

---

**Sec. 30-36. Definitions.**

For the purposes of this subchapter [division], the following definitions shall apply:

*Advanced life support level 1:* Advanced life support level 1 (ALS1) is the transportation by ground ambulance vehicle and the provision of medically necessary supplies and services including the provision of an ALS assessment or at least one ALS intervention.

*Advanced life support level 2:* Advanced life support level 2 (ALS2) is the transportation by ground ambulance vehicle and the provision of medically necessary supplies and services including:

- (1) At least three separate administrations of one or more medications by intravenous push/bolus or by continuous infusion (excluding crystalloid fluids), or
- (2) Ground ambulance transport, medically necessary supplies and services, and the provision of at least one of the ALS2 procedures listed below:
  - Manual defibrillation/cardioversion;
  - Endotracheal intubation;
  - Central venous line;
  - Cardiac pacing;
  - Chest decompression;
  - Surgical airway; or
  - Intraosseous line.

*Basic life support services:* The provision of treatment services rendered to patients which do not required invasive techniques, which include, but are not limited to, simple bandaging, minor splinting and simple immobilization, and may include transportation to a hospital.

(Ord. No. 15-04, § 1, 3-3-2015)

**Sec. 30-37. Emergency medical service rates.**

(a) The following service charges or fees are levied for the provision of emergency medical services:

Basic life support transport fee\$600.00

Advanced life support 1 transport fee\$750.00

Advanced life support 2 transport fee\$950.00

Mileage fee (per mile)\$14.50

(b) The city manager may adjust fees annually pursuant to the Inflation Index Charge (I.I.C.) which is used by Medicare to determine the appropriate fee charges.

(Ord. No. 15-04, § 2, 3-3-2015)
