SUBJECT: Approval of "Memorandum of Agreement for Participating UASI (Urban Area Security Initiative Agencies)" FY 2008

ACTION STATEMENT:

The Department of Homeland Security (DHS) through the Office of Grants and Training (OG&T) has provided financial assistance to the State of Florida Division of Emergency Management (FDEM), Bureau of Finance Grants Section. The funding is to support the regional project for planning, recruitment, training, exercising, provision of supplies and equipment, and/or continuation of education. Our local council "The City of Key West Citizen Corps" is recognized in this effort as a registered council.

Florida Division of Emergency Management has identified the Ft. Lauderdale Urban Area as the through FY 2009 UASI Grant Program. As a "Participating Agency" the City of Key West has been awarded \$ 35,000 to fund planning, recruitment, training, exercising, provision of supplies and equipment, and / or continuation for the City's Community Emergency Response Team and Citizens Corps.

The City of Key West is a member of the South East Regional Domestic Security Task Force – Region 7 (SERDSTF-7) which encompasses Palm Beach, Broward, Miami-Dade, and Monroe Counties. The City has held active status various Working Groups and maintains close relationships with all of the entities mentioned in the agreement. The CITY meets and maintains all criteria necessary to engage as a "Participating Agency."

The City Of Miramar is recognized as the SERDSTF-7 **Sponsoring Agency**" responsible for coordinating the Urban Area Security Initiative (UASI) Grant Program. Miramar will review and process reimbursements forwarding each to the Florida Division of Emergency Management, Domestic Security Unit – Urban Area Security Initiatives. The process is described in Sections VI and VII, pages 6 – 7.

- For the purpose of this agreement, the City of Key West is the "**Participating Agency**" as noted on page 1 and Section VI. E. page 7.

The executed contract agreement (11DS-32-11-18-02-017) is the region's base agreement between the City of Miramar (Sponsoring Agency) and the Florida Division of Emergency Management.

STRATEGIC PLAN:

The recently adopted Comprehensive Emergency Management Plan (CEMP) recognizes the value of trained volunteers in mitigation of, preparation for, response to, recovery, and restoration from emergencies and disasters. It recommends responders to be properly prepared for "All-Hazards" such as Tropical Cyclones (hurricanes), flood, severe weather, and assisting government agencies with shelter management.

Comments post Hurricane Wilma indicated the lack of trained, prepared, and equipped residents capable of assisting in the planning, response, recovery, and mitigation of the affects of any emergency affecting our island city.

CITIZEN BENEFIT:

Several training sessions have been conducted over the past three years, with approximately twenty-five residents being trained. However, the purchase of training and response equipment has not been budgeted. This MOA will provide a funding source to provide initial and advanced training for volunteer responders and equipment for training, preparation, response, and mitigation.

Offered training will include basic survival skills, use of portable fire extinguishers, how to search for people in a buildings, incident management, first-aid, neighborhood damage assessment, shelter management, and team work. Equipment purchase will be in accordance with "FEMA Preparedness Grants and Authorize Equipment List."

OPTIONS / ADVANTAGES / DISADVANTAGES:

- Options
 - Reject the award
 - Funding through the annual process has been limited for FY 11 – 12 to be used solely for printing training materials,
 - Will negatively impact continued training and equipment procurement opportunities.
 - Accept the award
 - Funding will provide for,
 - Individual response equipment cache,
 - Training aids, props and mock-ups.
 - Acceptance will allow the City to be awarded future sustainability grants.
- Disadvantage
 - Rejection will place the City in a negative position for future grant applications.
 - The city has been unable to allocate adequately fund equipment procurement.

FINANCIAL IMPACT:

This award provides an allocated \$ 35,000 to be expended and reimbursed pursuant to the terms of this Agreement. Terms of the award will require financial and audit reports in compliance with U.S. General Accounting Office Government Auditing Standards and OMB Circular A-133, requiring Financial Status Reports within forty-five days after the end of each calendar quarter.

RECOMMENDATIONS:

Staff recommends approval for this request.

In addition to reviews of audits conducted in accordance with paragraph (6) above, monitoring procedures may include, but not be limited to, on-site visits by Division staff, limited scope audits, and/or other procedures. The Recipient agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Division. In the event that the Division or the Department determines that a limited scope audit of the Recipient is appropriate, the Recipient agrees to comply with any additional instructions provided by the Division or the Department to the Recipient regarding such audit. The Recipient further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Florida Chief Financial Officer or Auditor General. In addition, the Division will monitor the performance and financial management by the Recipient throughout the contract term to ensure timely completion of all tasks.

(a) Unless Recipient is a State agency or subdivision, as defined in Section 768.28, Fla. Stat., the Recipient is solely responsible to parties it deals with in carrying out the terms of this Agreement, and shall hold the Division harmless against all claims of whatever nature by third parties arising from the work performance under this Agreement. For purposes of this Agreement, Recipient agrees that it is not an employee or agent of the Division, but is an independent contractor.

(b) Any Recipient which is a state agency or subdivision, as defined in Section 768.28, Fla. Stat., agrees to be fully responsible for its negligent or tortious acts or omissions which result in claims or suits against the Division, and agrees to be liable for any damages proximately caused by the acts or omissions to the extent set forth in Section 768.28, Fla. Stat. Nothing herein is intended to serve as a waiver of sovereign immunity by any Recipient to which

sovereign immunity applies. Nothing herein shall be construed as consent by a state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any contract.

(10) DEFAULT.

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (11). However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

(a) If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

(b) If material adverse changes occur in the financial condition of the Recipient at any time during the term of this Agreement, and the Recipient fails to cure this adverse change within thirty days from the date written notice is sent by the Division.

(c) If any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information;

(d) If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(11) REMEDIES.

If an Event of Default occurs, then the Division may, after thirty calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty days, exercise any one or more of the following remedies, either concurrently or consecutively:

(a) Terminate this Agreement, provided that the Recipient is given at least thirty days prior written notice of the termination. The notice shall be effective when placed in the United States, first class mail, postage prepaid, by registered or certified mail-return receipt requested, to the address in paragraph (13) herein;

(b) Begin an appropriate legal or equitable action to enforce performance of this Agreement;

(c) Withhold or suspend payment of all or any part of a request for payment;

(d) Require that the Recipient refund to the Division any monies used for ineligible purposes under the laws, rules and regulations governing the use of these funds.

(e) Exercise any corrective or remedial actions, to include but not be limited to:

1. request additional information from the Recipient to determine the reasons for or the extent of non-compliance or lack of performance,

2. issue a written warning to advise that more serious measures may be taken if the situation is not corrected,

3. advise the Recipient to suspend, discontinue or refrain from incurring costs for any activities in question or

4. require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible;

(f) Exercise any other rights or remedies which may be available under law.

(g) Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(12) TERMINATION.

(a) The Division may terminate this Agreement for cause after thirty days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Fla. Stat., as amended.

(b) The Division may terminate this Agreement for convenience or when it determines, in its sole discretion, that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty calendar days prior written notice.

(c) The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

(d) In the event that this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of the Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the Recipient for the purpose of set-off until the exact amount of damages due the Division from the Recipient is determined.

B. Scope of Work

Funding is provided to perform eligible activities as identified in the Fiscal Year 2010 Homeland Security Grant Program, consistent with the Department of Homeland Security State Strategy. The intent of this agreement is to complete the following approved projects:

I. Issues and Project Description

Issue 44 – Citizen Corps and Community Emergency Response Team (CERT) Program - The Citizen Corps mission is to bring community and government leaders together to coordinate the involvement of community members and organizations in emergency preparedness, planning, mitigation, response, and recovery.

The FY 2010 Citizen Corps Program (CCP) funds provide resources for States and local communities to:

- Bring together the appropriate leadership to form and sustain a Citizen Corps Council
- Develop and implement a plan and amend existing plans, such as emergency operations plans (EOP) to achieve and expand citizen preparedness and participation
- Conduct public education and outreach
- Ensure clear, timely, and accessible alerts/warnings and emergency communications with the public
- Develop training programs for the public, including special needs populations, for both all-hazards preparedness and volunteer responsibilities
- Facilitate citizen participation in exercises
- Implement volunteer programs and activities to support emergency responders
- Involve citizens in surge capacity roles and responsibilities during an incident in alignment with the Emergency Support Functions and Annexes
- Conduct evaluations of programs and activities

II. Categories and Eligible Activities

Eligible activities are outlined in the Scope of Work for each category below. FY2010 SHSGP allowable costs are divided into the following categories: **planning, training, exercises, equipment, management and administration cost**. Each category's allowable costs have been listed in the "Budget Detail Worksheet" above. Eligible activities should support the above approved projects.

A. Planning

Integrating non-governmental entities into the planning process is critical to achieve comprehensive community preparedness. To meet this important objective, HSGP funds may be used to support the following:

- Establishing and sustaining bodies to serve as Citizen Corps Councils
- Assuring that State and local government homeland security strategies, policies, guidance, plans, and evaluations include a greater emphasis on government/non-governmental collaboration, citizen preparedness, and volunteer participation
- Developing and implementing a community preparedness strategy for the State/local jurisdiction
- Developing or reproducing accessible public education and outreach materials to: increase citizen preparedness and knowledge of protective actions (to include the national *Ready Campaign* materials); promote training, exercise, and volunteer opportunities; and inform the public about emergency plans, evacuation routes, shelter locations, and public alerts/warnings
 - All public education and outreach materials must include the national or jurisdiction's Citizen Corps logo, tagline or website or the Ready logo, tagline, or website and comply with logo standards. For more information go to <http://www.citizencorps.gov>. In addition, all public education and outreach materials should incorporate special needs considerations, to include language, content, and method of communication
 - Allowable expenditures include:
 - Media campaigns: Public Service Announcements (PSAs), camera-ready materials, website support, and newsletters
 - Outreach activities and public events: Booth displays, event backdrops or signs, displays and demonstrations, utilizing translation services, and informational materials such as brochures/flyers
 - Promotional materials: Pens/pencils, pins, patches, magnets, souvenir clothing/headwear, etc. Expenditures for promotional items must not exceed 15 percent of the total Citizen Corps Program allocation (see CCP Equipment for information on equipment caps)
- Establishing, expanding, and maintaining volunteer programs and volunteer recruitment efforts that support disaster preparedness and/or response.

- Citizen support for emergency responders is critical through year-round volunteer programs and as surge capacity in disaster response. Citizen Corps funding may be used to establish, enhance or expand volunteer programs and volunteer recruitment efforts for Neighborhood Watch/USAonWatch, Community Emergency Response Teams (CERT), Volunteers in Police Service (VIPS), Medical Reserve Corps (MRC), and Fire Corps; for the Citizen Corps Affiliate Programs and Organizations; and for jurisdiction specific volunteer efforts.
- Examples include:
 - Recruiting, screening, and training volunteers (e.g. background checks)
 - Retaining, recognizing, and motivating volunteers (e.g. volunteer recognition items, such as certificates or plaques).
 - Purchasing, maintaining, or subscribing to a system to track volunteers (to include identification and credentialing systems, and to track volunteer hours) and other available resources in compliance with applicable privacy laws
 - Necessary non-structural accommodations to include persons with special needs (i.e. sign language interpreters)
 - Evaluating volunteers

B. Training

Training funded through the CCP includes but is not limited to: allhazards safety, such as emergency preparedness, basic first aid, life saving skills, crime prevention and terrorism awareness, school preparedness, public health issues, mitigation/property damage prevention, safety in the home, light search and rescue skills, principles of NIMS/ICS, community relations, volunteer management, serving people with disabilities, pet care preparedness, any training necessary to participate in volunteer activities, any training necessary to fulfill surge capacity roles, or other training that promotes individual, family, or community safety and preparedness.

There is no cap on the number of deliveries State or local jurisdictions may conduct of non-responder community-based training workshops, seminars, demonstrations, or conferences. Examples include: CPR/AED training, identity theft workshops, terrorism awareness seminars, chain-saw safety demonstrations, and community preparedness conferences.

Funding for CERT training includes the delivery of the CERT Basic Training Course, supplemental training for CERT members who have completed the basic training, and the CERT Train-the-Trainer training. Any CERT Basic training conducted by State or local entities must: 1) include the topics covered in the FEMA CERT Basic Training Course; 2) be instructor-led; and 3) be classroom-based, using lecture, demonstration, and hands-on practice throughout. Note that the Independent Study course, "Introduction to CERT" (IS 317) must not be substituted for classroom delivery of CERT basic training. There is no cap on the number of deliveries State or local jurisdictions may conduct of the CERT Basic Training, the CERT Train-the-Trainer, Campus CERT Train-the-Trainer, or Teen CERT Train-the-Trainer courses, or supplemental/advanced training for CERT program participants.

Any training supported with these CCP funds should be delivered with specific consideration to include all ages, ethnic and cultural groups, persons with disabilities, and special needs populations at venues throughout the community, to include schools, neighborhoods, places of worship, the private sector, non-governmental organizations, and government locations. Expenditures to provide necessary non-structural accommodations for persons with special needs is allowable (i.e. sign language interpreters). Jurisdictions are also encouraged to leverage existing training provided via educational/professional facilities and to incorporate non-traditional methodologies such as the Internet, distance learning, or home study whenever such delivery supports training objectives. Pilot courses and innovative approaches to training citizens and instructors are encouraged.

Instruction for trainers and training to support the Citizen Corps Council members in their efforts to manage and coordinate the Citizen Corps mission is also an allowable use of the FY 2010 CCP funding.

Allowable Training Costs

Allowable training-related costs include, but are not limited to, the following:

- **Funds used to develop, deliver, and evaluate training**, including costs related to administering the training, planning, scheduling, facilities, materials and supplies, reproduction of materials, and equipment.
- **Overtime and Backfill costs**, as defined in this guidance, associated with attending or teaching FEMA-sponsored and/or approved training courses and programs are allowed. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from both their unit or agency of government AND from an award for a single period of time (e.g., 1:00 pm to 5:00 pm), even though such work may benefit both activities. Further, overtime costs associated with employees who participate in training in a teaching role for which they are compensated are not allowed.

- **Travel costs** (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to approved training.
- **Hiring of Full or Part-Time Staff or Contractors/Consultants** to support training-related activities. Payment of salaries and fringe benefits must be in accordance with the policies of the State or unit(s) of local government and have the approval of the State or awarding agency, whichever is applicable. Such costs must be included within the funding allowed for program management personnel expenses, which must not exceed 15 percent of the total allocation as specified in section E.6. In no case is dual compensation allowable (see above).
- **Certification/Recertification of Instructors** is an allowable cost. States are encouraged to follow the FEMA Instructor Quality Assurance Program to ensure a minimum level of competency and corresponding levels of evaluation of student learning. This is particularly important for those courses that involve training of trainers.

C. Exercises

Exercises specifically designed for or that include participation from non-governmental entities and the general public are allowable activities and may include testing public warning systems, evacuation/shelter in-place capabilities, family/school/business preparedness, and participating in table-top or full scale emergency responder exercises at the local, State, tribal, territorial, or national level, to include the National Level Exercises (formally known as Top Officials Exercise [TOPOFF]).

Allowable exercise-related costs include:

Grantees are encouraged to use government facilities to conduct meetings and conferences whenever possible.
- **Hiring of Full or Part-Time Staff or Contractors/Consultants** – Full or parttime staff may be hired to support exercise-related activities. Such costs must be included within the funding allowed for program management personnel expenses, which must not exceed 15 percent of the total allocation. The applicant's formal written procurement policy or the Federal Acquisition Regulations (FAR) – whichever is more stringent – must be followed. In no case is dual compensation allowable.
- **Overtime and Backfill** – The entire amount of overtime costs, including payments related to backfilling personnel, which are the direct result of time spent on the design, development, and conduct of exercises are allowable expenses. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities.
- **Travel** – Travel costs are allowable as expenses by employees who are on travel status for official business related to the planning and conduct of exercise project(s) or HSEEP programmatic requirements as described in the HSEEP website (e.g., Improvement Plan Workshops, Training and Exercise Plan).
- **Supplies** – Supplies are items that are expended or consumed during the course of the planning and conduct of the exercise project(s) (e.g., copying paper, gloves, tape, non-sterile masks, and disposable protective equipment).
- **Other Items** – These costs include the rental of equipment (e.g., portable toilets, tents), food, gasoline, exercise signs, badges, etc.

Unauthorized exercise-related costs include:

- Reimbursement for the maintenance and/or wear and tear costs of general use vehicles (e.g., construction vehicles) and emergency response apparatus (e.g., fire trucks, ambulances).
- Equipment that is purchased for permanent installation and/or use, beyond the scope of exercise conduct (e.g., electronic messaging signs).

Exercise Requirements

Exercises conducted with FEMA support must be managed and executed in accordance with the Homeland Security Exercise and Evaluation Program (HSEEP). HSEEP Guidance for exercise design, development, conduct, evaluation, and improvement planning is located at <https://hseep.dhs.gov>. The HSEEP Library provides sample exercise materials and templates.

All exercises using HSGP funding must be NIMS compliant. More information is available online at the NIMS Integration Center, <http://www.fema.gov/emergency/nims/index.shtm>.

Where applicable, the Training and Exercise Plans should include training and exercises that support specialized programs, such as the Regional Catastrophic Preparedness Grant Program.

States are encouraged to exercise their capabilities with regard to infants and children across all aspects of response and recovery, including pediatric medical surge capabilities and integrating the accessibility and functional needs of children and adults with disabilities.

- **Exercise Scenarios.** The scenarios used in HSGP-funded exercises must be based on the State/Urban Area's Homeland Security Strategy and plans. Acceptable scenarios for SHSP, UASI, MMRS, and CCP exercises include: chemical, biological, radiological, nuclear, explosive, cyber, agricultural and natural or technological disasters. Exercise scenarios must be catastrophic in scope and size as defined by the *National Response Framework*.

The scenarios used in HSGP-funded exercises must focus on validating existing capabilities and must be large enough in scope and size to exercise multiple tasks and warrant involvement from multiple jurisdictions and disciplines and nongovernmental organizations. Exercise scenarios should also be based on the Multiyear Training and Exercise Plan.

- **Special Event Planning.** If a State or Urban Area will be hosting a special event (e.g., Super Bowl, G-8 Summit) they are approved to participate in a Tier I or Tier II exercise as approved by the National Exercise Program (NEP) Executive Steering Committee per the NEP Implementation Plan. They should plan to use SHSP or UASI funding to finance training and exercise activities in preparation for those events. States and Urban Areas should also consider exercises at major venues (e.g., arenas, convention centers) that focus on evacuations, communications, and command and control. States should also anticipate participating in at least one Regional Exercise annually. States must include all confirmed or planned special events in the Multi-year Training and Exercise Plan.
- **Exercise Evaluation.** All exercises will be capabilities and performance-based and evaluated using Exercise Evaluation Guides (EEGs) found on the HSEEP website at <https://hseep.dhs.gov>. An After-Action Report/Improvement Plan (AAR/IP) will be prepared and submitted to the FEMA Grants and Preparedness Community of Interest (COI) on the Homeland Security Information Network (HSIN) within 90 days following completion of the exercise, regardless of type or scope. AAR/IPs must conform to the HSEEP format, should capture objective data pertaining to exercise conduct, and must be developed based on information gathered through EEGs found in HSEEP. All applicants are encouraged to use the Lessons Learned Information Sharing System as a source for lessons learned and to exchange best practices.
- **Role of Non-Governmental Entities in Exercises.** Non-governmental participation in all levels of exercises is strongly encouraged. Leaders from nongovernmental entities should be included in the planning, conduct, and evaluation of an exercise. State, local, tribal, and territorial jurisdictions are encouraged to develop exercises that test the integration and use of non-governmental resources provided by non-governmental entities, defined as the private sector and private non-profit, faith-based, community, volunteer, and other non-governmental organizations. Non-governmental participation in exercises should be coordinated with the local Citizen Corps Council(s) and other partner agencies.

D. Equipment

All allowable equipment costs are listed in the AEL, available at <https://www.rkb.us>. Any equipment purchased with CCP funding must be used for specific preparedness or volunteer training or by volunteers in carrying out their response functions. CCP funding is intended only to be used for specific preparedness or volunteer training or by trained volunteers in carrying out their response functions. Examples of equipment used to support training and exercises for citizens include items such as burn pans or sample preparedness kits. Expenditures for kits used in volunteer response (e.g., CERT or MRC kits / backpacks) or clothing for official identification must not exceed 30 percent of the total Citizen Corps Program allocation. Clothing for official identification includes those items that volunteers are required to wear when engaging in public safety activities or disaster response (e.g., t-shirts for CERT members, baseball caps for Neighborhood Watch/USAonWatch Program foot patrol members).

- **E. Management and Administration** - no more than 3% of each sub-recipient's total award may be expended on Management and Administration costs.

Hiring of full-time or part-time staff or contractors/consultants:

- To assist with the management of the respective grant program
- To assist with application requirements
- To assist with the compliancy with reporting and data collection requirements

Development of operating plans for information collection and processing necessary to respond to DHS/FEMA data calls

Overtime and backfill costs - Overtime expenses are defined as the result of personnel who worked over and above their normal scheduled daily or weekly worked time in the performance of FEMA – approved activities. Backfill Costs also called “Overtime as Backfill” are defined as expenses from the result of personnel who are working overtime in order to perform the duties of other personnel who are temporarily assigned to FEMA – approved activities outside their core responsibilities. Neither overtime nor backfill expenses are the result of an increase of Full – Time Equivalent (FTEs) employees. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the state or unit(s) of local government and has the approval of the state or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 pm to 5:00 pm), even though such work may benefit both activities. Fringe benefits on overtime hours are limited to Federal Insurance Contributions Act (FICA), Workers’ Compensation and Unemployment Compensation.

Travel expenses

Meeting-related expenses (For a complete list of allowable meeting-related expenses, please review the OJP Financial Guide at <http://www.ojp.usdoj.gov/FinGuide>).

Acquisition of authorized office equipment

The following are allowable only within the period of performance of the contract:

- Recurring fees/charges associated with certain equipment, such as cell phones, faxes, etc.
- Leasing and/or renting of space for newly hired personnel during the period of performance of the grant program

III. Program Requirements

A. National Incident Management System (NIMS) Compliance

HSPD-5, “*Management of Domestic Incidents*,” mandated the creation of NIMS and the National Response Plan (NRP). NIMS provides a consistent framework for entities at all jurisdictional levels to work together to manage domestic incidents, regardless of cause, size, or complexity. To promote interoperability and compatibility among Federal, State, local, and tribal capabilities, NIMS includes a core set of guidelines, standards, and protocols for command and management, preparedness, resource management, communications and information management, supporting technologies, and management and maintenance of NIMS. The NRP, using the template established by NIMS, is an all-discipline, all-hazards plan that provides the structure and mechanisms to coordinate operations for evolving or potential Incidents of National Significance, which are major events that “require a coordinated and effective response by an appropriate combination of Federal, State, local, tribal, private sector, and nongovernmental entities.”

The NIMS Integration Center (NIC) recommends **38 NIMS Compliance Objectives** for nongovernmental organizations that support NIMS implementation. These activities closely parallel the implementation activities that have been required of State, territorial, tribal, and local governments since 2004 and can be found at www.fema.gov/pdf/emergency/nims/ngo_fs.pdf. To integrate nonprofit organizations into the broader national preparedness effort, DHS encourages grantees to consider pursuing these recommended activities.

Additionally, nongovernmental organizations grantees and sub-grantees will be required to meet certain NIMS compliance requirements. This includes all emergency preparedness, response, and/or security personnel in the organization participating in the development, implementation, and/or operation of resources and/or activities awarded through this grant **must** complete training programs consistent with the NIMS National Standard Curriculum Development Guide. Minimum training includes IS-700 NIMS: An Introduction. In addition, IS-800.a NRP: An Introduction, Incident Command System (ICS-100), Incident Command System (ICS-200), Intermediate Incident Command System (G-300), and Advanced Incident Command System (G-400) are also recommended. For additional guidance on NIMS training, please refer to

http://www.fema.gov/emergency/nims/nims_training.shtml.

Additional information about NIMS implementation and resources for achieving compliance are available through the NIMS Integration Center (NIC), at <http://www.fema.gov/emergency/nims/>.

B. ENVIRONMENTAL PLANNING & HISTORIC PRESERVATION COMPLIANCE GUIDELINES

This is only a requirement if the exercise or field training is not being conducted by a certified professional or at an existing facility with established procedures.

In addition, the erection of communications towers that are included in a jurisdiction's interoperable communications plan is allowed, subject to all applicable laws, regulations, and licensing provisions. Communication tower projects must be submitted to FEMA for EHP review.

III. Reporting Requirements

I. Quarterly Programmatic Reporting:

The Quarterly Programmatic Report is due within 30 days after the end of the reporting periods (March 30, June 30, September 30 and December 30) for the life of this contract. If a report(s) is delinquent, future financial reimbursements will be withheld until the Recipient's reporting is current.

2. Programmatic Reporting-BSIR

After the end of each reporting period, for the life of the contract, the recipient will complete their Biannual Strategic Implementation Report in the Grants Reporting Tool (GRT) <https://www.reporting.odp.dhs.gov>. The reporting periods are January 1-June 30 and July 1-December 31. Data entry is scheduled for December 1 and June 1 respectively. Future awards and reimbursement may be withheld if these reports are delinquent.

3. Reimbursement Requests:

A request for reimbursement may be sent to your contract manager for review and approval at anytime during the contract period. The Recipient should include the category's corresponding line item number in the "Detail of Claims" form. This number can be found in the "Proposed Program Budget". A line item number is to be included for every dollar amount listed in the "Detail of Claims" form.

4. Close-out Programmatic Reporting:

The Close-out Report is due to the Florida Division of Emergency Management no later than 60 days after the agreement is either completed or the agreement has expired.

5. Monitoring:

**Florida Division of Emergency Management
US Department of Homeland Security Grants Program
Grant Monitoring Process**

Florida has enhanced the state and local capability and capacity to prevent, prepare and respond to terrorist threats since 1999 through various funding sources including federal grant funds. As the steward of the State Homeland Security Grant Program funds, projects and equipment the Florida Division of Emergency Management (FDEM) has a responsibility to track and monitor the status of the grant activity and items purchased.

The monitoring process detailed in this document is designed to assess a recipient agency's compliance with applicable state and federal guidelines. The FDEM is responsible for monitoring the financial, programmatic and capability portion of the grant to include equipment procurement and compliance with applicable SHSGP grant guidance and statutory regulations.

Monitoring is accomplished utilizing various methods including desk monitoring and on-site visits. There are two primary areas reviewed during monitoring activities - financial and programmatic/capability. Financial monitoring is the review of records associated with the purchase and disposition of property, projects and contracts. Capability review is the observation of equipment purchased, protocols and other associated records. Various levels of financial and programmatic review may be accomplished during this process.

Desk monitoring is defined as the review of projects, financial activity and technical assistance between the program office and the applicant via e-mail and telephone. Site visits are defined as actual visits to the recipient agency's location by a team or members of the FDEM or their designee, to actually observe records, procedures and equipment.

Frequency of annual monitoring activity:

Each year the FDEM will identify up to 50% of sub-grantees for site visit monitoring. It is important to note that although a given grant has been closed successfully, it is still subject to either desk or on-site monitoring for a five year period following closure.

Examples of areas that may be examined include:

- Management and administrative procedures
- Grant folder maintenance
- Equipment accountability and sub-hand receipt procedures
- Program for obsolescence

Status of equipment purchases
Status of training for purchased equipment
Status and number of response trainings conducted to include number trained
Status and number of exercises
Status of planning activity
Anticipated projected completion
Specific difficulties completing the project.
Agency NIMS/ICS compliance documentation

In certain circumstances, the FDEM may request additional monitoring/information if the activity, or lack thereof, on the part of the specific recipient has generated questions from the region, the sponsoring state agency or the FDEM leadership. The method of gathering this information will be determined on a case-by-case basis.

Desk monitoring is an on-going process. Agency recipients will be required to participate in desk top monitoring on an annual basis and as determined by the FDEM. The agency recipients will complete and submit the desk top monitoring within 14 business calendar days of receipt. This contact will provide an opportunity to identify the need for technical assistance (TA) and/or a site visit if the FDEM determines that a recipient is having difficulty completing their project.

As difficulties/deficiencies are identified, the respective region or sponsoring agency will be notified by the program office via email. Information will include the grant recipient agency name, year and project description and the nature of the issue in question. Many of the issues that arise may be resolved at the regional or sponsoring agency level. Issues that require further TA will be referred to the FDEM for assistance. Examples of TA include but are not limited to:

- Equipment selection or available vendors
- Eligibility of items or services
- Coordination and partnership with other agencies within or outside the region or discipline

Site Visits

Site visits will be conducted by the FDEM or designated personnel. Site visits will be scheduled in advance with the recipient agency POC designated in the grant agreement. Monitoring questionnaires will be provided in advance of the visit.

The FDEM will also conduct coordinated financial and grant file monitoring. These monitoring visits will be coordinated with the capability review visits. Subject matter experts from other agencies within the region or state may be called upon to assist in the form of a peer review as needed.

All findings related to the capability review will be documented and maintained within the FDEM.

Site Visit Protocol

The following outlines the monitoring protocol for the FDEM:

The site visits will begin with those grantees that are currently spending or have completed spending for that federal fiscal year (FFY). Site visits may be combined when geographically convenient. There is a site visit checklist to assist in the completion of all required tasks.

Site Visit Preparation

A letter will be sent to the recipient agency Point of Contact (POC) stating the purpose of the site visit at least 30 calendar days before the planned arrival date. FDEM personnel will call within the next 10 calendar days to schedule an appointment to review the grantee's program.

The physical location of any equipment located at an alternate site should be confirmed with a representative from that location and the address should be documented in the grantee folder before the site visit.

The appointment should be confirmed with the grantee in writing (email is acceptable) and documented in the grantee folder.

Any personnel from the FDEM attending the site visit will review the grantee's corresponding folder(s) before the visit. Prior to the visit, individual roles will be identified for the site visit. Copies of applicable documents will be made and distributed to the site visit team at a minimum of five (5) calendar days before the visit. A reminder e-mail should be sent to all team members and the recipient POC one business day in advance of the site visit.

Site Visit

Once FDEM personnel have arrived at the site, an orientation conference will be conducted. During this time, the purpose of the site visit and the items FDEM intends to examine will be identified. If financial monitoring visit will be conducted, they will then explain their objectives and will proceed to perform the financial review.

FDEM personnel will review all files and supporting documentation. Once the supporting documentation has been reviewed, a tour/visual/spot inspection of equipment will be conducted.

Each item should be visually inspected whenever possible. Bigger items (computers, response vehicles, etc.) should have an asset decal (information/serial number) placed in a prominent location on each piece of equipment as per recipient agency requirements. The serial number should correspond with the appropriate receipt to confirm purchase. Photographs should be taken of the equipment (large capitol expenditures in excess of \$1,000. per item).

If an item is not available (being used during time of the site visit), the appropriate documentation must be provided to account for that particular piece of equipment. Once the tour/visual/spot inspection of equipment has been completed, the FDEM personnel will then conduct an exit conference with the grantee to review the findings.

Other programmatic issues can be discussed at this time, such as missing quarterly reports, payment voucher/reimbursement, equipment, questions, etc.

Post Site Visit

FDEM personnel will review the site visit worksheet as a team and receive notes from the Financial Review Team, if applicable.

Within 30 calendar days of the site visit, a monitoring report will be generated and sent to the grantee explaining any issues and corrective actions required or recommendations. Should no issues or findings be identified, a monitoring report to that effect will be generated and sent to the grantee. The grantee will submit a Corrective Action Plan within a timeframe as determined by the FDEM. The Site Visit Worksheet, report and photographs will then be included in the grantee's file along with any documents distributed at the site visit by the grantee.

(10) DEFAULT.

If any of the following events occur ("Events of Default"), all obligations on the part of the Division to make further payment of funds shall, if the Division elects, terminate and the Division has the option to exercise any of its remedies set forth in Paragraph (11). However, the Division may make payments or partial payments after any Events of Default without waiving the right to exercise such remedies, and without becoming liable to make any further payment:

(a) If any warranty or representation made by the Recipient in this Agreement or any previous agreement with the Division is or becomes false or misleading in any respect, or if the Recipient fails to keep or perform any of the obligations, terms or covenants in this Agreement or any previous agreement with the Division and has not cured them in timely fashion, or is unable or unwilling to meet its obligations under this Agreement;

(b) If material adverse changes occur in the financial condition of the Recipient at any time during the term of this Agreement and the Recipient fails to cure this adverse change within thirty days from the date written notice is sent by the Division.

(c) If any reports required by this Agreement have not been submitted to the Division or have been submitted with incorrect, incomplete or insufficient information;

(d) If the Recipient has failed to perform and complete on time any of its obligations under this Agreement.

(11) REMEDIES.

If an Event of Default occurs, then the Division may, after thirty calendar days written notice to the Recipient and upon the Recipient's failure to cure within those thirty days, exercise any one or more of the following remedies, either concurrently or consecutively:

(a) Terminate this Agreement, provided that the Recipient is given at least thirty days prior written notice of the termination. The notice shall be effective when placed in the United States, first class mail, postage prepaid, by registered or certified mail-return receipt requested, to the address in paragraph (13) herein;

(b) Begin an appropriate legal or equitable action to enforce performance of this Agreement;

(c) Withhold or suspend payment of all or any part of a request for payment;

(d) Require that the Recipient refund to the Division any monies used for ineligible purposes under the laws, rules and regulations governing the use of these funds.

- (e) Exercise any corrective or remedial actions, to include but not be limited to:
1. request additional information from the Recipient to determine the reasons for or the extent of non-compliance or lack of performance,
 2. issue a written warning to advise that more serious measures may be taken if the situation is not corrected,
 3. advise the Recipient to suspend, discontinue or refrain from incurring costs for any activities in question or
 4. require the Recipient to reimburse the Division for the amount of costs incurred for any items determined to be ineligible;
- (f) Exercise any other rights or remedies which may be available under

law.

(g) Pursuing any of the above remedies will not stop the Division from pursuing any other remedies in this Agreement or provided at law or in equity. If the Division waives any right or remedy in this Agreement or fails to insist on strict performance by the Recipient, it will not affect, extend or waive any other right or remedy of the Division, or affect the later exercise of the same right or remedy by the Division for any other default by the Recipient.

(12) TERMINATION.

(a) The Division may terminate this Agreement for cause after thirty days written notice. Cause can include misuse of funds, fraud, lack of compliance with applicable rules, laws and regulations, failure to perform on time, and refusal by the Recipient to permit public access to any document, paper, letter, or other material subject to disclosure under Chapter 119, Fla. Stat., as amended.

(b) The Division may terminate this Agreement for convenience or when it determines, in its sole discretion that continuing the Agreement would not produce beneficial results in line with the further expenditure of funds, by providing the Recipient with thirty calendar days prior written notice.

(c) The parties may agree to terminate this Agreement for their mutual convenience through a written amendment of this Agreement. The amendment will state the effective date of the termination and the procedures for proper closeout of the Agreement.

(d) In the event that this Agreement is terminated, the Recipient will not incur new obligations for the terminated portion of the Agreement after the Recipient has received the notification of termination. The Recipient will cancel as many outstanding obligations as possible. Costs incurred after receipt of the termination notice will be disallowed. The Recipient shall not be relieved of liability to the Division because of any breach of Agreement by the Recipient. The Division may, to the extent authorized by law, withhold payments to the Recipient for the purpose of set-off until the exact amount of damages due the Division from the Recipient is determined.

B. Organizational Activities

No more than 25 percent of each individual UASI award amount may be used for operational expenses and overtime costs for the three (3) Organizational Activities noted below.

1. **Operational Overtime Costs.** In support of efforts to enhance capabilities for detecting, deterring, disrupting, and preventing acts of terrorism, operational overtime costs are allowable for increased security measures at critical infrastructure sites during DHS-declared periods of Orange or Red threat levels. Subject to these elevated threat level conditions, FY 2008 UASI funds for organizational costs may be used to support select operational expenses associated with increased security measures at critical infrastructure sites in the following authorized categories:

- ✦ Backfill and overtime expenses for staffing state or local EOCs
- ✦ Hiring of contracted security for critical infrastructure sites
- ✦ Public safety overtime
- ✦ National Guard deployments to protect critical infrastructure sites, including all resources that are part of the standard National Guard deployment package (consumable costs, such as fuel expenses, are not allowed except as part of the standard National Guard deployment package)
- ✦ Increased border security activities in coordination with CBP.

Consumable costs, such as fuel expenses, are **not allowed** except as part of the standard National Guard deployment package.

States with UASI jurisdictions can use funds retained at the State level to reimburse eligible operational overtime expenses incurred by the State (up to a maximum of 15 percent of the State share of the UASI grant). However, those activities must directly support increased security measures enacted in the UASI jurisdictions.

2. Overtime Cost. Overtime costs are also allowable for personnel to participate in information, investigative, and intelligence sharing activities specifically related to homeland security. This includes activities such as anti-terrorism task forces, Joint Terrorism Taskforces (JTTF), Area Maritime Security Committees (as required by the Maritime Transportation Security Act of 2002), DHS Border Enforcement Security Task Forces, and Integrated Border Enforcement.

3. Intelligence Analysts. UASI funds may be used to hire new staff and/or contractor positions to serve as intelligence analysts to enable information/intelligence sharing capabilities. In order to be hired as an intelligence analyst, staff and/or contractor personnel must meet at least one of the following criteria:

- ✦ Successfully complete training to ensure baseline proficiency in intelligence analysis and production within six months of being hired; and/or,
- ✦ Previously served as an intelligence analyst for a minimum of two years either in a Federal intelligence agency, the military, or State and/or local law enforcement intelligence unit.

Costs associated with hiring new intelligence analysts are allowable only for two years, after which States and Urban Areas shall be responsible for supporting the sustainment costs for those intelligence analysts. Use of funds for the hiring of intelligence analysts represents a commitment by the grantee to sustain Federally-funded positions after the two-year Federal funding period with non-Federal resources. Failure to sustain such positions will result in disqualification of grantees from hiring analysts with Federal funds in future program years. In order to receive funds for hiring intelligence analysts, the SAA must retain certification on file stating that the responsible jurisdiction will assume responsibility for supporting the costs of the hired analysts following the two-year Federal funding period. This certification must also be accompanied by a budget plan providing the details of this arrangement.

All intelligence analysts training should be in accordance with Global's *Minimum Criminal Intelligence Training Standards for Law Enforcement and Other Criminal Justice Agencies in the United States*, which outlines the minimum categories of training needed for intelligence analysts. These include subject-matter expertise, analytic methodologies, customer-service ethics, information handling and processing skills, critical thinking skills, computer literacy, and objectivity and intellectual honesty. A certificate of completion of such training must be on file with the SAA and must be made available to Preparedness Officers upon request.

Under no circumstances may jurisdictions exceed 25 percent of their UASI award for these activities.

C. Equipment Acquisition

Any equipment purchased, under this contract, must be in accordance with the Authorized Equipment List (AEL), located at <http://www.rkb.us>.

D. Training

FY 2008 UASI funds may be used to enhance the capabilities of State and local government and non-governmental emergency preparedness and response personnel through development of a State homeland security training program.

Allowable training-related costs include:

- ✦ Funds used to develop, deliver, and evaluate training, including costs related to administering the training, planning, scheduling, facilities, materials and supplies, reproduction of materials, and equipment.
- ✦ Overtime and Backfill costs, as defined in this guidance, associated with attending or teaching FEMA-sponsored and/or approved training courses and programs are allowed. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from both their unit or agency of government AND from an award for a single period of time (e.g., 1:00 pm to 5:00 pm), even though such work may benefit both activities. Further, overtime costs associated with employees who participate in training in a teaching role for which they are compensated are not allowed. Fringe benefits on overtime hours are limited to Federal Insurance Contributions Act (FICA), Workers' Compensation and Unemployment Compensation.
- ✦ Travel costs (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to approved training.
- ✦ Hiring of Full or Part-Time Staff or Contractors/Consultants to support training-related activities. Payment of salaries and fringe benefits must be in accordance with the policies of the State or unit(s) of local government and have the approval of the State or awarding agency, whichever is applicable. Such costs must be included within the funding allowed for program management personnel expenses, which must not exceed 15 percent of the total allocation.
- ✦ Certification/Recertification of Instructors is an allowable cost. States are encouraged to follow the FEMA Instructor Quality Assurance Program to ensure a minimum level of competency and corresponding levels of evaluation of student learning. This is particularly important for those courses that involve training of trainers.

E. Exercises

All Urban Areas are required to develop a Multi-year Training and Exercise Plan and submit it to FEMA on an annual basis. This plan must tie into the Multi-year Training and Exercise Plan developed by the State and aligns with the Urban Area Homeland Security Strategy. Further, Urban Areas are encouraged to develop a Multi-year Plan and Schedule that takes into consideration anticipated training needs of the Urban Area for at least the immediate year, with exercises being timed to provide responders the opportunity to utilize training received. Further guidance concerning Training and Exercise Plan Workshops can be found in the HSEEP Volumes.

Allowable exercise-related costs include:

- ✦ **Funds Used to Design, Develop, Conduct and Evaluate an Exercise** – Includes costs related to planning, meeting space and other meeting costs, facilitation costs, materials and supplies, travel, and documentation.
- ✦ **Hiring of Full or Part-Time Staff or Contractors/Consultants** – Full or part-time staff may be hired to support exercise-related activities. Such costs must be included within the funding allowed for program management personnel expenses, which must not exceed 15 percent of the total allocation. The applicant's formal written procurement policy or the Federal Acquisition Regulations (FAR) – whichever is more stringent – must be followed. In no case is dual compensation allowable.
- ✦ **Overtime and Backfill** – Overtime and backfill costs associated with the design, development, and conduct of exercises are allowable expenses. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the state or unit(s) of local government and has the approval of the state or the awarding agency, whichever is applicable. In no case is dual compensation allowable (see above). Fringe benefits on overtime hours are limited to FICA, Workers' Compensation and Unemployment Compensation.
- ✦ **Travel** – Travel costs are allowable as expenses by employees who are on travel status for official business related to the planning and conduct of exercise project(s).
- ✦ **Supplies** – Supplies are items that are expended or consumed during the course of the planning and conduct of the exercise project(s) (e.g., copying paper, gloves, tape, non-sterile masks, and disposable protective equipment).
- ✦ **Other Items** – These costs include the rental of space/locations for exercise planning and conduct, rental of equipment (e.g., portable toilets, tents), food, refreshments, gasoline, exercise signs, badges, etc.

Unauthorized exercise-related costs include:

- ✦ Reimbursement for the maintenance and/or wear and tear costs of general use vehicles (e.g., construction vehicles) and emergency response apparatus (e.g., fire trucks, ambulances).
- ✦ Equipment that is purchased for permanent installation and/or use, beyond the scope of exercise conduct (e.g., electronic messaging signs).

Exercise Scenarios.

The scenarios used in exercises must be based on the Urban Area's Homeland Security Strategy and plans. Acceptable scenarios for UASI exercises include: chemical, biological, radiological, nuclear, explosive, cyber, agricultural and natural or technological disasters. Exercise scenarios must be catastrophic in scope and size, as defined by the National Response Framework. The scenarios used must focus on validating existing capabilities and must be large enough in scope and size to exercise multiple tasks and warrant involvement from multiple jurisdictions and disciplines and non-governmental organizations. Exercise scenarios should also be based on the Multi-year Training and Exercise Plan.

If a Urban Area will be hosting an upcoming special event (e.g., Super Bowl, G-8 Summit); they anticipate participating in a Tier 2 National-Level Exercise as defined by the National Exercise Program Implementation Plan (NEP I-Plan); or they anticipate that they will apply to be a venue for a Tier 1 National-Level Exercise, as defined by the I-Plan, they should plan to use UASI funding to finance training and exercise activities in preparation for that event. Urban Areas should also consider exercises at major venues (e.g., arenas, convention centers) that focus on evacuations, communications, and command and control. States should also anticipate participating in at least one Regional Exercise annually. States must include all confirmed or planned special events in the Multi-year Training and Exercise Plans.

F. Personnel

Personnel hiring, overtime, and backfill expenses are permitted under this grant in order to perform allowable FY 2008 HSGP planning, training, exercise, and equipment activities. Additional information can be found in your FY 2008 grant guidance.

- ✦ For SHSP and UASI, a personnel cap of up to 15 percent of each of the total program funds may be used. Grantees who wish to seek a waiver from the 15 percent personnel cap must provide documentation explaining why the 15 percent personnel cap is unacceptable; waiver requests will be considered only under extreme circumstances.
- ✦ The category of personnel costs does not apply to contractors.

Overtime and backfill costs - Payment of overtime expenses will be for work performed by award (SAA) or sub-award employees in excess of the established work week (usually 40 hours) related to the M&A activities for the development and implementation of the programs under HSGP. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the state or local unit(s) of government and has the approval of the state or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 pm to 5:00 pm), even though such work may benefit both activities. Fringe benefits on overtime hours are limited to Federal Insurance Contributions Act (FICA), Workers' Compensation and Unemployment Compensation.

I. Overtime and Backfill Guidance

Overtime. Expenses incurred by those personnel who, as a result of FEMA-approved activities, are performing over and above their normal, scheduled work hours or work week.

Backfill-related overtime. Expenses incurred by those personnel who are working over and above their normal, scheduled work hours, or work week, in order to perform the duties of other personnel who are temporarily assigned to FEMA-approved activities outside their core responsibilities. The OJP OC does not distinguish between Overtime and Overtime as Backfill – they are both viewed as overtime regardless of whether the individual has performed more hours in their normally assigned place of duty or if the overtime accrued as a result of being re-assigned to a different place of duty. Overtime and backfill do not result in an increase of full-time employees (FTEs).

J. National Incident Management System (NIMS) Compliance

HSPD-5, "*Management of Domestic Incidents*," mandated the creation of NIMS and the National Response Plan (NRP). NIMS provides a consistent framework for entities at all jurisdictional levels to work together to manage domestic incidents, regardless of cause, size, or complexity. To promote interoperability and compatibility among Federal, State, local, and tribal capabilities, NIMS includes a core set of guidelines, standards, and protocols for command and management, preparedness, resource management, communications and information management, supporting technologies, and management and maintenance of NIMS. The NRP, using the template established by NIMS, is an all-discipline, all-hazards plan that provides the structure and mechanisms to coordinate operations for evolving or potential Incidents of National Significance, which are major events that "require a coordinated and effective response by an appropriate combination of Federal, State, local, tribal, private sector, and nongovernmental entities."

The NIMS Integration Center (NIC) recommends 38 NIMS Compliance Objectives for nongovernmental organizations that support NIMS implementation. These activities closely parallel the implementation activities that have been required of State, territorial, tribal, and local governments since 2004 and can be found at

www.fema.gov/pdf/emergency/nims/neo_fs.pdf. To integrate nonprofit organizations into the broader national preparedness effort, DHS encourages grantees to consider pursuing these recommended activities.

Additionally, nongovernmental organizations grantees and sub-grantees will be required to meet certain NIMS compliance requirements. This includes all emergency preparedness, response, and/or security personnel in the organization participating in the development, implementation, and/or operation of resources and/or activities awarded through this grant must complete training programs consistent with the NIMS National Standard Curriculum Development Guide.

Minimum training includes IS-700 NIMS: An Introduction. In addition, IS-800.a NRP: An Introduction, Incident Command System (ICS-100), Incident Command System (ICS-200), Intermediate Incident Command System (I-300), and Advanced Incident Command System (A-400) are also recommended. For additional guidance on NIMS training, please refer to http://www.fema.gov/emergency/nims/nims_training.shtml.

Additional information about NIMS implementation and resources for achieving compliance are available through the NIMS Integration Center (NIC), at <http://www.fema.gov/emergency/nims/>.

3. Reimbursement Requests:

A request for reimbursement may be sent to your contract manager for review and approval at anytime during the contract period. The Recipient should include the category's corresponding line item number in the "Detail of Claims" form. This number can be found in the "Proposed Program Budget". A line item number is to be included for every dollar amount listed in the "Detail of Claims" form.

3. Close-out Programmatic Reporting:

The Close-out Report is due to the Florida Division of Emergency Management no later than 60 days after the contract is either completed or the contract has expired.

4. Monitoring:

Florida Division of Emergency Management US Department of Homeland Security Grants Program Grant Monitoring Process

Florida has enhanced the state and local capability and capacity to prevent, prepare and respond to terrorist threats since 1999 through various funding sources including federal grant funds. As the steward of the State Homeland Security Grant Program funds, projects and equipment the Florida Division of Emergency Management (FDEM) has a responsibility to track and monitor the status of the grant activity and items purchased.

The monitoring process detailed in this document is designed to assess a recipient agency's compliance with applicable state and federal guidelines. The FDEM is responsible for monitoring the financial, programmatic and capability portion of the grant to include equipment procurement and compliance with applicable SHSGP grant guidance and statutory regulations.

Monitoring is accomplished utilizing various methods including desk monitoring and on-site visits. There are two primary areas reviewed during monitoring activities - financial and programmatic/capability. Financial monitoring is the review of records associated with the purchase and disposition of property, projects and contracts. Capability review is the observation of equipment purchased, protocols and other associated records. Various levels of financial and programmatic review may be accomplished during this process.

Desk monitoring is defined as the review of projects, financial activity and technical assistance between the program office and the applicant via e-mail and telephone. Site visits are defined as actual visits to the recipient agency's location by a team or members of the FDEM or their designee, to actually observe records, procedures and equipment.

Frequency of annual monitoring activity:

Each year the FDEM will identify up to 50% of sub-grantees for site visit monitoring. It is important to note that although a given grant has been closed successfully, it is still subject to either desk or on-site monitoring.

Examples of areas that may be examined include:

Management and administrative procedures
Grant folder maintenance
Equipment accountability and sub-hand receipt procedures

Program for obsolescence
Status of equipment purchases
Status of training for purchased equipment
Status and number of response trainings conducted to include number trained
Status and number of exercises
Status of planning activity
Anticipated projected completion
Specific difficulties completing the project.
Agency NIMS/ICS compliance documentation

In certain circumstances, the FDEM may request additional monitoring/information if the activity, or lack thereof, on the part of the specific recipient has generated questions from the region, the sponsoring state agency or the FDEM leadership. The method of gathering this information will be determined on a case-by-case basis.

Desk monitoring is an on-going process. Agency recipients will be required to participate in desk top monitoring on an annual basis and as determined by the FDEM. The agency recipients will complete and submit the desk top monitoring within 14 business calendar days of receipt. This contact will provide an opportunity to identify the need for technical assistance (TA) and/or a site visit if the FDEM determines that a recipient is having difficulty completing their project.

As difficulties/deficiencies are identified, the respective region or sponsoring agency will be notified by the program office via email. Information will include the grant recipient agency name, year and project description and the nature of the issue in question. Many of the issues that arise may be resolved at the regional or sponsoring agency level. Issues that require further TA will be referred to the FDEM for assistance. Examples of TA include but are not limited to:

- Equipment selection or available vendors
- Eligibility of items or services
- Coordination and partnership with other agencies within or outside the region or discipline.

Site Visits

Site visits will be conducted by the FDEM or their designated personnel. Site visits will be scheduled in advance with the recipient agency POC designated in the grant agreement. Monitoring questionnaires will be provided in advance of the visit.

The FDEM will also conduct coordinated financial and grant file monitoring. These monitoring visits will be coordinated with the capability review visits. Subject matter experts from other agencies within the region or state may be called upon to assist in the form of a peer review as needed.

All findings related to the capability review will be documented and maintained within the FDEM.

Site Visit Protocol

The following outlines the monitoring protocol for the FDEM:

The site visits will begin with those grantees that are currently spending or have completed spending for that federal fiscal year (FFY). Site visits may be combined when geographically convenient. There is a site visit checklist to assist in the completion of all required tasks.

Site Visit Preparation

A letter will be sent to recipient agency Point of Contact (POC) stating the purpose of the site visit and sent at least 30 calendar days before the planned arrival date. FDEM personnel will call within the next 10 calendar days to schedule an appointment to review the grantee's program.

The physical location of any equipment located at an alternate site should be confirmed with a representative from that location and the address should be documented in the grantee folder before the site visit.

The appointment should be confirmed with the grantee in writing (email is acceptable) and documented in the grantee folder.

Any personnel from the FDEM attending the site visit will review the grantee's corresponding folder(s) before the visit. Prior to the visit, individual roles will be identified for the site visit. Copies of applicable documents will be made and distributed to the site visit team at a minimum of five (5) calendar days before the visit. A reminder e-mail should be sent to all team members and the recipient POC one business day in advance of the site visit.

Site Visit

Once FDEM personnel have arrived at the site, an orientation conference will be conducted. During this time, the purpose of the site visit and the items FDEM intends to examine will be identified. If financial monitoring visit will be conducted, they will then explain their objectives and will proceed to perform the financial review.

FDEM personnel will review all files and supporting documentation. Once the supporting documentation has been reviewed, a tour/visual/spot inspection of equipment will be conducted.

Each item should be visually inspected whenever possible. Bigger items (computers, response vehicles, etc.) should have an asset decal (information/serial number) placed in a prominent location on each piece of equipment as per recipient agency requirements. The serial number should correspond with the appropriate receipt to confirm purchase. Photographs should be taken of the equipment (large capitol expenditures in excess of \$1,000. per item).

If an item is not available (being used during time of the site visit), the appropriate documentation must be provided to account for that particular piece of equipment. Once the tour/visual/spot inspection of equipment has been completed, the FDEM personnel will then conduct an exit conference with the grantee to review the findings.

Other programmatic issues can be discussed at this time, such as missing quarterly reports, payment voucher/reimbursement, equipment, questions, etc.

Post Site Visit

FDEM personnel will review the site visit worksheet as a team and receive notes from the Financial Review Team, if applicable.

Within 30 calendar days of the site visit, a monitoring report will be generated and sent to the grantee explaining any issues and corrective actions required or recommendations. Should no issues or findings be identified, a monitoring report to that effect will also be generated and sent to the grantee. The grantee will submit a Corrective Action Plan within a timeframe as determined by the FDEM. The Site Visit Worksheet, report and photographs will then be included in the grantee's file along with any documents distributed at the site visit by the grantee.
