Subject: **Ratification of the City Manager's Approval of Emergency Procurement for Building Inspection, Plans Review, and Chief Building Official Services Pursuant to Code of Ordinances 2-797(2) Emergency Procurement**

---

### Introduction

Resolution to ratify the City Manager's emergency procurement of Building Inspection, Plans Review, and Chief Building Official Services from All Aspects Inspection Services, Inc., pursuant to Code of Ordinances Section 2-797(2) Emergency Procurement, in the absence of the City's Chief Building Official in an initial amount of \$50,000, for a total amount not to exceed \$200,000, authorizing any budget transfers.

### Background

Pursuant to Florida Statute 468.604, a governmental jurisdiction is required to staff a building code administrator or building official to administrate, supervise, direct, enforce, or perform the permitting and inspection of construction, alteration, repair, remodeling, or demolition of structures and the installation of building systems within the boundaries of their governmental jurisdiction, when permitting is required, to ensure compliance with the Florida Building Code and any applicable local technical amendments to the Florida Building Code. Excluding the two exceptions stated in Section 14-37(a), the City of Key West requires a building permit to be procured from the Chief Building Official (CBO) before performance of any work or construction of any character, whether permanent or temporary.

To avoid any disruptions in the daily operation of the Building Department, the City of Key West must seek the temporary services of a licensed building code administrator to oversee all aspects of the building permit and inspection process, ensuring regulatory compliance and the safety of the built environment within the city.

City of Key West Code of Ordinances 2-797(2), Emergency Procurement, states the City Manager may make emergency procurement where the cost exceeds \$50,000 when there is a clear and present threat to public health property, welfare, safety or other substantial loss to the City and shall be ratified by the City Commission at the next scheduled City Commission meeting.

**Procurement**

Building Permit fees collected are to be used to fund the enforcement of the Florida Building Code. Funds to cover this expenditure will need to be transferred from the Building Department Fee reserves, which are in account 001-1900-519-9803.

**Recommendation**

Resolution to ratify the City Manager's emergency procurement of Building Inspection, Plans Review, and Chief Building Official Services from All Aspects Inspection Services. Inc., pursuant to Code of Ordinances Section 2-797(2) Emergency Procurement, in the absence of the City's Chief Building Official in an initial amount of \$50,000, for a total amount not to exceed \$200,000, authorizing any budget transfers.

#### **6. Insurance Requirements**

##### **6.1 General Insurance Requirements**

- 6.01 During the Term of the Agreement, the Contractor shall provide, pay for, and maintain with insurance companies satisfactory to the City of Key West, Florida ("City"), the types of insurance described herein.
- 6.02 All insurance shall be from responsible insurance companies eligible to do business in the State of Florida. The required policies of insurance shall be performable in Monroe County, Florida, and shall be construed in accordance with the laws of the State of Florida.
- 6.03 The City shall be specifically included as an additional insured on the Contractor's Liability policies with the exception of the Contractor's Professional Liability policies (if required) and shall also provide the "Severability of Interest" provision (a/k/a "Separation of insured's" provision). The City's additional insured status should be extended to all Completed Operations coverages.

- 6.04 The Contractor shall deliver to the City, prior to commencing work/activities under the Agreement, properly executed "Certificate(s) of Insurance" setting forth the insurance coverage and limits required herein. The Certificates must be signed by the authorized representative of the insurance company(s) shown on the Certificate of Insurance. In addition, certified, true, and exact copies of the insurance policies required herein shall be provided to the City, on a timely basis, if requested by the City.
- 6.05 If the Contractor fails to provide or maintain the insurance coverages required in this Agreement at any time during the Term of the Agreement and if the Contractor refuses or otherwise neglects to deliver the required Certificate(s) of Insurance signed by the authorized representative of the insurance company(s) to the City, the City may, at the City's sole discretion, terminate or suspend this Agreement and seize the amount of Contractor's performance bond, letter of credit, or other security acceptable to the City.

- 6.08 All insurance coverage of the Contractor shall be primary to any insurance or self-insurance program carried by the City. The City's insurance or self-insurance programs or coverage shall not be contributory with any insurance required of the Contractor in this Agreement.
- 6.09 The acceptance of delivery to the City of any Certificate of Insurance evidencing the insurance coverage and limits required in the Agreement does not constitute approval or agreement by the City that the insurance requirements in the Agreement have been met or that the insurance policies shown in the Certificates of Insurance are in compliance with the Agreement requirements.
- 6.10 No work/activity under this Agreement shall commence or continue unless and until the required Certificate(s) of Insurance are in effect and the written Notice to Proceed is issued by the City.

- 6.12 During the Term of this Agreement, the City and its agents and contractors may continue to engage in necessary business activities during the operations of the Contractor. No personal property owned by City used in connection with these business activities shall be considered by the Contractor's insurance company as being in the care, custody, or control of the Contractor.
