees by submitting this Agreement that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the Department, without modification, in all contracts and in all solicitations for contracts.

The Agency may rely upon a certification of a prospective sub-contractor that the person or entity is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. The Agency may decide the method and frequency by which it determines the eligibility of its sub-contractors. The Agency may, but is not required to, check the nonprocurement portion of the "Lists of Parties Excluded From Federal Procurement or Nonprocurement Programs" (Nonprocurement List) which is compiled by the General Services Administration.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the Agency is not required to exceed that which is normally processed by a prudent person in the ordinary course of business dealings.

Unless authorized by the Department, if the Agency knowingly enters into a contract with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available, the Department may terminate this agreement for cause or default.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion:

The Agency certifies, by execution of this Agreement, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

Where the Agency is unable to certify to any of the statements above, an explanation shall be attached to this proposal.

**UTILITIES DEPARTMENT MEMORANDUM
EXECUTIVE SUMMARY**

TO: Julio Arael, City Manager
FROM: E. David Fernandez, Utilities Director *EDF*
DATE: May 15, 2006
RE: **Support of Enhancement Grant Funding**

STRATEGIC PLAN INITIATIVE

The maintenance and improvement of our stormwater system is essential in protecting our nearshore water quality, a key goal in the City's strategic and Business Plan

ACTION STATEMENT: Resolution supporting the Key West Stormwater Utility's grant applications for FDOT 2006 Enhancement Grant cycle (for funding in 2012); more specifically: United Street Projects Phase I, II, and III; Northside Drive Project, 20th Street Project, 17th Street project and Elizabeth Street Project.

BACKGROUND:

The City Stormwater Utility has been tasked with complying with both environmental requirements of stormwater systems and flood and water retention on Key West roads. The Utility has been diligently seeking alternative funding sources for projects, and has found that the FDOT may have future funding for projects that are listed in cities Capital and Comprehensive Plans. Therefore it is desirable to create a resolution of support for these previously identified stormwater needs which are currently in the plan at this time.

PURPOSE & JUSTIFICATION:

The City of Key West Stormwater Utility has identified numerous sites where stormwater flow to the water is hazardous to our environment. The utility has been improving our stormwater removal systems and at the same time implementing best management practices to reduce contaminated run-off. The Utility has received millions of dollars of grant funding to match our local dollars in an effort to reduce the financial burden our citizens.

Last year the Utility was awarded the Glenn Archer Drive project FDOT's grant program. This year we will request numerous smaller projects to assist in installing additional stormwater wells sediment removal systems, sidewalks and landscaping.

OPTIONS:

Apply for this grant opportunity or do not. The advantage to this program is that the utility will leverage more improvements with less local funding.

FINANCIAL IMPACT:

The total grant funds for the Keys is up to \$2 million, therefore, if the city were awarded all projects the maximum match would be \$2,000,020 in FY 2012. The Stormwater Utility will budget for the stormwater issues and the Sales and gas tax will be used for any sidewalks and landscaping matches. State or other non-local funding will be sought to use as the local match to further leverage these important improvements.

RECOMMENDATION:

Support the Resolution.

See Exhibit B for funding levels by fiscal year. Project costs utilizing these fiscal year funds are not eligible for reimbursement if incurred prior to funds approval being received. The Department will notify the Agency, in writing, when funds are available.

If, after project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset such amount from payments due for work or services done under any agreement which it has with the Agency owing such amount if, upon demand, payment of the amount is not made within sixty (60) days to the Department. Offsetting any amount pursuant to this section shall not be considered a breach of contract by the Department.

7.00 The Department's Obligations: Subject to other provisions hereof, the Department will honor requests for reimbursement to the Agency in amounts and at times deemed by the Department to be proper to ensure the carrying out of the project and payment of the eligible costs. However, notwithstanding any other provision of this Agreement, the Department may elect, by notice in writing, not to make a payment if:

7.01 Misrepresentation: The Agency shall have made misrepresentation of a material nature in its application, or any supplement thereto or amendment thereof, or in or with respect to any document or data furnished therewith or pursuant hereto;

7.02 Litigation: There is then pending litigation with respect to the performance by the Agency of any of its duties or obligations which may jeopardize or adversely affect the project, this Agreement or payments to the project;

7.05 Default: The Agency has been determined by the Department to be in default under any of the provisions of the Agreement.

7.06 Federal Participation: The Department may suspend or terminate payment for that portion of the project which the FHWA, or the Department acting in lieu of the FHWA, may designate as ineligible for federal-aid.

7.07 Disallowed Costs: In determining the amount of the payment, the Department will exclude all project costs incurred by the Agency prior to the effective date of this Agreement or the date of authorization, costs incurred after the expiration of the Agreement, costs which are not provided for in the latest approved schedule of funding for the project, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department.

7.08 Final Invoices: The Agency must submit the final invoice on the project to the Department within one hundred twenty (120) days after the completion of the project. Invoices submitted after the one hundred twenty (120) day time period may not be paid.

8.00 Termination or Suspension of Project:

8.01 Termination or Suspension Generally: The Department may, by written notice to the Agency, suspend any or all of its obligations under this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected, or the Department may terminate this Agreement in whole or in part at any time the interest of the Department requires such termination.

If the Department determines that the performance of the Agency is not satisfactory, the Department shall have the option of (a) immediately terminating this Agreement or (b) suspending this Agreement and notifying the Agency of the deficiency with a requirement that the deficiency be corrected within a specified time, otherwise the Agreement will be terminated at the end of such time. Suspension of the contract will not affect the time period for completion of this Agreement.

If the Department requires termination of this Agreement for reasons other than unsatisfactory performance of the agency, the Department shall notify the Agency of such termination, with instructions as to the effective date of termination or specify the stage of work at which this Agreement is terminated.

If this Agreement is terminated before performance is completed, the Agency shall be paid for the work satisfactorily performed. Payment is to be on the basis of substantiated costs.

8.02 Action Subsequent to Notice of Termination or Suspension. Upon receipt of any final termination or suspension notice under this paragraph, the Agency shall proceed promptly to carry out the actions required therein which may include any or all of the following: (a) necessary action to terminate or suspend, as the case may be, project activities and contracts and such other action as may be required or desirable to keep to the minimum the costs upon the basis of which the financing is to be computed; (b) furnish a statement of the project activities and contracts, and other undertakings the cost of which are otherwise includable as project costs. The termination or suspension shall be carried out in conformity with the latest schedule, plan, and costs approved by the Department or upon the basis of terms and conditions

imposed by the Department upon the failure of the Agency to furnish the schedule, plan, and estimate within a reasonable time. The closing out of federal financial participation in the project shall not constitute a waiver of any claim which the Department may otherwise have arising out of this Agreement.

9.00 Contracts of the Agency:

9.01 Third Party Agreements: Except as otherwise authorized in writing by the Department, the Agency shall not execute any contract or obligate itself in any manner requiring the disbursement of Department funds, including consultant or construction contracts or amendments thereto, with any third party with respect to the project without the written approval of the Department. Failure to obtain such approval shall be sufficient cause for nonpayment by the Department. The Department specifically reserves unto itself the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of the same.

9.02 Compliance with Consultants' Competitive Negotiation Act: It is understood and agreed by the parties hereto that participation by the Department in a project with an Agency, where said project involves a consultant contract for engineering, architecture or surveying services, is contingent on the Agency complying in full with provisions of Section 287.055, Florida Statutes, Consultants Competitive Negotiation Act. At the discretion of the Department, the Agency will involve the Department in the Consultant Selection Process for all projects. In all cases, the Agency's attorney shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act.

10.00 Disadvantaged Business Enterprise (DBE) Policy and Obligation:

10.01 DBE Policy: It is the policy of the Department that disadvantaged business enterprises, as defined in 49 C.F.R. Part 26, as amended, shall have the opportunity to participate in the performance of contracts financed in whole or in part with Department funds under this Agreement. The DBE requirements of applicable federal and state regulations apply to this Agreement.

10.02 DBE Obligation: The Agency and its contractors agree to ensure that Disadvantaged Business Enterprises as defined in applicable federal and state regulations, have the opportunity to participate in the performance of contracts and this Agreement. In this regard, all recipients and contractors shall take all necessary and reasonable steps in accordance with applicable federal and state regulations, to ensure that the Disadvantaged Business Enterprises have the opportunity to compete for and perform contracts. The Agency shall not discriminate on the basis of race, color, national origin or sex in the award and performance of Department assisted contracts.

10.03 Disadvantaged Business Enterprise (DBE) Obligations: If Federal Transit Administration or FHWA Funding is a part of this project, the Agency must comply with applicable federal and state regulations.

11.00 Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion (Applicable to all federal-aid contracts – 49 CFR 29)

By signing and submitting this Agreement, the Agency is providing the certification set out below:

The inability of the Agency to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The Agency shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the Department's determination whether to enter into this transaction. However, failure of the Agency to furnish a certification or an explanation shall disqualify the Agency from participation in this transaction.

The certification in this clause is a material representation of fact upon which reliance was placed when the Department determined to enter into this transaction. If it is later determined that the Agency knowingly rendered an erroneous certification, in addition to other remedies available, the Department may terminate this transaction for cause of default.

The Agency shall provide immediate written notice to the Department if any time the Agency learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. The terms "covered," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. Contact the Department for assistance in obtaining a copy of those regulations.

The Agency further agrees by executing this Agreement that it shall not knowingly enter into any contracts with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Department.

The Agency further agrees by submitting this Agreement that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the Department, without modification, in all contracts and in all solicitations for contracts.

The Agency may rely upon a certification of a prospective sub-contractor that the person or entity is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. The Agency may decide the method and frequency by which it determines the eligibility of its sub-contractors. The Agency may, but is not required to, check the nonprocurement portion of the "Lists of Parties Excluded From Federal Procurement or Nonprocurement Programs" (Nonprocurement List) which is compiled by the General Services Administration.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the Agency is not required to exceed that which is normally processed by a prudent person in the ordinary course of business dealings.

Unless authorized by the Department, if the Agency knowingly enters into a contract with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available, the Department may terminate this agreement for cause or default.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion:

The Agency certifies, by execution of this Agreement, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

Where the Agency is unable to certify to any of the statements above, an explanation shall be attached to this proposal.

12.00 Restrictions, Prohibitions, Controls, and Labor Provisions:

12.01 Equal Employment Opportunity: In connection with the performance of any project, the Agency shall not discriminate against any employee or applicant for employment because of race, age, religion, color, sex, national origin, disability or marital status. The Agency will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, age, religion, color, gender, national origin, disability or marital status. Such action shall include, but not be limited to, the following: employment upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Agency shall insert the foregoing provision in all contracts modified only to show the particular contractual relationship in all its contracts in connection with the development of operation of the project, except contracts for the standard commercial supplies or raw materials, and shall require all such contractors to insert a similar provision in all subcontracts, except subcontracts for standard commercial supplies or raw materials. When the project involves installation, construction, demolition, removal, site improvement, or similar work, the Agency shall post, in conspicuous places available to employees and applicants for employment for project work, notices to be provided by the Department setting forth the provisions of the nondiscrimination clause.

12.02 Title VI - Civil Rights Act of 1964: The Agency will comply with all the requirements imposed by Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), the Regulations of the Federal Department of Transportation issued thereunder, and the assurance by the Agency pursuant thereto.

The Agency shall include provisions in all contracts with third parties that ensure compliance with Title VI of the Civil Rights Act of 1964, 49 C.F.R., Part 21, and related statutes and regulations.

12.06 Prohibited Interests: Neither the Agency nor any of its contractors or their subcontractors, shall enter into any contract, subcontract, or arrangement in connection with the project or any property included or planned to be included in the project in which any member, officer, or employee of the Agency or the locality during his tenure, or for two years thereafter, has any interest, direct or indirect. If any such present or former member, officer, or employee involuntarily acquires or had acquired any such interest prior to the beginning of his tenure, and if such interest is immediately disclosed to the Agency, the Agency with prior approval of the Department may waive the prohibition contained in this subsection, provided, that any such present member, officer or employee shall not participate in any action by the Agency or the locality relating to such contract, subcontract, or arrangement.

The Agency shall insert in all contracts entered into in connection with the project or any property included or planned to be included in any project, and shall require its contractors to insert in each of its subcontracts, the following provision: "No member, officer or employee of the Agency or of the locality during his tenure, or for two years thereafter, shall have any interest, direct or indirect, in this contract or the proceeds thereof."

When the Department receives a notice of claim for damages that may have been caused by the Agency in the performance of services required under this Agreement, the Department will immediately forward the claim to the Agency. The Agency and the Department will evaluate the claim and report their findings to each other within 14 working days and will jointly discuss options in defending the claim. After reviewing the claim, the Department will determine whether to require the participation of the Agency in the defense of the claim or to require the Agency defend the Department in such claim as described in this section. The Department's failure to promptly notify the Agency of a claim shall not act as a waiver of any right herein to require the participation in or defense of the claim by the Agency. The Department and the Agency will each pay its own expenses for the evaluation, settlement negotiations, and trial, if any. However, if only one party participates in the defense of the claim at trial, that party is responsible for all expenses at trial.

After resolution of these comments and recommendations to the Department's satisfaction, the Department will issue to the Agency written approval regarding the remainder of the project. Certification is required prior to advertisement for or solicitation of bids for construction of the project, including those projects for which no right of way is required.

UTILITIES DEPARTMENT MEMORANDUM
EXECUTIVE SUMMARY

TO: Julio Avel, City Manager
FROM: E. David Fernandez, Utilities Director *EDF*
DATE: May 15, 2006
RE: **Support of Enhancement Grant Funding**

STRATEGIC PLAN INITIATIVE

The maintenance and improvement of our stormwater system is essential in protecting our nearshore water quality, a key goal in the City's strategic and Business Plan

ACTION STATEMENT: Resolution supporting the Key West Stormwater Utility's grant applications for FDOT 2006 Enhancement Grant cycle (for funding in 2012); more specifically: United Street Projects Phase I, II, and III; Northside Drive Project, 20th Street Project, 17th Street project and Elizabeth Street Project.

BACKGROUND:

The City Stormwater Utility has been tasked with complying with both environmental requirements of stormwater systems and flood and water retention on Key West roads. The Utility has been diligently seeking alternative funding sources for projects, and has found that the FDOT may have future funding for projects that are listed in cities Capital and Comprehensive Plans. Therefore it is desirable to create a resolution of support for these previously identified stormwater needs which are currently in the plan at this time.

PURPOSE & JUSTIFICATION:

The City of Key West Stormwater Utility has identified numerous sites where stormwater flow to the water is hazardous to our environment. The utility has been improving our stormwater removal systems and at the same time implementing best management practices to reduce contaminated run-off. The Utility has received millions of dollars of grant funding to match our local dollars in an effort to reduce the financial burden our citizens.

Last year the Utility was awarded the Glenn Archer Drive project FDOT's grant program. This year we will request numerous smaller projects to assist in installing additional stormwater wells sediment removal systems, sidewalks and landscaping.

OPTIONS:

Apply for this grant opportunity or do not. The advantage to this program is that the utility will leverage more improvements with less local funding.

FINANCIAL IMPACT:

The total grant funds for the Keys is up to \$2 million, therefore, if the city were awarded all projects the maximum match would be \$2,000,020 in FY 2012. The Stormwater Utility will budget for the stormwater issues and the Sales and gas tax will be used for any sidewalks and landscaping matches. State or other non-local funding will be sought to use as the local match to further leverage these important improvements.

RECOMMENDATION:

Support the Resolution.

If the Agency does not complete the project within this time period, this Agreement will expire on the last day of scheduled completion as provided in this paragraph unless an extension of the time period is requested by the Agency and granted in writing by the Department prior to the expiration of the Agreement. See Exhibit B for funding levels by fiscal year. Project costs utilizing these fiscal year funds are not eligible for reimbursement if incurred prior to funds approval being received. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of \$25,000 and which have a term for a period of more than 1 year."

Where correctable non-compliance with provisions of law or FHWA requirements exists, federal funds may be withheld until compliance is obtained. Where non-compliance is not correctable, FHWA or the Department may deny participation in parcel or project costs in part or in total.

The closing out of federal financial participation in the project shall not constitute a waiver of any claim which the Department may otherwise have arising out of this Agreement.

9.00 Contracts of the Agency:

9.01 Third Party Agreements: Except as otherwise authorized in writing by the Department, the Agency shall not execute any contract or obligate itself in any manner requiring the disbursement of Department funds, including consultant or construction contracts or amendments thereto, with any third party with respect to the project without the written approval of the Department. Failure to obtain such approval shall be sufficient cause for nonpayment by the Department. The Department specifically reserves unto itself the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of the same.

9.02 Compliance with Consultants' Competitive Negotiation Act: It is understood and agreed by the parties hereto that participation by the Department in a project with an Agency, where said project involves a consultant contract for engineering, architecture or surveying services, is contingent on the Agency complying in full with provisions of Section 287.055, Florida Statutes, Consultants Competitive Negotiation Act. 11.00 Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion (Applicable to all federal-aid contracts – 49 CFR 29)

By signing and submitting this Agreement, the Agency is providing the certification set out below: The inability of the Agency to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The Agency shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the Department's determination whether to enter into this transaction. However, failure of the Agency to furnish a certification or an explanation shall disqualify the Agency from participation in this transaction.

The certification in this clause is a material representation of fact upon which reliance was placed when the Department determined to enter into this transaction. If it is later determined that the Agency knowingly rendered an erroneous certification, in addition to other remedies available, the Department may terminate this transaction for cause of default.

The Agency shall provide immediate written notice to the Department if any time the Agency learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. The terms "covered," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. Contact the Department for assistance in obtaining a copy of those regulations.

The Agency further agrees by executing this Agreement that it shall not knowingly enter into any contracts with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Department.

The Agency further agrees by submitting this Agreement that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the Department, without modification, in all contracts and in all solicitations for contracts.

The Agency may rely upon a certification of a prospective sub-contractor that the person or entity is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. The Agency may decide the method and frequency by which it determines the eligibility of its sub-contractors. The Agency may, but is not required to, check the nonprocurement portion of the "Lists of Parties Excluded From Federal Procurement or Nonprocurement Programs" (Nonprocurement List) which is compiled by the General Services Administration.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the Agency is not required to exceed that which is normally processed by a prudent person in the ordinary course of business dealings.

Unless authorized by the Department, if the Agency knowingly enters into a contract with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available, the Department may terminate this agreement for cause or default.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion:

The Agency certifies, by execution of this Agreement, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

Where the Agency is unable to certify to any of the statements above, an explanation shall be attached to this proposal.

12.01 Equal Employment Opportunity: In connection with the performance of any project, the Agency shall not discriminate against any employee or applicant for employment because of race, age, religion, color, sex, national origin, disability or marital status. Such action shall include, but not be limited to, the following: employment upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. If any such present or former member, officer, or employee involuntarily acquires or had acquired any such interest prior to the beginning of his tenure, and if such interest is immediately disclosed to the Agency, the Agency with prior approval of the Department may waive the prohibition contained in this subsection, provided, that any such present member, officer or employee shall not participate in any action by the Agency or the locality relating to such contract, subcontract, or arrangement.

The Agency will be responsible for securing any applicable permits.

13.02 Department Not Obligated to Third Parties: The Department shall not be obligated or liable hereunder to any party other than the Agency.

13.03 When Rights and Remedies Not Waived: In no event shall the making by the Department of any payment to the Agency constitute or be construed as a waiver by the Department of any breach of covenant or any default which may then exist on the part of the Agency and the making of such payment by the Department, while any such breach or default shall exist, shall in no way impair or prejudice any right or remedy available to the Department with respect to such breach or default.

The Agency and the Department will evaluate the claim and report their findings to each other within 14 working days and will jointly discuss options in defending the claim. After reviewing the claim, the Department will determine whether to require the participation of the Agency in the defense of the claim or to require the Agency defend the Department in such claim as described in this section. The Department's failure to promptly notify the Agency of a claim shall not act as a waiver of any right herein to require the participation in or defense of the claim by the Agency. The Department and the Agency will each pay its own expenses for the evaluation, settlement negotiations, and trial, if any. However, if only one party participates in the defense of the claim at trial, that party is responsible for all expenses at trial.

Certification is required prior to advertisement for or solicitation of bids for construction of the project, including those projects for which no right of way is required.

UTILITIES DEPARTMENT MEMORANDUM
EXECUTIVE SUMMARY

TO: Julio Avel, City Manager
FROM: E. David Fernandez, Utilities Director *EDF*
DATE: May 15, 2006
RE: **Support of Enhancement Grant Funding**

STRATEGIC PLAN INITIATIVE

The maintenance and improvement of our stormwater system is essential in protecting our nearshore water quality, a key goal in the City's strategic and Business Plan

ACTION STATEMENT: Resolution supporting the Key West Stormwater Utility's grant applications for FDOT 2006 Enhancement Grant cycle (for funding in 2012); more specifically: United Street Projects Phase I, II, and III; Northside Drive Project, 20th Street Project, 17th Street project and Elizabeth Street Project.

BACKGROUND:

The City Stormwater Utility has been tasked with complying with both environmental requirements of stormwater systems and flood and water retention on Key West roads. The Utility has been diligently seeking alternative funding sources for projects, and has found that the FDOT may have future funding for projects that are listed in cities Capital and Comprehensive Plans. Therefore it is desirable to create a resolution of support for these previously identified stormwater needs which are currently in the plan at this time.

PURPOSE & JUSTIFICATION:

The City of Key West Stormwater Utility has identified numerous sites where stormwater flow to the water is hazardous to our environment. The utility has been improving our stormwater removal systems and at the same time implementing best management practices to reduce contaminated run-off. The Utility has received millions of dollars of grant funding to match our local dollars in an effort to reduce the financial burden our citizens.

Last year the Utility was awarded the Glenn Archer Drive project FDOT's grant program. This year we will request numerous smaller projects to assist in installing additional stormwater wells sediment removal systems, sidewalks and landscaping.

OPTIONS:

Apply for this grant opportunity or do not. The advantage to this program is that the utility will leverage more improvements with less local funding.

FINANCIAL IMPACT:

The total grant funds for the Keys is up to \$2 million, therefore, if the city were awarded all projects the maximum match would be \$2,000,020 in FY 2012. The Stormwater Utility will budget for the stormwater issues and the Sales and gas tax will be used for any sidewalks and landscaping matches. State or other non-local funding will be sought to use as the local match to further leverage these important improvements.

RECOMMENDATION:

Support the Resolution.
