Chris Dunn who was to represent me for will not be attending today due to the flooding. His children were sent home from school and his vehicle was flooded.

Regards,

Kimberly Blanchette

Dear Ms. Millett,

We are to appear in front of Judge Overby Wednesday October 19, 2011 to continue our case with the city of the code violations at 1312 Reynolds Street. Neither my husband or I are able to be there. We are still in Rhode Island and unable to fly back and forth. I have asked our dear friend Christopher Dunn of Dunn G.C. Inc. to represent us since he will be there for another case. He has a signed and notarized power of attorney from me in order to do so.

There has been misunderstanding on our part due to a conversation with Aneid and our request for Hardship therefore we did not make the agenda with HARC on September 11th but we are currently on the agenda for October 26th. Not sure how we will be able to afford it (which brings us back to the hardship) but we are doing everything possible in order to meet the wishes of HARC and The City of Key West to be there for our hearing.

Regards,

Kimberly Blanchette

Owner 1312 Reynolds Street
